Dear Supreme Court, S.C. SUPREME COURT-25-18

Please explain how the Magistrate don't have any records of my Preliminary. How is it that the Magistrate didn't know one was scheduled and in which one was never held. Question is how was it transmitted to General session without my <sup>hearing</sup> ~~hearing~~ being held. In this letter you will see what I ask. They never really did schedule a hearing only acted like they did to fool me. There was never no assign Judge. Can some please tell me whats going on. Nothing about my Preliminary was never in my discovery. We already know General Session have nothing so why did the solicitor keep the waving of my preliminary to him self and not to the court. Who really wave my preliminary hearing? Law

Said's Court of General Session can't obtain Jurisdiction until the magistrate hold the preliminary hearing. Therefore General Session was in violation to accept my Guilty Plea. Andrew Price and Jame E Hunter ~~illegat~~ illegally waive my hearing. That is a proven fact! Why is this not being dealt with. That is my rights not theirs. The magistrate court no nothing about this. This is sad and it is wrong. I ~~spac~~ clearly ask the question she needed and this letter response I got. Something is not adding up? What I read in the law is magistrate does keep records of Preliminary hearings. They are the ones that set them up. I sent her a letter showing I had one schedule by the magistrate. How am I'm wrong? Y'all say its about facts

but what about the missing facts,  
Which either court not showing? My  
story is true and what I've said I've  
shown fact to support it. Since I had  
a date schedule their should be  
documents of the assign Judge but  
their is not, so how you schedule  
a hearing without a assign Judge.

Fake it! Who transmitted my  
Case then? You file ~~per~~ paper  
~~work~~ to do so it call ~~proced~~  
procedures. I'm going to get to the  
bottom of this. I am not gone  
stop till I get justice. Only thing  
that will stop me is death. My hearing  
was canceled and rescheduled but  
there's no record of neither. Andrea  
Price clearly said "it was waived I  
have no further information." It  
took her till I'm in prison to  
tell me so, why? I tell you

Why. Andres Price was working against me, not for me. I should have known this before my court date or before I came to jail. Not afterward. Am I'm right? Why did the solicitor hold this back from the Court, just like the indictments I never knew about in which I show to support that claim. The indictments are invalid because the magistrate fail to conduct my hearing base on what the solicitor and Andree Price did. I want this done right and the legal way like it should have been. Please Forward to my lawyer as well. Thank -you. →

Magistrate Court is Kindest Regards  
the one to transmitt the Willie J Palme  
Case. 100-100-100

Guess this proves nothing either.

My changes were waived to  
General Session. Not one thing said  
Willie Palmer waived anything.

How can you waive something that's  
not yours to waive. Listen James E  
Hunter is behind this illegally waiving.

Its illegal because I never consent to it  
or gave anyone the right to do it.

James E Hunter did this to hide the  
fact of Tyson Hill. Its common since.

Rhond Roemhild, 1-17-18

Thanks for responding. I've been writing the magistrate court since 2015 and never got a response. Willie J Palmer ~~08/05~~ 08/05/1985. Warrant number 2015A4210201965, 63, 64, and 66. Also I'm enclosing a letter that is said to be from the magistrate court.

Things I'm look for is preliminary work sheet or any document due to my hearing being waived. Not by me. or any document who transmitted my case to general session. Thanks!

kindest regard  
Willie Palmer

Also please send any old documents of my last preliminary hearing. I want to see how it was process. In this document you will see I had date time but there wasn't any sign of a Judge. I was told by a clerk in the court room that it was canceled and set for another date. Magistrate court handles the preliminary examination and all records.

Who transfer my case to General Session without properly conducting my hearing. I need to see who did what and why? Help me if you can? Thank you very much!
