14 MR. CONDON: Your Honor, the Department now calls  
15 John Swearingen.

16 JOHN SWEARINGEN, having been duly sworn, testifies  
17 and examines as follows:

18 MR. SWEARINGEN - DIRECT EXAMINATION BY MR. CONDON:

19 Q: Good morning, Mr. Swearingen.

20 A: Good morning.

21 Q: Would you -- I know you just spelled your name,  
22 but would you give us your full name?

23 A: John A. Swearingen.

24 Q: And where are you employed, Mr. Swearingen?

25 A: The Department of Revenue.

1 Q: And in what capacity are you employed?

2 A: Currently, I'm -- report to foreign audit  
3 supervisor, but I'm in -- I actually handle  
4 nexus and discovery and job development credit  
5 audits.

6 Q: How long have you been employed by the  
7 Department?

8 A: Approximately 40 years.

9 Q: Could you give us a brief summary of what  
10 you've done in those 40 years?

11 A: I started with the Department back in '73 and  
12 for about three or four years, I was a  
13 corporate income auditor in the Charleston  
14 district. Then I moved into foreign corporate  
15 income tax audits in -- around 1976. And from  
16 '76 to '83, I was foreign income auditor.

17 In '83, I went into the -- the field services  
18 division formed an appeals group and I went  
19 into the appeals group in '83 and I stayed  
20 there until about '85 or '6. And about '86, or  
21 somewhere along there, the Department formed a  
22 policy group and I went into the policy group  
23 from '86 until about '94 or '5, I believe it  
24 was.

25 And in '95, I transferred back into audit, into

1           audit selection, and around '96, I became the  
2           foreign audit supervisor, the position Tim  
3           currently handles.       And I was in that  
4           section -- in that position from '96 until  
5           about 2006.   And then I went into my current  
6           position after I -- I actually retired in '06  
7           and came back as part time after '06 to now.

8   Q:   So did you say you were the foreign audit  
9           supervisor prior to Tim Donovan --

10   A:   Correct.

11   Q:   -- who just testified?

12   A:   Correct.

13   Q:   Could you describe briefly what you did when  
14           you were a member of the policy group from '86  
15           to '94?

16   A:   We handle questions from audit, from within the  
17           agency, and from taxpayers concerning issues  
18           relative to the corporate income tax, at least  
19           my part was, but we did other taxes, also.   We  
20           tried to develop some rules and guidance on how  
21           the Department interpreted certain statutes or  
22           application to people filing -- filing their  
23           income -- or tax returns.

24   Q:   And as a -- after you left the policy group  
25           back in audit selection, but more specifically

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 as foreign audit manager, did that role or that  
2 job have any involvement with policy?

3 A: We kind of were peripheral. If we had an issue  
4 or something, we would, of course, consult the  
5 policy as to some guidance on the position and  
6 vice -- if policy or new statute came out, we  
7 would seek some guidance from either the policy  
8 or ultimately the attorneys within the agency.

9 Q: As foreign audit supervisor or manager, would  
10 you want the auditors that reported to you to  
11 follow Department policy?

12 A: Yes, of course.

13 Q: Did you review any of the corporate -- in your  
14 employment at the Department, did you review  
15 any of the corporate income tax returns that  
16 are at issue in this case?

17 A: I did. I reviewed those amended returns when  
18 they were initially filed as part of my job,  
19 because I've been the former audit supervisor,  
20 foreign audit supervisor. We would like at  
21 some of the refund claim -- larger refund  
22 claims to assist the office in determining  
23 whether to issue the refunds on -- mainly on  
24 the amended returns.

25 Q: And what did you do with those --

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: The ones in question --

2 Q: -- refund claims?

3 A: The ones in question, DIRECTV, I would probably  
4 have noticed the reason they amended them,  
5 which was attached in the back of the return,  
6 and probably referred it to audit for review  
7 before approving the refund.

8 Q: Based on your long service within the  
9 Department, did the Department have a set of  
10 audit guidelines?

11 A: We didn't have a written set. I mean, we  
12 just -- usually we had -- we went from the  
13 code, the regs, the Commission decisions, court  
14 cases. We would review those type things to  
15 determine. And then, I mean, of course, we  
16 looked at the return and how it was being filed  
17 and the instructions for our returns, things  
18 like that.

19 And we -- but to my knowledge, there were no  
20 written audit manual. Well, there was a  
21 written audit manual back in the '70's and, to  
22 my knowledge, we never updated it, but it was  
23 around '70 -- may have been one reissued in '83  
24 or '84 that gave general guidance on what you  
25 would look at when you did an audit.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: How were these audit guidelines developed?

2 A: Usually they were developed in conjunction with  
3 the attorneys. When I first started, we had  
4 the Attorney General's office, had three or  
5 four attorneys assigned to the Department of  
6 Revenue. And if some issues would come up, the  
7 upper folk, people in our division, would seek  
8 guidance on how to -- you know, what position  
9 to take on some issues.  
10 And some of them the taxpayer would raise the  
11 question. And a lot of times we would get an  
12 opinion from the Attorney General on certain  
13 issues. The Attorney General used to issue a  
14 lot of opinions on income or sales tax within  
15 the -- for the Department.

16 Q: And just to be clear, are the guidelines you're  
17 talking about guidelines related to sourcing of  
18 receipts?

19 A: We had some. They -- I think I'd just moved  
20 into foreign audit section from Charleston. It  
21 was around '77. And the Department -- I later  
22 saw it when it came up in *Lockwood Greene*.  
23 They developed what they called a "rule of  
24 construction" on how you source receipts under  
25 the gross receipts formula. And they -- I was

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 thinking a -- I think as a result of an audit  
2 or an issue coming on a engineering firm for a  
3 large contract within the state, how you source  
4 the receipts from it.

5 Q: And, I apologize, I missed it.

6 A: Yeah.

7 Q: Who are -- who was the "they" you're referring  
8 to that developed these, these sourcing  
9 guidelines?

10 A: Well, it started with the -- probably the  
11 audit -- whoever -- the audit supervisor, the  
12 division director, and they would ultimately  
13 talk to the Attorney General. At that time we  
14 had two or three at -- I don't know, maybe  
15 three or four Attorney Generals assigned to the  
16 Department. And those folks would research it  
17 and talk to the actual Tax Commission. Back  
18 then it was three-man body appointed by the  
19 Governor to serve terms and they would actually  
20 decide what to do in certain issues.

21 Q: Back in the '70's and '80's, was the current  
22 Department of Revenue referred -- named  
23 something different?

24 A: It was the Tax Commission back then.

25 Q: Did the South Carolina Tax Commission -- I

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           guess that -- did that consist of a board or  
2           something?

3       A:    It was a three-man commission appointed by the  
4           Governor.

5       Q:    Did that --

6       A:    And they served -- I can't remember if it was  
7           four-year terms or six-year terms.

8       Q:    Do you have any knowledge of that Commission  
9           ever addressing these guidelines related to  
10          sourcing?

11      A:    As far as I know, they -- it was -- they were  
12           reviewed and they discussed at the time issuing  
13           a regulation, but for some -- whatever reason,  
14           they did not issue a regulation. And, to my  
15           knowledge, I'm not sure that they were ever  
16           published other than internally. I'm not --  
17           that's what happened, as far as I recall.

18      Q:    Were the guidelines related to sourcing used  
19           when a new industry or business --

20      A:    We would --

21      Q:    -- was audited?

22      A:    We would always consult them, I mean -- well,  
23           at that time a lot -- we were finding a lot of  
24           finance companies that weren't filing -- I  
25           mean, this was back in the late '70's, early

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 '80's, a lot of companies were claiming there  
2 was no nexus and we would look at how -- we  
3 would source their income if we did have nexus.  
4 And we would look at particularly finance  
5 companies or service providers or companies  
6 like that in how we would source their income.  
7 And new companies coming in would ask us. They  
8 wouldn't ask me particularly because I was just  
9 an auditor way back then.

10 Q: And did you have firsthand experience with  
11 implementing these guidelines?

12 A: Well, I was an auditor, so I would follow the  
13 guidance. If we were doing an audit, we would  
14 first determine whether the company was dealing  
15 in tangible personal property and whether they  
16 would use the three-factor formula at the time  
17 or the gross receipts formula, or if they were  
18 a certain type company, they would use a  
19 special apportionment formula for utilities.  
20 It was -- I think railroads had a special  
21 formula, airlines, telephone companies, water  
22 companies, all had special formulas; gas  
23 pipe -- gas pipelines. But the main two for  
24 most companies were either three-factor formula  
25 or the gross receipts.

1 Q: Okay. Mr. Swearingen, would you look at what's  
2 been marked as Plaintiff's (sic) Exhibit Number  
3 Twenty-one that's in the binder in front of  
4 you?

5 A: You said stipulation of facts, Number  
6 Twenty-one? That's DOR -- it says DOR  
7 Twenty-one.

8 Q: And, correct. And it's Respondent's Number  
9 Twenty-one.

10 A: Okay. It says -- I'm sorry.

11 Q: Yeah, yeah.

12 A: -- it does say Respondent's exhibit.

13 Q: Yeah, I misstated that. Specifically, would  
14 you turn to section 13 of that document?

15 A: (Witness complies.)

16 **MR. ROBERTS:** Well, Your Honor, I have an objection  
17 on this line of questioning here. This Exhibit  
18 Twenty-one, it's hearsay and it's not relevant.  
19 This is a Stipulation of Facts between two  
20 parties, two private parties -- well, one  
21 private party and the state -- in case a that  
22 was signed in 1986. DIRECTV wasn't even formed  
23 until 1994.

24 And it's nothing more than a Stipulation of  
25 Facts and they're offering it, you know, to go

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           into evidence for the truth of the matter  
2           asserted. This is clearly hearsay, it's not  
3           relevant, and it doesn't even talk about  
4           subscription revenue.

5   **THE COURT:**   Well, I know you're divining that  
6           they're going to offer it into evidence. They  
7           haven't yet. He's about to start --

8   **MR. ROBERTS:**   I just think --

9   **THE COURT:**   -- questioning him about it. So what is  
10          your objection about him questioning him about  
11          it?

12   **MR. ROBERTS:**   Because he's going to have --  
13          presumably he's -- well, I will sit down and I  
14          will object, then, in a minute when he starts  
15          reading.

16   **THE COURT:**   Okay.

17   Q:   Mr. Swearingen, have you had a chance to look  
18          at section 13?

19   A:   Actually, I didn't because I was listening  
20          to ...(reading). Yeah, it refers to how you  
21          determine gross receipts in certain type  
22          companies.

23   Q:   Are -- is the content of section 13 in this  
24          Respondent's Exhibit Twenty-one the same as the  
25          audit guidelines that -- to which related to

**CREEL COURT REPORTING, INC.**

1 sourcing that you've been referring?

2 **MR. ROBERTS:** Your Honor, I object to this.

3 A: Yeah. Yes.

4 **THE COURT:** Wait a second. I'll strike his answer  
5 at this time and I'll hear the objection.

6 **MR. ROBERTS:** This is hearsay, Your Honor.

7 **THE COURT:** All right. Any response to that?

8 **MR. CONDON:** Yes, Your Honor. Mr. Swearingen has  
9 firsthand knowledge of the guidelines and what  
10 I expect him to say is, is he's going to be  
11 able to verify that these represent the  
12 guidelines as they existed back then that he  
13 used for years.

14 **THE COURT:** Is it representative of the guidelines  
15 or an application of the guidelines?

16 **MR. CONDON:** No, these --

17 **THE COURT:** Well, I mean, I guess an application  
18 would be representative. It's not the  
19 guidelines themselves. It's simply an  
20 application of where you utilized the  
21 guidelines factually?

22 **MR. CONDON:** No -- yeah, as I understand it, these  
23 are the guidelines.

24 **THE COURT:** Oh, these are the guidelines.

25 **MR. CONDON:** Yeah, I mean, they might be formatted

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 slightly different, but they -- they are the  
2 guidelines.

3 **MR. ROBERTS:** So, Your Honor, based on -- these are  
4 not the guidelines. This is a Stipulation of  
5 Facts in the *Lockwood Greene* case. These are  
6 not the guidelines. This is hearsay. If you  
7 look at the first page of Exhibit Twenty-one,  
8 it clearly says at the top there "Stipulation  
9 of Facts."

10 **THE COURT:** I understand that. But the Stipulations  
11 of Fact -- he could lay the foundation that  
12 these were the guidelines. It doesn't have to  
13 be laid, so.

14 **MR. CONDON:** Yes, on ...

15 **MR. ROBERTS:** But, Your Honor, simply because a  
16 private party agreed in a case that this may  
17 have been the guidelines does not mean that  
18 these are the guidelines. We have no idea what  
19 those conversations were between the parties at  
20 that point.

21 **THE COURT:** I'll hear what he's got to testify about  
22 this and I'll make my ruling accordingly.

23 **MR. ROBERTS:** Very well, Your Honor. Thank you.

24 **Q:** All right. Mr. Swearingen, if you look at the  
25 first part of section 13 here on this exhibit.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: (Witness complies.) Yes.

2 Q: Well, let's actually flip to the next page.  
3 This document that -- was a set of  
4 stipulations, apparently, in *Lockwood Greene*.  
5 It lists a bunch of industries and indicates --  
6 apparently indicates how the Department's going  
7 to handle each type of industry. Is what's  
8 represented there the guidelines as you -- for  
9 sourcing as you understood them to be?

10 **MR. ROBERTS:** Objection, Your Honor, leading.

11 A: They are the --

12 **THE COURT:** I sustain that. Rephrase the question.

13 Q: Okay. What are the --

14 **THE COURT:** It's close.

15 Q: Do the -- does the -- does what's in section 13  
16 here represent the guidelines that you've been  
17 talking about?

18 **MR. ROBERTS:** Objection, leading, Your Honor.

19 **THE COURT REPORTER:** I didn't even hear the last  
20 part of his question.

21 **THE COURT:** Well, I didn't -- rephrase it for -

22 **MR. CONDON:** Okay.

23 **THE COURT:** No, ask the question again because I  
24 didn't hear it.

25 **MR. CONDON:** Can I just ask another question?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1     **THE COURT:** Okay. Go ahead.

2     Q: What do the contents of section 13 of this  
3       document represent?

4     A: To me, it would have been the guidance we used  
5       in determining how to source the receipts from  
6       within South Carolina for these companies,  
7       these type companies.

8     Q: And is that what we have been talking about for  
9       the last few minutes?

10    A: Yes.

11    Q: And is this --

12    A: I mean, I recall distinctly one about finances  
13       from within. I mean, I think it was -- of  
14       course, I couldn't find a copy of the older  
15       audit manual, but I'm pretty sure the one on  
16       finance companies, these were listed in the  
17       audit manual. But I just can't locate a copy  
18       of it. It would have been like 20 or 30 years  
19       ago. But we did -- I mean, this is how we  
20       would interpret how we applied the gross  
21       receipts factor for these type companies.

22    Q: Is what's here in section 13 a complete and  
23       accurate representation of the guidelines as  
24       you understood them?

25    **MR. ROBERTS:** Leading, objection, Your Honor.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: As best I recall.

2 **THE COURT:** Hold on a second. Let him finish the  
3 question and then I'll make a ruling on it.

4 **MR. ROBERTS:** Sorry, Your Honor.

5 **THE COURT:** I mean, I think the direct question can  
6 start with "is," if that's what you're going  
7 on. It has to finish out correctly.

8 Q: Are -- is the contents -- or are the contents  
9 of what's in section 13 a complete and accurate  
10 representation of what you believe the  
11 guidelines were?

12 **MR. ROBERTS:** Objection, Your Honor, leading.

13 **THE COURT:** Overruled.

14 A: As it relates to the companies listed, this is  
15 how we would apply the gross receipts factor  
16 and that's how we were taught as auditors and  
17 as a supervisor is how -- if someone had asked  
18 me the question, this is how I would've told  
19 them to apportion the receipts or source the  
20 receipts from within for these type companies.

21 **MR. CONDON:** Your Honor, I'd like to now move that  
22 Plaintiff's (sic) Exhibit Twenty-one be entered  
23 into evidence.

24 **THE COURT:** Respondent's?

25 **MR. CONDON:** Respondent's, I'm sorry.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 **MR. ROBERTS:** Your Honor, I object on hearsay, as  
2 well as on relevance. I don't think the  
3 witness has authenticated this. In fact, he  
4 said that he went back and tried to find the  
5 guidelines and he couldn't find a copy and that  
6 he remembered the finance company piece, but  
7 not all the other stuff.  
8 And it's clearly hearsay. The Department is  
9 clearly offering this to go into the record for  
10 the truth of the matter asserted which is that  
11 these are the guidelines.

12 **THE COURT:** Let me back up. Your first objection  
13 went to authenticity. Did y'all not stipulate  
14 to authenticity?

15 **MR. CONDON:** (Nods head affirmatively.)

16 **THE COURT:** So I'm going to move on from that one.  
17 Then the hearsay aspect is, it's an  
18 out-of-court statement; I agree with you on  
19 that. But what he's testified to is, this  
20 particular out-of-court statement is a  
21 representation of the guidelines that the  
22 Department had.  
23 So he's offering it -- or he's attesting that  
24 that is the guidelines that they utilized. So  
25 he's not -- he's offered it for the truth of

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 the matter asserted in the statements in there.  
2 He's just also setting forth that these  
3 documents represent that which they utilized.  
4 And there is no statement in there that he's  
5 seeking to verify the truth in or the veracity  
6 thereof. Are you following me?

7 **MR. ROBERTS:** Yes, Your Honor.

8 **THE COURT:** So what is your response to that?

9 **MR. ROBERTS:** My response is, when we first started  
10 speaking about this, Counsel for the Department  
11 said that these are the guidelines. And that's  
12 clearly what they're being offered into  
13 evidence for.

14 **THE COURT:** Well, I don't take them as -- if he's  
15 offering them as guidelines, the testimony is,  
16 based on the memory of the witness, that these  
17 appear to represent that which he remembered to  
18 be the guidelines and they would be -- this  
19 Court would admit it only for that purpose.  
20 All right?

21 **MR. ROBERTS:** Fair enough, Your Honor. I have a  
22 second objection --

23 **THE COURT:** Yeah, go ahead.

24 **MR. ROBERTS:** -- on relevance. These -- as I've  
25 said before, this is a Stipulation of Facts in

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 1986., DIRECTV was formed in 1994. There is  
2 nothing in here discussing subscription  
3 revenue. And we keep hearing about how the  
4 basis for the assessment in this case was these  
5 long-standing guidelines. This is being  
6 offered to establish something relating to  
7 those long-standing guidelines and these don't  
8 talk about subscription revenue.

9 **THE COURT:** That goes to the weight of the exhibit  
10 and, certainly, that is a pertinent point that  
11 you can raise as to what I need to consider in  
12 this case. But as far as their presenting --  
13 they're responding, actually, to that -- some  
14 points that you've raised in your case in  
15 chief. So I overrule that one.

16 **MR. ROBERTS:** Thank you, Your Honor.

17 **THE COURT:** I'll still hear your argument on that  
18 later on.

19 **MR. ROBERTS:** Thank you, Your Honor.

20 **MR. CONDON:** Thank you, Your Honor.

21 **THE COURT:** But has it been offered?

22 **MR. CONDON:** Yes, it has been offered.

23 **THE COURT:** Okay. It's admitted.

24 **(Respondent's Exhibit Number Twenty-one was admitted**  
25 **into evidence.)**

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: Mr. Swearingen, were you involved in the  
2 *Lockwood Greene* case?

3 A: Not directly, no. I was -- I was actually --  
4 I think I was in -- may have been right after  
5 I left appeals. I think it was '85 or so, but  
6 I don't believe I was directly involved in  
7 *Lockwood Greene*.

8 Q: Was the way the Department approached its  
9 audits affected by the decision in *Lockwood*  
10 *Greene*?

11 A: No, because it was my understanding that  
12 *Lockwood Greene* said that what we were doing  
13 was correct. But *Lockwood Greene* applied to  
14 architects and engineers. I think an  
15 engineering firm, actually. And that the  
16 guidelines we were utilizing were the  
17 correct -- correct application.

18 Q: Did the Department use a payroll factor in  
19 *Lockwood Greene*?

20 A: Yes, we did.

21 Q: Why would the Department have used a payroll  
22 factor in *Lockwood Greene*?

23 A: It was a method to come up with the services  
24 performed within the state to generate the  
25 engineering fees.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: Could Lockwood or the Department have used  
2 other methods, another method, or -- to  
3 calculate the gross receipts from within South  
4 Carolina?

5 A: I assume that if Lockwood when they billed  
6 their customer and designated which state the  
7 billing services were performed in, they could  
8 have done it that way. But I don't believe  
9 they did it, their billing that way.  
10 During the course of the audit, that was  
11 determined the best way to determine where it  
12 was -- actual engineering services were  
13 performed, which state, was based on the  
14 payroll within each state.

15 Q: What's the Department's view of the  
16 applicability of Lockwood Greene?

17 A: It's been, as far as my knowledge, the position  
18 it only applied to certain type companies;  
19 engineering, architects. We used to call them  
20 "personal service companies," companies that  
21 actually billed for their services; meaning,  
22 they actually -- an employee did work and they  
23 would bill for that employee's work.  
24 Prior to the guidance that came out in '77,  
25 which never got put in as a regulation, we

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 would source all those receipts to South  
2 Carolina, even though some of them may have  
3 been out of state.

4 I think that was the reason for the change that  
5 led to the proposed rules of construction, as  
6 we called -- termed it back then. But it  
7 never -- was never promulgated as a regulation.  
8 But it dealt primarily with contracts involving  
9 architects or engineers. It was an actual  
10 case. I believe the Commission ruled -- had a  
11 decision on it, but ...

12 Q: Are you familiar with the Department  
13 Determination that's -- that was issued in this  
14 case?

15 A: I have looked at it recently.

16 Q: And how do you understand the Department's  
17 conclusion as to where DIRECTV's subscription  
18 receipts ought to be sourced?

19 A: They were -- subscription receipts, services  
20 receipts, are from receipts rendered --  
21 services rendered within South Carolina. I  
22 mean, they -- the -- we would have looked at  
23 gross receipts and where the gross receipts are  
24 earned.

25 And in this case, we thought of our position

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 was, you're paying for a subscription to cable  
2 TV and the service you're paying for is a  
3 service that puts the TV -- the pictures on  
4 your TV within South Carolina. So the  
5 income-producing activity is actually taking  
6 place in South Carolina.

7 Q: Okay. So, just to be clear, out of -- out of  
8 the taxpayer's nationwide gross receipts, how  
9 much of that would be in the numerator of the  
10 gross --

11 A: It would be the --

12 Q: -- receipts factor here?

13 A: -- charges he had -- he receives from his  
14 customers or providing the subscription service  
15 in South Carolina, which is what our gross  
16 receipts formula says. And, of course, the set  
17 rental -- whatever he rents from the set --  
18 those little boxes on the ...

19 Q: Is the sourcing that the Department stated in  
20 the Department Determination in this case  
21 similar to how the Department treats other  
22 types of companies?

23 A: Yes. I mean, we don't have any -- we never had  
24 any guidance -- guidelines on cable, per se,  
25 because cable wasn't around back then. So we

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 would just look at where -- what we thought was  
2 the receipts from within South Carolina.  
3 And this -- it was -- the closest thing we had  
4 to it was telephone companies, which is a  
5 separate section. But just like telephone  
6 companies, we would be looking to see where  
7 that service is or where the receipts from that  
8 service is and ...

9 Q: So, again, just to make sure the record is  
10 clear, what types of companies would be similar  
11 to DIRECTV?

12 A: In our mind, it's telephone companies, cell  
13 phone companies, that type; internet.

14 Q: And didn't you mention one more?

15 A: I can't recall. I mean, that's ...

16 Q: To refresh your memory, didn't you include  
17 cable TV companies in that -- .

18 A: Correct.

19 Q: -- list?

20 A: Cable TV, right. Which I'm not sure the  
21 distinction between cable TV and -- to the  
22 customer, they're just watching the same TV on  
23 the box in their -- on their TV. They both  
24 come in on a box with a cable from somewhere to  
25 a box next to their TV set and they watch a TV

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 show or whatever.

2 Q: All right. If you would, sir, turn -- let's  
3 turn to -- in the black book again to  
4 Respondent's Number Thirty.

5 A: (Witness complies.) Thirty, okay.

6 Q: Okay. Is this what's on this one page document  
7 something you've read before?

8 A: Yes. It covers the gross receipts and how --  
9 from within. It comes up with a ratio for  
10 apportioning income of companies that don't  
11 deal in tangible personal property.

12 Q: Is this the statute that's related to service  
13 providers?

14 A: Correct.

15 Q: You just mentioned gross receipts. When you  
16 read the term there "gross receipts," what do  
17 you think about?

18 A: Think about the charges and that  
19 specifically -- well, I'm not sure if it  
20 states -- it says, "Gross receipts from within  
21 this state," is the numerator and then total  
22 gross receipts everywhere is the denominator.  
23 So I think of every charge they would make to  
24 their customer within South Carolina.

25 Q: Do you think of costs?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: No.

2 Q: Do you think of production?

3 A: No.

4 Q: All right. If you would, sir, turn to  
5 Respondent's Number Thirty-two.

6 A: (Witness complies.) Okay, Thirty-two.

7 Q: And is this something you're familiar with?

8 A: Probably not as familiar with this as most  
9 people because I was transitioning out of being  
10 the supervisor. I was somewhat familiar, but  
11 not -- I knew about it.

12 Q: Based on your current employment and long-term  
13 employment with the Department, what's the  
14 Department's view of how the income-producing  
15 activity should be identified under this  
16 Section 12-6-2295?

17 A: First, you have to look at what -- determine  
18 what the income-producing activity is. And in  
19 our -- in the case of DIRECTV, we feel it's the  
20 subscription services, is the income, charging  
21 the customer within South Carolina for the  
22 subscription service, which is -- we feel is --  
23 provided in South Carolina is the  
24 income-producing activity.

25 Q: Again, based on your years of experience here

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 and your current employment with the  
2 Department, why didn't the Department include  
3 in -- include DIRECTV's activities performed  
4 out of state into -- as an income-producing  
5 activity?

6 A: We didn't think they were relevant to determine  
7 what was earned within the state. We're only  
8 looking at what they would charge their South  
9 Carolina customer.

10 Q: Are you familiar with the -- with the *Geoffrey*  
11 case?

12 A: Yeah.

13 Q: Is there any analysis or facts maybe in the  
14 *Geoffrey* case that you think might be related  
15 to this case?

16 A: They were trying to determine what the income  
17 activity was for *Geoffrey*, what created the  
18 royalty income that was in question, and how it  
19 were to be sourced. In that case, they looked  
20 at the sale of the product and where the sale  
21 took place as the income-producing activity.

22 Q: And what was -- if you know, what was  
23 *Geoffrey's* position --

24 A: I believe they --

25 Q: -- on where it should be sourced and why?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: I believe they said it was -- had to do with  
2 the attorneys and the Department that oversaw  
3 the -- all the legal work dealing with the  
4 trademark or patent, whatever it was, in the  
5 state wherever they were located and they were  
6 trying to source it to that home state, that  
7 state where the attorney was.

8 Q: And ultimately were the royalty fees from the  
9 use of the trademark in *Geoffrey* sourced to the  
10 state where the patent attorneys or other work  
11 was done?

12 A: There -- it was decided they would be sourced  
13 to wherever the sale took place. In that case,  
14 it was South Carolina. Or there was some  
15 discussion as creating a receivable within the  
16 state, but that was generated by the sale that  
17 took place here and not the work of the  
18 attorneys dealing with the patent or copyright,  
19 or the billing, whatever took place in the  
20 other state.

21 Q: Based on your knowledge and experience with the  
22 Department, is South Carolina a  
23 cost-to-performance state with respect to  
24 apportioning net income for service providers?

25 A: Not to my knowledge.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: Is the Department's Determination in this case  
2 consistent with *Lockwood Greene*?

3 A: We think it is because we look at the  
4 income-producing activity and that's, I think,  
5 what *Lockwood Greene* said.

6 MR. CONDON: No further questions at this time.

7 MR. SWEARINGEN - CROSS-EXAMINATION BY MR. ROBERTS:

8 Q: Mr. Swearingen -

9 A: Yeah.

10 Q: -- just have a few questions for you here.  
11 Please refer to Respondent's Exhibit  
12 Twenty-one.

13 A: (Witness complies.)

14 Q: I guess turning back to -- wherever it starts  
15 here -- paragraph 13, starts on page 26 there  
16 and continues several pages. You were not  
17 involved in the drafting of these guidelines,  
18 right?

19 A: No.

20 Q: And you testified that there may have been a  
21 manual at some point, but the last time it was  
22 updated was in 1983 or something like that and  
23 it wasn't ever published, right?

24 A: The manual was actually published.

25 Q: But the updates -- it wasn't updated since

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 1983, correct?

2 A: Since '83. It was published in '83.

3 Q: But it had not been updated since then,  
4 correct?

5 A: Correct.

6 Q: Okay. And -- so DIRECTV was formed in 1994.  
7 So that manual wouldn't even apply to a company  
8 like DIRECTV, right?

9 A: Pardon?

10 Q: DIRECTV was formed in 1994. So that manual  
11 would never have even applied to a company like  
12 DIRECTV, right?

13 A: It would not specifically mention a cable  
14 company or --

15 Q: Great. Thank you.

16 A: Because I don't believe cable companies --

17 Q: That's fine.

18 A: All right.

19 Q: Now, you testified that these guidelines here  
20 that we're looking at in Respondent's  
21 Twenty-one were developed during the '70's,  
22 sometime like that.

23 A: Yeah.

24 Q: Satellite industry, as we were just talking  
25 about, came around in 1990. So you would

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 acknowledge that these guidelines do not talk  
2 about subscription revenue or don't talk about  
3 how to source subscription revenue, right?

4 A: They don't mention subscription revenue.

5 Q: Thank you. And you also mentioned that there  
6 were no guidelines that -- with a cable  
7 companies, with DIRECTV, that, you know, you  
8 considered them to be the same and that there  
9 were no guidelines on cable companies, correct?

10 A: There were no guidelines on cable companies.

11 Q: Correct? Right?

12 A: Correct.

13 Q: Thank you. You would also agree that the  
14 Department's Determination in this matter is  
15 based solely on the location of the customer,  
16 correct?

17 A: Right.

18 MR. ROBERTS: Thank you. I have no further  
19 questions, Your Honor.

20 THE COURT: Go ahead.

21 **MR. SWEARINGEN - REDIRECT EXAMINATION BY MR. CONDON:**

22 Q: Hopefully just one question, Mr. Swearingen.  
23 Is it your understanding the Department's  
24 Determination in this matter is related to  
25 customer location or delivery of a service?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: Well, to us --

2 **MR. ROBERTS:** Your Honor -- objection, Your Honor;  
3 that's a leading question.

4 **MR. CONDON:** It's just an "either/or," Your Honor.

5 **THE COURT:** Well, "yes" or "no" is the problem;  
6 that's why he's objecting. Give me the  
7 question one more time, can you? Or just  
8 ask --

9 Q: Is it your understanding that the Department  
10 Determination was based on the location of the  
11 customer or was it based on delivery of the  
12 service?

13 **THE COURT:** Yeah, I'll overrule that.

14 **MR. ROBERTS:** All right.

15 A: Does that mean I can answer?

16 Q: Yes.

17 A: Actually, when -- it's actually the delivery of  
18 the cable service to the customer in South  
19 Carolina and the customer pays the bill. But  
20 the customer is paying for the delivery of a  
21 service, which the cable company is -- charges  
22 for the service.

23 **MR. CONDON:** All right. Thank you, sir. No further  
24 questions.

25 **MR. ROBERTS:** I have no further questions, Your

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 Honor.

2 **THE COURT:** All right. I've got a few.

3 **THE WITNESS:** Yes.

4 **THE COURT:** When we consider the extent -- what's  
5 the phrase -- extent to the income-producing  
6 activity -- the extent of the income-producing  
7 activity, why did you not consider any other  
8 development, marketing, other aspects of this  
9 company or why would -- maybe you didn't -- in  
10 your opinion, why should that not be  
11 considered?

12 **THE WITNESS:** In gross receipts -- there's two  
13 formulas: The three-factor formula and the  
14 gross receipts. The three-factor has a --  
15 three different factors: Payroll, property,  
16 and sales. You look at all three of those.  
17 Gross receipts, there's only the actual receipt  
18 from within South Carolina, whether it's a  
19 customer -- and then the only exception to my  
20 knowledge is in the Lockwood Greene -- I mean,  
21 the personal service, engineering/architect,  
22 where the service is performed.

23 **THE COURT:** Well, you still -- in determining what  
24 gross receipts are, you still determine the  
25 extent to which the income-producing activity

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 occurred in South Carolina, do you not?

2 **THE WITNESS:** Right.

3 **THE COURT:** So why would other aspects of the  
4 company outside of South Carolina not be  
5 considered?

6 **THE WITNESS:** It's like telephone service. You're  
7 paying to have your local telephone work in  
8 your home. And the same with cable, you're  
9 paying to see the -- look at -- you're paying  
10 for the service to get the signal within your  
11 home and that's what you're paying for, not  
12 the -- whatever happens -- you're not paying  
13 for the legal people in the department --  
14 company's department, legal department, to draw  
15 up the contracts with all the signal -- ESPN or  
16 whoever. And you're not paying for the  
17 satellite. You don't really care about -- all  
18 you want is the signal coming to your TV in  
19 your home and that's what you're paying for, or  
20 that's what we think you're paying for.

21 **THE COURT:** So the income-producing activity is  
22 solely that which when the customer decides to  
23 pay and that's it?

24 **THE WITNESS:** And the -- he catches what he's ask --  
25 being contracted to get/receive, which is the

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 cable signal.

2 **THE COURT:** Okay. Any follow-up on what I've asked?

3 **MR. ROBERTS:** No, Your Honor.

4 **MR. CONDON:** No, Your Honor.

5 **THE COURT:** All right. Step down.

6 (Witness excused.)

7 **THE COURT:** We're going to take a short break.

8 (Off the record from 10:42 a.m. to 10:58 a.m.)

9 **THE COURT:** Mr. Roberts, I've been contemplating one  
10 of my rulings. It doesn't affect the case  
11 anyway, but I'll tell you, that -- not the  
12 objection on the "either/or," but the previous  
13 objection you made on leading.

14 I started thinking about that and, honestly,  
15 the question that was asked that you objected  
16 to, finally, in that grouping was worse than  
17 the other ones that had been asked. But I  
18 think at that point in time it was clear to me  
19 where we were going. The answer was going to  
20 come out. But I was just going to go ahead and  
21 tell you that. I think I missed on that one,  
22 but ...

23 **MR. ROBERTS:** Thank you, Your Honor.

24 **THE COURT:** Probably not going to be the only thing  
25 I miss on, but -- oh, well. Y'all call your

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 next witness.

2 **MR. CONDON:** Your Honor, at this time -- and I  
3 apologize to Opposing Counsel. We didn't  
4 expect the morning to go so fast, but we would  
5 like to go ahead and read the deposition of  
6 Bill Spina in at this point.

7 **MR. ROBERTS:** We have no objection.

8 **MR. CONDON:** We had just talked earlier that maybe  
9 we'd save that till last, but we didn't expect  
10 the morning to go this fast, so.

11 **THE COURT:** Oh, y'all were going to save the most  
12 exciting thing for last.

13 **MR. CONDON:** Absolutely. Eat lunch and then come  
14 back and be --

15 **THE COURT:** Read a deposition.

16 **MR. CONDON:** Yeah, probably didn't want to save this  
17 to the last.

18 **THE COURT:** All right.

19 **MR. CONDON:** All right. So it's under a Joint  
20 Exhibit, I believe, the -- what we're going to  
21 read and what's marked the -- and it's Joint  
22 Exhibit One. And Mary Beth Campbell is going  
23 to play the role of Bill Spina.

24 **THE COURT:** Well, she looks like a guy.

25 **MR. ROBERTS:** He would be very pleased.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1     **THE COURT:** You said he would be very pleased?

2     **MR. ROBERTS:** Yeah.

3     **THE COURT:** He would be very pleased if he wanted to  
4         be -- have a voice of a lady.

5                     **(Off the Record)**

6     **THE COURT:** All right. Are y'all just going to go  
7         straight into the deposition or are you going  
8         to tell me who this guy is or who this ...

9     **MR. CONDON:** We can make a brief little statement  
10         about who he is, if you would like.

11    **MS. GEER:** I think the deposition goes into who he  
12         is.

13    **THE COURT:** Oh, it does?

14    **MR. CONDON:** Did we highlight those parts?

15    **MR. ROBERTS:** Yeah.

16    **THE COURT:** That's what I was asking.

17    **MR. CONDON:** Yes.

18    **MR. ROBERTS:** Right, yeah.

19    **MS. GEER:** Yeah.

20    **MR. CONDON:** Good. We highlighted those parts.

21    **MR. ROBERTS:** Yes, those portions are designated,  
22         Your Honor.

23    **THE COURT:** Okay.

24    **MR. CONDON:** I forgot we had highlighted those, yes.  
25         Okay. So we're going to start on page six,

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 line 20.

2 **THE COURT:** Well, if you've already designated it, I  
3 don't know if you need -- if y'all are going to  
4 need to refer to each one of the lines.

5 **MR. CONDON:** No, I just wanted to get whoever is  
6 following along to --

7 **THE COURT:** Okay.

8 **MR. CONDON:** -- know where we're starting, at  
9 least --

10 **THE COURT:** Okay.

11 **MR. CONDON:** -- for this time. But at certain  
12 times, we will jump from one section to the  
13 next; you're right.

14 Okay. Question: "Also, when I refer to  
15 DIRECTV in this deposition, I'll be referring  
16 to DIRECTV, Inc. I know there's a lot of  
17 affiliated companies, but DIRECTV, Inc., is the  
18 primary taxpayer in this case. So if I just  
19 say DIRECTV, please take it as DIRECTV,  
20 Incorporated. And, of course, if you are  
21 referring to anything other -- to any other  
22 entity other than DIRECTV, Inc., please let me  
23 know. Would you state your full name, please?"

24 **MS. CAMPBELL:** "Yes, William Joseph Spina."

25 **MR. CONDON:** "Are you currently employed at

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 DIRECTV?"

2 MS. CAMPBELL: "Yes."

3 MR. CONDON: "What is your current position?"

4 MS. CAMPBELL: "Senior director of income taxes."

5 MR. CONDON: "How long have you been in that  
6 position?"

7 MS. CAMPBELL: "In this position? Let's say the  
8 last, I don't know, ten, 15 years. Ten years.  
9 I've been with DIRECTV for 30 years, though."

10 MR. CONDON: "What other positions have you held at  
11 DIRECTV?"

12 MS. CAMPBELL: "Well, I started as, you know, an  
13 income tax compliance person. I was doing  
14 sales tax. I think I promoted to manager in  
15 charge of compliance, income tax compliance.  
16 That's both domestic, federal income tax, and  
17 state income tax. And then in -- somewhere in  
18 the mid or early nineties, I got promoted to  
19 senior manager and I was in charge of tax  
20 planning for domestic issues."

21 MR. CONDON: "Okay. Have you been -- were you  
22 involved in the actual preparation of the South  
23 Carolina income tax returns that are at issue  
24 in this case?"

25 MS. CAMPBELL: "No, I am not involved in the actual

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 preparation. I'm in charge -- the compliance  
2 group reports to me. We have a director under  
3 me who runs that function. So I wouldn't say  
4 I was directly involved in the preparation."

5 **MR. CONDON:** "What does 'compliance' mean in terms  
6 of kind of managing the income tax process?"

7 **MS. CAMPBELL:** "Compliance is preparing and filing  
8 income tax returns."

9 **MR. CONDON:** "All right. What's the -- so that's  
10 the kind of preliminaries. Let's talk a little  
11 bit about operations. I kind of inferred this  
12 a moment ago, but is DIRECTV, Inc., the one and  
13 only company that provides digital broadcast  
14 satellite services here in the United States?"

15 **MS. CAMPBELL:** "It's the company that has  
16 subscribers, yes."

17 **MR. CONDON:** "Why do you say it that way? Not that  
18 anything is wrong with that, but are there  
19 other companies that provide programming; is  
20 that the distinction you're making?"

21 **MS. CAMPBELL:** "No, that is the company."

22 **MR. CONDON:** "So what products or services does  
23 DIRECTV, Inc., sell?"

24 **MS. CAMPBELL:** It sells programming packages to  
25 subscribers, video programming packages."

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 **MR. CONDON:** "Do subscribers purchase one package or  
2 do they bundle several packages together?"

3 **MS. CAMPBELL:** "They purchase one package and then  
4 can buy other pieces. I'm sure you've heard of  
5 the NFL package, for instance. They can add  
6 that to their one package as an example."

7 **MR. CONDON:** "And what are those operations?"

8 **MS. CAMPBELL:** "DIRECTV has subscribers in South  
9 Carolina, at least as set-top boxes in South  
10 Carolina. It has local collection facilities  
11 in South Carolina. It sells tangible  
12 properties to South Carolina subscribers."

13 **MR. CONDON:** "Okay. What" --

14 **THE COURT:** Sells tangible?

15 **MS. CAMPBELL:** "Tangible property to South Carolina  
16 subscribers."

17 **THE COURT:** At this point in time, I'd want to stop  
18 and ask some questions, but I guess that's not  
19 possible.

20 **MR. CONDON:** "Okay. What about installation of the  
21 dish and the set-top boxes in a customer's home  
22 or a business's location? Didn't you mention  
23 that? Who does that?"

24 **MS. CAMPBELL:** "That is done -- well, before 2008,  
25 that was done by HSPs, home service providers."

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 They are vendors that perform that service for  
2 us. In 2008, we started buying some of those  
3 HSPs. We bought (sic) them in-house. We call  
4 those employees owned and operated, which means  
5 they're employees of DIRECTV that install for  
6 us. They started in 2008 and it wrapped up  
7 '09, '10 and '11."

8 **MR. CONDON:** "Were you describing what happened in  
9 South Carolina there or were you describing  
10 nationwide?"

11 **MS. CAMPBELL:** "Nationwide."

12 **MR. CONDON:** "Do you know if -- do you know when or  
13 if DIRECT has bought -- DIRECTV has bought --  
14 brought the HSPs in-house in South Carolina?"

15 **MS. CAMPBELL:** "We did not."

16 **MR. CONDON:** "Okay. What's the -- this will be  
17 similar to the question I asked about what  
18 services it performs, but what are the sources  
19 of income for DIRECTV?"

20 **MS. CAMPBELL:** "Well, DIRECTV as we said has  
21 subscribers that buy programming packages. It  
22 also leases set-top boxes. It offers an  
23 optional warranty on the leased boxes, which we  
24 call the 'protection plan,' which a subscriber  
25 can buy in case their equipment doesn't work,

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 breaks before they're entitled to a new box so  
2 they can get the new box free."

3 "It has some other charges if -- especially in  
4 2006 period, all boxes were standard  
5 definition. They were analog boxes. That's  
6 when we started moving more to the HD, high  
7 definition boxes."

8 "If you lease a high definition box, you'll pay  
9 an HD fee. In this time period, I think it was  
10 about ten dollars. They also have a DVR. So  
11 if you have a DVR, you pay an extra fee."

12 "They had a multi-room viewing charge if you  
13 had a box that would allow you to start a  
14 program in your living room and go to your  
15 bedroom and finish the program. I think those  
16 are the fees that we charge for subscribers."

17 **MR. CONDON:** "Are all these fees billed or charged  
18 monthly?"

19 **MS. CAMPBELL:** "Yes."

20 **MR. CONDON:** "Would the bill list each of those  
21 items you mentioned separately on each monthly  
22 bill?"

23 **MS. CAMPBELL:** "Yes."

24 **MR. CONDON:** "Does DIRECTV employ engineers?"

25 **MS. CAMPBELL:** "DIRECTV Operations employed engineers

1 at this time."

2 **MR. CONDON:** "So that's a different company from  
3 DIRECTV, Inc."

4 **MS. CAMPBELL:** "Yes."

5 **MR. CONDON:** "During the 2006 to 2011 period, did  
6 DIRECTV employ in-house attorneys?"

7 **MS. CAMPBELL:** "Yes."

8 **MR. CONDON:** "Certainly without disclosing anything  
9 confidential, what did those attorneys do?  
10 Okay. Did you know an answer to that  
11 question?"

12 **MS. CAMPBELL:** "Sure."

13 **MR. CONDON:** "About the attorneys, what did they do?  
14 What -- what -- what they did?"

15 **MS. CAMPBELL:** "We have attorneys doing everything  
16 attorneys do, which means that we have patent  
17 attorneys, we have contract attorneys, and on  
18 and on."

19 **MR. CONDON:** "Would the attorneys who do the  
20 contract work -- and by contract work, I'm  
21 talking about program negotiation type of  
22 contracts -- are they employees of DIRECTV,  
23 Inc.?"

24 **MS. CAMPBELL:** "Yes."

25 **MR. CONDON:** "Okay. During the -- do you know for

1           each year, 2006 through 2011, how many DIRECTV  
2           employees resided in South Carolina?"

3   **MS. CAMPBELL:**   "Yes."

4   **MR. CONDON:**    "How many employees?"

5   **MS. CAMPBELL:**    "I don't know the exact amount, but  
6           in the early years, 2006, we had one  
7           employee -- did you say residing?"

8   **MR. CONDON:**    "Yes, I did say residing."

9   **MS. CAMPBELL:**    "Okay. In the early years, we had  
10          around five, and in the later years, we got up  
11          to 12 DIRECTV employees that resided in South  
12          Carolina. They did not work in South Carolina.  
13          They worked in North Carolina. We believe they  
14          are -- they were owned and operated individuals  
15          who installed in North Carolina."

16   **MR. CONDON:**    "Okay. How many employees during those  
17          six years worked in South Carolina?"

18   **MS. CAMPBELL:**    "We had one in the early years and  
19          two in the later years."

20   **MR. CONDON:**    "What did those employees do?"

21   **MS. CAMPBELL:**    "They were dealer representatives.  
22          They basically had a relationship with the  
23          dealers, who are "mom and pop" operations that  
24          sell our product. They would tell them how to  
25          sell our product, what our product does, so on,

**CREEL COURT REPORTING, INC.**

1 so forth."

2 **MR. CONDON:** Excuse me for not knowing, but does  
3 that mean like maybe I could go to Wal-Mart and  
4 buy -- subscribe to DIRECTV? Would that be  
5 like a dealer you're talking about?"

6 **MS. CAMPBELL:** "No, that's not a dealer. Dealers  
7 are, like I said, small business people, mom  
8 and pops that have a little shop and they sell  
9 DIRECTV to people off the street."

10 **MR. CONDON:** "Okay. Let's move on to property from  
11 employees. Do you know in which state DIRECTV  
12 owns -- owns or most of its property is  
13 located?"

14 **MS. CAMPBELL:** "Yes."

15 **MR. CONDON:** "What state is that?"

16 **MS. CAMPBELL:** "California."

17 **MR. CONDON:** "Okay. Thank you. What property does  
18 DIRECTV own in South Carolina during these tax  
19 years 2006 to 2011?"

20 **MS. CAMPBELL:** "It owns the set-top boxes that it  
21 leases to subscribers in South Carolina. It  
22 owns a local -- it owns four to six local  
23 collection facilities. There are 300  
24 nationally, but it owns four to six in South  
25 Carolina. It also may have some displays. You

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201

1           mentioned Wal-Mart. It might have a DIRECTV  
2           display in Wal-Mart, something we probably paid  
3           around a thousand, \$500 for, something around  
4           that price range."

5   **MR. CONDON:** "You mentioned set-top boxes. Does it  
6           also own the dishes that sit out in the yard or  
7           around the houses?"

8   **MS. CAMPBELL:** "No."

9   **MR. CONDON:** "Who owns the dishes?"

10   **MS. CAMPBELL:** "The subscriber owns the dishes."  
11           When you ...

12   **MR. CONDON:** "When you mentioned four to six local  
13           collection facilities, was it -- were you not  
14           exactly sure or was it at some time four,  
15           sometimes five, and sometimes six during the  
16           relevant period here?"

17   **MS. CAMPBELL:** "Yeah, it started at four and moved  
18           to six, as I understand it."

19   **MR. CONDON:** "Okay. Do you know the nature of these  
20           local collection facilities? What type of  
21           property is at a local collection facility?"

22   **MS. CAMPBELL:** "Yes."

23   **MR. CONDON:** "Could you describe that, please?"

24   **MS. CAMPBELL:** "Sure. Local collection facility is  
25           a stack of computers that is often right in the

1 local broadcast company and it takes their  
2 local feed. It digitizes it and sends it  
3 through fiber optics through our regional  
4 up-link facility."

5 **MR. CONDON:** "Did DIRECTV lease any equipment in  
6 South Carolina during the 2006 to 2011 time  
7 period?"

8 **MS. CAMPBELL:** "I believe we had a small lease of a  
9 property where we may have maintained a little  
10 inventory or it could have been a local  
11 collection facility that we leased the real  
12 property for that. I'm talking really small.  
13 I'm talking ..."

14 **MR. CONDON:** "Okay."

15 **MS. CAMPBELL:** "And I'm not sure in what years that  
16 was."

17 **MR. CONDON:** "I'm going to back -- going to go back  
18 for a second because I thought of something I  
19 didn't ask in an earlier question. You  
20 named -- I asked you, you know, what sources of  
21 income DIRECTV had and you mentioned  
22 subscriptions, leases, optional warranty on the  
23 leased boxes -- especially in 2006, analog  
24 boxes, that wasn't a fee, but now there may be  
25 a fee, may be an HD fee, a DVR fee, and

**CREEL COURT REPORTING, INC.**

1 multi-room viewing charge. Are there any other  
2 types of charges that are -- and I'm not -- any  
3 other types of charges that are on a customer's  
4 monthly bill?"

5 **MS. CAMPBELL:** "There could be the sale of property.  
6 If they lose a remote, we charge them for it."

7 **MR. CONDON:** "Anything else you can think of that  
8 would be on a monthly bill?"

9 **MS. CAMPBELL:** "No."

10 **MR. CONDON:** "Okay. I'd like to make this 2006  
11 original return Exhibit One. Please turn -- I  
12 think it's four pages back. It's Schedule H-2,  
13 the computation of gross receipts ratio."

14 **MS. CAMPBELL:** "Okay."

15 **MR. CONDON:** "So in a column there under Schedule  
16 H-2, there's a column that says number two,  
17 total everywhere. Do you see that?"

18 **MS. CAMPBELL:** "Uh-huh (affirmative response)."

19 **MR. CONDON:** "And I think if I'm putting in the  
20 commas right, that's approximately -- or that  
21 number is about \$13.7 billion. What does that  
22 number represent or what does that number  
23 include?"

24 **MS. CAMPBELL:** "That's our total revenue everywhere."

25 **MR. CONDON:** "Okay. So -- okay. And going back to

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Schedule H-2, in the column proceeding 'total  
2 everywhere,' and the column marked number one  
3 in South Carolina, there's an amount of about  
4 \$268 million. What's included in that number?"

5 **MS. CAMPBELL:** "That would be the sale of tangible  
6 property in South Carolina, the lease of the  
7 set-top boxes in South Carolina, and the  
8 subscription fees in South Carolina."

9 **MR. CONDON:** "Do you know how much of that  
10 268 million is represented by subscription fees  
11 in South Carolina?"

12 **MS. CAMPBELL:** "I do not."

13 **MR. CONDON:** "How is this 268 million, the gross  
14 receipts in South Carolina, how is that  
15 calculated?"

16 **MS. CAMPBELL:** "It would be the sales of tangible  
17 property on the invoices to South Carolina  
18 subscribers, the charge for leases to South  
19 Carolina subscribers, and the charge for  
20 subscription fees."

21 **MR. CONDON:** "How would -- because I know you've got  
22 customers other than South Carolina  
23 subscribers. How does DIRECTV identify a  
24 customer, you know, to calculate this kind of  
25 number in its system? How would it identify a

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 customer in South Carolina?"

2 **MS. CAMPBELL:** "Well, we have their address."

3 **MR. CONDON:** "Okay, so by the billing address. That  
4 would be how you would pull up the revenues?"

5 **MS. CAMPBELL:** "Yeah. We know where they live  
6 because they're leasing our property there."

7 **MR. CONDON:** "So at that point it's just mere  
8 addition, then. Once you identify all the  
9 South Carolina customers, you would just add up  
10 the relevant charges on their monthly invoices  
11 for the year; is that right?"

12 **MS. CAMPBELL:** "I'm sure computers do that."

13 **MR. CONDON:** "Yes, but would that be the process?"

14 **MS. CAMPBELL:** "Yeah, sure."

15 **MR. CONDON:** "So I'm looking at Exhibit Three, which  
16 appears -- which is the second amended return  
17 for 2006. And my question is, what was the  
18 purpose of this second amendment in 2006?"

19 **MS. CAMPBELL:** "The purpose seems to be to comply  
20 with the South Carolina statute."

21 **MR. CONDON:** "Okay. And is this the amendment that  
22 Deloitte advised you on?"

23 **MS. CAMPBELL:** "Yes."

24 **MR. CONDON:** "Okay. I'm sorry, I was mumbling a  
25 little bit there. Did you say yes?"

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 MS. CAMPBELL: "Yes."

2 MR. CONDON: "Okay. So on Exhibit Three, let's flip  
3 four pages back and look at a similar Schedule  
4 H-2."

5 MS. CAMPBELL: "Okay."

6 MR. CONDON: "It appears to me that the number --  
7 that the dollar amount in the total everywhere  
8 column is the same amount that's on -- in the  
9 similar field on Exhibit One. Do you read that  
10 the same way, sir?"

11 MS. CAMPBELL: "Yes."

12 MR. CONDON: "Okay. So let's -- so total revenues  
13 didn't change."

14 MS. CAMPBELL: "Uh-huh (affirmative response)."

15 MR. CONDON: "But in South -- but the 'in South  
16 Carolina' number appeared to change. What  
17 was -- I guess since it was reduced, what was  
18 taken out of the amount in the 'in South  
19 Carolina' column?"

20 MS. CAMPBELL: "The receipts from the South Carolina  
21 subscribers for programming, service receipts;  
22 not the sale of tangible property and not the  
23 lease of the boxes."

24 MR. CONDON: "So the difference there is roughly  
25 between Exhibit One and Exhibit Two about

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           265,000 -- excuse me, 265 million. So that --  
2           is it a fair assumption that that's the amount  
3           of subscription revenues for programming from  
4           South Carolina customers in 2006?"

5   **MS. CAMPBELL:** "Yes."

6   **MR. CONDON:** Let's look at the very last page of  
7           Exhibit Three. Could you describe the purpose  
8           of that document? It appears to be labeled  
9           Exhibit A on the bottom right."

10   **MS. CAMPBELL:** "It explains the purpose for filing  
11           the amended return; the reason, I should say,  
12           the reason for filing the amended return."

13   **MR. CONDON:** "Okay. And so it seems to say that  
14           DIRECTV believed that the applicable South  
15           Carolina statute required a cost-to-performance  
16           method for sourcing subscription revenues  
17           rather than a market-based -- a market-based  
18           sourcing method; is that a fair statement?"

19   **MS. CAMPBELL:** "Yes."

20   **MR. CONDON:** "Since this statement here refers to  
21           cost-to-performance, I just want to make sure,  
22           was there -- on the amended return, Exhibit  
23           Three, was there any allocation of any kind of  
24           receipts from South Carolina -- well, was there  
25           any allocation of receipts from leases of

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 set-top boxes to other states, receipts that  
2 came from South Carolina customers?"

3 **MS. CAMPBELL:** "The receipts related to set-top  
4 boxes" --

5 **MR. CONDON:** Wait a minute.

6 **MS. CAMPBELL:** I'm sorry. Because here an objection  
7 was --

8 **MS. GEER:** I was just going to say, we can skip the  
9 objection on that one.

10 **MR. CONDON:** Oh, you can?

11 **MS. GEER:** Yeah.

12 **MR. CONDON:** Okay. Okay. Continue.

13 **MS. CAMPBELL:** "The receipts related to set-top  
14 boxes that are sourced to South Carolina were  
15 to South Carolina customers. They were for  
16 boxes in South Carolina."

17 **MR. CONDON:** "Okay. Since there is some property --  
18 DIRECTV does own some property and has at least  
19 one employee in South Carolina during the  
20 applicable period, was there any -- was there  
21 any subscription revenues from programming  
22 sourced to South Carolina on this Exhibit  
23 Three?"

24 **MS. CAMPBELL:** "No."

25 **MR. CONDON:** "Okay. Let's look at -- since we've

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 already talked about it or referred to it  
2 earlier, let's look at and mark Section  
3 12-6-2295 as Exhibit Four."

4 "Exhibit Four was marked for identification by  
5 the court reporter and is attached hereto."

6 "Okay. Mr. Spina, I believe this is the  
7 statute you referred to that DIRECTV was  
8 following both on its amended return and its  
9 original return in 2006; is that right? And  
10 take a moment to read it or look at it."

11 **MS. CAMPBELL:** "On the amended return, Exhibit  
12 Three, we applied this law."

13 **MR. CONDON:** Okay. But earlier when we talked about  
14 Exhibit One, which was the original return, it  
15 says that DIRECTV believed it was following  
16 that section when it filed its original  
17 return."

18 **MS. CAMPBELL:** "That's correct. If I can make a  
19 statement there. I don't think we were  
20 properly aware of this section when we filed  
21 the original return."

22 **MR. CONDON:** "Is there a statute in South  
23 Carolina -- because when we looked at the last  
24 page of Exhibit Three, which was the reason for  
25 the amendment, it said DIRECTV was moving,

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 thought the cost-to-performance method was the  
2 proper method. Was there a statute you can  
3 point me to that supports or justifies the use  
4 of the cost-to-performance method?"

5 And at this point Mr. Roberts objected.

6 **MS. GEER:** We can skip that.

7 **MR. CONDON:** We can skip that, too?

8 **MS. GEER:** Yes.

9 **MR. CONDON:** Okay.

10 **MS. CAMPBELL:** "I believe we used language that was  
11 cost to performance pro forma. It was  
12 unfortunate that we used that language."

13 **MR. CONDON:** "Which language was that?"

14 **MS. CAMPBELL:** "The language used in the amended  
15 return because we know it says income-producing  
16 activity."

17 **MR. CONDON:** "So the reference to cost-to-performance  
18 was an unfortunate usage?"

19 **MS. CAMPBELL:** "Yes."

20 **MR. CONDON:** "Okay. So we just talked about 2006 and  
21 an original return that was filed one way, the  
22 statement calling it a market-based sourcing  
23 way."

24 **MS. GEER:** "Objection; the return didn't say that."

25 **MR. CONDON:** "And the statement then said it was

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 changed to a cost-to-performance method.  
2 Mr. Spina, did DIRECTV do essentially the same  
3 thing, amend the returns based on the same  
4 reasoning and thought process for 2007 and  
5 2008?"

6 **MS. CAMPBELL:** "Yes."

7 **MR. CONDON:** "I'm trying to shorten this up a little  
8 bit, because I don't necessarily want to go  
9 through the tax returns like we did if all --  
10 if all the answers are going to be the same,  
11 but I do want to ask one question particularly.  
12 If you remember on the 2006 return, there was  
13 a difference in the amount of revenue sourced  
14 to South Carolina between Exhibit One and  
15 Exhibit Three. Do you remember that?"

16 **MS. CAMPBELL:** "Yes."

17 **MR. CONDON:** "Okay. And I asked you and you  
18 confirmed that the difference -- and it reduced  
19 by about \$235 million -- that that difference  
20 would represent the subscription revenues from  
21 programming for South Carolina in 2006. Is  
22 that how you remember my question and your  
23 answer?"

24 **MS. CAMPBELL:** "Yes."

25 **MR. CONDON:** "So would the difference in the 2007

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 and '08 Schedule H-2s also the reduction in  
2 the -- in the 'in South Carolina' amount also  
3 represent the subscription revenues from  
4 programming from South Carolina customers in  
5 those years?"

6 **MS. CAMPBELL:** "Yes."

7 **MR. CONDON:** "Okay. Let's mark this Exhibit Six,  
8 please."

9 And in parenthetical "Exhibit Six was marked  
10 for identification by the court reporter and is  
11 attached hereto," end quote.

12 "Flip to the fourth page, our favorite Schedule  
13 H-2. Have you found that?"

14 **MS. CAMPBELL:** "Yes."

15 **MR. CONDON:** "okay. Does the 18.5 billion, like in  
16 the earlier returns we talked about, represent  
17 DIRECTV's total revenues, approximate their  
18 total revenues?"

19 **MS. CAMPBELL:** "Yes."

20 **MR. CONDON:** "And what are the components of the  
21 26 million in the 'in South Carolina' column?"

22 **MS. CAMPBELL:** "That would be the sale of tangible  
23 property to South Carolina subscribers, plus  
24 the lease of the set-top boxes to South  
25 Carolina subscribers."

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 **MR. CONDON:** "I know you've mention it several times  
2 and I probably should have asked you earlier.  
3 Do you have any idea how much the sale -- well,  
4 what the ratio is, the sale of tangible  
5 personal property to lease of set-top boxes, in  
6 that number?"

7 **MS. CAMPBELL:** "The lease of the set-top boxes would  
8 be much higher."

9 **MR. CONDON:** "Much higher?"

10 **MS. CAMPBELL:** "Yes."

11 **MR. CONDON:** "Okay. So is it fair to say that this  
12 2009 return -- it's not an amended return; it's  
13 an original return -- that the 2009 return was  
14 filed with respect (sic) apportionment in this  
15 Schedule H-2, the computation of gross  
16 receipts. It was prepared in a manner  
17 consistent with the amended returns of 2006  
18 through 2008."

19 **MS. CAMPBELL:** "Yes."

20 **MR. CONDON:** "Okay. And, again, for brevity,  
21 there's probably two more tax returns for 2010  
22 and '11 that are originally filed tax returns,  
23 no amendments, at least no relevant amendments  
24 for those years, I don't think. Were the  
25 original returns for 2010 and 2011 with respect

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 to the computation of gross receipts ratio  
2 prepared in the same as the 2009 return?"

3 **MS. CAMPBELL:** '10, yes; '11, no."

4 **MR. CONDON:** "What's the difference with '11?"

5 **MS. CAMPBELL:** "In '11, we added to the numerator.  
6 We added the ratio of payroll in South Carolina  
7 to payroll everywhere; that ratio times  
8 receipts from services."

9 **MR. CONDON:** "Can you say that one more time, what  
10 you added?"

11 **MS. CAMPBELL:** "Yes. We added the ratio of payroll  
12 within South Carolina to payroll everywhere;  
13 that ratio times the receipts from services."

14 **MR. CONDON:** "What was the reason -- so the method  
15 of calculating the ratio on H-2 seemed to  
16 change. What was the reason for that change?"

17 **MS. CAMPBELL:** "I think we realized that  
18 income-producing activities in South Carolina  
19 did occur and we should be apportioning them to  
20 the service receipts."

21 **MR. CONDON:** "And you mentioned that payroll was  
22 used to do that; is that right?"

23 **MS. CAMPBELL:** "Right."

24 **MR. CONDON:** "Why wasn't any property considered?"

25 **MS. CAMPBELL:** I would say *Lockwood Greene*."

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201

1 **MR. CONDON:** "What does -- and if there's any  
2 exceptions between the six years at issue,  
3 please identify it. But during these six years  
4 in preparing these tax returns and amendments,  
5 what does DIRECTV believe the income-producing  
6 activity is?"

7 **MS. CAMPBELL:** "Well, the formula in *Lockwood Greene*  
8 and also potentially adding a property factor  
9 to that."

10 **MR. CONDON:** "Okay. Well, that seemed to talk about  
11 how we might calculate the ratio. But what  
12 does DIRECTV believe that income-producing  
13 activity or activities are?"

14 **MS. CAMPBELL:** "I see. We believe that the  
15 income-producing activities are the assets and  
16 the employees that perform the service which  
17 puts the video into the television of its  
18 customers -- the customers."

19 **MR. CONDON:** "I think what I -- I'm mentioning all  
20 years because I'm talking about the amended  
21 returns in the early years and then, of course,  
22 the original returns in the later years. So  
23 kind of the final returns as they've been  
24 filed. I just wanted to confirm that the  
25 subscription revenues for programming are not

1 in the numerator for any of those years."

2 **MS. CAMPBELL:** "That's not correct. They're in  
3 there for 2011."

4 **MR. CONDON:** "For the subscription revenues for  
5 South Carolina customers that are not in the  
6 numerator, where would those be sourced to?"

7 **MS. GEER:** You can skip.

8 **MS. CAMPBELL:** "I think you're asking what -- what  
9 do we do in other states?"

10 **MR. CONDON:** "Yeah, that's probably a simple way to  
11 put it."

12 **MS. CAMPBELL:** "We follow state law and, as you  
13 know, some states use market sourcing for their  
14 sale -- for the sales factor, some states use  
15 cost-to-performance, and some states use  
16 income-producing activity. We follow the law  
17 as we understand it."

18 **MR. CONDON:** And that's it, Your Honor.

19 **THE COURT:** All right.

20 **MR. CONDON:** Thank you.

21 **THE COURT:** Do y'all wish to ...

22 **MS. GEER:** Nothing.

23 **THE COURT:** All right. You can step down, I guess.

24 **MS. CAMPBELL:** Thank you.

25 **MR. ROBERTS:** Mr. Spina, step down.

1 **MR. CONDON:** Thank you, Mary Beth.

2 **THE COURT:** All right. We're going to take a lunch  
3 break, then, I guess? You're waiting on a  
4 witness, I assume?

5 **MS. WOOTEN:** Yes, Your Honor. Our next witness is  
6 here. It's Dr. Glenn Harrison. We're happy to  
7 proceed similar to how Petitioner proceeded  
8 yesterday in doing preliminaries before we  
9 break for lunch or we can break for lunch and  
10 come back; whatever you would like to do.

11 **THE COURT:** Preliminaries, knock that out.

12 **MR. ROBERTS:** Preliminary are fine with us, Your  
13 Honor.

14 **THE COURT:** Yeah, let's just knock that out --

15 **MR. ROBERTS:** Does that make sense?

16 **THE COURT:** -- and keep on moving.

17 **MS. WOOTEN:** Okay. At this time --

18 **THE COURT:** Well, I say knock that out and keep on  
19 moving. Know that out and then break.

20 **MS. WOOTEN:** At this time the Department calls  
21 Dr. Glenn Harrison.

22 **THE COURT:** The movement would be out of the  
23 courtroom.

24 **GLENN W. HARRISON, Ph.D.,** having been duly sworn,  
25 testifies and examines as follows:

**DR. HARRISON - DIRECT EXAMINATION BY MS. WOOTEN:**

**THE WITNESS:** Good to go.

Q: Could you please state your full name for the record?

A: Glenn William Harrison.

Q: And, Dr. Harrison, where are you currently employed?

A: I'm employed at Georgia State University in Atlanta.

Q: And what is your job? What is your title?

A: I have two titles. One is -- I am the C.V. Starr, Chair of Risk Management and Insurance in the Department of Risk Management Insurance in the Robinson College of Business and I am also the director of the Center for the Economic Analysis of Risk located at GSU.

Q: And let's start with the first -- what are your duties as the C.V. chair?

A: My duties there are typical for an academic; that is, research, teaching, and service. So research being academic research, scholarly research. Teaching is teaching a range of courses over the years. And service is appearing on university committees and handling administrative matters within the department.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: And what are the duties of the second position  
2 you mentioned?

3 A: Well, the second position relates to my center  
4 that I'm the director of, the Center for the  
5 Economic Analysis of Risk. There, I oversee  
6 the research activities of the constituent  
7 departments of the CEAR, which is the acronym  
8 for my center. That includes my home  
9 department, Department of Risk Management and  
10 Insurance in the business school. It includes  
11 the School of Accounting within the business  
12 school. It includes the Department of  
13 Economics over in the Andrew Young School of  
14 Policy Studies. It includes the Department of  
15 Finance in the business school. It also is  
16 affiliated with the research department at the  
17 Federal Reserve Bank of Atlanta.

18 Q: And what are your primary areas of research?

19 A: They vary over the years. I've -- I'm an  
20 economist, is my general training in economics.  
21 I have worked in a number of areas including  
22 environmental economics, tax policy, regional  
23 economics, public finance, a field called  
24 "experimental economics." I work in behavioral  
25 economics. I've worked in law and economics

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 and I've worked in international trade. And  
2 I've published in all of those areas, including  
3 some in health economics.

4 Q: You stated public finance. Can you describe  
5 the public finance research area a little more?

6 A: Sure. Public finance refers to that area of  
7 economic activity that is affected by  
8 government activity in a broad sense. In other  
9 words, it includes the raising of revenue, the  
10 use of revenue, the manner in which revenues  
11 are raised, tax incidence, which -- and the  
12 term "incidence" here can refer to both legal  
13 incidence and economic incidence. And, indeed,  
14 one of the important areas of research is  
15 identifying differences between legal incidence  
16 and economic incidence.

17 It also refers to the nature of the goods that  
18 are produced by government. They're referred  
19 to by economists as "public goods," that  
20 they're shared by a lot of people, as disting  
21 (phonetic) from private goods, which are goods  
22 that privately consumed. And that makes a  
23 very, very big difference in terms of the  
24 implications for providing those -- raising  
25 revenue for providing those.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: You also mentioned law and economics. Can you  
2 describe that in a little more detail?

3 A: Sure. The field of law and economics, which  
4 has its own journal and, indeed, has its own  
5 associations, refers to the interaction, the  
6 two-way interaction, between law, broadly  
7 defined, and economics; that is, the extent to  
8 which legal rules, legal jurisprudence, legal  
9 principles affect economic behavior. And in  
10 the reverse direction, the extent to which  
11 economics affects the application of the law,  
12 the efficacy of the law, and what might by  
13 economists be considered good laws or bad laws  
14 in terms of their revenue raising objectives or  
15 welfare enhancing objectives.

16 Q: And could you summarize your work history for  
17 the Court, please?

18 A: Certainly. It's in my CV and, as I said, I've  
19 moved from one areas to others over the years.  
20 My work history has been initially in the  
21 fields of general -- what's called "general  
22 equilibrium modeling," which means,  
23 essentially, modeling as an economist all of  
24 the sectors of the economy, both the private  
25 sectors, the public sectors, all of the

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 industries in the economy.

2 I started actually doing that in terms of  
3 regional fiscal incidence. So some of my  
4 earliest work was in looking at regional  
5 inter-jurisdictional impacts using general  
6 equilibrium models.

7 A lot of that work also applied in  
8 international contexts because for economists,  
9 those are often synonymous. Domestic  
10 inter-jurisdictional issues are very similar  
11 from a modeling point of view and an analytical  
12 point of view to many of the international  
13 issues that we -- we studied. So a lot of my  
14 research was in both of those areas.

15 I spent a lot of time doing work in  
16 environmental damage assessment, environmental  
17 risk assessment. I spent time working in  
18 behavior economics, broadly defined, and  
19 there's a large number of publications in that  
20 area.

21 I've spent time working on health economics, in  
22 particular with respect to legal policies and  
23 litigation in that area. And I've spent a lot  
24 of time more recently looking at risk  
25 management, broadly defined, the evaluation of

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 risk attitudes, the evaluation of risk  
2 perception, and most critically, risk  
3 management decisions that individuals,  
4 companies, and governments might make.

5 Q: As part of your teaching experience, have you  
6 taught a course called "economics and law"?

7 A: Yes, with that title or very closely related  
8 title, such as law and economics. I've taught  
9 that for -- I couldn't tally up the number of  
10 years, but it would be something like 15 or 20  
11 years, both here at the Moore School of  
12 Business when I was a professor at USC, and  
13 also at the University of Central Florida, I  
14 taught those classes.

15 I don't teach them now because I'm actually in  
16 a department which has lawyers who like to  
17 teach that class and I have as a result of my  
18 administrative duties to CEAR, a reduced  
19 teaching load. But I taught that course for 15  
20 or 20 years.

21 Q: Could you summarize your educational  
22 background?

23 A: Certainly. I have a Bachelor of economics  
24 honors, as the Australian English designation.  
25 So you do an honors degree, which is an extra

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 degree. It's basically a Bachelor's of --  
2 Bachelor of economics. I did a Master's degree  
3 in Australia at Monash University. I came to  
4 the United States and did a Master's degree at  
5 UCLA and a Ph.D. in economics at UCLA.

6 Q: Have you ever testified as an expert at trial  
7 before?

8 A: Yes, I have.

9 Q: Approximately how many times?

10 A: In trial, I would estimate about 15 times, 15  
11 to 20 times.

12 Q: Have you ever testified as an expert before the  
13 South Carolina Administrative Law Court?

14 A: Yes, I have, in fact, in front of Judge  
15 Anderson, I believe.

16 Q: Do you recall those cases or any of the issues  
17 in those matters?

18 A: In general terms I do, yes. I often -- the  
19 details slide away with the years.

20 Q: If you will please refer to Respondent's  
21 Exhibit Number Fifteen.

22 A: (Witness complies.) Yes, I have that.

23 Q: Do you recognize this document?

24 A: Yes, I do. It's got a photograph of me.

25 Q: What is this document?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: It appears to be my current CV.

2 MS. WOOTEN: At that time, Your Honor, I'd like to  
3 offer Exhibit Fifteen into the record.

4 MR. ROBERTS: We have no objection, Your Honor.

5 THE COURT: It's admitted.

6 MS. WOOTEN: Thank you.

7 (Respondent's Exhibit Number Fifteen was admitted  
8 into evidence.)

9 Q: In looking at your CV, does this contain your  
10 expert testimony experience and the research  
11 and work experience that you've just described  
12 to the Court?

13 A: Yes, it does. In the back, I've list -- in the  
14 back of the CV, it lists my testifying  
15 experience in terms of the cases in which I've  
16 been designated as an expert and it completely  
17 lists my research, my scholarly research  
18 afterward.

19 Q: In what areas have you been recognized as an  
20 expert?

21 A: The exact designations I don't recall; there's  
22 been so many cases. Economics and applied  
23 economics. I've also been recognized as an  
24 expert in economics and law.

25 Q: Referring back to your CV, are there any

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 publications of particular note that might be  
2 relevant to the issues in this case as you  
3 understand them?

4 A: Yes, my publications on regional fiscal  
5 incidence that I refer to and some of my  
6 publications in law and economics to the extent  
7 that they demonstrate an ability to understand  
8 the interaction between law and economics.

9 MS. WOOTEN: At this time, Your Honor, I'd like to  
10 offer Dr. Harrison as an expert in economic  
11 principles generally and in economics and law.

12 MR. ROBERTS: Well, Your Honor, I'd like to --

13 THE COURT: Voir dire?

14 MR. ROBERTS: -- ask the witness a few --

15 THE COURT: Okay.

16 MR. ROBERTS: -- questions, maybe.

17 DR. HARRISON - VOIR DIRE EXAMINATION BY MR. ROBERTS:

18 Q: Mr. Harrison, how many articles on state  
19 taxation and particularly on apportionment of  
20 income have you written?

21 A: I have written no articles on that narrow  
22 topic.

23 Q: Okay. Thank you. Have you taught any courses  
24 on state taxation and specifically courses  
25 involving apportionment of income?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: No, I have not.

2 Q: How many awards in state taxation have you  
3 received?

4 A: I have received no awards in state taxation.

5 Q: All right. Thank you.

6 **MR. ROBERTS:** Your Honor, I would object to having  
7 Dr. Harrison admitted as an expert in economics  
8 and the law; the law part. I don't think  
9 he -- there is nothing in his CV or in the  
10 testimony that we've just heard that would  
11 establish that he has any qualifications to  
12 talk about the apportionment statutes that are  
13 at issue in this particular case.

14 **THE COURT:** Do you wish to respond?

15 **MS. WOOTEN:** Sure, Your Honor.

16 **THE COURT:** Or ask any further questions?

17 **MS. WOOTEN:** Sure. Just as a general response, we  
18 haven't asked to offer Dr. Harrison as an  
19 expert on apportionment law, state  
20 apportionment taxation. We've asked him to  
21 broadly look at economics and law in general.  
22 He has referenced that he has taught classes  
23 for several years. He's done publications.  
24 He's done research in that area. So, again, we  
25 would just note that we are asking for

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 economics and law and not specifically state  
2 apportionment issues.

3 **THE COURT:** He is qualified in keeping with your  
4 request.

5 **MS. WOOTEN:** Thank you, Your Honor.

6 **THE COURT:** All right. Anything else?

7 **MS. WOOTEN:** No, Your Honor.

8 **THE COURT:** Well, let's take a break for lunch.

9 (Lunch break from 11:42 a.m. to 1:30 p.m.)

10 **THE COURT:** All right. Who's up? Just don't ask  
11 any important questions for about two minutes  
12 until I can get my computer on.

13 **MS. WOOTEN:** I'll make sure to ask all the important  
14 questions.

15 **THE COURT:** Oh.

16 **MS. WOOTEN:** I'm kidding.

17 **THE COURT:** Go ahead. I'm fine.

18 **MS. WOOTEN:** Okay. When we had left off, we were  
19 talking about Dr. Harrison's expert designation  
20 and I just wanted to clarify your ruling, Your  
21 Honor. We had offered him as an expert in  
22 economics and law. I know there was some  
23 objection and I just want to clarify what your  
24 ruling was with regard to his designation.

25 **THE COURT:** Do you want the court reporter to read

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           it back?

2   **MS. WOOTEN:**   I can go into this if you would like  
3           to.

4   **THE COURT:**   No, the bottom line is I said I was  
5           qualifying him in keeping with your offering.

6   **MS. WOOTEN:**   Okay. And to clarify --

7   **THE COURT:**   And if your offering was properly made,  
8           then you should be happy, but if you messed up  
9           on your offering, then you should be unhappy.

10   **MS. WOOTEN:**   I wouldn't say that I messed up, but I  
11           would like to clarify if there's any question  
12           as to what I was offering him in. We are not  
13           offering him as an expert on South Carolina  
14           apportionment statutes from a legal  
15           perspective.

16   **THE COURT:**   Well, I think I was -- yeah.

17   **MS. WOOTEN:**   -- from a legal perspective, but we are  
18           asking him for testimony regarding  
19           apportionment statutes from an economic's  
20           perspective; looking at the terms of the  
21           statute from an economic's perspective, not a  
22           legal perspective.

23   **THE COURT:**   Yeah, I think that was your objection  
24           anyways, so -- but I'll hear what you've got to  
25           say.

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1     **MR. ROBERTS:**   The comment I would make is that I  
2                   don't think there's anything in his CV that  
3                   would qualify him to even talk about  
4                   apportionment. He doesn't have any experience  
5                   in state taxation, hasn't written on it, he  
6                   hasn't spoken about it, so I'm not sure what  
7                   the qualification is to even talk about  
8                   apportionment.

9     **THE COURT:**   What's your response to that?

10    **MS. WOOTEN:**    I can ask a few questions of  
11                   Dr. Harrison, if the Court would like.

12    **THE COURT:**   Okay. Well, I won't say whether I like  
13                   it or not. I'm just saying right now I ain't  
14                   made up my mind, so.

15    **MS. WOOTEN:**   Okay. Thank you, Your Honor.

16    **DR. HARRISON - VOIR DIRE EXAMINATION BY MS. WOOTEN:**

17    **Q:**    You had discussed earlier that you taught law  
18                   and economics course for approximately 15 to 20  
19                   years; is that correct?

20    **A:**    That's correct, yes.

21    **Q:**    What were the topics discussed in that class --

22    **A:**    I actually made --

23    **Q:**    -- or course?

24    **A:**    Sorry. I made a point of discussing the full  
25                   range of topics. I often taught that course

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 for undergraduates, prelaw undergraduates, in  
2 fact, and wanted to cover all of the topics.  
3 So one of those that are included was taxation  
4 and, indeed, I had some discussion of  
5 inter-jurisdictional taxation, both  
6 international and domestic, flowing from my  
7 work on regional fiscal incidence.

8 Q: And as part of that course, did you examine and  
9 discuss statutes, specifically tax statutes,  
10 again?

11 A: Yes, I did. In fact, my normal mode of conduct  
12 for those classes was to go through Supreme  
13 Court cases, to go through specific cases with  
14 the students, and draw out the economic  
15 implication of them.

16 A good example of that would be takings cases.  
17 *Lucas v. South Carolina Coastal* was a very  
18 famous one here in South Carolina, but it was  
19 also a very famous one in terms of the takings  
20 clause. So I would have the students go  
21 through that case and, again, the vast majority  
22 of these students are prelaw, so that was a  
23 good, easy way to motivate them and then talk  
24 about what are the economics behind the  
25 statutes or the case law.

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: And you had testified earlier that you have  
2 testified in prior cases before the South  
3 Carolina Administrative Law Court; is that  
4 correct?

5 A: That is correct, yes.

6 Q: If you will refer to your CV on page 20.

7 A: (Witness complies.) Yes.

8 Q: Can you name the cases that you testified in as  
9 an expert before the South Carolina  
10 Administrative Law Court?

11 A: Yes, they're listed there. One is -- I'll just  
12 mention the taxpayer for short --

13 Q: Sure.

14 A: -- for shorthand. One is ESA Services, that  
15 was in 2008; the second in 2010 was Carmax; the  
16 third was Rent-A-Center, but those were joined,  
17 Rent-A-Center West, Rent-A-Center Texas; Duke  
18 Energy Corporation.

19 Q: And do any of -- do you recall if any of those  
20 cases examined apportionment statutes?

21 A: All of them to some degree dealt with  
22 apportionment.

23 Q: Okay. And looking specifically at  
24 Rent-A-Center Texas, do you recall the issue in  
25 that case?

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: Yes, in very general terms.

2 Q: Do you recall if there was an apportionment  
3 issue in that case?

4 A: Oh, there was, yes.

5 Q: And you were admitted as an expert in that  
6 case; is that correct?

7 A: That is correct.

8 Q: Do you recall the designation that you were  
9 admitted under under that case?

10 A: I believe it was as an economist and -- as an  
11 expert in economics and an expert in economics  
12 and law.

13 Q: And do you recall the Judge that presided over  
14 that case?

15 A: Yes, Your Honor here.

16 **MS. WOOTEN:** At this time, Your Honor, we'd like to  
17 renew our designation for Dr. Harrison as an  
18 expert in economic principles generally and in  
19 economics and law.

20 **THE COURT:** You know, she's in a way taken the  
21 argumentum ad hominem approach in identifying  
22 me as the Judge that did this in the past, but  
23 I'll hear your objection.

24 **MR. ROBERTS:** I would just maintain the same  
25 objections I've had, Your Honor. I don't

1           really have anything else to add.

2   **THE COURT:** I'll qualify him --

3   **MS. WOOTEN:** Thank you, Your Honor.

4   **THE COURT:** -- as requested.

5   **MS. WOOTEN:** I'm sorry?

6   **THE COURT:** As requested regarding apportionment.

7   **MS. WOOTEN:** Thank you. For economic principles  
8           perspective; is that correct?

9   **THE COURT:** Yes.

10   **MS. WOOTEN:** Thank you.

11   **DR. HARRISON - DIRECT EXAMINATION BY MS. WOOTEN**

12   **(Continued):**

13   Q: Dr. Harrison, did you review any documents in  
14           preparation for this case?

15   A: Yes, I did.

16   Q: And what documents do you recall reviewing?

17   A: Primarily, I reviewed the Department  
18       Determination. I also reviewed the response  
19       from the taxpayer. Then I -- as a result of  
20       the references in those cases -- in those  
21       materials, I reviewed the relevant statute and  
22       I reviewed the relevant case law that was  
23       referred to in those documents.

24   Q: As part of your preparation, did you  
25       specifically look at Section 12-6-2290?

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 A: Yes, I did.

2 Q: Okay. If you will refer to, please,  
3 Respondent's Exhibit Thirty.

4 A: Three-zero?

5 Q: That's correct.

6 A: (Witness complies.) Yes, I have that.

7 Q: And are you familiar with this statute?

8 A: Yes, I am.

9 Q: From an economic standpoint, what is your  
10 understanding of this statute?

11 A: From an economic standpoint, this statute is  
12 identifying the nature of the business, the  
13 nature of the corporation, that is going to be  
14 subject to income taxation in South Carolina  
15 and indicating how it is going to be treated,  
16 how apportionment is then going to be treated.

17 **MS. WOOTEN:** Excuse me.

18 Q: And in looking at the statute, how is that  
19 income treated?

20 A: Well, the income is treated as gross receipts,  
21 in this case. If the industry in question  
22 doesn't meet the criteria for which you would  
23 apply the -- and prior to the current statute,  
24 the three-factor apportionment rule.

25 Q: And from an economic standpoint, what is the

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 purpose of a gross receipts method?

2 A: The purpose of a gross receipts method can be  
3 to identify the extent of the business activity  
4 in South Carolina and, indeed, the extent of  
5 the income-producing activity in South  
6 Carolina.

7 Q: If you will now please refer to Respondent's  
8 Exhibit Thirty-two.

9 A: (Witness complies.) Okay.

10 Q: Are you familiar with this statute?

11 A: Yes, I am. This is 2295.

12 Q: And from an economic standpoint, what is your  
13 understanding of this statute?

14 A: Well, the purpose of this statute is really to  
15 define the term "sales" and "gross receipts" as  
16 referred to in 2290, to give some clarity to  
17 that and, in particular, the section that's  
18 relevant here is section five.

19 Q: A(5); is that correct?

20 A: That's correct, sorry.

21 Q: Okay.

22 A: It's A(5) not -- yep.

23 Q: And are you familiar with the taxpayer in this  
24 matter?

25 A: Yes, I am.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: How are you familiar?

2 A: I am familiar from receiving the information  
3 about the Department's Determination and the  
4 taxpayer's letter and knowing generally what  
5 DIRECTV does. I should state that I'm not a  
6 DIRECTV subscriber, never have been, and  
7 probably never will be.

8 Q: What is your understanding of the sources of  
9 income DIRECTV has in South Carolina?

10 A: The sources of income derive fairly  
11 transparently from the payments of  
12 subscriptions for the product, the service that  
13 is provided to the homes in South Carolina, as  
14 well as the leasing from the boxes and that  
15 appears not to be in dispute, the latter part.

16 Q: And in your review of this case, have you  
17 reviewed the tax returns for DIRECTV for this  
18 audit period?

19 A: Yes, I did. I did review those.

20 Q: And what is your understanding of those returns  
21 specifically with regard to the gross receipts  
22 ratio?

23 A: My understanding is that the taxpayer initially  
24 apportioned receipts for some of the earlier  
25 years in the manner that the Department of

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Revenue had deemed consistent with the statute;  
2 that is -- and then they amended their returns  
3 to use an alternative apportionment basis that  
4 lowered the amount of money to be paid to South  
5 Carolina.

6 Q: And are you familiar with the taxpayer's  
7 argument on the gross receipts issue?

8 A: Yes.

9 Q: Okay. Can you briefly describe your  
10 understanding of that issue to the Court?

11 A: My understanding of the issue in terms of the  
12 economics that it implies is that they believe  
13 that the term "income-producing activity"  
14 refers to all activities that the corporation  
15 engages in and that pursuant to 2295(A)(5),  
16 they believe that means that one should look to  
17 the location of the intermediate or prior  
18 activities.

19 They would call them "income-producing  
20 activities." I think that's an incorrect term  
21 from an economics point of view. But they  
22 would look to the location of all of the  
23 activities of the corporation and then use that  
24 as the basis for discerning an apportionment  
25 factor to South Carolina.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: You state that it's an incorrect terminology.  
2 Can you explain that statement a little bit  
3 more? I believe you said that they're looking  
4 at the income-producing activities outside of  
5 South Carolina; was that your testimony?

6 A: Not quite, but let me --

7 Q: Can you clarify that, please?

8 A: Sure. And, again, what I mean by -- this is an  
9 economist -- is there's a range of activities  
10 that all businesses engage in -- let's agree on  
11 that -- and that includes putting -- in this  
12 instance, let's focus on DIRECTV -- that  
13 includes the rocket science that we heard about  
14 yesterday of putting satellites up, it means  
15 downloading information, it means negotiating  
16 contracts and so forth. So all of that is  
17 completely understood and not in dispute that  
18 that -- that those activities exist.  
19 Where the disagreement comes in -- and, again,  
20 I'm looking at this as an economist -- is where  
21 you draw the line between the activities in  
22 general that the -- that any business engages  
23 in and the income producing, the activities  
24 that actually produce the income.  
25 My understanding of what the taxpayer is

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1       arguing in this case -- and I disagree with  
2       it -- is that all of the activities are income  
3       producing, that you cannot differentiate cost  
4       producing activities, and income-producing  
5       activities -- and that's the terminology that  
6       I would use here -- that many of the prior,  
7       secondary, intermediate activities that we  
8       heard about yesterday that are very real, are  
9       cost producing activities. If they simply  
10      occurred, then they'd be generating costs.  
11      They would not be generating any income, any  
12      revenue, whichever terminology you want to use.  
13      The only activity that we are talking about  
14      that actually generates income is the purchase  
15      of the product in South Carolina. It's  
16      purchase nationally, but of course we're  
17      focusing on the purchase in South Carolina.

18   Q:   Thank you. You stated you reviewed the  
19       Department's Determination in this matter; is  
20       that correct?

21   A:   That's correct, yes.

22   Q:   And are you familiar with how the Department  
23       determined what is the income-producing  
24       activity in this matter?

25   A:   Yes, I am.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: And what is your understanding of that  
2 decision?

3 A: My understanding of that decision is that the  
4 Department focused on the delivery of the  
5 service in South Carolina, that the Department  
6 took the value of the subscription revenue in  
7 South Carolina as a direct measure of the value  
8 of those services in South Carolina. So  
9 there's no need for proxies. There's no need  
10 for approximations of any kind. You actually  
11 know the value that South Carolinians placed on  
12 the delivery of that service into the homes in  
13 South Carolina. And that they -- that's also  
14 a transparent item to identify from the  
15 accounting information that's provided. So  
16 that's my understanding of what the Department  
17 did.

18 Q: And is the Department's Determination of the  
19 income-producing activity in this matter  
20 economically reasonable?

21 A: Yes, it strikes me as economically reasonable  
22 in the sense that it is consistent with most of  
23 the principles that we normally apply when  
24 we're deciding if a taxation system is  
25 reasonable. It's also transparent. It's also

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 consistent, in my understanding, with the  
2 statute and the case law.

3 Q: From an economic perspective, why is it  
4 appropriate for the taxpayer's income from  
5 South Carolina subscription revenue to be  
6 sourced to South Carolina?

7 A: Quite simply because that best represents the  
8 extent of the -- the extent of the business  
9 connection with South Carolina as far as the  
10 provision of the service goes. That's the  
11 clear statement from the statute and that's the  
12 most direct way to represent that and calculate  
13 it.

14 Q: And from an economist standpoint, what is the  
15 service being sold in South Carolina, the thing  
16 that gives value and generates income?

17 A: It strikes me as transparent that it is the  
18 provision of television services in your home.  
19 When I lived here, I used to live out in Irmo.  
20 I would like to go home and watch television in  
21 my home in Irmo. I didn't particularly want to  
22 have to travel to El Segundo to watch NFL on a  
23 Sunday night. So the service, to me, if I had  
24 been purchasing DISH in -- DIRECTV, forgive  
25 me -- in South Carolina would be to be able to

1 watch NFL in my home in Irmo.

2 Q: The Department Determination references the  
3 decision of *Lockwood Greene* and the taxpayers  
4 argued that this case supports their position.  
5 During your deposition, you were asked  
6 questions regarding the distinction between  
7 *Lockwood Greene* and the facts of this case.  
8 You stated that your -- in your response that  
9 you had not given it much thought; is that  
10 correct?

11 A: That's correct.

12 Q: And why hadn't you given it much thought?

13 A: Actually, to be quite honest, because I was  
14 surprised that they even mentioned *Lockwood*  
15 *Greene* because *Lockwood Greene* had an exception  
16 for media broadcasting services, so I thought  
17 that was a slip on their part.

18 MR. ROBERTS: Objection, Your Honor. We're getting  
19 beyond the scope of economics here. He's  
20 giving a legal interpretation of the case.

21 THE COURT: Response?

22 MS. WOOTEN: I'm just asking him from an economics  
23 perspective some things that were asked in his  
24 deposition.

25 MR. ROBERTS: There was no question -- there is no

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 question involving economic standpoint there.

2 **THE COURT:** Well, he went on -- he started talking  
3 about economics, but then he talked about the  
4 holding in *Lockwood Greene*. And he could get  
5 that from -- he said -- he made the statement  
6 that that's what the holding was, as opposed to  
7 his perspective. So I'm going to sustain the  
8 objection in accordance to how he testified.

9 **MS. WOOTEN:** Okay.

10 Q: From an economics perspective, could you answer  
11 that question?

12 A: I'm not sure what the question is that leads to  
13 an -- I was responding to what I was asked --

14 Q: I'm sorry.

15 A: -- why I was surprised.

16 Q: From an economics perspective, can you explain  
17 the distinction between *Lockwood Greene* and the  
18 facts of this case?

19 A: Certainly. *Lockwood Greene* had to do primarily  
20 with an engineering services firm. In fact,  
21 *Lockwood Greene* is a more famous firm in South  
22 Carolina. It also did architectural services,  
23 but the instant case was about engineering  
24 services. And the holding there had to do with  
25 whether engineering services, the apportionment

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 should be on the basis of the place of  
2 activity, as the Court referred to it then.  
3 And as we've heard discussion, they used  
4 payroll to measure that from an economic  
5 perspective.

6 The court also held that the same principles  
7 would apply to firms such as those providing  
8 accounting services and --

9 **MR. ROBERTS:** Objection, Your Honor. Again, he's  
10 not talking about an economic standpoint. He's  
11 giving his interpretation of *Lockwood Greene*.

12 **THE COURT:** Any response?

13 **MS. WOOTEN:** Which is from an economic perspective.  
14 I'm not asking him for the legal positions  
15 argued or the holding of *Lockwood Greene* from  
16 a legal standpoint. I'm asking his economic  
17 perspective how he's viewing the case.

18 **MR. ROBERTS:** He just testified that "the court held  
19 this." He's interpreting the case. He's not  
20 talking about it from an economic standpoint.

21 **THE COURT:** Well, I'm going to allow him to testify  
22 and place in the record that the caveat for  
23 which the Court is going to receive this is  
24 that it is his perspective of how he came to  
25 the conclusion that he came, but not the

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 holding that was made in *Lockwood*.

2 **MR. ROBERTS:** Okay.

3 **THE COURT:** All right?

4 **MS. WOOTEN:** Thank you, Your Honor.

5 **THE COURT:** So proceed.

6 A: So an issue to an economist actually reading  
7 *Lockwood Greene* is: Does the economic nature  
8 of the firm change the way that the holding is  
9 applied? And that was the question that  
10 Mr. Gregory asked me in deposition. It was a  
11 perfectly sensible question. It's a question  
12 I think the Judge was asking about during  
13 opening statements. Because one of the  
14 features of the holding, as I interpreted it,  
15 from -- as an economist, is that for some types  
16 of firms, you know, economic types of firms,  
17 you should use apportionment based on cost of  
18 placement, and for other types of firms, such  
19 as media broadcasting, that does not apply.  
20 So, the question that Mr. Gregory asked me in  
21 deposition was: Is there some economic  
22 rationale for that distinction? It's not --  
23 I'm not trying to interpret the Court's logic.  
24 They didn't state a full logic there, but he  
25 asked me what was the economic rationale for

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1           that.

2       Q:   And what is the economic rationale or  
3           distinction between an engineering firm and a  
4           taxpayer such as DIRECTV?

5       A:   The economic distinction that I would draw from  
6           that is that, if you take a firm such as an  
7           engineering firm or a law firm, in the examples  
8           that Dr. Pomp gave the other day, are perfectly  
9           fine. What is essential about the firm is the  
10          provision of expertise and opinions.

11       To take the example in -- the court gave in  
12       *Lockwood Greene* of the firm located in South  
13       Carolina and the customer in North Carolina,  
14       but it could be a legal firm or an accounting  
15       firm -- it matters not whether the client  
16       drives down to receive the opinion or stays in  
17       North Carolina to receive the opinion. That's  
18       the example -- my paraphrasing of the example  
19       that Dr. Pomp gave, quite correctly, for those  
20       classes of firms. So what is essential is,  
21       from an economic --

22       **MR. ROBERTS:** Your Honor, I have an objection here.  
23           This is all brand new testimony. He did not  
24           prepare a written report. We didn't go into  
25           all this in the deposition. In fact, as

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Ms. Wooten said, he didn't really answer the  
2 question in the deposition because he said he  
3 hadn't had time to consider it. So we're kind  
4 of being -- you know, this is out of the blue  
5 for us, Your Honor.

6 **THE COURT:** Well, where does that statement come  
7 from? Is there something that the Department  
8 has given that presumes that they told you were  
9 that they were not going to go beyond the scope  
10 of --

11 **MR. ROBERTS:** We know nothing about his opinion. He  
12 didn't prepare a written report. Discovery was  
13 not supplemented, so ...

14 **THE COURT:** Was there a requirement that discovery  
15 be supplemented, is what I'm getting at?

16 **MR. ROBERTS:** There's a requirement that discovery  
17 be supplemented up until the time of trial,  
18 Your Honor.

19 **THE COURT:** All right. And where was -- is that in  
20 the ...

21 **MR. ROBERTS:** That's rules --

22 **THE COURT:** I mean, did y'all have an agreement?  
23 That's what I'm trying to get at. Is it coming  
24 out of our rules or was it coming out of --

25 **MR. ROBERTS:** We had interrogatories, Your Honor,

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 and I believe Rule 33 requires that they be  
2 supplemented up until the time of trial.

3 **THE COURT:** Okay.

4 **MS. WOOTEN:** Your Honor, my understanding is there  
5 was no requirement per our agreement to have  
6 Dr. Harrison do an expert report. Dr. Harrison  
7 is -- or they are here to cross-examine him on  
8 any testimony that he has given today. You  
9 know, he's here to answer any questions they  
10 have.

11 **THE COURT:** All right. One more time. How is the  
12 scope exceeding that of your understanding of  
13 his --

14 **MR. ROBERTS:** Well, we asked him at his --

15 **THE COURT:** He was identified as an expert.

16 **MR. ROBERTS:** Correct, Your Honor.

17 **THE COURT:** He was asked questions.

18 **MR. ROBERTS:** He did not answer this question  
19 because he said --

20 **THE COURT:** I understand. That's obvious.

21 **MR. ROBERTS:** He said he had not thought of it and,  
22 also, he said -- we asked him for all of his  
23 opinions in this matter and, you know, this is  
24 a new opinion.

25 **THE COURT:** Yeah, but I -- this is a close one

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           because I don't think he's gone that far afield  
2           of his opinion. Ask him the question again and  
3           let me just see where we're going to go here.

4   **MS. WOOTEN:**   Okay. I asked him if there was an  
5           economic distinction between the engineering  
6           firm in *Lockwood* and the taxpayer in this case.

7   **THE COURT:**   I'm going to overrule that at this point  
8           in time.

9   **MR. ROBERTS:**   Okay.

10   **THE COURT:**   But you're getting close.

11   **MR. ROBERTS:**   Okay.

12   **THE COURT:**   Go ahead.

13   **THE WITNESS:**   The economic distinction is that for  
14           the taxpayer in this case, there is an  
15           essential part of the service delivered that  
16           has to occur physically in South Carolina.  
17           For an engineering firm, for an accounting  
18           firm, for a legal firm, it is not essential  
19           that the service occur in South Carolina.  
20           So in that sense, here you have the service  
21           being delivery of a product in a house in Irmo  
22           and in that sense, there's a physical matter  
23           that follows that it is different than  
24           accounting firms, legal firms, engineering  
25           firms.

**CREEL COURT REPORTING, INC.**

1 Q: Were you present yesterday for Mr. Goswitz's  
2 testimony?

3 A: Yes, I was.

4 Q: He testified regarding DIRECTV engineers. Does  
5 the fact that those engineers are located  
6 outside of South Carolina, does that impact  
7 your opinion on where the income should be  
8 sourced from an economic standpoint?

9 A: No, not in the least.

10 Q: Why is that?

11 A: Because we have a direct way to measure the  
12 income-producing activity in South Carolina,  
13 which is the provision of a service to a house  
14 in Irmo. Moreover, we have a way to accurately  
15 assess the value of that service, by looking at  
16 the amount of money that the subscriber paid in  
17 South Carolina.

18 Q: There was also some testimony presented  
19 yesterday regarding whether the business  
20 activities outside of South Carolina -- and I  
21 believe they're referred to as "value  
22 drivers" -- are the income-producing activities  
23 of the taxpayer. From an economic standpoint,  
24 do you agree with that?

25 A: Those terms are used in a business context but

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 they can also be vaguely defined. So the term  
2 "value driver" can be used if you're doing a  
3 holistic analysis of a firm, a so-called  
4 "functional analysis" that Dr. Cody talked  
5 about, but they can be ambiguous in terms of  
6 what is driving value. So I tend not to use  
7 those terms myself.

8 Q: Can you explain how they're ambiguous?

9 A: Well, they're ambiguous because if you're  
10 talking about activities of the firm that are  
11 undertaken in anticipation of generating  
12 revenue, which is the language that I heard  
13 used yesterday, then that is completely  
14 correct. They are used in anticipation of  
15 generating revenue, but they are not the income  
16 generating activity.

17 The income-generating activity/producing  
18 activity is the sale of the product in South  
19 Carolina in this case. So they are antecedent  
20 to it. They are prior to it. They are  
21 intermediate activities, to use the language of  
22 economists. There are different terminology  
23 that you could use here. But they are cost  
24 generating. They are not income generating.

25 Q: From an economic standpoint, what is the final

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 product or service in this case that's being  
2 sold in South Carolina?

3 A: NFL Sunday Night Ticket in an Irmo house and  
4 the other things that DIRECTV provides.

5 Q: And, again, in your opinion from an economic  
6 standpoint, how is that the income-producing  
7 activity in this case?

8 A: It's the income-producing activity because all  
9 of the other activities -- and there are many  
10 other activities -- do not generate income.  
11 They generate costs, as that term is standardly  
12 used. The only activity that generates  
13 income -- and we're leaving aside the leasing  
14 of the box right now. The only activity there  
15 that generates income is if somebody in South  
16 Carolina leases a box and is willing to pay for  
17 the subscription. If they lease the box or in  
18 some cases such as with -- I know with DISH you  
19 can purchase the box and they don't pay  
20 subscription, you just have a dead DISH box  
21 there.

22 So, in the case of DIRECTV, I understand from  
23 yesterday that they only lease the boxes now.  
24 But unless you pay that subscription in -- for  
25 delivery in South Carolina, you do not get to

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 watch the product.

2 So DIRECTV incurs lots of costs -- in fact,  
3 that's a loss-making activity -- until that  
4 final activity occurs in South Carolina and the  
5 other states, of course, that generates the  
6 income.

7 Q: And were you present for Dr. Cody's testimony  
8 yesterday?

9 A: Yes, I was.

10 Q: Does his testimony change your opinion?

11 A: No, not in the least.

12 Q: Can you explain that to the Court?

13 A: Well, one of the things that he was saying,  
14 vis-a-vis the point I was just making, that all  
15 of the activities were cost generating and  
16 there's only one activity that was income  
17 generating, is he was presenting the view that  
18 you can't separate income and cost.

19 I mean, he talked about how -- may be  
20 paraphrasing what he said -- that even if you  
21 take the check that is paid for the final  
22 receipt of the service, there is a cost of  
23 processing that. So you can't differentiate  
24 income and cost. And with respect, I was  
25 embarrassed to hear a Ph.D. economist say

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 something like that; that is just silly.

2 **MS. WOOTEN:** Your Honor, can I have a minute,  
3 please?

4 Thank you, Your Honor. That's all we have on  
5 Direct.

6 **THE COURT:** Who's up?

7 **DR. HARRISON - CROSS-EXAMINATION BY MR. ROBERTS:**

8 Q: All right. So, Dr. Harrison, at your  
9 deposition, you testified that, quote, "an  
10 income-producing activity is some activity but  
11 for the occurrence of that activity there would  
12 be no income," correct?

13 A: I recall saying something like that, yes.

14 Q: Thank you. In your deposition -- and I think  
15 just now, as well -- you also testified that  
16 DIRECTV is the broadcast center, the up-link  
17 facilities, and satellites can't be considered  
18 income-producing activity because, quote, "They  
19 are cost producing activities. They are not  
20 income-producing activities." Correct?

21 A: That is correct. That's what I said --

22 Q: And so when your --

23 A: -- just a moment ago.

24 **MS. WOOTEN:** Your Honor, I would ask that he would  
25 let the witness finish his statement before he

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 asks the next question.

2 **THE COURT:** Let him finish the answer.

3 **MR. ROBERTS:** He answered my questions.

4 **THE COURT REPORTER:** I can't hear, though.

5 **THE COURT:** Oh.

6 **MR. ROBERTS:** Fair enough, sorry.

7 A: Yes, that's essentially what I said, that those  
8 are cost-producing activities and the only  
9 income-producing activity was the receipt in  
10 South Carolina.

11 Q: Okay. So, in your opinion, activities that  
12 generate cost for a taxpayer cannot be  
13 income-producing activities, right?

14 A: As those terms are standardly defined, that's  
15 correct.

16 Q: Thank you. In your deposition, you testified  
17 that, quote, "But here the income-producing  
18 activity is the person purchasing the product  
19 in South Carolina that occurs wholly within  
20 South Carolina." Correct?

21 A: That's correct, as I just said a moment ago in  
22 relation to the other questions.

23 Q: And you further testified in your deposition  
24 that the income-producing activity was, quote,  
25 "Turning on the box, watching the TV, and

**CREEL COURT REPORTING, INC.**

- 1           paying the bill." Correct?
- 2   A:   That's correct, yes.
- 3   Q:   You would acknowledge that all of those are
- 4       activities of the customer, correct?
- 5   A:   That is correct, other than the -- actually,
- 6       no, that's not correct. Those are activities
- 7       initiated by the customer, but the service only
- 8       actually flows into the person's house if,
- 9       indeed, all of the other activities have
- 10      occurred. So those other activities are
- 11      needed, but they're -- you don't actually see
- 12      the service unless there's a satellite there.
- 13   Q:   But those other activities, the delivery of the
- 14      service into the house, you would acknowledge
- 15      that delivery is a cost, right?
- 16   A:   That's correct, that's a correct --
- 17   Q:   And you just -- and you just said that cost
- 18      cannot be an income-producing activity.
- 19   A:   Let me answer my previous question, if you may.
- 20      Do you want me to answer it?
- 21   Q:   Right away.
- 22   A:   Okay. Those are costs. All of those are
- 23      costs. They are costs that are needed to
- 24      produce the product.
- 25   Q:   And did you not just testify that an activity

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1           that     generates     a     cost     cannot     be     an  
2           income-producing activity?

3     A:     That's correct, and that follows from the  
4           definition of the terms as normally used in  
5           accounting and economics and business.

6     Q:     So, again, the only -- in your opinion, from an  
7           economic standpoint, the only income-producing  
8           activity that occurs in this case are  
9           activities of the customer, correct?

10    A:     In South Carolina, yes.

11    MR. ROBERTS:    I have no further questions, Your  
12           Honor.

13    THE COURT:    Redirect?

14    MS. WOOTEN:    Nothing from the Department, Your  
15           Honor.

16    THE COURT:    You may step down.

17    THE WITNESS:   You don't have any witness questions?

18    THE COURT:    Not right now.

19    MS. WOOTEN:    Your Honor, just one administrative  
20           matter.     Dr. Harrison has a flight this  
21           afternoon, so we would ask that he be excused.

22    MR. ROBERTS:    Sorry, Nikki, I didn't hear, I'm  
23           sorry.

24    MS. WOOTEN:    Dr. Harrison has a flight scheduled  
25           this afternoon and I was asking that he be

2   **MR. ROBERTS:** That's perfectly fine with us.

3   **MS. WOOTEN:** Okay.

4   **THE COURT:** You're excused.

5   **THE WITNESS:** Thank you.

6   **MS. WOOTEN:** Thank you.

7                           **(Witness excused.)**

8   **MR. CONDON:** Your Honor, can we take a five-minute  
9           break?

10   **THE COURT:** You may.

11   **MR. CONDON:** My witness has seem to run out to the  
12           bathroom or something.

13   **THE COURT:** All right.

14           **(Off the record from 1:38 p.m. to 1:50 p.m.)**

15   **MR. CONDON:** You ready?

16   **THE COURT:** Yeah.

17   **MR. CONDON:** Your Honor, we call Professor John  
18           Swain.

19   **THE COURT:** Another professor.

20   **JOHN A. SWAIN,** having been duly sworn, testifies and  
21   examines as follows:

22   **MR. SWAIN - DIRECT EXAMINATION BY MR. CONDON:**

23   Q: Good afternoon, Mr. Swain.

24   A: Good afternoon.

25   Q: Would you please state your full name for the

1 record?

2 A: Yes, John Allen Swain.

3 Q: And where do you live?

4 A: Tucson, Arizona.

5 Q: And who is your current employer?

6 A: The University of Arizona, Rogers College of  
7 Law.

8 Q: And how long have you been employed at the  
9 University of Arizona law school?

10 A: Since fall 2001.

11 Q: What is the nature of the work you perform at  
12 the University of Arizona?

13 A: I'm a professor of law at the University of  
14 Arizona, so I teach law classes, I engage in  
15 legal research, and I give service to the  
16 university.

17 Q: Do you teach on state and local tax issues?

18 A: Yes, I -- my course load is primarily in the  
19 taxation area. I teach state and local tax, as  
20 well as a number of other tax courses, federal  
21 income, corporate tax, advanced corporate tax,  
22 international tax, nonprofit organizations, and  
23 I may be missing something.

24 Q: Would the state and local tax course you teach  
25 include multi-state income tax apportionment?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: Yes, we teach multi-state income tax  
2 apportionment.

3 Q: If you would, sir, turn to -- in the black  
4 exhibit book there -- what's been marked as  
5 Respondent's Exhibit Fourteen.

6 A: (Witness complies.) Yes.

7 Q: Is that a document you recognize?

8 A: Yes, it's my CV/resume, whatever term you want  
9 to use.

10 Q: Did you prepare it?

11 A: Yes, I did.

12 Q: And is it a current and complete copy of your  
13 CV?

14 A: Yes.

15 MR. CONDON: Your Honor, I'd now like to put  
16 Respondent's Exhibit Fourteen into the record.

17 MR. ROBERTS: We have no objection, Your Honor.

18 THE COURT: It's admitted.

19 MR. CONDON: Thank you.

20 (Respondent's Exhibit Number Fourteen was admitted  
21 into evidence.)

22 Q: Professor Swain, on the first page of  
23 Respondent's Fourteen, it says under "academic  
24 positions" you're a Chester H. Smith professor  
25 of law. What does that mean?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

- 1 A: It means I'm a tenured professor of law who was  
2 awarded a chair or a -- sometimes we have other  
3 words for it -- in honor of -- this was a  
4 former professor at the University of Arizona  
5 College of Law.
- 6 Q: Are you the author of any textbooks?
- 7 A: Yes.
- 8 Q: And would you tell us what those textbooks are  
9 or textbook is?
- 10 A: Well, I'm the author -- I'm coauthor of a  
11 casebook Hellerstein, Stark, Swain and  
12 Youngman, which is a casebook on "State and  
13 Local Taxation." I also am author -- coauthor  
14 of the treatise, Hellerstein, Hellerstein and  
15 Swain, "State Taxation."
- 16 Q: How is the --
- 17 A: And I --
- 18 Q: I'm sorry.
- 19 A: I'm also coauthor of "The Streamlined Sales  
20 Tax" and book with Walter Hellerstein.
- 21 Q: So regarding what you call, I believe,  
22 casebooks, "State and Local Taxation" --
- 23 A: Uh-huh (affirmatively responds).
- 24 Q: -- "Cases and Materials" --
- 25 A: Yes.

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 Q: -- how is that used?

2 A: Well, I use it in my course to teach state and  
3 local tax to law students and, also, we have a  
4 number of students from the accounting program  
5 at the Eller Business School. And so I teach  
6 a lot of accounting students, as well, in my  
7 class.

8 Q: Okay. Does that book also cover multi-state  
9 income tax apportionment?

10 A: Yes, we have a lengthy chapter on corporate  
11 income taxation and it mainly addresses issues  
12 of apportionment or related issues, what is  
13 called the "unitary business," those types of  
14 issues.

15 Q: And you described or you mentioned -- I  
16 shouldn't say "describe" I don't think yet.  
17 You mentioned Hellerstein and Hellerstein  
18 treatise, I believe. Would you describe it?

19 A: Yes, and you made the -- I don't know if it's  
20 a mistake or not. You called it Hellerstein  
21 and Hellerstein. If you read the inside cover  
22 carefully, it's Hellerstein, Hellerstein and  
23 Swain now.

24 Q: I apologize, sir.

25 A: But we're working on the fourth edition where

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 my name will appear on the spine and maybe it  
2 will sink in. But, anyway, that's fine. I  
3 mean, Wally and his father are giants in the  
4 field.

5 Q: And how is this -- or what the -- what's the  
6 extent of what's in this treatise?

7 A: Well, the treatise largely covers the federal  
8 constitutional limits on state taxation. It  
9 covers income taxation, both personal and  
10 corporate, and sales and use taxes. It's the  
11 primary coverage of the book. And we are  
12 treatise writers. We look at the cases. We  
13 analyze them. We critically evaluate them,  
14 often using, you know, tax policy principals to  
15 do that.

16 Q: Is there a discussion of, again, multi-state  
17 income tax apportionment?

18 A: Yes, particularly chapters really six through  
19 nine; six through ten, maybe, yeah.

20 Q: Have you written any articles that are relevant  
21 to the issues in this case?

22 A: Yes.

23 Q: Would you identify an article or two?

24 A: Well, one would be "The Market State Approach  
25 to the Attribution of Receipts from Services"

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 I wrote in anticipation of a UDITPA rewrite  
2 that never happened, as Professor Pomp  
3 explained. And, actually, that article then  
4 has been used to update the treatise. It's  
5 also the source of this article here, as well  
6 as the treatise, reforming state corporate  
7 income taxes, market state approach --

8 Q: And when were those --

9 A: -- and state tax --

10 Q: -- two articles written?

11 A: You know, I'm -- I should speak more clearly  
12 here. So, there is an article called -- it's  
13 the last entry on page three -- "Reforming the  
14 State Corporate Income Tax: A Market State  
15 Approach to the Sourcing of Services and  
16 Receipts," and that's Tulane Law Review and  
17 that's 2008.

18 And then up on the page, I guess, the fourth  
19 entry is an article that's derivative of I  
20 think more the treatise, but the treatise is  
21 sort of derivative on this Tulane article  
22 called "The Market State Approach to  
23 Attribution of Receipts from Services" with  
24 Walter Hellerstein and State Tax Notes.

25 Those are the key articles. I've done some

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 thinking about income tax nexus, which actually  
2 I think bears on this case. And there's an  
3 article there called "State Income Tax  
4 Jurisdiction: A Jurisprudential and Policy  
5 Perspective" in the William and Mary Law Review  
6 in 2003. And I think nexus is out there in  
7 this case, something that we might want to  
8 think about.

9 Q: When you publish things --

10 A: I'll, you know -- anyway, there's some other  
11 articles that are pertinent, you know, that  
12 have some thinking that's pertinent relating  
13 to -- actually relating to nexus and  
14 jurisdiction.

15 Q: When you publish articles or your casebook or  
16 the treatise, do -- are subjects sometimes  
17 addressed tax policy issues?

18 A: Yes, we frequently -- I mean, we're in  
19 academia. We have the luxury of thinking about  
20 how things should be and that's what we do a  
21 lot in tax policy when we apply tax policy.  
22 That's often the normative questions: You  
23 know, how should -- what's the right answer to  
24 question X or Y or Z?

25 Q: Do you have any expert witness experience?

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

- 1 A: Some, yes.
- 2 Q: How many times have you been qualified as a  
3 witness in court?
- 4 A: I haven't been qualified here yet, have I? No.  
5 So --
- 6 Q: Not yet.
- 7 A: -- twice. In Nevada a year ago, January, and  
8 then a year or two before that in Alaska.
- 9 Q: Have you ever served as an expert but just  
10 didn't have the opportunity to get qualified in  
11 court?
- 12 A: Yeah, about four other times I've been deposed  
13 and the cases either were resolved or -- I'm  
14 not sure I followed them that closely or the --  
15 or the matters proceeded on a motion,  
16 something -- a summary judgment or something of  
17 that nature. I think there was a matter in  
18 this state, a Duke Energy, where that was the  
19 case.
- 20 Q: In what types of cases have you served as an  
21 expert witness?
- 22 A: I think the first time I was asked to be an  
23 expert witness was in Minnesota involving  
24 Minnesota's jurisdiction to tax credit card  
25 companies that were out of state and were not

**CREEL COURT REPORTING, INC.**

1 physically present in Minnesota. In -- and  
2 that was the State of Minnesota that had  
3 retained me.

4 There was a case in Tennessee called Vodafone.  
5 That was a case about whether a taxpayer --  
6 excuse me, whether the Department of Revenue  
7 was entitled to equitable relief from the  
8 application of the apportionment statute. And  
9 it was an apportionment statute derivative of  
10 kind of the statute that we're talking about  
11 that's going to be discussed today, UDITPA  
12 Section 17.

13 And they were asking for equitable relief  
14 from -- the Department was asking for equitable  
15 relief from that statute or the Tennessee  
16 version of it.

17 In Alaska, I -- not represented, excuse me. I  
18 was an expert witness for the big oil  
19 companies, the TAPs Owners, the partnership  
20 that -- or joint venture that owned the  
21 Trans-Alaskan Pipeline. And that was a  
22 property tax case, involved the valuation of  
23 the pipeline, but also how the Alaska tax  
24 system and various features of it worked  
25 together to tax the oil companies and whether

2           materia properly together or in unison.

3       Q:   Uh-huh (affirmative response).

4       A:   There's Nevada, I guess, is the other -- I  
5           should -- okay. Nevada was the most recent one  
6           and that involved a dispute about whether a  
7           Nevada sales tax exemption discriminated  
8           against interstate commerce.

9           And then here in South Carolina, I testified in  
10          the Duke Energy case, a deposition -- I was  
11          deposed.       And that was involving the  
12          interpretation of the receipts factor -- I  
13          believe the receipts factor and whether  
14          something called receipts from treasury  
15          function activity should be included in that  
16          receipts factor.

17       Q:   Okay. Professor Swain, are you knowledgeable  
18          about UDITPA?

19       A:   Yes.

20       Q:   And how long have you worked with or have  
21          studied or been aware of UDITPA?

22       A:   Well, one aspect of my resume is that before  
23          entering academia, I was in private practice  
24          for 14 years and that was devoted exclusively  
25          to state and local taxation. And during that

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 time, we looked at UDITPA a lot and it was part  
2 of the practice. So, since whenever I got  
3 licensed in 1984, I guess, the first time I ran  
4 across it.

5 **MR. CONDON:** Your Honor, I'd like to now offer  
6 Professor Swain as an expert in tax policy and  
7 multi-state apportionment.

8 **MR. ROBERTS:** We don't have any objection, Your  
9 Honor.

10 **THE COURT:** He's so qualified.

11 **MR. CONDON:** Thank you.

12 Q: Professor Swain, have you reviewed any  
13 documents in preparation for your deposition or  
14 in work here here today?

15 A: Yes.

16 Q: What kind of things have you looked at to help  
17 you form an opinion and gather facts in this  
18 matter?

19 A: I looked at the director's decision. I looked  
20 at my own writings. I looked at some other  
21 writings in that are out there, like State Tax  
22 Notes magazine is sort of a leading organ in  
23 our field.

24 I looked at the -- I pulled the annual report  
25 of DIRECTV off the Internet. I pulled a

**CREEL COURT REPORTING, INC.**

1 securities analysis of the company, standard  
2 reports analysis off the Internet; UDITPA,  
3 those South Carolina statutes. I took a look  
4 at the *Lockwood* case. That's what's -- I'm  
5 recollecting, yeah.

6 Q: Yesterday, did you hear Professor Pomp's  
7 testimony?

8 A: Yes.

9 Q: He talked about UDITPA. Is there anything you  
10 want to explain or talk about UDITPA in  
11 thinking about Professor Pomp's testimony?

12 A: I think it would be helpful to refresh our  
13 memories, understanding that the Court has  
14 already heard testimony on UDITPA, and I'll try  
15 to use some discretion and not sort of beat a  
16 dead horse.

17 Q: Yes, please. I think we'll all appreciate  
18 that.

19 A: But we have a Uniform Division of Income for  
20 Tax Purposes Act; it was put together in 1957.  
21 Before that, states initially tried separate  
22 accounting as a way to compute corporate  
23 income. They quickly moved to formula  
24 apportionment.

25 I would say by the time UDITPA was drafted,

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           there was some consensus around the  
2           three-factors -- property, payroll, sales --  
3           called the Massachusetts formula. And UDITPA  
4           embodies -- has adopted those three-factors for  
5           the use in apportionment income; property,  
6           payroll, sales.

7           The property and payroll factors tend to  
8           reflect the contribution of the states where  
9           production occurs. The sales factors is there  
10          to reflect the contribution of the market state  
11          to the taxpayer's income.

12          I guess one thing I would say is there's some  
13          sort of suggestion that the sales factor was  
14          merely a political addition and, of course,  
15          where there's tax reform, there's lobbyist and  
16          politics, but there's sound policy reasons for  
17          having a sales factor, and that's to reflect  
18          the contribution of the market state to the  
19          taxpayer's income.

20          As I like to say and as an economist, Peggy  
21          Musgrave said -- I think I've quoted her in one  
22          of the articles I talked about -- said, "It  
23          takes supply and demand to make income." We  
24          can't measure precisely which blade of the  
25          Marshallian scissors supply and demand are, you

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 know, more important, so we make a rough  
2 justice average of those.

3 And, you know, in some ways, in listening to  
4 the testimony over the last two days, it's kind  
5 of what people are focusing on. One side's  
6 focusing on the supply side and the other side  
7 is focusing on the demand side. And it takes  
8 both to create value and create income.

9 But, anyway, I digressed a bit. The sales --  
10 so that's the purpose of the sales factor. I  
11 think there's pretty clear consensus on that's  
12 the purpose of the sales factor, to support the  
13 market's contribution to the taxpayer's income.

14 I guess another thing I would add is an  
15 economist, Charles McLure has suggested -- and  
16 this was one of his most important works, I  
17 think, in this field -- that when you look at  
18 three-factor apportionment, it's kind of like  
19 three taxes. It's a property tax, it's a tax  
20 on payroll, and it's a sales tax. And that can  
21 provide some insights when you think about the  
22 formula.

23 When you look at how UDITPA was drafted, the  
24 sections that we're focusing on today, I think,  
25 are Section 16, which talks about how you

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 source, how you attribute sales of tangible  
2 personal property for UDITPA purposes, and that  
3 has a place of delivery rule.

4 I'd shorthand would call it "destination  
5 approach." I could call it where the market  
6 is, where the customer is. You can use all  
7 those kinds of terminology, at least if you're  
8 viewing it from 30,000 feet. But it's the  
9 place of delivery. And that does a good job of  
10 implementing the role of the sales factors to  
11 reflect the market's contribution.

12 Section 17 has been more -- I've criticized it  
13 because the language of Section 17 under  
14 what -- sort of the traditional interpretation  
15 is, talks about where the cost-to-performance  
16 are. And that's more where your property and  
17 payroll are, typically; at least that's how  
18 it's been interpreted traditionally. We'll get  
19 into this in a moment; there are other  
20 interpretations of that -- of that Section 17  
21 language.

22 But that's the criticism of Section 17 under  
23 the traditional interpretation, is that it's  
24 not doing its job. It's reflecting the  
25 contribution of -- really it's duplicating in

**CREEL COURT REPORTING, INC.**

1 many sense as the supply side, the payroll, the  
2 property, the expenses, even. It's like an  
3 expense factor.

4 Q: Let me interrupt for a second --

5 **MR. ROBERTS:** Your Honor? Excuse me, Your Honor, I  
6 have a question. The witness keeps looking  
7 down and seems to be reading something. I'm  
8 just wondering if he brought up notes or a  
9 script and if it's notes or something, he did  
10 not prepare a written report and so we would be  
11 entitled to those notes.

12 **THE COURT:** Well, you're entitled to them if he  
13 starts using them to testify.

14 **MR. ROBERTS:** Well, he seems to be reading from  
15 something.

16 **THE COURT:** Are you using notes, sir?

17 **THE WITNESS:** Yes, I am. I'm referring to them.  
18 I'm happy to give them a copy. I don't know  
19 what the court rule is.

20 **THE COURT:** Well, I normally keep up because I  
21 remember, number one, I can make the ruling  
22 that he cannot use the notes to refresh his  
23 memory and that ends it. Or I can allow him to  
24 use the notes to refresh his memory or -- I  
25 mean, I assume this is not a past recollection

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           where you can't -- or you can't remember your  
2           past thoughts -- I mean, past recollection  
3           recorded, but -- so ...

4   **MR. ROBERTS:**   Well, I mean, Your Honor, he was  
5           offered and admitted as an expert in tax policy  
6           and multi-state apportionment.   So it seems  
7           like he should just know all the stuff that  
8           he's talking about and not have to look at  
9           notes.

10   **THE WITNESS:**   When I lecture in class, I use -- I'm  
11           sorry.

12   **THE COURT:**   Well, at this point in time, I'm going  
13           to allow you to look at what you've used so far  
14           and then if you do need to use notes, to let us  
15           know that you're using those notes, and then  
16           they will be entitled to look at them.   But if  
17           you could show the pages you've used so far.

18   **THE WITNESS:**   It's just this one page (indicating).

19   **THE COURT:**   Okay.

20   **THE WITNESS:**   And it's completely illegible.

21   **THE COURT:**   Would you like to look at it?

22   **MR. ROBERTS:**   Yes, we would, actually.

23   **THE COURT:**   Walk up.

24   **THE WITNESS:**   (Tendering.)

25   **MR. CONDON:**   (Tendering.)

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 **MR. ROBERTS:** Can we just have a few minutes, Your  
2 Honor?

3 **THE COURT:** Yeah.

4 **MR. ROBERTS:** Thank you.

5 **THE COURT:** All right. Are we ready?

6 **MR. ROBERTS:** Yes, Your Honor, I have -- I would  
7 just -- I would -- we would ask that he not be  
8 permitted to use these notes. I mean, he's  
9 being offered as an expert.

10 **THE COURT:** The approach I'm going to take is, --  
11 I've already said is, if he needs to use the  
12 notes, he'll notify us of that and then we'll  
13 address that at that point in time.

14 **MR. ROBERTS:** Fair enough, Your Honor.

15 **MR. CONDON:** At this point in time, I've allowed you  
16 to look at them. If you think there's a need  
17 to cross-examine him on that which he's already  
18 testified to, and then if he needs them later  
19 on, he consults them and then we'll address  
20 that issue later.

21 **MR. ROBERTS:** Fair enough, Your Honor. I appreciate  
22 it, thank you.

23 **MR. CONDON:** All right. I'm just going to put these  
24 upside down, then --

25 **THE WITNESS:** That's fine.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 MR. CONDON: -- just in case you need it later.  
2 Before you grab it, let's talk.

3 THE COURT: All right.

4 MR. CONDON: Okay.

5 THE COURT: Proceed.

6 Q: Professor Swain, I was about to ask you, you  
7 were talking about Section 17 of UDITPA and you  
8 had mentioned a traditional view, but I was  
9 actually thinking about something else and I  
10 missed what you said the traditional view of  
11 Section 17 was.

12 A: Well, the traditional view is that those  
13 factors, that is the -- or the rule that says  
14 income-producing activity based on  
15 cost-to-performance is -- for a service  
16 business would mean you look at where the  
17 service business's activities are to create its  
18 service.

19 And I think, you know, one reason -- and I had  
20 mentioned nexus earlier, why I think that's a  
21 traditional view is that, unlike Section 16,  
22 Section 17 doesn't have what's called the  
23 "throwback rule." And I think that the  
24 drafters of UDITPA in 1957 were a little  
25 concerned that if they were throwing -- you

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 know, if services were attributed to the market  
2 to where the services were delivered, that  
3 those market states wouldn't have nexus. And  
4 they kind of contemplated whether -- I'm  
5 guessing, but -- that, "Well, do we have a  
6 nexus -- let's write a rule that doesn't have  
7 a throwback requirement."

8 And by "throwback," I mean, for example, in  
9 Section 16, that regards sales of tangible  
10 personal property it said if the sale into the  
11 market state -- if the taxpayer is making the  
12 sale, is not subject to the jurisdiction of the  
13 market state, we're going to throwback that  
14 sale to the state of origin, where the state  
15 from which the property was delivered.

16 So, I would call that the traditional approach  
17 under UDITPA. There is plenty of confusion  
18 over UDITPA. There's plenty of contrasting  
19 interpretations. We discussed those in the  
20 treatise.

21 Q: If that's the traditional view of Section 17,  
22 is that -- is there well-settled -- is there a  
23 well-settled rule on what "income-producing  
24 activity" is?

25 A: No, it's not well-settled and in the treatise,

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           which I think is marked as an exhibit here  
2           somewhere, we discussed that. And, if I may,  
3           I'd like to just -- to read from this. I  
4           relied on the treatise in preparing my opinion.  
5           So we have a section -- there was an exhibit --  
6           I don't know if I need to refer to it or not,  
7           but -- anyway, it's paragraph 9.133(A) of the  
8           treatise where we sort of layout the overview  
9           and our policy critique, which I've tried to do  
10          in the last few minutes, of Section 17.

11          And then we move to section 9.183(B) which is  
12          called        "The       Income-Producing  
13          Activity/Cost-to-Performance Test in Practice."  
14          In other words, how courts are actually -- and  
15          state administrators are actually applying that  
16          test.

17          And we look at in subsection 9.133(B)(1), it's  
18          called "Income-Producing Activity in General."  
19          And I won't read all of this, but it's -- we  
20          say in the second paragraph of that subsection,  
21          "Although a taxpayer's income-producing  
22          activity in the separate items of income, if it  
23          generates any, may be" --

24       **THE COURT:** Go a little slower.

25       **THE WITNESS:** I'm so sorry, yeah.

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 **THE COURT:** There's a tendency when you read to go  
2 faster and my court reporter has got to keep  
3 up.

4 **THE WITNESS:** Okay.

5 **THE COURT:** Start it again.

6 **THE WITNESS:** It says, "Although a taxpayer's  
7 income-producing activity," paren, "and the  
8 separate items of income if it generates any,"  
9 end paren, "may be self-evident in many cases.  
10 In other cases, that determination is far from  
11 obvious."

12 Then we proceed in text to discuss a number of  
13 cases. For example, a Wisconsin case that  
14 takes -- basically takes a destination approach  
15 called *Ameritech*. Then there's a contrasting  
16 case that takes a more traditional approach.  
17 There are cases that look at each sale -- for  
18 example, each subscription as a single  
19 income-producing activity. But then on the  
20 other hand, there are cases that say it's the  
21 entire business that's the income-producing  
22 activity.

23 There are cases that exclude sales activity --  
24 I think that's the more traditional approach --  
25 exclude sales activity from income-producing

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 activity. There are cases like the *Heller*  
2 *Western* case in Arizona, which is where I  
3 practice, where you pretty much only exclude  
4 the sales activity and you exclude the  
5 antecedent events and the -- and in that case,  
6 it involved the -- the raising of funds to lend  
7 to customers in Arizona, the cost of raising  
8 money in California, an out-of-state, weren't  
9 considered at all. It was just -- and I  
10 recommend that case to the Court.

11 At the end of this long -- the paragraph is  
12 long, but the footnotes are about two pages --  
13 with these cases that go yin and yang and yin  
14 and yang.

15 We concluded: "Suffice it to say, at least for  
16 anyone who's had the fortitude to win his or  
17 her way through the preceding footnotes, as we  
18 observed at the outset of this discussion and  
19 as other commentators have recognized, UDITPA's  
20 income-producing activity/cost-to-performance  
21 rules are, quotes, "confusing and indefinite"  
22 and plagued by, quotes, "vagueness" -- and I'm  
23 saying quotes because we're citing other  
24 articles -- plagued by vagueness, ambiguity,  
25 substantial debate, lack of clear guidance,

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1       whipsawing, tremendous flexibility and, hence,  
2       tax planning opportunity, frequent litigation,  
3       inconsistency and confusion for taxpayers and  
4       taxing authorities alike. And in a sense this  
5       case is another reflection of that.

6       Q: All right. Thank you. If -- so were there  
7       developments or more recent developments --  
8       and, of course, we're talking since the '50's  
9       and UDITPA. We're talking -- "recent" is kind  
10      of relative. But are there more recent  
11      developments after UDITPA and after this  
12      traditional view was formed of Section 17 that  
13      may have affected the view of Section 17?

14     A: Yes, I think there's kind of an environmental  
15     change, contextual change that I'll explain.  
16     So, as I said earlier when I started talking  
17     about nexus and jurisdiction to tax and how  
18     that might have affected Rule 18 -- I mean,  
19     excuse me, Rule 17 -- because in 1957, there  
20     were much more limited views of what market --  
21     the jurisdictional reach of market states.  
22     There was a case -- and I'm going to forget the  
23     year -- '64 or '7 of *Bellas* -- *National Bellas*  
24     *Hess*, which said you need a physical presence  
25     in this state in order to -- for the state to

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 have taxing jurisdiction; said that as a matter  
2 of both due process and commerce clause.

3 It wasn't until 1992, we had a case called  
4 *Quill*, which is another nexus case, that said,  
5 "Well, there's not a due process problem. And  
6 for sales and use taxes, at least, there's a  
7 commerce clause problem, but not -- for sales  
8 and use taxes, we're going to preserve the  
9 *Bellas Hess* rule, that you need a physical  
10 presence, but we haven't enunciated that test  
11 in other -- 'with respect to other taxes,' which  
12 a lot of us concluded suggested that the  
13 physical presence test after all wouldn't apply  
14 to corporate income taxes.

15 South Carolina has the leading case a year or  
16 two later after *Quill*, the *Geoffrey* case that  
17 said, "That's right." It involved the leasing  
18 or the licensing of an intangible that was  
19 situated, owned, protected and so on in  
20 Delaware and licensed to Toys R Us here in  
21 South Carolina.

22 And South Carolina Supreme Court said -- it  
23 said, "Yeah, the *Quill* physical presence test  
24 does not apply to corporate income taxes." And  
25 I think it's also interesting to note, too,

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1           that that court situs them -- in other words  
2           sourced those receipts from the licensing to  
3           the market state -- to South Carolina under the  
4           same statute that -- I think that applied in  
5           the *Lockwood* case.

6           It didn't look to where the license -- the  
7           intangible was created, the trademark was  
8           created or protected. It looked to the market,  
9           applying that same statute as *Lockwood*.

10          And so, you know, there's been a lot of talk of  
11          *Lockwood* and we can think about it in many  
12          different ways and the lawyers can do that.  
13          But I think the dirty little secret in *Lockwood*  
14          is that case was decided in an environment, but  
15          what the taxpayer was really saying, either in  
16          that case or similarly situated taxpayers would  
17          be able to say: "No, our income is being  
18          earned out there where our customers are and we  
19          aren't subject to tax jurisdiction. We aren't  
20          subject to tax jurisdiction in those -- in  
21          those jurisdictions and we're going  
22          to -- we're -- we aren't going to be subject to  
23          tax on that income anywhere."

24          I think someone looking at that argument would  
25          have been cynical about it, said, "We need kind

**CREEL COURT REPORTING, INC.**

1 of a place of performance approach," or  
2 whatever you want to call it, whatever was the  
3 language in the -- situs where the Lockwood  
4 offices were -- in a way that I'm not sure in  
5 the 21st century we need to worry about.

6 So there is -- you asked me for changes after  
7 UDITPA. Those are, I think, some important  
8 changes.

9 The other important change is this *Moorman* case  
10 that was mentioned, which essentially upheld  
11 the single-sales factor apportionment.

12 You know, there is a suggestion that it might  
13 be challenged under the right facts. You can  
14 do an as-applied challenge to any apportionment  
15 factors, even the three-factor formula.

16 But, in fact, when the Supreme Court blessed  
17 the single-sales factor formula in *Moorman* --  
18 and a lot of the thinking before then in part  
19 based on case called *General Motors* out of  
20 District of Columbia -- there was some thinking  
21 the Supreme Court might codify UDITPA,  
22 essentially -- excuse me, codify the  
23 three-factor formula. Well, it didn't and that  
24 blew the lid off of whatever uniformity existed  
25 at that time.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201.  
(803) 252-3445 / (800) 822-0896

1 States have proceeded to -- really at an  
2 accelerating pace for a while, anyway -- adopt  
3 single-sales factor apportionment, like Iowa  
4 had in *Moorman*, and I'm not aware that any of  
5 those statutes have been declared  
6 unconstitutional.

7 You know, in fact, the statute that -- the only  
8 case that I'm familiar with where the Supreme  
9 Court rejected a apportionment formula is a  
10 case called *Hans Rees' Sons* out of North  
11 Carolina; that's where the taxpayer was  
12 located, as I recall.

13 And that was with a single property factor  
14 apportionment formula and the taxpayer said,  
15 "Well, we've got all these sales in other  
16 states. You need to take those into account."  
17 And under those facts, the Court agreed. And  
18 that statute -- that application of that  
19 statute in *Hans Rees and Sons* was held to be  
20 unconstitutional.

21 Now, think about it. Under at least DIRECTV's  
22 and I would say the traditional approach to  
23 UDITPA's 17, when all you've got is a sales  
24 factor, that's really not a sales factor  
25 anymore. It's a stealth property factor. It's

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 a stealth payroll factor. It's a stealth  
2 receipts factor. You aren't giving any credit  
3 to the market state.

4 And when that's your only factor, your receipts  
5 factor, and you're saying, "It's where my  
6 payroll, my property, and my costs are," that's  
7 a pure property -- at least pure nonsales where  
8 your sales are nonmarket state rule. It  
9 completely shifts it in the other direction  
10 without giving any credit, really, to where  
11 sales occur.

12 And under those facts in an old Supreme Court  
13 case, *Hans Rees' Sons*, that was held to be  
14 unconstitutional, which I find interesting.

15 Now, having said that, if Hans Rees' -- if Hans  
16 Rees' grandsons came to me with the same facts,  
17 I wouldn't take the case on a contingency. I  
18 wouldn't take the challenge to *Moorman* on a  
19 contingency. I think that the Supreme Courts  
20 allowing just about anything that isn't  
21 completely arbitrary and capricious in formula  
22 apportionment.

23 Q: In your opinion, did the resolution of the  
24 nexus issue, where courts ruled that an entity  
25 did not have to have physical presence in order

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 to -- for a state to have jurisdiction, did the  
2 resolution of that issue have a direct impact  
3 on taxing jurisdiction moving to a single-sales  
4 factor?

5 A: I think so. I think since *Moorman*, we had  
6 single-sales factor apportionment. And when it  
7 comes to services, in particular, the people  
8 say -- people say this in, you know, national  
9 seminars I go to and everything, "You can't  
10 think about single-sales factor apportionment  
11 without thinking about market state  
12 attribution."

13 And you wouldn't be doing that unless you  
14 had -- the market states had nexus with the  
15 services that are performed in their state  
16 remotely by out-of-state persons. You really  
17 couldn't have moved in that direction.

18 But what's happened since *Moorman*, again, we  
19 have single-sales factor apportionment; South  
20 Carolina has adopted that and phased it in.  
21 And so the answer is "yes," I think the change  
22 (sic) the nexus rules opened the door to  
23 single-sales factor apportionment and in part  
24 because of the -- you could attribute receipts  
25 to the market states without having nowhere

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 income.

2 Q: Now, you said earlier that you read the  
3 Department Determination, right?

4 A: Uh-huh (affirmatively responds).

5 Q: In your opinion, does the position the  
6 Department expressed in its Department  
7 Determination reflect good tax policy?

8 A: Yes, it does and I'll explain.

9 Q: Please.

10 A: I said earlier that the function of the sales  
11 factor was to reflect the contribution of the  
12 market state to the taxpayer's income. And if  
13 the -- the effect of the Department's Decision  
14 is to do that, is to give South Carolina its  
15 due as a market state for providing a market  
16 for DIRECTV, even though DIRECTV is remote;  
17 it's not located here. It's not located in  
18 South Carolina. So that's one reason.  
19 The second is, when we get to single-sales  
20 factor apportionment, there is something else  
21 going on. I mean, there's a -- why did states  
22 rush to -- why was single-sales factor  
23 apportionment attractive?  
24 Let's just go back to what McLure said. The  
25 three-factor formula is a property tax, a

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 payroll tax, and a sales tax. States -- when  
2 you have mobile capital, when capital can move  
3 wherever it wants to and produce products and  
4 then deliver them remotely to markets, capital  
5 will move to low tax jurisdiction; it will move  
6 to tax havens.

7 So if you want to maintain that three-factor  
8 formula and you are discouraging people from  
9 investing in your state, you're discouraging  
10 them from employing people in your state -- and  
11 this has been the feeling of states in adopting  
12 single-factor apportionment, that it's both --  
13 you know, initially, it may have been an  
14 economic development tool for some of the first  
15 movers, but now it's an economic sort of  
16 preservation tool. You need to run with the  
17 pack in a competitive environment with mobile  
18 capital, and states running with the pack  
19 adopting single-sales factor apportionment.

20 And so, is the Department's position consistent  
21 with that, what I think is the underlying  
22 policy of states in adopting single-sales  
23 factor apportionment? Yes. It's taking a  
24 market state approach to the attribution of  
25 receipts in the sales factor, rather than ...

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 If we took DIRECTV's approach -- and I could  
2 just put it -- I think to make it clearer,  
3 let's say a satellite company wanted to  
4 establish itself in South Carolina. Under the  
5 interpretation proposed by DIRECTV, we would  
6 source all the receipts to South Carolina  
7 because all their operations are here in South  
8 Carolina.

9 Again, it's a stealth property/payroll/expense  
10 factor under that interpretation. And it's  
11 exactly the opposite of what the legislature  
12 of -- I think what legislatures want to do when  
13 they adopt single-sales factor. It defeats the  
14 purpose of it.

15 Q: And a point --

16 A: It creates that tax that -- on labor and  
17 capital that states are trying to avoid.

18 Q: And just one point of clarification. When  
19 you're referring to single-sales factor, are  
20 you including in that the single gross receipts  
21 factor in South Carolina's statute?

22 A: Yes, I'm using them interchangeably; just  
23 "sales" rolls off the tongue more easily.

24 Q: Okay. Were there any other reasons why the  
25 Department's Determination reflects good tax

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 policy?

2 A: Yes. There's actually something I wanted to  
3 say about -- but anyway. The other reason --  
4 let's see. We've covered purpose of the sales  
5 factor, the sort of economic development  
6 purpose.

7 The third is, one of the tax policy values we  
8 talk about is equity. We want to treat like  
9 taxpayers in like manner. And one of the other  
10 problems with UDITPA is we treat a seller of  
11 tangible personal property on a definition --  
12 on a destination basis, we attribute sales to  
13 the destination; while under the traditional  
14 Section 17 approach and the approach that  
15 DIRECTV is advocating for your statute, we  
16 would approach -- we wouldn't attribute those  
17 sales to the destination. We'd attribute them  
18 to the -- you know, where their activities are  
19 to -- you know, their business operations are.  
20 And so you're treating those two classes of  
21 taxpayers differently. Let me try to be more  
22 concrete.

23 One of DIRECTV's competitors is Netflix and  
24 they're in competition with each other.  
25 Netflix, as I understand it, originally had a

1 model where they leased rented --

2 **MR. ROBERTS:** Objection, Your Honor. This is well  
3 beyond the scope of his expertise.

4 **THE COURT:** In what regard or -- I mean, you've got  
5 some blanket statements.

6 **MR. ROBERTS:** Competition between companies, I don't  
7 think he knows anything about Netflix.

8 **THE WITNESS:** I read your annual report. I read ...

9 **THE COURT:** You can lay the foundation.

10 **MR. CONDON:** Okay.

11 Q: Professor Swain, do you -- did you read  
12 DIRECTV's annual report?

13 A: Yes, I did and I also read a securities  
14 analyst's review of the companies prospects.

15 Q: Did it describe DIRECTV's - or did one or both  
16 of the documents describe DIRECTV's operations?

17 A: It described the operations. It described its  
18 competitors by name, including Netflix, Hula  
19 (sic), some others. I think there was some  
20 testimony earlier in this case in that regard  
21 from DIRECTV about who their competitors were  
22 and how competitive their industry is.

23 Q: And are you generally familiar with what  
24 Netflix does?

25 A: Yes, yes.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: Okay. So would you go -- would you continue  
2 with your --

3 A: Yeah, so --

4 Q: -- discussion, then?

5 A: So what we can have is functionally similar or  
6 very similar business competitors that would be  
7 treated differently.

8 If Netflix is renting content to customers in  
9 South Carolina, I don't think there's any  
10 dispute under your statute that those receipts  
11 are going to be sourced to South Carolina.

12 Well, if they're being delivered through  
13 satellite, which people aren't arguing is  
14 tangible personal property, they're saying it's  
15 a service, and if we adopt DIRECTV's approach,  
16 then none of DIRECTV's receipts would be  
17 apportioned, or not nearly as much, from the  
18 subscriptions to South Carolina. And South  
19 Carolina would be treating two business  
20 competitors differently. And so that's a  
21 concrete example of equity.

22 The other thing is you just get very difficult  
23 characterization disputes and the lot turns on  
24 those. Like recently, there was a case in  
25 Louisiana. It wasn't an apportionment case.

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 I think it was just whether something's taxable  
2 or not.

3 But the South Carolina tax authority made the  
4 argument that pay-per-view and -- there's  
5 something else here. Pay-per-view is the one  
6 I can think of. There's another similar  
7 service that cables offers. They argued that  
8 it was the sale of tangible personal property  
9 for another purpose. And the Court in  
10 Louisiana said, "No, it's not; it's a service."  
11 And -- but what if the case had gone the other  
12 way? We'd completely change how we apportion  
13 the income of the functionally equivalent  
14 activity. Or you could have one business  
15 that's a little bit more of a tangible personal  
16 property provider than the other in the views  
17 of some Court to create some certainty for the  
18 taxpayer. It creates inequity in terms of how  
19 you're treating businesses.

20 Q: Do you believe that -- or in your opinion it  
21 does -- does the Department's Determination, is  
22 it consistent with South Carolina Statutes  
23 12-6-2290 and 2295?

24 MR. ROBERTS: Objection, leading. And legal  
25 conclusion, Your Honor.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1     **THE COURT:**   Well, go back to Vortex when I was  
2                   ruling in your favor.   I said even if it  
3                   touches on the ultimate opinion, as long as it  
4                   doesn't state an interpretation it's okay. So  
5                   I think he's okay on that aspect. I'll sustain  
6                   on the leading; although, on that one, you're  
7                   not dead-on on that one, either.

8                   Rephrase the question.

9     **Q:**   Is there any line of authority that supports  
10            the Department's Determination in that it's  
11            good tax policy?

12    **A:**   Yes, there's a line of authority in other  
13            jurisdictions that have held under similar  
14            statutes and I think in either -- it was either  
15            even tougher sledding because those statutes  
16            were cost-to-performance statutes. You don't  
17            have cost-to-performance -- either under --  
18            even under cost-to-performance statutes in  
19            Arizona, Wisconsin, courts have held that  
20            basically we have a destination approach.  
21            Function -- you know, a quasi market-state  
22            sourcing, if you will.

23            There are Indiana rulings that take that view,  
24            that say the ultimate income-producing activity  
25            is the delivery to the customer.   We have

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 Florida rulings that take that view, multiple  
2 Florida rulings. One of them cites the  
3 treatise and also discusses the Wisconsin case,  
4 *Ameritech*; the Arizona case, *Heller Western*.  
5 This is a line of authority that a court could  
6 rely on in interpreting income-producing  
7 activity and cite in the positive loss sense,  
8 "Here are these authorities to reach what I  
9 think is the correct policy result."

10 Q: Now, earlier you stated that there were  
11 conflicting interpretations of income-producing  
12 activity coming out of Section 17 of UDITPA; is  
13 that right?

14 A: Yes.

15 Q: Because of that, would you be asking for new  
16 law in South Carolina?

17 A: No, it -- well, it's the Court's call. I mean,  
18 I can't interpret the statute for the Court.  
19 But there's room to interpret the statute and  
20 if the Court's interpreting the statute, no,  
21 it's not a change of law.

22 Q: And did you hear Professor Pomp testify  
23 yesterday that because Section 12-6-2295(A)(5)  
24 does not include the phrase "based on  
25 cost-to-performance," that there were

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

1 alternatives available to sourcing gross  
2 receipts to South Carolina? Did you hear that  
3 statement?

4 A: Yes, I did.

5 Q: Is the existence of these alternatives good tax  
6 policy?

7 A: Well, there are many values in tax policy, but  
8 it certainly hurts the value of certainty. If  
9 there -- if under the current statute, under  
10 UDITPA, under cost-to-performance where we have  
11 a standard such that it is, it's confusing and  
12 indefinite, plagued by vagueness, ambiguity,  
13 substantial debate, lack of clear guidance,  
14 whipsawing, tremendous flexibility and, hence,  
15 tax planning opportunity. That's not a very  
16 good way to -- that's not a very good tax  
17 statute because there's too much on the  
18 taxpayer side opportunity for tax planning and  
19 the other thing is the taxpayer is subject to  
20 second guessing by the Department.

21 Oh, well, this -- this views is better. You  
22 under reported by "X." So you're constantly --  
23 you'd be at constant risk of audit, and I think  
24 you are now, because there's a lot of different  
25 views on what you include in cost -- do you

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 include independent contractors or not? Direct  
2 costs or not? Sales costs or not? You're  
3 exposed. You're exposed during the -- when  
4 the -- as a taxpayer when the limitations  
5 period is open for the -- because of those --  
6 that lack of clarity in that standard.  
7 And if we -- and if it's more open, I don't  
8 think that's good. I mean, is there more --  
9 "flexibility" is a nice sounding word, but I  
10 think it ends up being uncertainty.

11 Q: So do you think this case can be resolved under  
12 the current statute?

13 A: Well, I would -- well, for example, I would  
14 just -- again, there's authority that could --  
15 I think it has to be resolved under the current  
16 statute one way or the other. I think there's  
17 authority that supports the Department's  
18 position.

19 I also think if the position is the  
20 income-producing activity is limited to the  
21 delivery of the service, to the supply -- the  
22 demand side of those Marshallian scissors, it's  
23 a lot easier to measure. There's a lot more  
24 certainty, because it's pretty easy to measure  
25 receipts and it's pretty easy to situs them,

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 generally speaking.

2 Q: If the General Assembly had an economic  
3 development goal in mind when it enacted  
4 12-6-2295, would the taxpayer's position in  
5 this case have an effect on economic -- on that  
6 economic development goal?

7 MR. ROBERTS: Objection, Your Honor. He was  
8 admitted as an expert in tax policy, not  
9 economic policy. We already had an economist  
10 testify.

11 THE COURT: You're also speculating about what the  
12 General Assembly would intend and that would be  
13 an interesting expert, but ...

14 MR. CONDON: Well, I am --

15 THE COURT: I am going to sustain -- go ahead.

16 MR. CONDON: I am asking him a hypothetical by  
17 saying that and I believe --

18 THE COURT: You're hypothetically asking him about  
19 what the General Assembly would intend? I'm  
20 not being --

21 MR. CONDON: Yes.

22 THE COURT: -- coy. I'm just trying to understand.

23 MR. CONDON: Yes. And I believe there's been  
24 testimony, sufficient testimony, that indicates  
25 that, as Professor Swain himself said, moving

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 to single-sales factor as South Carolina has  
2 done for both -- well, they've always been  
3 single-sales -- single gross receipts factor  
4 for services, but moving to single-sales factor  
5 for tangible personal property in 2007, that  
6 those kinds of moves are often done for  
7 economic development reasons. Additionally,  
8 economic development is hand-in-hand with tax  
9 policy. I mean, there's no question about  
10 that.

11 **THE COURT:** Give me the question one more time and  
12 I'll give my ruling.

13 **MR. CONDON:** Okay. Assuming that the South Carolina  
14 General Assembly had an economic development  
15 goal in mind when it created -- or when it  
16 enacted Section 12-6-2295, would the taxpayer's  
17 position in this case have an effect on the  
18 economic development goal?

19 **THE COURT:** I sustain the objection.

20 **Q:** I meant to come back to it earlier, Professor  
21 Swain, but earlier in your deposition, I asked  
22 you a question and you -- your brain was kind  
23 of going around and you were saying you were  
24 thinking about something else. Was there  
25 something else you wanted to add? I don't even

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 , remember the subject matter that we were  
2 discussing then.

3 A: Yes, I mean, someone might ask: Why are states  
4 willing to tax their markets but don't want to  
5 tax labor and capital, because they're X-ing  
6 out the payroll and property factors?  
7 And the reason they're willing to tax their  
8 markets is essentially because the markets are  
9 much less mobile. Taxpayers have to come --  
10 they want the sell subscription TV to South  
11 Carolina and they can't move South Carolina to  
12 the Cayman Islands and then make sales to South  
13 Carolina.. So that's what the states are stuck  
14 with.

15 And you see this pattern, when capital isn't  
16 mobile or when the value isn't mobile, like in  
17 the natural resources industry, states will  
18 tax, heavily tax natural resources. They'll  
19 impose severance taxes on natural resources in  
20 a way they wouldn't do -- they'd never impose  
21 a severance tax on the shipping of a vehicle  
22 out of Columbia, out of South Carolina to  
23 another state, because taxpayers wouldn't put  
24 up with that very long. Mobile ones can -- I  
25 mean, mobile ones would.

1     **THE COURT:** Well, traditionally, I could move South  
2             Carolina to the Cayman Islands, I might would  
3             think about that.

4     **MR. CONDON:** That would be where the list is.  
5             No more questions, Your Honor.

6     **THE COURT:** All right.

7     **MR. ROBERTS:** I do have some questions.

8     **THE COURT:** I'm surprised.

9     **THE WITNESS:** I'm sorry.

10    **MR. ROBERTS:** No, no, take your time.

11    **THE WITNESS:** Wet my whistle.

12    **MR. SWAIN - CROSS-EXAMINATION BY MR. ROBERTS:**

13    Q: I think you testified a little while ago that  
14             you're one of the co-authors on the Hellerstein  
15             treatise "State Taxation," right?

16    A: That's correct.

17    Q: Can you just generally describe how the various  
18             sections and updates of the treatise are  
19             prepared?

20    A: How they're prepared?

21    Q: Yeah, just in terms of --

22    A: So we go --

23    Q: -- the review that you go through and things  
24             like that.

25    A: The division of labors that Walter Hellerstein

works on the volume one, which includes corporate income taxes, includes the sections, where -- that I mentioned earlier, and I do the updates on the sales and use tax in volume two, essentially.

Q: Okay. Like, I know that when we write articles like at our firm, you always have things cite checked and make sure all our quotes are accurate and things like that. And I would assume that it's important to you as a co-author and a respected academic that your writings are as accurate as possible, correct?

A: We do the best we can.

Q: I believe you just testified that in this case, the Department's, quote, "taking a market state approach to source receipts in this case." Correct?

A: It's a market state result they're achieving. It might be achieving it through a statute that isn't explicitly -- what I call an explicit market sourcing statute, but that's the result in the case.

MR. ROBERTS: I'd like to -- I believe this is already into evidence. I'd like the witness to read something.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 MR. CONDON: Can I see that?

2 MR. ROBERTS: Sure.

3 THE COURT: You can have this one.

4 MR. ROBERTS: You can have that one. Sorry, Bill.

5 Q: This is a couple of pages from the  
6 deposition -- from your deposition transcript.  
7 Can you just read lines eight to ten out loud,  
8 please?

9 THE COURT: This is from Dr. Swain's?

10 MR. ROBERTS: Professor Swain's deposition testimony,  
11 yes, Your Honor.

12 THE COURT: Okay.

13 A: You know, I think this is incomplete because  
14 you've asked me this question in many ways  
15 during the deposition, but I'll -- so it says,  
16 "Has South Carolina adopted a market-based  
17 approach to interpreting statutes?" A: "In  
18 this case it has."

19 Q: Okay. Thank you. In your deposition we had a  
20 long discussion about all this stuff and you  
21 just testified again that part of your opinion  
22 was that for equitable purposes, we should  
23 treat taxpayers in a like way and that you  
24 would like to -- you know, that sales of  
25 tangible personal property are sourced on a

1 destination basis and you think that receipts  
2 from services likewise should be sourced on a  
3 destination basis, correct?

4 A: Yes, and intangibles in South Carolina are also  
5 sourced on a destination basis. Services is  
6 the only exception --

7 Q: And --

8 A: -- under your view.

9 **THE COURT REPORTER:** I'm sorry, I can't hear.

10 **THE WITNESS:** Under DIRECTV's view. Services would  
11 be the only exception.

12 Q: And you further testified in your deposition  
13 that, quote, you would "prefer a destination  
14 approach in all instances." Correct?

15 A: I'm sorry?

16 Q: You further testified in your deposition that  
17 with respect to receipts from services that you  
18 would, quote, "prefer a destination approach in  
19 all instances." Right?

20 A: Actually, I'd want to see that line --

21 Q: I will show you.

22 A: I'd like to see the deposition page.

23 Q: Line 14. Line 14 on page 66.

24 A: (Reading.)

25 Q: Does that not say that you would prefer a

**CREEL COURT REPORTING, INC.**

1 destination approach in all instances?

2 A: Okay. The question was, "But that's somewhat  
3 different question than what I asked. You  
4 said, you know -- you said before that, as a  
5 matter of tax policies, Section 12-6-2295(A)  
6 should be construed to -- should be construed  
7 to require destination-based approach similar  
8 to the sale of tangible personal property. And  
9 you also said, as well, in some cases it may  
10 not. But under your policy it would always --  
11 it always would because you think it should be  
12 a destination-based approach, correct?"

13 Answer: "I would prefer destination approach  
14 in all instances and I'm not sure how South  
15 Carolina courts are going to construe. You're  
16 asking me a statutory construction question."

17 Q: Have you ever testified on behalf of the  
18 taxpayer in case in which the state was  
19 asserting a market-based sourcing approach  
20 against the taxpayer?

21 A: In Vodafone in Tennessee, the Tennessee taxing  
22 authority was attempting to change the rule,  
23 was my view, and not construe their statute.  
24 It was what we call a Section 18 equitable  
25 apportionment case. And I testified that this

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           wasn't a proper application of the equitable  
2           approach -- equitable apportionment statutes  
3           regardless of how just they thought their  
4           approach was.

5           And it was interesting, the attorneys in that  
6           case, they were quite well aware of my  
7           destination approach writings and they asked me  
8           to testify in that case because it had to do  
9           with a different tax policy issue, frankly as  
10          the construction and when can we deviate from  
11          a statute retroactively.

12       Q:   And you testified in that -- and you testified  
13           on behalf of the taxpayer that -- you prepared  
14           a report in that case, correct?

15       A:   Yes.

16       **MR. ROBERTS:**   Your Honor, I'd like to mark and  
17           introduce a new exhibit and I can authenticate  
18           it through the witness, Your Honor.

19                               **(Off the Record)**

20       Q:   You can flip through that to -- do you  
21           recognize that document?

22       **THE COURT:**   Well, I think we need to follow the  
23           approach of Rule 613. You're using extrinsic  
24           evidence to impeach the witness?

25       **MR. ROBERTS:**   Mostly, Your Honor, yes. I think the

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           opinions that he's expressing today are  
2           inconsistent with the opinions that he's  
3           expressed in other cases involving similar  
4           issues.

5   **THE COURT:** Then I think the approach is you -- to  
6           draw the witness's attention to the statement,  
7           the date, the time, the place, give him the  
8           opportunity to confirm or deny the statement,  
9           and if that -- if they confirm or deny what --  
10          well, if they confirm it, that ends the inquiry  
11          and you don't go into it.

12   **MR. ROBERTS:** That's fine, Your Honor.

13   **THE COURT:** So you're offering that into evidence,  
14          is your phrase just now. I think we --

15   **MR. ROBERTS:** So I can just read the passage -

16   **THE COURT:** -- follow --

17   **MR. ROBERTS:** -- and I can have him confirm it?

18   **THE COURT:** Rule 613, yeah, the Rules of Evidence.

19   **MR. CONDON:** Your Honor, I'd object, though, because  
20          it's labeled an affidavit, but I've never seen  
21          an affidavit that's not executed. I don't see  
22          any execution or notary or anything in here.

23   **MR. ROBERTS:** It's right here on page six.

24   **THE COURT:** Well, we can go into --

25   **MR. CONDON:** Oh.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1     **THE COURT:** We can address that if, indeed --

2     **MR. ROBERTS:** This is his expert report.

3     **MR. CONDON:** Okay. Stand corrected. Thank you.

4     **Q:** So, again, so you prepared an expert report in  
5         Vodafone case in Tennessee, correct?

6     **A:** That is correct.

7     **Q:** And the issue in the Vodafone case, the  
8         Department sought to source Vodafone's service  
9         receipts to the billing address of its  
10        customers, correct?

11    **A:** Under Section 18, which was the exercise of an  
12        equitable power, to deviate from their  
13        construction of their statute.

14    **Q:** My question was: The Department in Vodafone  
15        sought to source Vodafone's service receipts to  
16        the billing address of its customers, correct?

17    **A:** Correct, based on Section 18; not Section 17.

18    **Q:** And in that case, page 18 of your report, you  
19        said, "At the end of the day, the Department  
20        will have effectively substituted a  
21        destination-based rule for the statutory  
22        prescribed origin-based rule. An entire  
23        section of UDITPA will have been retroactively  
24        repealed by administrative fiat." Did you say  
25        that?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: I'm sorry, can I -- where are we again?

2 Q: Page 18 at the top of the page.

3 A: I'm sorry, which line?

4 Q: Three lines down from the top -- or, I'm sorry,

5 four lines down from the top.

6 A: "At the ..."

7 Q: "At the end of the day ..." Five lines. I

8 can't count, I guess.

9 A: Yes, they were attempting to deviate from their

10 interpretation of their statute. In this case,

11 the Department is interpreting their statute.

12 Those are two very different things.

13 Q: And so based on the opinion that you're giving

14 in this case, then, had the Tennessee

15 Department of Revenue simply interpreted their

16 statute to require a market-oriented result,

17 you would've had no problem with that, correct?

18 A: That's absolutely correct.

19 Q: Thank you. All right. Now, you heard

20 testimony earlier today from Mr. Swearingen -

21 A: And I'll add that --

22 **MR. ROBERTS:** Your Honor, I've already --

23 **THE WITNESS:** -- I would file this affidavit --

24 **THE COURT:** He can explain the answer. Go ahead.

25 **THE WITNESS:** If the Department of Revenue in this

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 case was using Section 18, I'd essentially file  
2 this same affidavit, I'd suspect. I haven't  
3 read this in five years, but I think I'd file  
4 the same affidavit. They're trying to  
5 retroactively impose a new rule rather than  
6 construe a rule. The Court will decide whether  
7 it's a proper construction or not. I think  
8 they're taking the high road.

9 Q: All right. So your testimony earlier today,  
10 Mr. Condon asked Mr. Swearingen point blank  
11 whether South Carolina was a  
12 cost-to-performance state and Mr. Swearingen  
13 said, no, you're not a cost-to-performance  
14 state.

15 **MR. ROBERTS:** I'd like to introduce Plaintiff's  
16 Exhibit Eleven.

17 **THE COURT:** Plaintiff's?

18 **MR. ROBERTS:** Petitioner's. Sorry, Your Honor.

19 Q: Turn to the bottom of page 333, footnote 13,  
20 please.

21 A: (Witness complies.) Yes.

22 Q: And just read footnote 13 out loud to the  
23 Court, please.

24 A: Yes. It says, "According to two knowledgeable  
25 observers, as of late 2010, four states use a

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 proportionate cost-to-performance method:  
2 Arkansas, Mississippi, North Carolina, services  
3 only; South Carolina, services only." And then  
4 there's the citation sentence for that.

5 Q: Thank you.

6 A: That --

7 Q: You would acknowledge that that statement is  
8 inconsistent with what Mr. Swearingen testified  
9 to earlier today, correct?

10 A: No, it's not inconsistent.

11 Q: I thought Mr. Swearingen testified that South  
12 Carolina was not a cost-to-performance state  
13 and this footnote says that South Carolina is  
14 a cost-to-performance state.

15 A: Let's read the sentence that precedes the  
16 footnote, okay? It says, "There is, however,  
17 a more fundamental objection to UDITPA's  
18 cost-to-performance rule for attributing  
19 receipts from services whether applied in all  
20 or nothing basis or on a percentage attribution  
21 basis, as some states do -- as some states do."  
22 This footnote, the purpose of it was to  
23 identify states that have this apportioned  
24 approached to their service -- their services  
25 attribution. It does have some loose language.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 I mean, they say "cost-to-performance" here.  
2 It's a one sentence trying to recapitulate the  
3 statutes to four states.

4 We can all read the statute to see whether  
5 cost-to-performance was in South Carolina  
6 statutes. The intent of this footnote was to  
7 identify states that use this proportionate  
8 method and not to make some definitive  
9 statement about whether it's a  
10 cost-to-performance state. And we can read the  
11 statute and know that's it's not.

12 Q: In your opinion, the income-producing activity  
13 in this case is the delivery of the signal,  
14 right?

15 A: Are you calling for a legal conclusion?

16 Q: I believe you said it earlier, that the  
17 income-producing activity in this case was the  
18 delivery of the signal --

19 A: I think it's a --

20 Q: -- or delivery of a service.

21 A: -- reasonable construction of the South  
22 Carolina statute, and that's the providence of  
23 the Court, to construe income-producing  
24 activity for the purposes of the South Carolina  
25 statute as being the delivery -- essentially

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 the delivery of the service to the customer,  
2 yes.

3 Q: And you would acknowledge that there is a cost  
4 associated with the delivery of the service,  
5 correct?

6 A: Yes, there's a cost associated with the  
7 delivery.

8 Q: And so you would also agree, then, that an  
9 activity that generates a cost can be an  
10 income-producing activity.

11 A: It can be, yes.

12 Q: Thank you. All right. You mentioned before  
13 that you had reviewed the *Lockwood Greene* case  
14 in preparation for this case. And you're aware  
15 of the holding that the court in *Lockwood*  
16 *Greene* adopted the place of activity view which  
17 sourced to the place of -- the performance of  
18 services and rejected the origin of payment  
19 view. So based on the opinion that you've  
20 given today from a tax policy standpoint, you  
21 would disagree with the result reached in  
22 *Lockwood Greene*?

23 A: I would disagree with the result in 2015.  
24 Actually, I'd think hard about it and if I were  
25 deciding the case when that was decided,

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1           because of the nexus rules at that time, I'd be  
2           kind of maybe sanctioning a tax avoidance --

3       Q:    But from a tax policy -- sorry, I didn't mean  
4           to interrupt you.

5       A:    Well, tax policy inclusions might be different  
6           in 1984 because of the way the nexus rules  
7           work.    You don't want to source sales to  
8           jurisdictions where you don't have the ability  
9           to enforce the tax.    Now you do have the  
10          ability to enforce the tax.    So I think the tax  
11          policy considerations are different and, you  
12          know ...

13       Q:    Looking at *Lockwood Greene* today from a tax  
14           policy standpoint, you would disagree with that  
15           result.

16       A:    Yes, if it was a taxpayer today, yes, under  
17           today's legal regime.

18       Q:    We've also heard from the Department's  
19           witnesses today that the Department draws the  
20           distinction between personal service providers  
21           and all other service providers.    From a tax  
22           policy standpoint, you would agree that there's  
23           not a very good tax policy reason for  
24           distinguishing between service providers when  
25           we're dealing with the same apportionment

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 statute, correct?

2 A: I think that's right. I would market source  
3 all services where administratively feasible.  
4 Administrability is another value we think  
5 about and I wonder if what's going -- of  
6 whether there's kind of -- you have a de  
7 minimus law firm or accounting firm or  
8 something that can't -- it's just easier to  
9 report on an origin basis for them; that might  
10 be a policy rationale based on  
11 administrability. But, yeah, generally I'm  
12 a -- support market sourcing. I'll also note  
13 that the distinction between personal services  
14 and other types of services is not uncommon in  
15 the law. That's just as a legal matter,  
16 though, not a policy matter.

17 Q: From a tax policy --

18 A: Yeah.

19 Q: -- perspective.

20 A: Yeah.

21 Q: Correct. The South Carolina Legislature  
22 adopted single-factor sales factor for service  
23 providers in 1958. It seems pretty reasonable  
24 to conclude, I think, that had they wanted to  
25 go to a market state approach, they had plenty

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 of time to adopt such a statute.

2 A: Well, I think you need to read that statute in  
3 pari materia -- I can't pronounce it -- sort of  
4 in conjunction with the changes to the South  
5 Carolina law that have occurred. And when  
6 they're sitting in the Legislature adopting  
7 single-sales factor apportionment for tangible  
8 personal property and they look over here and  
9 they see they've already got that or what looks  
10 like it for services, why amend the statute?  
11 And, by the way, the statute was amended and  
12 those words "income-producing activity" were  
13 incorporated into a statute that is destination  
14 sourcing for tangible personal property.  
15 Does destination sourcing more clearly than  
16 this particular provision for intangibles, but  
17 for the fastest growing part of the economy,  
18 services, they're going to live in the past  
19 era? I don't think -- I don't think -- my  
20 personally -- either South Carolina or the  
21 legislatures across the country don't want to  
22 do that. That's why -- I don't think they want  
23 to do that.

24 Q: You would acknowledge that for sales of  
25 tangible personal property there is a specific

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 statutory provision that says that you (sic)  
2 sourcing it on a destination basis, correct?

3 A: Yeah, it's much less ambiguous.

4 **MR. ROBERTS:** Thank you. No further questions, Your  
5 Honor.

6 **THE COURT:** Redirect.

7 **MR. CONDON:** Thank you, Your Honor.

8 **MR. SWAIN - REDIRECT EXAMINATION BY MR. CONDON:**

9 Q: Professor Swain, would you grab -- I didn't  
10 write down the number, but the excerpt of  
11 your -- from your deposition that Counsel asked  
12 you about?

13 A: What page?

14 Q: It's labeled page 30 and -- 29 and 30 of your  
15 deposition.

16 A: Okay.

17 Q: All right. So Counsel asked you about what's  
18 highlighted there on page 29, that you said  
19 that South Carolina has adopted a market-based  
20 approach. Do you see that?

21 A: Yes.

22 Q: But you also said that was incomplete. Could  
23 you explain that?

24 A: I could, though, you know, we kind of dance  
25 around on the semantics. There's -- there's --

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 I'd say there's three classes of statutes,  
2 okay? Or interpretations of statutes. There  
3 are what I call the traditional interpretation  
4 of UDITPA; it's DIRECTV's. There are explicit  
5 market sourcing statutes that many states have  
6 adopted; that's the other end of the spectrum.  
7 Then there are states that have construed their  
8 place of performance, even their place of  
9 performance costs to performance statutes in a  
10 market sourcing manner or approach. So I'm  
11 not -- I'm not unhappy with, you know, this  
12 being incomplete. Elsewhere in the deposition,  
13 we kind of danced around, you know, explicit,  
14 implicit, market-based in effect or end result.

15 Q: Would you --

16 A: It's fine. It's fine.

17 Q: Would you flip to page 30, the next page?

18 A: (Witness complies.)

19 Q: Counsel did not ask you to read what's  
20 highlighted there. Would you read what's  
21 highlight there?

22 A: "Certainly the result in this case reaches a  
23 market-based result." That's an example  
24 where -- yeah. And I said, "Okay. All right."

25 Q: Okay. Would you also -- would you now turn to

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

1 the other -- or one of the other items Counsel  
2 gave you, this tax analysis special report.  
3 It's the "Market State Approach" --

4 A: Yeah.

5 Q: -- "to Attribution of Receipts."

6 A: Uh-huh (affirmative response).

7 Q: And you were asked about footnote 13, so please  
8 turn to footnote 13.

9 A: Uh-huh (affirmative response). (Witness  
10 complies.)

11 Q: And the language that Counsel asked you about,  
12 where did that language about South Carolina  
13 being a proportionate cost-to-performance state  
14 come from?

15 A: Well, we're quoting some other authors here.  
16 I mean, I'm not going to disavow  
17 responsibility. I mean, I know Walter  
18 Hellerstein wrote this but not me, but it's our  
19 article, but -- and we're citing somebody else  
20 and quoting them, who's trying to summarize the  
21 law of four states in one sentence, and it's  
22 cited for the proposition other than what I  
23 think was being implied.

24 MR. CONDON: No further --

25 A: The other thing --

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: Go ahead, if you want to.

2 A: I think it's important -- if anyone wants to  
3 read this article, it's important to note kind  
4 of in a complete -- in the idea of  
5 completeness: "In preparing this article,  
6 Professor Swain and Hellerstein draw freely  
7 from portions of the forthcoming revision of  
8 chapter nine of their treatise."

9 So this language -- and we redacted, for  
10 example -- you know, when I talked about that  
11 language about confusing, whipsawing,  
12 indeterminate, contradictory, that's not in  
13 here, because that wasn't our point to sort of  
14 criticize or interpret Section 18.

15 So that language isn't in here and if I were  
16 trying to figure out what Swain and Hellerstein  
17 are saying, I would refer to this chapter nine  
18 and the updates that have arrived since then,  
19 including the last one which wasn't in the  
20 exhibit that was authenticated earlier. I  
21 don't know if it was introduced, which includes  
22 yet another Florida authority that has market  
23 state result under an income-producing activity  
24 statute and cites the treatise.

25 MR. CONDON: No more questions, but a question for

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201

1 the Court. Professor Swain mentioned some  
2 cases in his Direct testimony. Would the Court  
3 like those citations? They are in our  
4 prehearing brief.

5 **THE COURT:** I'm going to ask y'all to give proposed  
6 orders. I think you can decide to put those  
7 citations in the proposed order or not.

8 **MR. CONDON:** Okay. Thank you, Your Honor. No  
9 further questions for Professor Swain.

10 **MR. ROBERTS:** We have no further questions, Your  
11 Honor.

12 **THE COURT:** Okay. I had a question that I can't  
13 remember -- well, let's see. What I wanted to  
14 clear up what you testified to. You were  
15 talking about Section 17 and you said, "The  
16 traditional interpretation of looking at  
17 cost-to-performance is duplicating the....," and  
18 I didn't --

19 **THE WITNESS:** Oh, I'm -- the property and payroll  
20 factor. Because when you think about what the  
21 costs are, it's often your capital investment,  
22 your property, your payroll, and then also I'd  
23 say other expenses and it'd be like an expense  
24 factor. So it's like a -- it sort of morphs  
25 into a factor that has property, payroll, and

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201

1 your other expenses.

2 **THE COURT:** All right. Any follow up on that?

3 **MR. ROBERTS:** No further questions, Your Honor.

4 **MR. CONDON:** No, Your Honor.

5 **THE COURT:** You may step down.

6 (Witness excused.)

7 **MR. VALLEJO:** Your Honor, we would like to call two  
8 rebuttal witnesses, but we'd like for  
9 permission for a ten-minute break.

10 **THE COURT:** All right. I can go with that.

11 (Off the record from 3:17 p.m. to 3:28 p.m.)

12 **THE COURT:** Who's up?

13 **MR. VALLEJO:** We'd like to call Dr. Cody to the  
14 stand as rebuttal.

15 **THE COURT:** Is Dr. Cody in here?

16 **MR. VALLEJO:** He is.

17 **THE COURT:** There he is. He's behind you.

18 **DR. BRIAN CODY,** having been previously sworn,  
19 testifies and examines as follows:

20 **DR. CODY - DIRECT EXAMINATION BY MR. VALLEJO:**

21 Q: Good afternoon, Dr. Cody.

22 A: Good afternoon.

23 Q: Were you present for Dr. Harrison's testimony  
24 earlier today?

25 A: Yes, I was.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: And did you hear him make a distinction from an  
2 economic perspective between personal services  
3 and other services?

4 A: I did hear him make that distinction, yes.

5 Q: Did you him testify that for personal services,  
6 the delivery of the service, the location of  
7 the delivery of the service, is not essential,  
8 but at least from the perspective of DIRECTV,  
9 that the location of the delivery of a service  
10 is essential. Did you hear that?

11 A: I did hear that.

12 Q: Could you please give us your views on that  
13 distinction from an economic perspective?

14 A: Certainly. I think it's quite simply a false  
15 distinction. Every service is delivered. It's  
16 essential that the service provider provide  
17 their service delivered to their customer. So  
18 trying to say that delivery for one kind of  
19 service provider another is essential or not I  
20 think really misses the whole point. It's  
21 essential for all service providers.

22 Why is that important? Well, I think when you  
23 focus on that false distinction, then you lose  
24 any type of connection that you then have to  
25 the underlying economics. And, in particular,

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 elevating delivery to the only factor that  
2 matters in distinguishing ignores really all of  
3 the other income-producing activities that are  
4 part of delivering and producing that service.  
5 So I think it really -- as I say, it's a false  
6 distinction. It elevates delivery as the only  
7 thing we need to know about in order to  
8 determine how to determine what the  
9 income-producing activities are, where they're  
10 located, and that just doesn't make economic  
11 sense to me.

12 Q: From your perspective and from an economic  
13 perspective, specifically, is there a guiding  
14 principle for treating personal services -- for  
15 sourcing receipts from personal services based  
16 on place of activity rule and other services  
17 based on a different rule?

18 A: No. From an economic perspective, I can't see  
19 that there is a guiding principle for that.  
20 There is a guiding principle for getting to the  
21 proper answer and that guiding principle, I  
22 believe, is to do a complete analysis of the  
23 provision of the service.

24 Looking at what the functions are that are  
25 being formed, the assets that are used in the

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 provision and the production of that service  
2 and the risks, that is the guiding principle  
3 that's here. We have a methodology to  
4 determine what those income-producing  
5 activities are, characterizing them, and  
6 locating them. But making a distinction  
7 without doing that I don't think is proper.

8 Q: Did you also hear Dr. Harrison testify earlier  
9 that activities that generate a cost cannot be  
10 income-producing activities?

11 A: Yes, I did.

12 Q: I believe in that context, he called your  
13 testimony an embarrassment and he said it was  
14 silly. And I would just like your reaction to  
15 those statements and conceptually the  
16 activities that generate a cost cannot be  
17 income-producing activities from an economic  
18 perspective; what's your view?

19 A: I'll deal with the economic side just --  
20 firstly, I'll let the statement stand for  
21 themselves. I was slightly taken aback and  
22 quite frankly a little embarrassed for our  
23 profession at the outburst, particularly in a  
24 proceeding like this; put that aside.  
25 In terms of cost-producing activities, I've

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 looked to try to find a definition of  
2 "cost-producing activity." I never heard the  
3 term and, quite frankly, until I read  
4 Dr. Harrison's deposition and his testimony  
5 today was consistent with what was in that  
6 deposition.

7 So I looked. I tried to find a definition of  
8 "cost-producing activity." I couldn't find  
9 any. I searched on Google, Google Scholar,  
10 which is one of the authorities that  
11 Dr. Harrison cites in his deposition where he's  
12 mentioned in his articles.

13 The only place I could find it had to do with  
14 pollution, with externalities. It had nothing  
15 to do with the kind of issues that are before  
16 this hearing today in this court.

17 Q: And from a boarder perspective, what do you  
18 think of the notion that a activity that  
19 generates a cost cannot be an income-producing  
20 activity?

21 A: I don't understand that. I don't think it  
22 makes economic sense and here's why. We've  
23 been told a number of times -- and I believe  
24 Dr. Harrison reiterated this point -- that the  
25 delivery of the signal to the customer is the

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 income-producing activity. Well, certainly  
2 there's a cost associated with that. So under  
3 his own definition, that can't be an  
4 income-producing activity.

5 So I say, okay, well, can there be any  
6 income-producing activities then? All the way  
7 up to the billing, even up at the billing  
8 point, DIRECTV either has to send an invoice to  
9 its customer, process electronic fund transfer  
10 where I have automatic payment; there are costs  
11 associated with all those.

12 So everything that DIRECTV does has a cost  
13 associated with it. So under that definition,  
14 DIRECTV has no income-producing activities.  
15 The only income-producing activity that they've  
16 been able to identify that doesn't produce a  
17 cost for income -- for DIRECTV is the customer  
18 actually writing the check and handing it, all  
19 right? That's an activity of the customer, not  
20 of DIRECTV.

21 So I fail to see how saying that we have this  
22 distinction between cost production,  
23 cost-producing, and income-producing and saying  
24 that they're mutually exclusive leads me to  
25 what I believe is a conclusion which is not

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 reasonable from an economic perspective and  
2 unsupportable.

3 Q: Did you hear Dr. Harrison testify that the  
4 Department's approach in this case was  
5 economically reasonable?

6 A: I did.

7 Q: Could you please compare and contrast the  
8 Department's approach to the approach that  
9 DIRECTV is advancing in this case?

10 A: Yes, and let me start with the latter since  
11 it's been a day or so since we've gone through  
12 that.

13 The analysis that DIRECTV is presenting and  
14 that I've looked at in my analysis looks at the  
15 entire span of DIRECTV's activities; from  
16 content acquisition, broadcast services,  
17 marketing, and customer service. And I won't  
18 go into all the details of those. I think  
19 we've heard ample testimony about the extent  
20 that those activities, the value that's there,  
21 whether you're a sports fan or a movie fan  
22 or -- I'm a bit of a -- as you might expect,  
23 kind of a financial markets junkie, so I like  
24 that kind of broadcast. News, music, whatever  
25 it is, there's something there for you.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 And so the analysis looks at that entire span  
2 of operations, including and very importantly  
3 the delivery of the signal to the customer, and  
4 says: What are the activities involved with  
5 each of those phases of the business and where  
6 do they take place?

7 And importantly then try to say, how can we  
8 locate those income-producing activities in a  
9 reasonable fashion? Here we have something  
10 that we need to comply with a very important  
11 obligation, paying our taxes, all right, and  
12 doing that in a reliable and defensible and  
13 transparent way.

14 And so the analysis put forward is to look at  
15 as a proxy for where those activities take  
16 place is to look at payroll and assets. Two  
17 measures which are proxies -- they're not  
18 perfect, but they're proxies -- and they  
19 provide a practical and actually a very  
20 well-trod path for allocating and determining  
21 the location of income-producing activities.  
22 They've been part of three-factor formulas that  
23 have been used and applied in a consistent  
24 fashion over a number of years. They're  
25 practically and easily implemented, all right?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 They use data which can be readily identified  
2 and calculations, which are straight-forward to  
3 me.

4 I contrast that to the position that the  
5 Department has taken. And the Department has  
6 taken the position that -- yes, I recognize  
7 that there's this whole span of activities that  
8 go on. In fact, Dr. Harrison, I heard him say,  
9 it's important that he doesn't have to drive to  
10 El Segundo in order to watch a football game on  
11 a Sunday afternoon. He values being able to  
12 get that signal into his living room on that  
13 Sunday afternoon out in Irmo. That's great; I  
14 do, too.

15 But then he goes on to completely ignore for  
16 purposes of determining an income-producing  
17 activity everything that it takes to get that  
18 signal from the stadium, El Segundo, to his  
19 home.

20 He says, "The only thing I need to know is that  
21 I sit in my living room and pay my bill. That  
22 tells me everything I need to know about  
23 DIRECTV's income-producing activities."

24 That just doesn't make economic sense to me.  
25 In fact, it involves a great leap of faith, if

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1       you will, in terms of disregarding the  
2       analysis, what's important from an economic  
3       perspective, and coming to that conclusion.

4       Now, if I contrast the two, very different  
5       approaches, I think, in particular when you  
6       look at DIRECTV's approach and the analysis  
7       I've used which looks like at all of the  
8       factors, as opposed to just where the customer  
9       is; which, quite frankly, sounds a lot like  
10      market, as I've come to understand in these  
11      proceedings.

12      Certainly -- and, Your Honor, this goes back to  
13      a question that you asked yesterday, which I --  
14      is a very pertinent question, I think, as we're  
15      looking at these analyses, is that any economic  
16      analysis, we need to make certain assumptions  
17      in order to get from the theory to practical  
18      grounds. And that, certainly, there are some  
19      simplified assumptions that we make and I make  
20      in my analysis.

21      Payroll and assets are proxies; they're not  
22      perfect measures. I use payroll as a proxy as  
23      a reasonable measure of labor contribution,  
24      assets contribution of capital. Certainly I'm  
25      making some assumptions about averaging the

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 return that I'm giving to capital. All the  
2 capital gets the same return. Likewise, each  
3 dollar of payroll gets the same return.

4 But those are assumptions that we've been  
5 comfortable with for 50, 60 years as we look at  
6 various three-factor formulas, single-factor  
7 formulas, and so forth. So they're no stronger  
8 assumptions than we've been comfortable with  
9 from both an economic perspective and from  
10 completing our tax obligations than we've done  
11 before.

12 I contrast that to the assumption that is in  
13 the Department's and in Dr. Harrison's  
14 approach. And that assumption is: I can  
15 assume away all of the other activities. I  
16 only need to know where the customer is. I  
17 don't have to worry about them. I just  
18 classify them as incidental. Yeah, I'll give  
19 some -- a little bit of credit. Yeah, there's  
20 some value there, but I just simply assume them  
21 away.

22 That, to me, is a very, very strong assumption.  
23 It's not based on fact. I don't see the  
24 economic theory behind it to support that; it's  
25 just an assumption.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           So what's the implication there, then? If I  
2           look at my analysis, these assumptions are  
3           well-founded, they've been accepted, and  
4           implemented. If there's any deviation from the  
5           actual, say, true result, it's within tolerable  
6           bounds and there's no bias one way or the  
7           other.

8           If I look at Dr. Harrison's approach and the  
9           Department's approach, only in very rare  
10          circumstances would the customer location from  
11          an economic perspective tell me what I need to  
12          know. We've heard a few of those examples  
13          here.

14          But in the other cases, and certainly the case  
15          here, that assumption is -- leads us  
16          exponentially away from where we should be,  
17          because it ignores this whole span of activity,  
18          billions of dollars of investments, million and  
19          billion dollars of payroll to perform this  
20          ongoing service; drives us so far away from the  
21          actual result.

22          And as I think about these two, I came back to  
23          a quote, I think it was Einstein, and Einstein  
24          said about theories, but -- that we should try  
25          to make things as simple as possible, but not

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 simpler, all right? Because when we make  
2 things too simple, we go astray.

3 And I think that's a way to contrast our two  
4 examples here, is that the factors -- the  
5 proxies that I have used in my analyses make  
6 things practical, they follow theory, something  
7 we can work with. They're appropriately  
8 simple, easy to administer.

9 The Department's approach is too simple and  
10 because it's too simple, it's not based on the  
11 facts and it drives us away from what's right  
12 and it presents a distorted view of the  
13 income-producing activities of DIRECTV and  
14 leads us to an answer that is not economically  
15 supportable, nor reasonable.

16 **MR. VALLEJO:** Thank you, Your Honor. No further  
17 questions.

18 **THE COURT:** Any questions?

19 **MS. WOOTEN:** Just a few follow-up questions, Your  
20 Honor.

21 **DR. CODY - CROSS-EXAMINATION BY MS. WOOTEN:**

22 **Q:** You just referenced that the method that you  
23 propose to use in this case uses a payroll and  
24 property factor; is that correct?

25 **A:** Yes.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: And those factors are part of the three-factor  
2 formula?

3 A: No, I -- I believe I said that they -- those  
4 same factors have been used in other instances,  
5 as commonly used in three-factor formulas. I  
6 wasn't trying to say that mine was a factor  
7 formula, but simply that they have been used as  
8 proxies in the past for labor and capital.

9 Q: Does South Carolina currently use a  
10 three-factor formula for apportioning income of  
11 service providers to South Carolina?

12 A: The -- the regulations as I understand it are,  
13 as I've been describing here, that we look to  
14 the income-producing activities. And I'm  
15 simply looking at labor as referenced by  
16 payroll and assets by property as a way to  
17 determine income-producing activities. I'm not  
18 trying to assert, nor am I claiming any type of  
19 conclusion on the statute.

20 **MS. WOOTEN:** That's all, Your Honor.

21 **THE COURT:** Follow-up on those questions?

22 **MR. VALLEJO:** No, Your Honor. We have no further  
23 questions.

24 **THE COURT:** You may step down.

25 **THE WITNESS:** Thank you, Your Honor.

(Witness excused.)

MR. VALLEJO: Your Honor I would like to recall Professor Pomp to the stand, please.

DR. RICHARD POMP, having been previously sworn, testifies and examines as follows:

DR. POMP - DIRECT EXAMINATION BY MR. VALLEJO:

Q: Good afternoon, Professor.

A: Good afternoon.

Q: Were you present in the courtroom when Dr. Harrison was testifying today?

A: I was.

Q: And you listened to his testimony carefully?

A: I did.

Q: Did you hear him use a term "cost-producing activity"?

A: I did.

Q: Have you ever heard this term before?

A: In one of the -- I think this is either my second or third time listening to Professor Harrison, I always get very insecure when I listen to Professor Harrison. It doesn't last that long, but in the short-term, I begin to wonder: Have I missed something for 40 years? Have I been teaching students improperly for 40 years? Is there some concept that I somehow

**CREEL COURT REPORTING, INC.**

1 fail to understand in 40 years?

2 I had never heard of cost-producing activity  
3 until I read his deposition. And I've gone  
4 through the archives of the Uniform Division of  
5 Income for Tax Purposes Act.

6 So I -- I Googled it, also. I'm glad to see I  
7 did the same thing the Ph.D. in economics does.  
8 I looked at Google Scholar and Google and some  
9 of the other databases and what I found are  
10 cost-imposing activities where -- and pollution  
11 is the most common one -- where I do something  
12 and it imposes a cost on you. But I have never  
13 heard "cost-producing activity" in the context  
14 of income-generating activity.

15 And again, Your Honor, if you think back to the  
16 example we discussed yesterday, the  
17 income-generating model of a law firm, I pay an  
18 associate a hundred dollars and I bill the  
19 associate out at \$200, there's an  
20 income-generating activity. And of course it's  
21 a cost. Most income-generating activities --

22 **MR. CONDON:** Your Honor --

23 **A:** -- that I --

24 **MR. CONDON:** Your Honor, I object.

25 **THE COURT:** Whoa.

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 **MR. CONDON:** Professor Pomp was made an expert on  
2 tax policy. He's interpreting economic  
3 statements made by an economist who was  
4 qualified in economics. So I don't see that  
5 Professor Pomp's -- that, first, he's qualified  
6 to talk about economics and, second, that his  
7 opinion of economics opinions are relevant.

8 **THE COURT:** Response?

9 **MR. VALLEJO:** Response is that I'm asking him in the  
10 question as a tax policy expert in connection  
11 with apportionment issues.

12 **THE COURT:** I think maybe you need to ask a new  
13 question and get us going down -- so I'll be  
14 clear on the path we're on.

15 **MR. VALLEJO:** Of course.

16 Q: So, Professor Pomp --

17 **THE COURT:** Because you're only on the first  
18 question, aren't you?

19 **MR. VALLEJO:** Yes, yes.

20 **THE COURT:** And you've been going for a while,  
21 but ...

22 Q: Professor --

23 A: I'm trained to talk in two-hour slots when I  
24 teach, so it's an occupational hazard, I'm  
25 sorry.

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Q: Professor Pomp, from a tax policy perspective  
2 as it relates to apportionment issues, have you  
3 ever heard the word -- the term "cost-producing  
4 activity" used before?

5 A: No.

6 Q: And what's your view from a tax policy  
7 perspective, again, in connection with  
8 apportionment issues for state taxation, of the  
9 idea that a activity that produces a cost  
10 cannot produce an income-producing activity?

11 A: I think it is entirely wrong. I think  
12 income-generating activities are going to be  
13 costs. It takes money to make money. I don't  
14 think I need to be a Ph.D. in economics to know  
15 that. You spend money and hopefully you get  
16 back more than what you spend. It's a pretty  
17 basic business model.

18 Q: Did you also hear Dr. Harrison say that we know  
19 the numerator in the South Carolina  
20 apportionment formula because we know the gross  
21 receipts in South Carolina?

22 A: Yes.

23 Q: Could you please tell us your view of that from  
24 a tax policy perspective in connection to  
25 apportionment issues for state tax purposes?

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 A: I put this in the same school of the "but for"  
2 fallacy. The statute tells us that we have the  
3 gross receipts of a service provider and now  
4 let's determine the South Carolina gross  
5 receipts. How are we going to do that? We're  
6 going to measure the extent to which the  
7 income-producing activities occur in South  
8 Carolina.

9 Dr. Harrison short-circuits that whole process  
10 by saying, "Oh, we know the South Carolina  
11 gross receipts; here they are. They're what  
12 people paid in South Carolina." No, no, that's  
13 what the statute's goal is. You don't start  
14 with that as your conclusion and end with that.  
15 So, you know, that's just a misreading of the  
16 statute. So I think it's another fallacy.

17 Q: Thank you, Professor. Turns to Professor  
18 Swain's testimony, were you in the courtroom  
19 during his testimony?

20 A: I was.

21 Q: Did you listen carefully to his testimony?

22 A: I did.

23 Q: Did you agree with Professor Swain's  
24 description of the destination principle for  
25 tangible personal property?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 A: In part. I think what did not become clear is  
2 that up until very, very recently, South  
3 Carolina used the traditional three-factor  
4 formula for apportioning the income of a  
5 manufacturing activity. Payroll, property and  
6 sales.

7 Sales is on a destination principle. I talked  
8 about that yesterday. It's where the goods are  
9 shipped into, the state into which they're  
10 shipped. Payroll and property are origin  
11 based. They're more consistent with Section  
12 17. These are income-generating activities.

13 So the traditional three-factor formula is a  
14 mixture of origin and destination and it's only  
15 the sales factor that is destination.

16 Now the State is moving to just the use of the  
17 sales factor and so you will have an  
18 exclusively destination-based formula at that  
19 point. But certainly for decades you've the  
20 payroll and property origin-based factors, so.

21 **THE COURT:** So this is tangible personal --

22 **THE WITNESS:** Tangible personal property, that's  
23 right. That's what he was referring to,  
24 because he says that, well, we should approach  
25 the destination principle even in the -- well,

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 in the case of services, that we should mimic  
2 the destination principle used in tangible.  
3 But, again, for decades there was two origin  
4 factors, so.

5 Q: And how does this concept relate to the  
6 throwback rule that we also heard Professor  
7 Swain mention?

8 A: Yes. I mean, I guess the first thing, I agree  
9 with Professor Swain's article where he says,  
10 "The UDITPA apportionment formula is not based  
11 on the rigorous application of any particular  
12 accounting standard or economic theory."  
13 That's page 292 of Professor Swain's Tulane  
14 argument.

15 And the National Tax Association, I'm now  
16 reading from page -- at least page eight in the  
17 printed version of my report is the hearing  
18 officer. I don't think it tracks the  
19 pagination that Mr. Condon has in the exhibits,  
20 but it's under a heading, "A Brief History of  
21 Formulary Apportionment."

22 "The National Tax Association, which was quite  
23 active in proposing an evenly weighted  
24 three-factor formula, also didn't claim the  
25 formula was based on any economic principle or

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 theory or that it was better than other  
2 formulas at measuring where income was  
3 generated. To the contrary, the National Tax  
4 Association recognized that all formulas were  
5 arbitrary. The most important thing was a  
6 formula that the states could agree on."

7 So I think Professor Swain and I would disagree  
8 on whether the sales factor has to be  
9 destination. It's not a biblical mandate. You  
10 know, you've got to just look and see what  
11 makes sense. It's not one of these principles  
12 that sits there as a Metta principle above  
13 everything else.

14 And Professor Swain gets there because he says  
15 it should reflect the marketplace; people say  
16 that. But yet his example of the throwback  
17 rule belies that explanation.

18 Now, South Carolina doesn't have a throwback  
19 rule, but his explanation was entirely on the  
20 money. If I'm in this state and I sell into a  
21 neighboring state where I'm not taxable, that  
22 sale will be thrown back to this state, because  
23 we feel you shouldn't be assigning sales to  
24 states in which you're not taxable.

25 Well, there's a nice example where you're not

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1           trying to reflect the market. The market is  
2           clearly the state where you're not taxable.  
3           You're throwing it back because you have some  
4           other competing principle.

5           Dividends, interest, capital gains, they're  
6           included in many states in the receipts factor.  
7           And it's hard to, you know, get a marketplace  
8           theory out of that. So I guess I don't -- you  
9           know, I don't worship on the alter of this  
10          marketplace for the sales factor above all  
11          else, so.

12       Q:   Professor, we also heard Professor Swain  
13           testify that he disagreed from a tax policy  
14           perspective with the result in *Lockwood Greene*  
15           today. But going back to the period in which  
16           *Lockwood Greene* was decided, that may have been  
17           okay because it may have avoided some tax  
18           avoidance purpose or effect by the taxpayer.  
19           Can you comment on that?

20       A:   Yeah, I thought that was a creative spin on  
21           *Lockwood Greene*, that why they did what they  
22           did was to avoid receipts being assigned to a  
23           state where *Lockwood Greene* may not have been  
24           taxable.

25          There's, of course, nothing in the opinion that

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 even suggests that. The court says that the  
2 engineering firm's business carried on in a  
3 state is reasonably measured by the services  
4 rendered by its personnel in the state. So it  
5 wasn't what the court was thinking of or if it  
6 was, it didn't articulate it.

7 But *Lockwood Greene* had offices in other states  
8 and it had projects in numerous states. And  
9 where you have office, you have nexus. Where  
10 you have projects, you're more than likely  
11 going to have people visiting, meeting, looking  
12 at the site, and those are all nexus creating.  
13 So I would be a little skeptical that *Lockwood*  
14 *Greene* did not have nexus in the states in  
15 which it was looking to assign its income.  
16 It's possible but, again, I don't think it's  
17 likely and I don't see where that influenced  
18 the court at all in its decision.

19 Q: Professor, we also heard from Professor Swain  
20 about certain cases in other jurisdictions,  
21 including *Ameritech*, and *Heller*, and a couple  
22 of others. Could you please comment on his  
23 discussion of those cases?

24 A: Yes. I mean, Professor Swain is absolutely  
25 right, that if you start to look in other

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 states, you're going to get a mixed bag. And  
2 as I think His Honor and I discussed yesterday,  
3 it's all facts and circumstances.  
4 Look, if it were simple, we wouldn't be here,  
5 right? You don't do simple stuff. You get the  
6 hard stuff. So there's no straight-forward  
7 answer to this, so.  
8 But each of those cases is unique in some way  
9 and they involve states where the statute was  
10 all or nothing. And you could see a court not  
11 wanting to reach and "all or nothing" situation  
12 where, "Oh, my goodness, if we apply  
13 cost-to-performance" -- and many of these  
14 states were cost-to-performance -- "our state's  
15 not going to get any income at all because the  
16 plurality of the costs were somewhere else."  
17 We, of course, don't have that situation in  
18 South Carolina.  
19 But, also, Your Honor, and let's just take one.  
20 I'm not going waste time dissecting each of  
21 these cases, but let's just look at *Heller*.  
22 There were two sets of regulations in *Heller*  
23 and the court describes those regulations as  
24 being consumer-located -- consumer-location  
25 orientation. So looking at the regulations,

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           they were biased in favor of where the consumer  
2           was.

3           Well, that's a whole different context from  
4           South Carolina, the equivalent of Section 17  
5           without cost-to-performance. And there are  
6           cases that are -- go the other way, too. So  
7           I'm afraid there's not going to be any easy  
8           answer as you start to explore what other  
9           states have done.

10       Q:   Professor Swain also testified that the  
11           Department's position in this case is good tax  
12           policy. Would you comment on that?

13       A:   I think it's good tax policy for an executive  
14           branch agency to follow the legislature branch.  
15           The legislative branch has adopted a "to the  
16           extent the income-producing activities occur  
17           here in South Carolina." It is good tax policy  
18           to follow what the legislature has said. There  
19           were times I thought I was at a legislative  
20           hearing. But follow the law.

21           Now, yes, there's some flexibility here in  
22           South Carolina because you're free of  
23           cost-to-performance as, you know, the way to do  
24           it. But it doesn't give you the freedom to  
25           substitute destination because you think that

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 is better than origin or where the  
2 income-generating activities takes place.

3 Now, let me just take -- let me note something  
4 else, Your Honor, that makes South Carolina  
5 different, which is why talking in the abstract  
6 about some of these issues really is not  
7 terribly useful.

8 Because I want to go back to this situation  
9 where under Section 17 of UDITPA, if  
10 three percent of the cost-of-performance takes  
11 place in each of 32 states and four percent  
12 takes --

13 **MR. CONDON:** Your Honor, I object. Professor Swain  
14 never talked about -- I think he's going to get  
15 into greater proportion language and Professor  
16 Swain never talked about that in his Direct.

17 **MR. VALLEJO:** Your Honor, we're talking about  
18 apportionment issues in general. Certainly  
19 Professor Swain talked a lot about  
20 apportionment and about all of these rules,  
21 including cost-to-performance and including  
22 "all or nothing" under Section 17 and  
23 proportionality under other statutes. This  
24 just goes to that point.

25 **THE COURT:** I don't remember him testifying a lot

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1           about 17. He kind of avoided that one.

2   **MR. VALLEJO:**   Well, he discussed it.   And what  
3           Professor Pomp is attempting to do is just put  
4           this into context for you to understand the  
5           evidence that was provided by Professor Swain.

6   **THE COURT:**   I'll let him go into it and if he starts  
7           going into -- too far afield, I think I might  
8           just stop you, Professor --

9   **THE WITNESS:**   Okay.

10   **THE COURT:**   -- but ...

11   **THE WITNESS:**   My last point.

12   **THE COURT:**   Okay.

13   **THE WITNESS:**   And the hook was the economic  
14           incentive, why it's important to have  
15           destination when you have single factor, and  
16           here is -- here is where South Carolina is  
17           different.

18           Let's say you are in a traditional "all or  
19           nothing" state and you happen to be the  
20           four percent state. And you're looking to  
21           attract a major service provider. Come here to  
22           South Carolina. You're a multi-state service  
23           provider. We'd like you to use South Carolina  
24           as one of your major centers. And you're going  
25           to have four percent of your cost of doing

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 business here.

2 Under Section 17, the "all or nothing"  
3 approach, this would be a disincentive. The  
4 "all or nothing" Section 17 would be a  
5 disincentive to get that service provider to  
6 come to South Carolina because this is where  
7 the plurality of its costs would be. And under  
8 Section 17, all of the gross receipts would be  
9 assigned to South Carolina. Well, that's not  
10 great incentive. But under your "to the extent  
11 that," only four percent of the gross receipts  
12 would be assigned to South Carolina.

13 So I said, you know, I thought the South  
14 Carolina Legislature really got it right and  
15 was ahead of the curve with the "to the extent  
16 that." It makes the economic incentives look  
17 very different. And that, perhaps, is a reason  
18 why the Legislature hasn't gone to market. I  
19 don't know why it hasn't, but that may be a  
20 reason.

21 In an "all or nothing" state, you really have  
22 to worry that you're going to hammer someone  
23 who doesn't have that much going on here but  
24 more than anywhere else. So it's not as  
25 critical here in South Carolina to be

**CREEL COURT REPORTING, INC.**

(803) 252-3445 / (800) 822-0896

1 destination.

2 Q: One final question for you, Professor. We've  
3 heard from several witnesses today from the  
4 State that the State's position is that you  
5 source receipts based on customer location.  
6 Mr. King said that; Mr. Donovan said that,  
7 well; Mr. Swearinger (sic) said that, as well;  
8 so did Mr. Harrison. And Professor Swain  
9 testified that the Department's position is  
10 good tax policy.

11 In your view, from a tax policy perspective,  
12 can you apply a customer-based sourcing  
13 methodology based on an 'income-producing  
14 activity statute?

15 A: I don't think you can, Your Honor. You notice  
16 the way they try to get there is to say there's  
17 only one income-producing activity and takes  
18 place in South Carolina. That's a way to  
19 distort the statute, but it ignores everything  
20 else that makes the signal valuable, makes a  
21 consumer want to pay for it, so; in other  
22 words, everything that takes place outside of  
23 South Carolina.

24 MR. VALLEJO: Thank you. I have no further  
25 questions.

1 MR. CONDON: Thank you, Your Honor.

2 DR. POMP - CROSS-EXAMINATION BY MR. CONDON:

3 Q: Professor Pomp, just to make clear about  
4 something. South Carolina's not an "all or  
5 nothing" state, is it?

6 A: Exactly right, that was the -- that was why I  
7 took this example. It's a "to the extent," a  
8 proportionate state.

9 Q: Right. So if a service provider moved to South  
10 Carolina and sells in various states, he's not  
11 going to be taxed just in South Carolina, is  
12 he?

13 A: (No response.)

14 Q: Or in South Carolina, he's not going to be  
15 taxed on all of his revenue, correct?

16 A: That is correct.

17 Q: You mentioned *Heller Western* and you mentioned  
18 something about its regulations to make a  
19 differentiation. But isn't it true in the  
20 *Heller Western* case in Arizona that one of the  
21 applicable statutes included both  
22 income-producing activity and  
23 cost-to-performance language?

24 A: You'll have to show me the statute.

25 THE COURT: Show you the statute or the case?

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 **THE WITNESS:** Well, he asked me a question about the  
2 statute and --

3 **THE COURT:** Okay. Is it within the case?

4 **MR. CONDON:** Yes.

5 (Off the Record)

6 Q: I'll give you a moment to read that, sir.

7 A: (Reading.) Okay. Let's try it.

8 Q: Okay. So isn't it true that in *Heller Western*  
9 that the statute for apportioning net income  
10 for services included both income-producing and  
11 cost-to-performance language?

12 A: Okay. I see where you're going. They have a  
13 regulation that --

14 Q: Could you answer the question first?

15 A: Yeah, I -- the part you directed my attention  
16 to a minute ago when we were putting our heads  
17 together is a regulation. That's what you  
18 pointed to.

19 Q: Correct.

20 A: So I'm just saying that what you pointed to was  
21 a regulation and that regulation seems to track  
22 Section 17 of UDITPA. Looking at it, it looks  
23 like it tracks Section 17 of UDITPA. Now,  
24 that's one regulation that they have. There  
25 are other regulations, so.

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 Q: Okay. So that means the statute does include  
2 income-producing activity and  
3 cost-to-performance language, correct?

4 A: I assume if the regulation is consistent with  
5 the statute, yes.

6 Q: Okay. Now, you also talked about nexus earlier  
7 in conjunction with *Lockwood Greene*. Nexus was  
8 a much -- was much more in doubt -- or states  
9 having nexus against out-of-state corporations  
10 was much more in doubt in 1987 than it is now,  
11 right?

12 A: Well, not with respect to people or property.  
13 The expansion is what we call "economic  
14 presence," economic nexus, what I call  
15 "metaphysical presence." If I'm getting income  
16 from a state without being physically present  
17 in that state, can that state tax the income?  
18 That's the development in the law. But  
19 certainly people, property, that was I think  
20 understood to be nexus creating at the time of  
21 *Lockwood Greene*.

22 Q: When you described the three-factor -- the  
23 three factors in the -- I think you had it up  
24 there on the chart. You described the  
25 three-factors in the three-factor test. You

2           origin-based    and   that    sales    was  
3           destination-based, right?

4   A:    Yes.

5   Q:    Do you know that South Carolina's legislative  
6           changed to adopt -- go to the -- move to the  
7           single-sales factor for tangible personal  
8           property and its change to add Section  
9           12-6-2295(A), (5) the income-producing statute,  
10          were both enacted in 2007?

11   A:    I don't know the chronology, so.

12   Q:    Okay.

13   A:    All I know, during the audit period, we had a  
14          single factor for service providers, so.

15   **MR. CONDON:**   May I have a moment?

16          No further questions, Your Honor.

17   **THE COURT:**   Redirect?

18   **MR. VALLEJO:**   I have no further questions, Your  
19          Honor.

20   **THE COURT:**   I got just a few, I think; maybe not  
21          even a few.   Is when looking at the -- and  
22          hearing about the whole time income-producing  
23          activity approach, from your testimony, I think  
24          is -- a factual analysis is they didn't adopt

1 production...

2 **THE WITNESS:** Performance.

3 **THE COURT:** Performance. I can consider  
4 cost-to-performance --

5 **THE WITNESS:** Absolutely.

6 **THE COURT:** -- and -- but I could also consider  
7 market sales, as a component of that, too,  
8 could I not?

9 **THE WITNESS:** See, I don't think so.

10 **THE COURT:** Well, that's what I want to understand.  
11 Why not?

12 **THE WITNESS:** I don't think so because -- you could  
13 consider -- I guess it depends on what you  
14 mean. If there was a sales office distribution  
15 activities, those would be income-generating  
16 activities that you could take into account; if  
17 that's what you mean, yes.

18 **THE COURT:** All right. So --

19 **THE WITNESS:** I'll agree with that. What you  
20 couldn't do would be to say because a sale  
21 occurred in South Carolina, that's a South  
22 Carolina gross receipt.

23 **THE COURT:** Well, yeah, I wasn't talking about  
24 adopting that theory, but considering the  
25 components of that theory -

**CREEL COURT REPORTING, INC.**

1 **THE WITNESS:** Yeah.

2 **THE COURT:** -- under the -- an umbra of deciding  
3 income-producing activities.

4 **THE WITNESS:** If there were a call center here in  
5 South Carolina, that would be an  
6 income-generating activity in South Carolina.  
7 If there was a sales office, a marketing  
8 office, I would view all those as  
9 income-generating activities that could be  
10 taken into account, because they help to  
11 generate the income of DIRECTV.

12 **THE COURT:** All right. I've got more to think  
13 about, but ...

14 **THE WITNESS:** There's a lot to think about.

15 **THE COURT:** Any follow-up questions?

16 **MR. VALLEJO:** I have no further questions. Thank  
17 you, Your Honor.

18 **MR. CONDON:** No further questions for Professor  
19 Pomp, but we would like to --

20 **THE COURT:** You don't get to cross-examine me, I'm  
21 sorry.

22 **MR. CONDON:** I'm too tired to do that. But we would  
23 like to have the opportunity to do a  
24 surrebuttal with Professor Swain, briefly.

25 **THE COURT:** That is -- okay. Professor, you can

1 step down.

2 **THE WITNESS:** Thank you.

3 (Witness excused.)

4 **THE COURT:** The rule of law on that is, it's very  
5 rare. You don't have to teach me on this.

6 **MR. VALLEJO:** Thank you, Your Honor.

7 **THE COURT:** And it's only allowed if Professor Pomp  
8 in responding to Professor Swain raised  
9 something new that could not have been offered  
10 in your case-in-chief. So think about that.  
11 If you can nail that, we'll proceed down that  
12 path.

13 **MR. CONDON:** May we take three to five minutes to  
14 talk?

15 **THE COURT:** Three to five? How about -- yeah,  
16 three.

17 **MR. CONDON:** Three?

18 **THE COURT:** Yeah.

19 (Off the record from 4:15 p.m. to 4:18 p.m.)

20 **MR. CONDON:** Your Honor, we have no surrebuttal  
21 questions.

22 **THE COURT:** All right. With that said, then, we can  
23 have closing arguments now or I can let y'all  
24 address that in your proposed orders, which I'm  
25 going to ask for. So I'll give y'all the

1 choice. If anyone says they want closing  
2 arguments, it's probably going to end up is  
3 we're going to be getting closing arguments,  
4 so, either one of you.

5 **MR. VALLEJO:** We would like to do a closing  
6 argument, Your Honor.

7 **THE COURT:** Okay. Are you ready?

8 **MR. VALLEJO:** I'm ready.

9 **CLOSING ARGUMENT BY MR. VALLEJO:**

10 **MR. VALLEJO:** Well, Your Honor, after two days of  
11 intense testimony, I'm going to try to  
12 summarize things for you as best I can. First,  
13 I'd like to start with the three-step process  
14 that you heard Professor Pomp go through as to  
15 how we calculate corporate income tax in South  
16 Carolina. You start by determining the tax  
17 base, which is net income.

18 In very general terms, that means you take  
19 gross revenue minus costs and you get net  
20 income, that then you have to go to step two  
21 and apportion it.

22 In South Carolina, the Legislature has chosen  
23 a single gross receipts factor to apportion net  
24 income to the state. Then you go to step  
25 three, which is trying to figure out: What's

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 the numerator of that fraction? Everybody  
2 agrees on the denominator; that's gross  
3 receipts everywhere.  
4 The issue in this case is that numerator. That  
5 is what's been giving us all the trouble these  
6 last two days.  
7 And here is our view of it. 12-6-2295 very  
8 clearly states that you take an  
9 income-producing activity approach to that  
10 question, where is the income-producing  
11 activity located, and then to the extent that  
12 it's located inside of the state, you put that  
13 in the numerator; to the extent it's outside,  
14 you do not. So it's a proportional approach as  
15 Professor Pomp has described, as well.  
16 As Professor Pomp testified, and we believe the  
17 record is clear on, an income-producing  
18 activity approach is the antithesis to a  
19 market-based approach. One is based on the  
20 origin of the activities, where things are  
21 being performed. The other is based on a  
22 destination principle.  
23 You heard from Professor Swain talk about  
24 tangible personal property. There you've got  
25 a very explicit destination rule. They are

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 mutually exclusive concepts.

2 The State in this case admittedly, and it's  
3 crystal clear in this case, has taken a  
4 market-based approach based on customer  
5 location.

6 You don't have to take my word for it. The  
7 audit report says the apportionment ratio is  
8 determined on a market-based sourcing of South  
9 Carolina customer receipts. That's a  
10 market-based approach based on customer  
11 receipts; that is, based on customer location.  
12 You heard Mr. King say that it was based on  
13 customer location. You heard Mr. Donovan say  
14 that it was based on customer location. You  
15 heard Mr. Swearingen say that it was based on  
16 customer location.

17 Professor Swain in his deposition said that --  
18 to a question, "Has South Carolina adopted a  
19 market-based approach to interpreting  
20 statutes?" Answer: "In this case it has."

21 Professor Harrison said to a question, "Do you  
22 consider -- what do you consider to be the  
23 relevant income-producing activities?" Answer:  
24 "Turning on the box and watching the TV and  
25 paying the bill." That is a market-based

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 approach based on customer location.  
2 Now, the State is trying to repackage that  
3 argument because they put themselves in a box.  
4 You can't do a market-state approach based on  
5 customer location with an income-producing  
6 activity statute that applies in this case.  
7 That's contradictory to the statute.  
8 So now what they're trying to say is, "Well,  
9 no, what we're saying is not a market-based  
10 approach based on customer location. What  
11 we're actually saying is that the  
12 income-producing activity all happens here  
13 within South Carolina."  
14 And to quote from their pretrial brief, so I  
15 don't put words in their mouth, they say,  
16 "Pursuant to this income-producing activity  
17 language, the Department determined that  
18 DIRECTV's income-producing activity is the  
19 delivery of the signal."  
20 Well, that can't be their position. That's  
21 just what they're telling you their position  
22 is. And the reason why I know this is because  
23 Professor -- Dr. Harrison very clearly told us  
24 that the signal cannot be an income-producing  
25 activity. Why? Because it is a cost-producing

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 activity. Anything that generates a cost  
2 cannot be an income-producing activity  
3 according to their expert economist.  
4 Which means, very simply, that every single  
5 step in the process that DIRECTV engages in  
6 cannot be an income-producing activity.  
7 Everything is a cost to DIRECTV. Delivering  
8 the signal is a cost, so it's not an  
9 income-producing activity.  
10 Now, I will give Dr. Harrison credit for one  
11 thing. His theory, his economic theory, is  
12 perfectly in line with a market-based approach.  
13 Why? Because there you don't need to determine  
14 an income-producing activity. In that case,  
15 all you need to know is -- in this case, for  
16 example, is where is your customer located.  
17 So the fact that his approach leads to the  
18 logical conclusion that there is no  
19 income-producing activity from DIRECTV's  
20 perspective is perfectly fine if what you're  
21 doing is a market-based approach based on  
22 customer location. But you cannot have an  
23 income-producing activity approach that doesn't  
24 have an income-producing activity. It's  
25 completely illogical, Your Honor.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 And, moreover, if you're looking at it from the  
2 customer's perspective, if you think that the  
3 income-producing activity is the customer  
4 paying the bill -- or as Dr. Harrison put it,  
5 turning on the TV and turning on the box, which  
6 he testified today is an activity of the  
7 customer -- well, we're not trying to tax the  
8 customer. What we're trying to get at is the  
9 activities of DIRECTV, which is the taxpayer in  
10 this case. The one who has to pay the income  
11 tax to South Carolina is DIRECTV; it's not the  
12 customer. And that's a very important  
13 distinction.

14 So, ultimately, the State is saying, "We are  
15 applying a market-based approach, admittedly,  
16 based on customer location." How do they get  
17 there? From a legal perspective, they have to  
18 run away from case law that at least informs  
19 the issues in this case.

20 They also rely on these ethereal guidelines  
21 that nobody has seen in writing before, nobody  
22 was able to tell us what they said in  
23 depositions, and even their own auditors are  
24 not aware of these guidelines. You heard  
25 testimony about that today.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1     **THE COURT:** Well, if they're ethereal, they probably  
2                 wouldn't be.

3     **MR. VALLEJO:** Fair enough. That's the legal  
4                 approach, essentially. As I told you, it can't  
5                 be the legal approach that the income-producing  
6                 activity is the signal, because their economist  
7                 disagrees with that position. And I believe  
8                 that they think their economist is correct.  
9                 So their only legal theory here is: Here are  
10                these guidelines that are long-standing that  
11                nobody really knows where they're at. Our  
12                auditors don't understand them and don't --  
13                some of them don't even know about them.  
14                That's their legal theory.  
15                From an economic perspective, we've got the  
16                very, very simple economic principle:  
17                Activities that generate cost cannot be  
18                income-producing activities. Fair enough. No  
19                income-producing activities, therefore you  
20                can't do an analysis under an income-producing  
21                activity statute.  
22                From a policy perspective, we heard Professor  
23                Swain testify today that he would like a  
24                destination approach in all circumstances.  
25                Okay. That's fair enough, too. I believe that

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           that's what he believes from a tax policy  
2           perspective. But that doesn't mean that we can  
3           ignore the statutory language which says  
4           "income-producing activity."

5           It doesn't say customer location. It doesn't  
6           say a market-based approach based on customer  
7           location. Plenty of states that do that. Some  
8           use customer location. Some use place of  
9           delivery. Some use benefit received. There's  
10          a number of different ways of doing it, but  
11          they're all destination based. They're not  
12          origin based.

13          Now, DIRECTV's perspective. From a legal  
14          perspective, we believe we're following the  
15          statutory language, income-producing activity.  
16          We believe that our interpretation of that  
17          statute is consistent with the relevant case  
18          law in South Carolina.

19          From an economic perspective, we're taking into  
20          account all of the activities that generate the  
21          income for DIRECTV. We're being very  
22          conservative in doing so.

23          As you heard Dr. Cody testify, he did not  
24          include, for example, the intangible assets,  
25          the vast majority of which, if not all of

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1       which, would have been outside of South  
2       Carolina. He did not do an aggregate approach  
3       to all of the corporations in the family of  
4       companies. Only DIRECTV, the taxpayer itself,  
5       because all of those activities and assets and  
6       payroll also would have been outside of the  
7       state and that would have been a much lower  
8       proportion to South Carolina.

9       What he also does in his economic approach is  
10      he takes into account the income-producing  
11      activities here in the state. He takes into  
12      account the local collection facilities. He  
13      takes into account set-top boxes. So he's  
14      taking into -- that into account. And that is  
15      directly in line with what the statute calls  
16      for, which is a proportional approach to  
17      sourcing these receipts.

18     And, finally, from a policy perspective, we're  
19     interpreting the statute in a way that we feel  
20     is consistent with the policy of the statute.  
21     As you heard Professor Pomp say, he likes the  
22     statute from a policy perspective. You're not  
23     bound to cost-to-performance, which often can  
24     be too narrow. Sometimes you have to look at  
25     direct costs versus indirect costs and what

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 exactly does that mean in this context or that  
2 context and sometimes it doesn't reach the best  
3 results.

4 Is it difficult to apply a cost-to-performance  
5 analysis? It is. Do we have case law that is  
6 all over the place to some extent on that  
7 issue? We do.

8 Well, South Carolina took that out of the  
9 statute. They also took out the "all or  
10 nothing," which Professor Pomp explained to you  
11 why that's not a good idea, either. And the  
12 way that we are interpreting the statute is  
13 consistent with that policy, that policy of  
14 trying to get to the right answer, that policy  
15 of providing some flexibility to try and deal  
16 with certain situations that may be slightly  
17 different.

18 What it doesn't do is it does not give you the  
19 flexibility to interpret it as a destination  
20 sourcing rule, because it simply isn't a  
21 destination sourcing rule.

22 If the Department wants a destination  
23 market-based sourcing rule, it can do that by  
24 going to the Legislature and asking the  
25 Legislature to change the statute. But until

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           then, we remain a country of laws and under the  
2           law, this is not a market-based statute. Thank  
3           you, Your Honor. That's all I have.

4   **THE COURT:** Who's going to give closing?

5   **MR. CONDON:** I will.

6   **CLOSING ARGUMENT BY MR. CONDON:**

7   **MR. CONDON:** May it please the Court. The  
8           Petitioner here, DIRECTV, is a commoditized --  
9           is offering a commoditized service and that  
10          service is the delivery of television into the  
11          homes and onto the television screens of  
12          customers all over the United States, including  
13          right here in South Carolina.  
14          And, Your Honor, we all know you've heard a lot  
15          about their operations and the diversity of  
16          them, both geographically and in other ways,  
17          and the costs that they incur. But what the  
18          Department wants to make clear is we have  
19          followed the applicable statutes.  
20          In 12-6-2290, we are using a gross receipts  
21          factor, and so are they, but gross receipts  
22          means receipts. That's the focus, receipts.  
23          That's what we're trying to get to.  
24          So -- and then -- and when one thinks about  
25          receipts, as was testified here,

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 Mr. Swearingen, one doesn't think about cost of  
2 production. Again, receipts means receipts.

3 In the ancillary statute, 12-6-2295(A)(5), it  
4 basically requires three things: Identify the  
5 income-producing activity, locate it, and then  
6 determine -- quantify the numerator for the  
7 sourcing state, here South Carolina.

8 And when you add the gross receipts factor in  
9 the first statute, South Carolina has done  
10 every one. Used gross receipts factor. We  
11 have identified the income-producing activity  
12 as being the delivery of the service.  
13 Regardless of what anybody else says, that's  
14 what the Department Determination says. ID'd  
15 the location of the income-producing activity,  
16 in living rooms throughout this country. And  
17 for South Carolina customers, it's in their  
18 living rooms right here in South Carolina. And  
19 then we quantified the numerator. Again, we  
20 quantified the receipts numerator based on  
21 those receipts that were paid because the  
22 service came into living rooms in South  
23 Carolina.'

24 Now, there was a question about: Are we  
25 advocating market-based sourcing? No. No, we

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 have a statute that says income-producing  
2 activity. Doesn't say cost-to-performance, but  
3 it says income-producing activity and then  
4 allocate it to the extent that -- allocate the  
5 gross receipts to the extent of the  
6 income-producing activity in each state.

7 So we're not advocating market-based. We're  
8 applying the statute we're applying. I mean --  
9 but -- so when there's confusion about  
10 language, yes, we admit in an audit report we  
11 used market-based sourcing language.

12 Well, prior to that audit report, I believe  
13 that DIRECTV had used that same language in  
14 their amended returns and they said they  
15 were -- that's the method they were using.

16 Now, one reason the language gets mixed up is,  
17 as Professor Swain talked about, the result --  
18 at least in this case; I can't speak for every  
19 case -- but in this case, the result  
20 market-based sourcing and application of the  
21 income-producing statute and the gross receipts  
22 factor is very similar.

23 So let's talk about *Lockwood Greene* for a  
24 moment, you know, the --

25 **THE COURT:** Before you start down that path, I'm

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 going to ask about something you said. Because  
2 you said we're considering gross receipts and  
3 the operative term is "receipt." And that  
4 sounded good, but my problem with that is, it  
5 is gross receipts and what is received, but  
6 gross receipts is defined as "to the extent the  
7 income-producing activity is performed within  
8 this state." So that's the definition of  
9 "receipts," is it not?

10 **MR. CONDON:** It is -- it is --

11 **THE COURT:** That's what I'm trying to -- I want to  
12 make sure I'm not missing something.

13 **MR. CONDON:** It is one item that's included in --

14 **THE COURT:** I'm talking 2295 --

15 **MR. CONDON:** Yes. Twenty --

16 **THE COURT:** -- (A)(5).

17 **MR. CONDON:** Yes, (A)(5) is one item that's included  
18 in gross receipts in this -- in this case  
19 for --

20 **THE COURT:** Yeah --

21 **MR. CONDON:** -- for services. It's really the only  
22 item --

23 **THE COURT:** Okay.

24 **MR. CONDON:** -- yes, at issue. But we followed  
25 that, Your Honor. We have identified the

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 income-producing activity. We then located it  
2 in living rooms all over the country, and for  
3 South Carolina customers, it's located in South  
4 Carolina. And then we've quantified it, by  
5 adding up those gross receipts. So we believe  
6 we've followed that -- that definition of  
7 what's included in gross receipts.

8 So regarding *Lockwood Greene*, you know, the  
9 Petitioners, you know, using that as a  
10 justification for moving to cost-to-performance  
11 approach, as it said in its amended returns.  
12 But *Lockwood* did not impose a place of activity  
13 test on all service providers and does not  
14 impose a cost-to-performance approach on all --  
15 for sourcing gross receipts.

16 There, as there was some testimony by  
17 Mr. Swearingen, it's very logical and proper  
18 that *Lockwood* -- the Department used -- the  
19 case says the Department used the payroll  
20 factor during an audit. Well, the Department  
21 clearly wouldn't have had all of *Lockwood's*  
22 records. As Mr. Swearingen said, *Lockwood*  
23 theoretically has all of its records, could  
24 just add up the billings that they had, just  
25 like DIRECTV has done in this case. They've

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 added up all of their subscription revenues.  
2 So no cost-to-performance would even have been  
3 needed in that case if we weren't doing a quick  
4 and dirty estimate.

5 However, we believe -- the Department believes  
6 that *Lockwood* is consistent with our Department  
7 Determination in at least three ways. First,  
8 *Lockwood Green* -- in *Lockwood*, the gross  
9 receipts were sourced to the location, the  
10 income-producing language, just as we are doing  
11 here.

12 Or the -- I said "language." Income-producing  
13 location.

14 There it was the time -- where the experience  
15 and the time when the engineering put in his  
16 experience and time in his office, generally,  
17 for the most part, that's the location. That's  
18 what -- that was identified as the  
19 income-producing activity; although, the court,  
20 granted, did not use that phrase, but that's  
21 where -- determined that the income was earned  
22 by the engineering firm.

23 Two, in *Lockwood*, the Department used the  
24 payroll factor as a proxy, which I've just  
25 talked about. So it -- you know, that -- it

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 could have just added up gross receipts and not  
2 even -- we wouldn't even be here arguing  
3 whether *Lockwood* used the cost-to-performance  
4 factor or mandated it.

5 And, three, in *Lockwood*, the court recognized  
6 the department sourced gross receipts  
7 differently on different industries. It is  
8 clear in the text of the *Lockwood* case --  
9 forget about the guidelines -- that the  
10 *Lockwood* court said *Lockwood* is not comparable  
11 to a media broadcaster or a finance company.  
12 There is no reason why the *Lockwood* court would  
13 have differentiated companies or industries if  
14 it was about to lay down one rule for  
15 everybody.

16 Regarding the income-producing activity, you  
17 know, what the department and the court did in  
18 *Lockwood Greene* was, as I said, to determine  
19 the income-producing activity based on that  
20 experience and time.

21 This is the exact same thing we've done in this  
22 case, as I went through that -- the four steps;  
23 gross receipts, identified the income-producing  
24 activity, located it and then quantified the  
25 numerator. That's exactly what was done in

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           Lockwood.

2           Now, using a cost-based factor, I've already  
3           talked about that, you know, why it was just a  
4           proxy and it could have been done a different  
5           way, which really negates the whole cost-factor  
6           usage in Lockwood.

7           Now, regarding the long-standing policy of the  
8           Department. You know, it is clear that after  
9           this nexus issue or about the same time -- it  
10          was probably done in conjunction as things were  
11          working out -- the Department was considering,  
12          as there was testimony about, that you had to  
13          start -- taxing agencies had to start looking  
14          at how they were going to source revenues from  
15          different companies if they now had nexus.

16          So these types of -- and that's being in the  
17          service industry, of course, so -- so that had  
18          to be analyzed and that's what the Department  
19          did; that's what created the guidelines,  
20          whether written or not written.

21          There was testimony by Mr. Swearingen that the  
22          three-member South Carolina Tax Commission  
23          looked at these guidelines at one point, so  
24          there were guidelines.

25       **THE COURT:**       I will tell you, I find that

**CREEL COURT REPORTING, INC.**

1230 Richland Street / Columbia, SC 29201

(803) 252-3445 / (800) 822-0896

1 frustrating, though, because one of the things  
2 that I've really always enjoyed about the  
3 Department of Revenue is, when it comes to  
4 deference, it's been so straight-forward to  
5 consider deference because I just go to your  
6 Revenue Rulings, you know, things that are laid  
7 out and I can find out your policy  
8 considerations and I give them their  
9 appropriate deference.

10 But in this case, we've got a policy that you  
11 wish to have -- well, I don't know, maybe you  
12 are -- you're seeking deference with it or not,  
13 but I assume you are if you're bringing it up.  
14 But it's a policy that is extremely difficult  
15 to find and you've got even auditors who don't  
16 even recognize its existence.

17 **MR. CONDON:** Well, of course, the policy we can  
18 admit, you know, certainly hasn't been updated  
19 in a long time. So as these types of cases  
20 were -- after nexus was granted or resolved and  
21 we started getting some --

22 **THE COURT:** Yeah, that brings a question, when you  
23 say "updated"?

24 **MR. CONDON:** Yes.

25 **THE COURT:** Updated by whom? In the mind of whom?

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           The policy exists -- see, a policy that exists  
2           in someone's mind is not necessarily a policy  
3           of the Department, unless it's adopted by the  
4           entirety of the Department.

5   **MR. CONDON:**    I hope I -- I meant to say, if I  
6           didn't --

7   **THE COURT:**   No, I --

8   **MR. CONDON:**   -- it was not updated.

9   **THE COURT:**   Yeah.

10   **MR. CONDON:**   Yeah.

11   **THE COURT:**   You said it was not updated.

12   **MR. CONDON:**   Yes, so --

13   **THE COURT:**   But I was trying to figure how you could  
14           update something that exists in someone's mind  
15           without -- because you need to let the rest of  
16           the public know, I assume, if it's a policy  
17           because the whole purpose of a policy is to put  
18           people on notice of the existence of the  
19           policy --

20   **MR. CONDON:**   Well --

21   **THE COURT:**   -- at least from a deferential  
22           standpoint. And maybe you're not going down  
23           that path. That's what I've been trying to  
24           figure out as I've been listening to y'all.

25   **MR. CONDON:**   Well, clearly, the guidelines appear to

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 be the thoughts of the Commission, because they  
2 looked at them, and people there as they were  
3 developing these new audits of service  
4 companies after they got nexus. As cases got  
5 brought, resolved one way or the other, clearly  
6 service companies all over the State that were  
7 audited became aware of policies or -- or --

8 **THE COURT:** They became aware of --

9 **MR. CONDON:** -- just filed in accordance with them.

10 **THE COURT:** Well, they sort of became aware of the  
11 results, but I don't know if I could take  
12 judicial notice they became aware of the  
13 policy. Because just by --

14 **MR. CONDON:** Right.

15 **THE COURT:** -- making the statement that the result  
16 of the policy -- or the policy was used and  
17 brought about a result, does that mean that the  
18 individual knows the policy? It just means  
19 they got a taste of the result and they are  
20 very aware of how it was interpreted in their  
21 case. But does it tell me that they knew as a  
22 result -- or after getting the result that  
23 there was a long-standing policy?

24 **MR. CONDON:** In that history, I can't really  
25 answer --

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1     **THE COURT:**   Well.--

2     **MR. CONDON:**   -- when taxpayers knew about it.

3     **THE COURT:**   Yeah.

4     **MR. CONDON:**   Yeah.

5     **THE COURT:**   So that's my struggle.

6     **MR. CONDON:**   Yes, I understand.   So ...

7     **THE COURT:**   And I'm sorry, I threw you off.

8     **MR. CONDON:**   Yeah, let me find out where I was here,  
9                   sir.

10    **THE COURT:**   You were transitioning.

11    **MR. CONDON:**   Yeah, the other thing about, you know,  
12                   the long-standing policy and/or the guidelines  
13                   which are part of it, where different  
14                   industries may be sourced a little bit  
15                   differently -- well, maybe a lot differently --  
16                   between engineering companies and finance  
17                   companies, you know, even Professor Pomp said  
18                   yesterday that industry-specific approaches are  
19                   a good thing.

20                   So it does sound reasonable that if they're a  
21                   good thing and the Tax Commission knew about  
22                   them and the *Lockwood* court knew about them --  
23                   and also the *Lockwood* court made a comment in  
24                   footnote one that they didn't see any  
25                   constitutional problem with them, so. Although

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1           they weren't specific -- weren't a hundred  
2           percent specific there. But my interpretation  
3           is they were talking about with the disparate  
4           treatment between different industries.

5           But, again, Professor Pomp said  
6           industry-specific rules may be a good thing  
7           because they're more specific.

8           Now, going back to the statutes themselves.  
9           What DIRECTV is trying to do is use that  
10          income-producing language in 2295(A)(5) to  
11          really back-door cost-to-performance elements,  
12          you know, into a state here in South Carolina  
13          where the language was deleted.

14          We all know 2295(A)(5) is very, very similar to  
15          Section 17 of UDITPA except the General  
16          Assembly took out "based on  
17          cost-to-performance."

18          So trying to force in cost-to-performance when  
19          the language is not there and when our  
20          statutory scheme has already clearly moved away  
21          from payroll and property elements. And there  
22          we're talking about the three-factor test for  
23          tangible personal property manufacturing.

24          The same time we're putting in this  
25          income-producing language, the General Assembly

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1       took out "payroll and property." It was  
2       phrased out over a couple of years, but they  
3       essentially took out "payroll and property" and  
4       made the taxation of the sourcing for tangible  
5       personal property manufacturing a single-sales  
6       factor.

7       And that's what Professor Swain says is good  
8       tax policy. Treat Netflix, who's given you a  
9       movie -- a tangible product of a movie one way  
10      through -- and taxing them on sales in this  
11      statute, but when DIRECTV gives you a movie  
12      over here, taxing them the same way because  
13      they're really giving the same product.

14     You know, codifying the place of activity test  
15     in 2007 would just not have made -- also would  
16     just not have made sense in this new digital  
17     age we have. You know, at times when economic  
18     development in competition among states is  
19     intense and South Carolina is trying to attract  
20     businesses, services, and non services, it's  
21     just not realistic that the General Assembly  
22     would adopt a rule that essentially restricts  
23     the State's ability to raise revenue when, as  
24     Professor Swain says, a single-sales factor has  
25     been found legal starting with maybe the

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1       Moorman case in Iowa many years ago.

2       So there's nothing wrong with the single-sales  
3       factor, so -- and the State clearly moved to an  
4       intangible personal property, why wouldn't they  
5       have moved to it in services, as well? So --  
6       and why would you limit the economic  
7       development there?

8       Although misstated at times, the Department has  
9       shown through its formal Department directive  
10      that the income-producing activity is the  
11      delivery of that signal into that homes and  
12      onto the screens and that's good tax policy.

13      You've heard from Professor Swain that the  
14      whole purpose of the gross receipts factor is  
15      to recognize the contribution of the market  
16      state. And, again, you get back to gross  
17      receipts. What's a receipt? That's more  
18      revenue than it is production. That's more  
19      delivery than it is costs.

20      So, you know, the whole purpose of a single  
21      gross receipts factor is to recognize the  
22      market. That doesn't mean market-based  
23      sourcing, but you still recognize the market.

24      Also -- and I talked about it earlier, so I  
25      won't repeat it except to mention it here --

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 treating tangible personal property and  
2 services the same; that's good policy.

3 Also, what's not good policy is having this  
4 flexible rule with too many alternatives, as  
5 Professor Pomp suggests. But, also, what seems  
6 to be a very burdensome, unwieldy, maybe even  
7 totally unfeasible set of cost-to-performance  
8 calculations every year for every tax return.

9 The Department's Determination is supported by  
10 case law, *Mercury Motor*, which said incidental  
11 transactions are not income-producing  
12 activities. And it considered a whole wide  
13 range of hauling activities, but everything  
14 except driving on the -- down the highway, the  
15 actual hauling. Everything else, although  
16 important the court said, was incidental  
17 activities and not income-producing.

18 *Heller Western*, a California bank who borrowed  
19 money or made -- or acquired money, which had  
20 a cost in California, but then lent to Arizona  
21 customers. And so the income was coming from  
22 Arizona from the loans it made.

23 Although -- and you heard Professor Pomp  
24 acknowledge that the statute included -- was  
25 very -- was basically Section 17 UDITPA,

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 including income-producing activities and  
2 cost-to-performance language. Yet the court  
3 said even though that language existed, the  
4 court said the income-producing activity is the  
5 sales activity in Arizona.

6 And so the revenues -- although the cost and  
7 such and the company was located in Los  
8 Angeles, California -- their income from those  
9 loans was taxed in Arizona.

10 Similar, *Ameritech Publishing*, a Wisconsin case  
11 in 2010, sales of a Wisconsin phone directory,  
12 when most, if not all, of the work was done out  
13 of Wisconsin, gathering advertising, printing,  
14 whatever, binding, you know, there the  
15 statute -- a Wisconsin statute also included  
16 income-producing activity and  
17 cost-to-performance.

18 Where did the court find the income-producing  
19 activity? In Wisconsin because the  
20 income-producing activity was reaching the  
21 Wisconsin audience with that telephone  
22 directory, because it was advertisers in there  
23 that wanted to reach that Wisconsin audience.  
24 It wasn't the Wisconsin audience necessarily  
25 receiving it, but it was giving -- getting that

**CREEL COURT REPORTING, INC.**

(803) 252-3445 / (800) 822-0896

1 publication into Wisconsin for those Wisconsin  
2 customers to look at.

3 And then, finally, a case we cited in the  
4 administrative case, we cited in the Department  
5 directive, very similar. It was another direct  
6 broadcast satellite operation, case *Anonymous*  
7 *Taxpayer* in Texas from the Comptroller of  
8 Public Accounts there. And in there -- that  
9 court found that the income-producing activity  
10 was the -- when the set-top boxes, the  
11 receivers in the set-top boxes, descrambled the  
12 signal and made it available for watching.

13 And there, I would like to read just one  
14 statement in that opinion of the Comptroller of  
15 Public Accounts on -- and this is West Law page  
16 16, 2013 West Law 349, 0605, and it's page 11.  
17 Quote: "Services performed within Texas are  
18 units of service sold, the performance of which  
19 occurs within Texas. The focus should be on  
20 the specific end product acts for which the  
21 customer contracts and pays to receive, not on  
22 nonreceipt-producing, albeit essential support  
23 activities. Looking at property and payroll  
24 based on the theory -- on that -- on the theory  
25 that no activity of a corporation generating

1 receipts is any more important than another is  
2 misguided."

3 Your Honor, one thing you did mention the other  
4 day was --

5 **MR. VALLEJO:** I'm sorry, Your Honor, I don't mean to  
6 cut you off, but I understood that we had 15  
7 minutes for closing. We're approaching 25. My  
8 closing was ten minutes.

9 **THE COURT:** I'll let him go a little while longer.

10 **MR. VALLEJO:** Okay. Thank you.

11 **MR. CONDON:** I'll close quickly. Your Honor, we do  
12 have -- you talked about some statutory  
13 construction language about the admission of  
14 cost-to-performance. And in town of *Mount*  
15 *Pleasant v. Roberts*, 393 S.C. 332, you know,  
16 there's -- it says, "All rules of statutory  
17 construction are subservient to the one that  
18 the legislative intent must prevail if it can  
19 be reasonably discovered in the language used."  
20 Our position is that that would also mean the  
21 language omitted. And what I think supports  
22 that -- and I won't read it, but there are --  
23 for time sake -- but there are two other -- two  
24 cases we found, *United States Bankruptcy Court*,  
25 *Northern District Iowa*, 509 B.R. 901, that

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1            talks about items omitted are considered in  
2            statutory construction.

3    **THE COURT:**    Yeah, I would -- look, I agree with you  
4            on that.

5    **MR. CONDON:**    Yeah, okay.

6    **THE COURT:**    Although, on the other hand, I could  
7            look at their side and say, well, from the  
8            standpoint of, if the other two statutes are  
9            amended to take the for destination approach  
10           and they hadn't done it in this statute, then  
11           there could be a construable element that that  
12           is specifically what the Legislature meant in  
13           this instance, that we do not do a destination  
14           approach.    So, I mean, you know, there's some  
15           vagaries in this case.

16   **MR. CONDON:**    Your Honor, these South Carolina  
17           subscription -- receipts from South Carolina  
18           customers, you know, should be taxed right here  
19           in South Carolina.    And I've explained why the  
20           Department believes it's following the law with  
21           those four steps, the following 2290 and 2295.  
22           So, you know, we believe based on the  
23           applicable statutory case law and what you've  
24           heard here that the Department's position is  
25           correct and the Petitioner hasn't met any

**CREEL COURT REPORTING, INC.**

1.           burden to change that.

2           Therefore, the Department asks that you find  
3           that a hundred percent of the subscription  
4           receipts from South Carolina customers be  
5           included in the numerator of the gross receipts  
6           factor.

7   **THE COURT:** All right.

8   **MR. CONDON:** Thank you.

9   **MR. VALLEJO:** I have a very short rebuttal, Your  
10          Honor.

11   **THE COURT:** All right. Don't know if I need it, but  
12          I'll hear it.

13   **MR. VALLEJO:** It's very short.

14   **REPLY STATEMENT BY MR. VALLEJO:**

15   **MR. VALLEJO:** You heard again that they have  
16          identified the income-producing activity as I  
17          quote "the delivery of the signal." Once  
18          again, that is not their position. That is a  
19          cost-producing activity, according to their own  
20          expert. Delivering the signal, DIRECTV has to  
21          incur a cost; therefore, it cannot be an  
22          income-producing activity under their own  
23          theory. The fact that they look at --

24   **THE COURT:** Well, that's under that person's theory.

25   **MR. VALLEJO:** Fair enough, under Dr. Harrison's

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 theory.

2 **THE COURT:** Yeah.

3 **MR. VALLEJO:** Okay. So if you accept Dr. Harrison's  
4 testimony, then you can't say delivery of the  
5 signal is the income-producing activity.  
6 Pointing at an elephant and calling it a tiger  
7 doesn't make it a tiger. It's just semantics.  
8 And I just want to make sure that's clear.  
9 Number two, cost-to-performance. He said we're  
10 applying a cost-to-performance approach. Now,  
11 you've heard testimony that we don't believe  
12 cost-to-performance is prohibited. It's just  
13 that the statute doesn't tie the state down and  
14 taxpayers down to a cost-to-performance  
15 approach.  
16 So, even if we had used a cost-to-performance  
17 approach, we think that that's not prohibited  
18 by the statute. But, in fact, we did not use  
19 a cost-to-performance approach. The net value  
20 of assets, which is one of the factors that we  
21 use, one of the proxies that we used, would not  
22 be allowed under cost-to-performance. It's not  
23 cost-to-performance. It's the net value of an  
24 asset. So we're not, in fact, applying a  
25 cost-to-performance approach.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 This case really does come down to a fairly  
2 simple concept, which is despite their  
3 protestations, they are applying a market-based  
4 destination approach based on customer location  
5 to an income-producing activity statute that is  
6 an origin-based approach to sourcing receipts.

7 **THE COURT:** Why is it origin based? It just says  
8 "to the extent the income-producing activity is  
9 performed in this state." Why would it be  
10 origin based?

11 **MR. VALLEJO:** Well, because the way that the -- that  
12 the statute --

13 **THE COURT:** It's factual based, is it not?

14 **MR. VALLEJO:** Yes, it's factually -- I agree with  
15 that. It's factual in the sense that we have  
16 to determine what the income-producing  
17 activities are. And then the question is,  
18 let's assume for the moment -- I think this is  
19 a good question, Your Honor. Let's assume for  
20 the moment --

21 **THE COURT:** I try to do that.

22 **MR. VALLEJO:** -- that their position is, in fact,  
23 delivery of the signal, that that's the  
24 income-producing activity, right?  
25 Well, they have presented no evidence, at least

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 not that I've heard, as to why all of the other  
2 activities are not income-producing activities.  
3 Their economic theory is inconsistent with  
4 saying that delivery of the signal is  
5 income-producing activity. And without that,  
6 there is no evidence in the record as to why it  
7 is that all of the other income-producing  
8 activities need to be ignored.

9 We're not ignoring delivery of the signal;  
10 that's part of the approach that our economist  
11 took. So if you want to look at it from a  
12 factual perspective in that sense, then I agree  
13 with you.

14 But then their economist's testimony is  
15 completely irrelevant or, at the very least,  
16 completely contradictory to the position that  
17 the income-producing activity is the signal.

18 And what we've said is, look, yes, the delivery  
19 of the signal is one of the income-producing  
20 activities and there are other income-producing  
21 activities that happen here within South  
22 Carolina, including the local collection  
23 facilities, but there are numerous  
24 income-producing activities that go on outside  
25 of the state.

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1       There's no guiding principle for defining that  
2       and cutting it off at the delivery of the  
3       signal, other than the fact that it's in South  
4       Carolina. That's not a guiding principle.  
5       Their economist tried to give a guiding  
6       principle that is inconsistent with their very  
7       theory, because his guiding principle is: If  
8       it produces a cost, it cannot be an  
9       income-producing activity. Fair enough. Then  
10      delivery of a signal is not an income-producing  
11      activity.

12   **THE COURT:** All right.

13   **MR. VALLEJO:** Thank you, Your Honor.

14   **THE COURT:** Thank y'all. I want proposed orders. I  
15      normally do it 30 days from the day of the  
16      hearing -- no, 45 days from the date of the  
17      hearing or 30 days from the date the transcript  
18      is made available to you if you request one.  
19      Oh, and when I say made available, I mean it  
20      arrives to you. Because, I mean, I recognize  
21      that my court reporter could call you and tell  
22      you it's available and not give it to you for  
23      a month.

24   **MS. GEER:** Your Honor, if it's suitable to you, we  
25      would like to have the deadline be 30 days from

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 receipts of the transcript.

2 **THE COURT:** Okay. All right. With that said, I'll  
3 tell y'all. -- I normally don't do this,  
4 probably a mistake -- but in the way I'm  
5 looking at this case right now is -- and I  
6 haven't read the case law, especially when the  
7 Department says there is cases of various  
8 states took the approach that a single factor  
9 receipt of descrambling the signal could be  
10 sufficient, so ...

11 But the -- just off the cuff, that single  
12 factor, just receipt of the signal sounds  
13 fairly simplistic when I'm supposed to examine  
14 the extent of the income-producing activity.  
15 But on the other hand, I think that the failure  
16 in DIRECTV's case is that you picked just two  
17 factors; although, they were -- what were  
18 they -- begins with a "P." Prox or -- that's  
19 not the word I'm looking for, but ...

20 **MR. CONDON:** Payroll and property?

21 **THE COURT:** Proxy. There you go, proxy. Those are  
22 just simply insufficient proxies because those  
23 proxies don't evaluate the value of the  
24 income-producing activity to determine whether  
25 that income-producing activity should be given

**CREEL COURT REPORTING, INC.**  
1230 Richland Street / Columbia, SC 29201  
(803) 252-3445 / (800) 822-0896

1 weight or not.

2 And -- because I think to determine the extent  
3 of the income-producing activity, you've got to  
4 determine the extent the income-producing  
5 activity is of any value to produce income; at  
6 least that's my off-the-cuff thought.

7 So I got problems with both sides, but I say  
8 that to y'all if it helps you in preparing your  
9 proposed orders. That's the struggle I've got,  
10 off the cuff. I got a lot more, but I'll stop  
11 at that.

12 Thank y'all for your time.

## CUSTOMER AGREEMENT

### 1. OUR SERVICE

These are the terms on which we will provide you Service and other services:

- (a) **Program Choices.** You must subscribe to a base package in order to receive additional Services such as premium movie services or sports subscriptions. All programming selections have their own rates, terms and conditions. Information about programming is at [DIRECTV.com](http://DIRECTV.com).
- (b) **Ordering Pay Per View.** You may order pay per view Services by using your on-screen guide and remote control, at [DIRECTV.com](http://DIRECTV.com) or by calling us. If you call to order or order online, a fee may apply (described in Section 2). To use your remote control to order, your receiver must be continuously connected to a land-based telephone line. Your order is transmitted via the telephone line and during the short transmission period you may not be able to use the line for other purposes. Repeated cancellation of previously ordered pay per view Services may result in cancellation of your account, restrictions on your ability to order pay per view Services, or imposition of

additional fees for pay per view Services.

- (c) **Your Programming Changes.** You may change your programming selection by notifying us. A fee may apply to such changes (described in Sections 2 & 5(b)). Some programming may be purchased in minimum blocks of one month or multiples of one month.
- (d) **Our Programming Changes.** Many changing considerations affect the availability, cost and quality of programming and customer demand for it. Accordingly, we must reserve the unrestricted right to change, rearrange, add or delete our programming packages, the selections in those packages, our prices, and any other Service we offer, at any time. We will endeavor to notify you of any change that is within our reasonable control and its effective date. In most cases, this notice will be about one month in advance. You always have the right to cancel your Service, in whole or in part, if you do not accept the change (see Section 5). If you cancel your Service, a deactivation fee (described in Sections 2 & 5(b)) or other charges may apply. Credits, if any, to your account will be posted as described in Section 5. If you do not cancel, your continued receipt of our Service will constitute acceptance.
- (e) **Access Card.** You have received a conditional access card (referred to as the "Access Card") and a License Agreement governing your use of the Access Card while you are receiving our Service. Access Cards are nontransferable and are the exclusive property of DIRECTV. If you tell us that the original Access Card was lost, damaged, defective or stolen, we will replace it, as long as there is no evidence of unauthorized tampering with or modification of the Access Card and your account is in good standing. A replacement fee may apply (described in Section 2). Tampering with or other unauthorized modification of the Access Card is strictly prohibited and may result in criminal or civil action. Tampering with or inserting any device into your receiver other than an authorized unmodified Access Card is prohibited. DIRECTV reserves the right to cancel or replace the Access Card. Upon request, the card must be returned to DIRECTV. If you do not return the Access Card to DIRECTV when you cancel your Service, you may be charged a fee as described in Section 2. Requesting Access Cards on behalf of other persons or for purposes other than lawful viewing of DIRECTV Service is prohibited.
- (f) **Additional TVs.** If you add separate Service on additional TVs, you may purchase a separate subscription for each TV. Or, if all your receivers are continuously connected to the same land-based phone line, we can "mirror" the programming to your additional TVs and charge you only the fee amount described in Section 2. Pay per view programming ordered by remote control cannot be mirrored and can be viewed only on the TV for which it is purchased. You agree to provide true and accurate information about the location of your receivers.
- (g) **Phone Connections.** Your receiver must always be directly connected to a land-based telephone line to receive certain Service, such as sports subscriptions and your local regional sports services network, and to be authorized to order with your remote control. If it is not so connected, or if it is connected to a line other than the one you tell us, or if the line is not performing according to our requirements, we may deactivate the applicable Service. If we do, you will still be responsible for all Services purchased through the date of deactivation. Your receivers must also be connected to the same land-based telephone line in order to be eligible to pay the additional TV fee (see 1(f)) rather than purchase a separate subscription for each additional TV.
- (h) **Mobile Units.** We provide Service to Receiving Equipment installed in mobile units such as campers, boats and other recreational vehicles. However, without a permanent land-based phone connection, this Receiving Equipment is not eligible for the additional TV authorization discount described in 1(f), ordering with the remote control, or certain sports programming described in 1(g).
- (i) **Private Viewing.** We provide Service only for your private non-commercial use. enjoyment and home viewing. The programming

may not be viewed in areas open to the public or in commercial establishments. You may not rebroadcast, transmit or perform the programming, charge admission for its viewing or transmit or distribute running accounts of it. You may not use any of our trademarks. Notwithstanding the provisions of Section 9, we or any programming provider may prosecute violations of the foregoing against you and other responsible parties in any court of competent jurisdiction, under the rules and regulations of the Federal Communications Commission and other applicable laws.

- (j) **Blackouts.** Certain programming, including sports events, may be blacked out in your local reception area. Blackout restrictions are decided by the sports leagues and the other entities that own the local broadcast rights. You may visit [DIRECTV.com](http://DIRECTV.com) for more blackout information. If you circumvent or attempt to circumvent any of these blackouts, you may be subject to legal action.
- (k) **Loss of Receiving Equipment.** You should notify us immediately if your receiver, remote control or receiving antenna dish (referred to collectively as "Receiving Equipment") is lost or stolen. If you notify us within 5 days, we will not charge you for unauthorized use. In any case, we will not charge you for unauthorized use occurring after we receive your notice. For leased Receiving Equipment, non-return fees as specified in the Equipment Lease Addendum will apply.
- (l) **Transfer of Receiving Equipment.** We consider you to be responsible for, and the recipient of programming on, any Receiving Equipment you own. You are liable for charges incurred in the use of your Receiving Equipment by others until you notify us of a transfer. Leased Receiving Equipment may not be transferred.
- (m) **Your Viewing Restrictions.** It is your responsibility to impose any viewing restrictions on other family members or guests, as you think appropriate. We are not responsible to you or anyone else based on the content of our programming. Please visit [DIRECTV.com](http://DIRECTV.com) for information on parental controls, locks and limits and password protection on your account.
- (n) **Change of Address.** You must notify us immediately of any change in your name, mailing address, residence address or telephone number.

## 2. PAYMENT

In return for receiving our Service, you promise to pay us as follows:

- (a) **Programming.** You will pay in advance, at our rates in effect at the time, for all Service ordered by you or anyone who uses your Receiving Equipment, with or without your permission, until the Service is canceled. The outstanding balance is due in full each month. We may, in our discretion, accept partial payments, which will be applied to the oldest outstanding statement. No "payment in full" notation or other restrictive endorsement written on your payments will restrict our ability to collect all amounts owing to us. We may reduce your service to a minimum service level, at our rates in effect at the time, or deactivate your Service if you do not pay your statements on time, after any applicable grace period.
- (b) **Taxes.** You will pay all taxes or other governmental fees and charges, if any, which are assessed.
- (c) **Administrative Fees.** In order to control the basic charges, which apply to all customers, we charge fees that arise in specific circumstances only to those customers responsible for them. This list is not exclusive, and DIRECTV reserves the right to modify these fees or charge additional fees. Accordingly, you will pay the following fees when they are applicable.
  - (1) **Account Activation Fee.** We may charge you a fee of (i) up to \$50.00, or (ii) the maximum amount permitted under applicable law prior to or upon activation of your Service account, whichever is less.
  - (2) **Access Card Replacement Fee.** If you do not return the Access Card when requested to do so, or if we have to replace the Access Card, we may charge you a replacement fee of up to \$300.00. If you return the old Access

DTV000001

Card to us, you may receive partial credit to your account. If you request overnight delivery of the replacement Access Card, you must pay a shipping and handling fee of **up to \$16.50**.

(3) **Additional TV Authorization Fee:** If you meet the qualifications described in Section 1(f), we may charge you a monthly fee of **up to \$4.99** for separate Services on each additional TV, rather than a full subscription fee for Services on each additional TV. This reduced rate is available only if all receivers are located at your residence and are continuously connected to the same land-based telephone line. If not, you will be responsible for the full amount of our programming charges for each TV.

(4) **Administrative Late Fee. If we do not receive your payment by the due date on your bill, we may charge you an administrative late fee of the lesser of (i) up to \$5.00, or (ii) the maximum amount permitted under and subject to applicable law per month or partial month until the delinquent amount is paid in full.** This late fee is not an interest charge, finance charge, time price differential or other such charge or payment of a similar nature. You acknowledge that this fee is reasonably related to the actual expense we incur due to late payment and may be subject to limitations set forth by law in your state

(5) **Change of Service Fee.** If you change your Service package to a lower-priced package, we may charge you a fee the lesser of (i) **up to \$10.00**, or (ii) the maximum amount permitted by applicable law.

(6) **Phone Payment Fee.** If you elect to pay any outstanding balance over the telephone we may charge you the lesser of (i) **up to \$5.50**, or (ii) the maximum amount permitted by applicable law.

(7) **Deposits:** We may require that you provide a deposit prior to or after activation of your Service, which we may apply against any unpaid amounts at any time. Deposits will appear on your bills as credits, from which we will deduct our charges. Deposits will not earn interest.

(8) **Order-Assistance Fee.** If you order a pay per view Service by calling us or online, we may charge you a fee of **up to \$5.00** for each separate movie, event or other program so ordered, even if it is later canceled

(9) **Deactivation Fee:** If you cancel your Service or we deactivate your Service because of your failure to pay or for some other breach on your part, we may charge you a fee the lesser of (i) **up to \$15.00**, or (ii) the maximum amount permitted by applicable law

(10) **Duplicate Statement Fee.** If you request a duplicate statement, we may charge you a fee the lesser of (i) **up to \$1.75**, or (ii) the maximum amount permitted by applicable law for each statement copy

(11) **Ledger Request Fee:** If you request a payment ledger itemizing past payments on your account, we may charge you a fee the lesser of (i) **up to \$2.75**, or (ii) the maximum amount permitted by applicable law

(12) **Returned Payment Fee.** If any bank or other financial institution refuses to honor any payment, draft or instrument submitted for payment to your account, we may charge you a fee the lesser of (i) **up to \$20.00**, or (ii) the maximum amount permitted by applicable law. You acknowledge that this fee is not an interest charge, finance charge, time price differential or other such charge or payment of a similar nature and it is reasonably related to the actual expense we incur due to unsatisfied payment

(d) **Billing Statements.** We will send you a statement for each billing cycle (usually once every 30 days) unless you have a zero or nominal balance due, or a nominal credit balance, on your account at the end of a billing cycle. Statements will show (1) payments, credits, purchases and any other charges to your account (2) the amount you owe us and (3) the payment due date. If you elect to make automatic credit or debit card payments, you will not receive monthly statements unless you request that

they be sent.

(e) **Questions About Your Statement.** If you think your statement is incorrect or if you need more information about it, contact us immediately. We will try to resolve any complaints you have as promptly as we can.

**Undisputed portions of the statement must be paid by the due date to avoid a late fee and possible reduction or deactivation of Service.**

Remember, if your bill for DIRECTV Service comes from a party other than DIRECTV, please use the contact information on your bill.

(f) **Consents Regarding Credit.** In order to establish an account with us, you authorize us to inquire into your creditworthiness (subject to Section 6), by checking with credit reporting agencies. If you are delinquent in any payment to us, you also authorize us to report any late payment or nonpayment to credit reporting agencies. Due to the subjective nature of creditworthiness, we reserve the right to require prepayment for any Service via cashier's check, money order or credit card, notwithstanding your credit rating, past history or practice.

(g) **Collection Costs.** To the extent permitted by law, you will pay us any costs and fees we reasonably incur to collect amounts you owe us.

### 3. CUSTOMER INFORMATION

(a) **Representations.** You represent that you are at least 18 years of age and a resident of the United States.

(b) **Contact Information.** You agree to provide true, accurate, current and complete contact information about yourself, and maintain and promptly update your contact information to keep it true, accurate and complete.

(c) **Online Access.** You are responsible for maintaining the confidentiality of the password and account username used for online billing and account maintenance at DIRECTV.com, and are fully responsible for all activities that occur under your password and account. You agree to (i) keep your username and password confidential and not share them with anyone else, (ii) immediately notify DIRECTV of any unauthorized use of your password and account or other breach of security and (iii) use only your username and password to log into DIRECTV.com.

### 4. CHANGES IN CONTRACT TERMS

We reserve the right to change the terms and conditions on which we offer Service. If we make any such changes, we will send you a copy of your new Customer Agreement containing its effective date. You always have the right to cancel your Service, in whole or in part at any time, and you may do so if you do not accept any such changed terms or conditions. If you do cancel, you may be charged an early cancellation fee if you entered into a separate programming commitment or a deactivation fee. You will be issued a credit, if any, in accordance with Section 5. If you elect not to cancel your Service after receiving a new Customer Agreement, your continued receipt of Service from us will constitute acceptance of the changed terms and conditions. If you notify us that you do not accept such terms and conditions, then we may cancel your Service as provided in Section 5, as we cannot offer Service to different customers on different terms.

### 5. CANCELLATION

(a) **Term.** The term of this Agreement is indefinite and Service will continue until canceled as provided herein. **UNLESS YOU NOTIFY US THAT YOU WISH TO CANCEL IT, WE WILL AUTOMATICALLY RENEW SERVICE THAT YOU SUBSCRIBE TO ON A PERIODIC BASIS, INCLUDING ANY MONTHLY OR ANNUAL SUBSCRIPTIONS AND SEASONAL SPORTS SUBSCRIPTIONS, AS LONG AS WE CONTINUE TO CARRY THE SERVICE.**

(b) **Your Cancellation.** You may cancel Service by notifying us. You may be charged a deactivation fee as described in Section 2 and issued a credit as described below. Your notice is effective on the day we receive it. You will still be responsible for payment of all outstanding balances accrued through that effective date. In addition to any deactivation or change of service fees provided in Section 2, if you cancel Service or change your Service package, you may be subject to an early cancellation fee if you

entered into a separate programming commitment with DIRECTV in connection with obtaining Receiving Equipment, and have failed to maintain the required programming package for the required period of time.

For Services sold only in blocks of one month or multiples of one month, if you cancel such Service, we will credit you only for full months not used. For example, if you subscribe for a year of such Service from January through December but cancel on March 10, we will credit you for the subscription fees for April through December. However, we will not credit any fees for January through March. Additionally, we will not credit seasonal sports subscriptions after the season starts.

(c) **Our Cancellation.** We may cancel your Service at any time if you fail to pay amounts owing to us when due, subject to any grace periods, breach any other material provision of this Agreement, or act abusively toward our staff. In such case, you will still be responsible for payment of all outstanding balances accrued through that effective date, including the deactivation fee described in Section 2. In addition, we may cancel your Service if you elect not to accept any changed terms described to you, as provided in Section 4.

(d) **Credit Balances.** If you have a credit balance after the close of your account and issuance of the final bill, we will automatically issue you a refund. However, if your credit balance is less than \$1.00, we will not issue you a refund unless you make a written request for the refund. If you do not make such a written request for the refund within one year of the close of your account, you forfeit any credit balance remaining on your account and your account balance will be reset to zero.

### 6. PERSONAL DATA

We collect Personally Identifiable Information about our customers ("Personal Data"). The use and disclosure of this Personal Data is governed by our Privacy Policy and, to the extent not inconsistent with the Privacy Policy, by this Agreement. A copy of our Privacy Policy is available at DIRECTV.com. We will also send you a copy if you send your written request to this address: DIRECTV Privacy Policy, P.O. Box 29079, Glendale, CA 91209-0799.

### 7. DIRECTV® DVR SERVICE

DIRECTV DVR Service is a separately sold service, at our rates in effect at the time, available to customers with DVR-enabled Receiving Equipment. DIRECTV DVR Service gives you the ability to see and record televised programs ("Third Party Content"). You understand that DIRECTV does not guarantee the access to or recording of any particular program, or the length of time any particular recorded program may remain available for your viewing. You also understand that Third Party Content is the copyrighted material of the third party that supplies it, is protected by copyright and other applicable laws, and may not be reproduced, published, broadcast, rewritten or redistributed without the written permission of the third party that supplied it, except to the extent allowed under the "fair use" provisions of the U.S. copyright laws or comparable provisions of foreign laws. You agree that DIRECTV will have no liability to you, or anyone else who uses your DIRECTV DVR Service, with regard to any Third Party Content. DIRECTV may, at its discretion, from time to time change, add or remove features of the DIRECTV DVR Service, or change the service fee for DIRECTV DVR Service.

We generally use local telephone calls to provide the DIRECTV DVR Service. You are responsible for such telephone charges and acknowledge and agree that you shall be solely responsible for all disputes with any telephone company related to the same.

If you paid a "lifetime service fee," you will not be charged a fee for your DIRECTV DVR Service as long as you maintain television programming service from DIRECTV on the same account. If you disconnect your DIRECTV television programming service and later reconnect on the same account, your DIRECTV DVR Service will be reconnected and you will not be charged a fee for DIRECTV DVR Service.

By receiving the DIRECTV DVR Service, you agree to the following license. The term "Software" shall include any updates, modified versions, additions and copies of certain software for the DIRECTV DVR Service (or your Receiving Equipment) that may be provided by DIRECTV from time to time. The term "End User Documentation" shall mean the documentation and related explanatory written materials provided to you in connection with licensing by you of any Software. DIRECTV grants to you a non-exclusive license to use the Software, provided that you agree to the following:

- (a) **License Grant.** You may use the Software solely in executable code form and solely in conjunction with the use of your Receiving Equipment.
- (b) **Restrictions.** You may not copy, modify, transfer, disseminate or publish the Software, or any copy thereof, in whole or in part. You may not reverse engineer, disassemble, decompile or translate the Software, or otherwise attempt to derive the source code of the Software, except to the extent allowed under any applicable law. Any attempt to transfer any of the rights, duties or obligations of this license agreement is void. You may not rent, lease, load, resell for profit or distribute the Software, or any part thereof.
- (c) **Ownership.** The Software is licensed, not sold, to you solely for your use under the terms of this license agreement, and DIRECTV and its suppliers reserve all rights not expressly granted to you. You shall own the media, if any, on which Software or End User Documentation is recorded, but DIRECTV and its suppliers retain ownership of all copies of the Software itself.
- (d) **Reservation of Rights.** Except as stated above, this license agreement does not grant to you any intellectual property rights in the Software.
- (e) **Term.** If you breach any term or condition of this license agreement, this license agreement will terminate immediately upon notice to you.
- (f) **Warranty Disclaimer.** NEITHER DIRECTV NOR ANY OF ITS REPRESENTATIVES MAKES OR PASSES ON TO YOU OR OTHER THIRD PARTIES ANY WARRANTY OR REPRESENTATION ON BEHALF OF DIRECTV OR ITS SUPPLIERS (INCLUDING TiVo) WITH RESPECT TO THE SOFTWARE, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT OF THIRD PARTY RIGHTS.
- (g) **Limitation of Liability.** IN NO EVENT WILL DIRECTV OR ITS SUPPLIERS BE LIABLE TO YOU WITH RESPECT TO THE SOFTWARE FOR ANY CONSEQUENTIAL, INCIDENTAL OR SPECIAL DAMAGES, INCLUDING LOST PROFITS OR LOST SAVINGS, EVEN IF DIRECTV OR ITS SUPPLIERS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY ANY THIRD PARTY. Some states or jurisdictions do not allow the exclusion or limitation of incidental, consequential or special damages, so the above limitations may not apply to you.
- (h) **Third-Party Beneficiary.** DIRECTV and you expressly acknowledge and agree that TiVo, Inc., a Delaware corporation with its principal place of business at 2160 Gold Street, Alviso, CA 95002, is an intended third-party beneficiary of this license agreement as it relates to TiVo software that may be contained in the Receiving Equipment. These license provisions are made expressly for the benefit of TiVo and are enforceable by TiVo in addition to DIRECTV.

## 8. LIMITS ON OUR RESPONSIBILITY

- (a) **Service Interruptions.** Service may be interrupted from time to time for a variety of reasons. We are not responsible for any interruptions of Service that occur due to acts of God, power failure or any other cause beyond our reasonable control. However, because we value our customers, for an interruption of a significant length of time that is within our reasonable control, upon your request we will provide what we reasonably determine to be a fair and equitable adjustment to your account to make up for such Service interruption. THIS WILL BE YOUR SOLE REMEDY AND OUR SOLE DUTY IN SUCH CASES.

(b) **Disclaimers.** EXCEPT AS EXPRESSLY PROVIDED HEREIN, WE MAKE NO WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, REGARDING ANY SERVICE OR YOUR RECEIVING EQUIPMENT. ALL SUCH WARRANTIES OR REPRESENTATIONS, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT ARE DISCLAIMED.

(c) **Limitations of Liability.** WE ARE NOT RESPONSIBLE FOR ANY CONSEQUENTIAL DAMAGES OR LOSSES RELATING TO THE RECEIVING EQUIPMENT OR ANY SERVICE, WHETHER BASED ON NEGLIGENCE OR OTHERWISE, REGARDLESS OF THE CAUSE, OUR TOTAL LIABILITY FOR DAMAGES OR LOSSES TO YOU AND ANY OTHER PERSONS RECEIVING OUR SERVICE, WILL IN NO EVENT EXCEED THE AMOUNT THAT YOU HAVE PAID TO US FOR THE SERVICE THAT YOU RECEIVED DURING THE SIX (6) MONTH PERIOD IMMEDIATELY PRIOR TO THE SPECIFIC EVENT THAT GAVE RISE TO THE APPLICABLE DAMAGE OR LOSS. THIS ALLOCATION OF RISK IS REFLECTED IN OUR PRICES. You may have greater rights than described above under your state's laws. You should consult them.

(d) **Warranty Services.** You agree that this Agreement does not provide for, and the Service does not include, any warranty services or other services that we might provide separately, including, without limitation, any fee-based or other warranty programs.

## 9. RESOLVING DISPUTES

In order to expedite and control the cost of disputes, you and we agree that any legal or equitable claim relating to this Agreement, any addendum, or your Service (referred to as a "Claim") will be resolved as follows:

- (a) **Informal Resolution.** We will first try to resolve any Claim informally. Accordingly, neither of us may start a formal proceeding (except for Claims described in Section 9(d) below) for at least 60 days after one of us notifies the other of a Claim in writing. You will send your notice to the address on the first page of this Agreement, and we will send our notice to your billing address.
- (b) **Formal Resolution.** Except as provided in Section 9(d), if we cannot resolve a Claim informally, any Claim either of us asserts will be resolved only by binding arbitration. The arbitration will be conducted under the rules of JAMS that are in effect at the time the arbitration is initiated (referred to as the "JAMS Rules") and under the rules set forth in this Agreement. If there is a conflict between JAMS Rules and the rules set forth in this Agreement, the rules set forth in this Agreement will govern. **ARBITRATION MEANS THAT YOU WAIVE YOUR RIGHT TO A JURY TRIAL.** You may, in arbitration, seek any and all remedies otherwise available to you pursuant to your state's law. If you decide to initiate arbitration, you agree to tell us in writing the amount that you would pay to file a lawsuit against us in the appropriate court of law in your state. Unless we agree to pay your fee for you, you only need to pay an arbitration initiation fee equal to such court filing fee, not to exceed \$125, we agree to pay any additional fee or deposit required by JAMS to initiate your arbitration. We also agree to pay the costs of the arbitration proceeding. Other fees, such as attorney's fees and expenses of travel to the arbitration will be paid in accordance with JAMS Rules. The arbitration will be held at a location in your hometown area unless you and we both agree to another location or telephonic arbitration. To start an arbitration, you or we must do the following things:

- (1) Write a Demand for Arbitration. The demand must include a description of the Claim and the amount of damages sought to be recovered. You can find a copy of a Demand for Arbitration at [jamsadr.com](http://jamsadr.com)
- (2) Send three copies of the Demand for Arbitration, plus the appropriate filing fee to

**JAMS**  
**500 North State College Blvd., Suite 600**  
**Orange, CA 92668**  
**1-800-352-5267**

- (3) Send one copy of the demand for arbitration to the other party.
- (c) **Special Rules.** (i) In the arbitration proceeding, the arbitrator has no authority to make errors of law, and any award may be challenged if the arbitrator does so. Otherwise, the arbitrator's decision is final and binding on all parties and may be enforced in any federal or state court that has jurisdiction. (ii) Neither you nor we shall be entitled to join or consolidate claims in arbitration by or against other individuals or entities, or arbitrate any claim as a representative member of a class or in a private attorney general capacity. Accordingly, you and we agree that the JAMS Class Action Procedures do not apply to our arbitration. If, however, the law of your state would find this agreement to dispense with class arbitration procedures unenforceable, then this entire Section 9 is unenforceable.
- (d) **Exceptions.** Notwithstanding the foregoing: (i) any Claim based on Section 1(i) above, and (ii) any dispute involving a violation of the Communications Act of 1934, 47 U.S.C. § 605, the Digital Millennium Copyright Act, 17 U.S.C. § 1201, the Electronic Communications Privacy Act, 18 U.S.C. §§ 2510-2521 or any other statement or law governing theft of service, may be decided only by a court of competent jurisdiction.

## 10. MISCELLANEOUS

- (a) **Notice.** Notices to you will be deemed given when personally delivered, addressed to you at your last known address and deposited in the U.S. Mail (which may include inclusion in your billing statement), or sent via Internet to the e-mail address you provided us or sent via satellite to your receiver or delivered when a voice message is left at the telephone number on your account. Your notices to us will be deemed given when we receive them at the address or telephone number on the first page of this Agreement.
- (b) **Applicable Law.** The interpretation and enforcement of this Agreement shall be governed by the rules and regulations of the Federal Communications Commission, other applicable federal laws, and the laws of the state and local area where Service is provided to you. This Agreement is subject to modification if required by such laws. Notwithstanding the foregoing, Section 9 shall be governed by the Federal Arbitration Act.
- (c) **Assignment of Account.** We may assign your account or this Agreement and all rights and/or obligations hereunder to any third party without notice for any purpose, including, without limitation, collection of unpaid amounts, or in the event of an acquisition, corporate reorganization, merger or sale of substantially all of the party's assets to another entity. You hereby consent to such assignment. You must continue making all required payments to us in accordance with your billing statement, unless notified otherwise.
- (d) **Other.** This Agreement and any lease, activation, programming, or other service commitment agreement that you entered into in connection with obtaining Receiving Equipment constitute our entire agreement. No salesperson or other representative is authorized to change it. If any provision is declared by a competent authority to be invalid, that provision will be deleted or modified to the extent necessary, and the rest of the Agreement will remain enforceable. The terms of this Agreement that expressly or by their nature survive termination shall continue thereafter until fully performed.

## DIRECTV EQUIPMENT LEASE ADDENDUM

Thank you for choosing DIRECTV. By signing this Equipment Lease Addendum, you agree to abide by the following terms and conditions: You wish to lease from DIRECTV, and DIRECTV is willing to lease to you, one or more DIRECTV new or reconditioned receivers, hereinafter collectively referred to as the "equipment," necessary to access DIRECTV's services. **THIS EQUIPMENT LEASE ADDENDUM CONTAINS THE TERMS AND CONDITIONS FOR THE LEASE BY DIRECTV OF THE DIRECTV EQUIPMENT TO YOU, BUT MUST BE READ TOGETHER WITH THE DIRECTV CUSTOMER AGREEMENT (A COPY OF WHICH IS PROVIDED TO YOU WITH YOUR FIRST BILL AND IS AVAILABLE AT WWW.DIRECTV.COM) FOR ALL OF THE TERMS AND CONDITIONS REGARDING THE PROVISION OF THE SERVICES AND YOUR RIGHT TO USE THE DIRECTV EQUIPMENT. YOU UNDERSTAND AND AGREE THAT YOU HAVE NOT PURCHASED THE DIRECTV EQUIPMENT, YOU DO NOT OWN THE DIRECTV EQUIPMENT AND THE DIRECTV EQUIPMENT MUST BE USED AND RETURNED TO DIRECTV STRICTLY IN ACCORDANCE WITH THE TERMS OF THIS EQUIPMENT LEASE ADDENDUM AND THE DIRECTV CUSTOMER AGREEMENT.**

☐ Check here if you are a new DIRECTV customer

☐ Check here if you are a current DIRECTV customer obtaining one or more additional DIRECTV receiver(s)

**PROGRAMMING AGREEMENT.** Within 30 days of provision of DIRECTV equipment to you, you agree to activate any DIRECTV® TOTAL CHOICE programming package (valued at \$44.99 per mo. or above), or any DIRECTV PARA TODOS® programming package (valued at \$29.99 per mo. or above); or any qualifying international services bundle, which bundle shall include either the DIRECTV® BASIC programming package (valued at \$9.99 per mo.) or the DIRECTV PREFERRED CHOICE™ programming package (valued at \$29.99 per mo.) together with any WorldDirect™ international-language service. DVR service activation (\$5.99/mo.) required for DVR and HD DVR system purchases. In certain markets, programming and pricing may vary. **DIRECTV PROGRAMMING AND PRICING SUBJECT TO CHANGE AT ANY TIME.**

**PROGRAMMING COMMITMENT.** The programming package(s) must be maintained for a period of not less than (a) twelve (12) consecutive months (for accounts with only standard receiver(s)), or (b) twenty-four (24) consecutive months (for accounts with advanced product(s)/receiver(s)-digital video recorder (DVR), high definition receiver (HD) or high definition digital video recorder (HD DVR), including additional DIRECTV receiver(s)). After you have fulfilled your agreement to the required programming package(s), you are not obligated to continue your subscription to DIRECTV programming for any specific duration. Current DIRECTV customers may activate additional receivers with their existing DIRECTV programming package. **THIS PROGRAMMING COMMITMENT IS SEPARATE AND DIFFERENT FROM ANY OTHER PROGRAMMING COMMITMENT YOU MAY HAVE MADE WITH DIRECTV AND IS FULLY ENFORCEABLE UNDER THESE TERMS.**

**MONTHLY LEASE FEE.** For a new DIRECTV customer, you will be charged a monthly lease fee in the amount of \$4.99 per 2<sup>nd</sup> and each additional receiver leased by you in your household. For a current customer, you will be charged a monthly fee in the amount of \$4.99 for each receiver leased by you in your household, unless you replace all of your owned-equipment with leased equipment, in which case, the monthly lease fee will be waived for the 1<sup>st</sup> receiver. Applicable taxes will apply. **LEASE FEE SUBJECT TO CHANGE AT ANY TIME.**

**CARE OF EQUIPMENT.** You are responsible for the loss of or any damage to the DIRECTV equipment that you have leased from DIRECTV. You shall have no right to sell, give away, transfer, pledge, mortgage, remove, relocate, alter or tamper with the DIRECTV equipment at any time. **DIRECTV PROVIDES YOU THE DIRECTV EQUIPMENT AS IS, AND MAKES NO WARRANTY, EITHER EXPRESSED OR IMPLIED, REGARDING THE DIRECTV EQUIPMENT PROVIDED TO YOU. ALL SUCH WARRANTIES INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY EXCLUDED. DIRECTV IS NOT RESPONSIBLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RELATING TO THE DIRECTV EQUIPMENT PROVIDED TO YOU.** In the event the DIRECTV equipment you have leased from DIRECTV does not operate, contact DIRECTV at 1-800-531-5000.

**CONSEQUENCES OF YOUR FAILURE TO ACTIVATE PROGRAMMING OR SATISFY YOUR PROGRAMMING COMMITMENT.** If you fail to activate your DIRECTV equipment within 30 days of DIRECTV's provision of the DIRECTV equipment to you, you agree that DIRECTV or an authorized DIRECTV Retailer may charge you a fee, as liquidated damages, of \$150 for each receiver that is not activated. If you fail to maintain your minimum programming commitment, you agree that DIRECTV may charge you a prorated fee of up to \$150 for standard receivers and up to \$300 for advanced products/receivers (e.g., DVR, HD, HD DVR, etc.).

**ARBITRATION.** You and DIRECTV agree that both parties will resolve any dispute arising under this Equipment Lease Addendum, the DIRECTV Customer Agreement or any other addendum thereto, or regarding your DIRECTV programming service, through binding arbitration as fully set forth in the DIRECTV Customer Agreement.

## CUSTOMER AGREEMENT

### 1. OUR SERVICE

These are the terms on which we will provide you Service

- (a) **Program Choices.** You must subscribe to a base package in order to receive additional Services such as premium movie services or sports subscriptions. All programming selections have their own rates, terms and conditions. Information about programming is at [directv.com](http://directv.com)
- (b) **Ordering Pay Per View.** You may order Pay Per View Services by using your on-screen guide and remote control, by ordering at [directv.com](http://directv.com), by calling us and speaking the name of your event into our Automated Phone System, or by ordering through an agent. If you call an agent to order, the maximum fee may apply (described in section 2). A reduced fee is available for Pay Per View orders placed at [directv.com](http://directv.com) or through the Automated Phone System. To use your remote control to order, your receiver must be continuously

connected to a land-based telephone line. Your order is transmitted via the telephone line, and during the short transmission period, you may not be able to use the line for other purposes. Repeated cancellation of previously ordered Pay Per View Services may result in cancellation of your account, restrictions on your ability to order Pay Per View Services, or imposition of additional fees for Pay Per View Services.

- (c) **Your Programming Changes.** You may change your programming selection by notifying us. A fee may apply to such changes (described in Sections 2 & 5(b)). Some programming may be purchased in minimum blocks of one month or multiples of one month.
- (d) **Our Programming Changes.** Many changing considerations affect the availability, cost and quality of programming and customer demand for it. Accordingly, we must reserve the unrestricted right to change, rearrange, add or delete our programming packages, the selections in those packages, our prices, and any other Service we offer, at any time. We will endeavor to notify you of any change that is within our reasonable control and its effective date. In most cases, this notice will be about one month in advance. You always have the right to cancel your Service, in whole or in part, if you do not accept the change (see Section 5). If you cancel your Service, a deactivation fee (described in Sections 2 & 5(b)) or other charges may apply. Credits, if any, to your account will be posted as described in Section 5. If you do not cancel, your continued receipt of our Service will constitute acceptance.
- (e) **Access Card.** You have received a conditional access card (referred to as the “Access Card”) and a License Agreement governing your use of the Access Card while you are receiving our Service. Access Cards are nontransferable and are the exclusive property of DIRECTV. If you tell us that the original Access Card was lost, damaged, defective or stolen, we will replace it, as long as there is no evidence of unauthorized tampering with or modification of the Access Card and your account is in good standing. A replacement fee may apply (described in Section 2). Tampering with or other unauthorized modification of the Access Card is strictly prohibited and may result in criminal or civil action. Tampering with or inserting any device into your receiver other than an authorized unmodified Access Card is prohibited. DIRECTV reserves the right to cancel or replace the Access Card. Upon request, the card must be returned to DIRECTV. If you do not return the Access Card to DIRECTV when you cancel your Service, you may be charged a fee as described in Section 2. Requesting Access Cards on behalf of other persons or for purposes other than lawful viewing of DIRECTV Service is prohibited
- (f) **Phone Connections.** For optimal performance of your Receiving Equipment, including ordering with your remote control or receiving certain Services, each of your receivers must be directly connected to the same land-based telephone line. If you add Service on additional TVs, you may purchase a separate subscription for each additional TV, or, if all your receivers are continuously connected to the same land-based telephone line, we can “mirror” programming to your additional TVs and charge you only the fee amount described in Section 2. You agree to provide true and accurate information about the location of your receivers. If we detect that any receiver is not regularly connected to a land-based telephone line, we may investigate and, if it is determined that the receiver is not at the location identified on your account, we may disconnect the receiver or charge you the full programming subscription price for the receiver
- (g) **Mobile Units.** We provide Service to Receiving Equipment installed in mobile units such as campers, boats and other recreational vehicles. However, this Receiving Equipment is not eligible for the additional TV authorization discount described in 1(f)
- (h) **Private Viewing.** We provide Service only for your private non-commercial use, enjoyment and home viewing. The programming may not be viewed in areas open to the public or in commercial establishments. You may not rebroadcast, transmit or perform the programming, charge admission for its viewing or transmit or distribute running accounts of it. You may not use any of our trademarks. Notwithstanding the provisions of Section 9, we or any programming provider may prosecute violations

of the foregoing against you and other responsible parties in any court of competent jurisdiction, under the rules and regulations of the Federal Communications Commission and other applicable laws.

- (i) **Blackouts.** Certain programming, including sports events, may be blacked out in your local reception area. Blackout restrictions are decided by the sports leagues and the other entities that own the local broadcast rights. You may visit [directv.com](http://directv.com) for more blackout information. If you circumvent or attempt to circumvent any of these blackouts, you may be subject to legal action
- (j) **Loss of Receiving Equipment.** You should notify us immediately if your receiver, remote control or receiving antenna dish (referred to collectively as “Receiving Equipment”) is lost or stolen. If you notify us within 5 days, we will not charge you for unauthorized use. In any case, we will not charge you for unauthorized use occurring after we receive your notice. For leased Receiving Equipment, non-return fees as specified in the Equipment Lease Addendum will apply.
- (k) **Transfer of Receiving Equipment.** We consider you to be responsible for, and the recipient of programming on, any Receiving Equipment you own. You are liable for charges incurred in the use of your Receiving Equipment by others until you notify us of a transfer. Leased Receiving Equipment may not be transferred.
- (l) **Your Viewing Restrictions.** It is your responsibility to impose any viewing restrictions on other family members or guests, as you think appropriate. We are not responsible to you or anyone else based on the content of our programming. Please visit [directv.com](http://directv.com) for information on parental controls, locks and limits and password protection on your account.
- (m) **Change of Address.** You must notify us immediately of any change in your name, mailing address, residence address or telephone number

## 2. PAYMENT

In return for receiving our Service, you promise to pay us as follows

- (a) **Programming.** You will pay in advance, at our rates in effect at the time, for all Service ordered by you or anyone who uses your Receiving Equipment, with or without your permission, until the Service is canceled. The outstanding balance is due in full each month. We may, in our discretion, accept partial payments, which will be applied to the oldest outstanding statement. No “payment in full” notation or other restrictive endorsement written on your payments will restrict our ability to collect all amounts owing to us. We may reduce your service to a minimum service level, at our rates in effect at the time, or deactivate your Service if you do not pay your statements on time, after any applicable grace period.
- (b) **Taxes.** You will pay all taxes or other governmental fees and charges, if any, which are assessed.
- (c) **Administrative Fees.** In order to control the basic charges, which apply to all customers, we charge fees that arise in specific circumstances only to those customers responsible for them. This list is not exclusive, and DIRECTV reserves the right to modify these fees or charge additional fees. Accordingly, you will pay the following fees when they are applicable:
  - (1) **Account Activation Fee.** We may charge you a fee of (i) **up to \$100.00**, or (ii) the maximum amount permitted under applicable law prior to or upon activation of your Service account, whichever is less
  - (2) **Access Card Replacement Fee.** If you do not return the Access Card when requested to do so, or if we have to replace the Access Card, we may charge you a replacement fee of **up to \$300.00**. If you return the old Access Card to us, you may receive partial credit to your account. If you request overnight delivery of the replacement Access Card, you must pay a shipping and handling fee of **up to \$16.50**.
  - (3) **Additional TV Authorization Fee.** If you meet the qualifications described in Section 1(f), we may charge you a monthly fee of **up to \$4.99** for separate Services on each additional TV, rather than a full subscription fee for Services on each additional TV. This reduced rate is available only if all receivers are located at your residence

**DTV000006**

(4) **Administrative Late Fee** If we do not receive your payment by the due date on your bill, we may charge you an administrative late fee of (i) \$5.00; or (ii) the maximum amount permitted under and subject to applicable law per month or partial month until the delinquent amount is paid in full. This late fee is not an interest charge, finance charge, time price differential or other such charge or payment of a similar nature. You acknowledge that this fee is reasonably related to the actual expense we incur due to late payment and may be subject to limitations set forth by law in your state.

(5) **Change of Service Fee** If you change your Service package to a lower-priced package, we may charge you a fee the lesser of (i) up to \$10.00, or (ii) the maximum amount permitted by applicable law

(6) **Phone Payment Fee:** If you elect to pay any outstanding balance over the telephone with an agent, we may charge you the lesser of (i) up to \$10.00, or (ii) the maximum amount permitted by applicable law. To avoid this fee, you can pay your bill through our Automated Phone System by saying "Pay my bill," or at directv.com.

(7) **Deposits.** We may require that you provide a deposit prior to or after activation of your Service, which we may apply against any unpaid amounts at any time. Deposits will appear on your bills as credits, from which we will deduct our charges. Deposits will not earn interest.

(8) **Order Assistance Fee** If you order a Pay Per View Service by calling and speaking with an agent, we may charge you a fee of up to \$5.00, or up to \$1.50 if you order via our Automated Phone System, for each separate movie, event or other program so ordered, even if it is later canceled. There is no order assistance fee for orders placed at directv.com

(9) **Deactivation Fee:** If you cancel your Service or we deactivate your Service because of your failure to pay or for some other breach on your part, we may charge you a fee the lesser of (i) up to \$15.00; or (ii) the maximum amount permitted by applicable law.

(10) **Duplicate Statement Fee** If you request a duplicate statement, we may charge you a fee the lesser of (i) up to \$1.75, or (ii) the maximum amount permitted by applicable law for each statement copy

(11) **Ledger Request Fee:** If you request a payment ledger itemizing past payments on your account, we may charge you a fee the lesser of (i) up to \$2.75, or (ii) the maximum amount permitted by applicable law.

(12) **Returned Payment Fee:** If any bank or other financial institution refuses to honor any payment, draft or instrument submitted for payment to your account, we may charge you a fee the lesser of (i) up to \$20.00; or (ii) the maximum amount permitted by applicable law. You acknowledge that this fee is not an interest charge, finance charge, time price differential or other such charge or payment of a similar nature and it is reasonably related to the actual expense we incur due to unsatisfied payment.

(d) **Billing Statements.** We will send you a statement for each billing cycle (usually once every 30 days) unless you have a zero or nominal balance due, or a nominal credit balance, on your account at the end of a billing cycle. Statements will show: (1) payments, credits, purchases and any other charges to your account (2) the amount you owe us and (3) the payment due date. If you elect to make automatic credit or debit card payments, you will not receive monthly statements unless you request that they be sent.

(e) **Questions About Your Statement.** If you think your statement is incorrect or if you need more information about it, contact us immediately. We will try to resolve any complaints you have as promptly as we can

**Undisputed portions of the statement must be paid by the due date to avoid a late fee and possible reduction or deactivation**

#### of Service.

Remember, if your bill for DIRECTV Service comes from a party other than DIRECTV, please use the contact information on your bill.

(f) **Consents Regarding Credit.** In order to establish an account with us, you authorize us to inquire into your creditworthiness (subject to Section 6), by checking with credit reporting agencies. If you are delinquent in any payment to us, you also authorize us to report any late payment or nonpayment to credit reporting agencies. Due to the subjective nature of creditworthiness, we reserve the right to require prepayment for any Service via cashier's check, money order or credit card, notwithstanding your credit rating, past history or practice.

(g) **Collection Costs.** To the extent permitted by law, you will pay us any costs and fees we reasonably incur to collect amounts you owe us.

#### 3. CUSTOMER INFORMATION

(a) **Representations.** You represent that you are at least 18 years of age and a resident of the United States

(b) **Contact Information.** You agree to provide true, accurate, current and complete contact information about yourself, and maintain and promptly update your contact information to keep it true, accurate and complete.

(c) **Online Access.** You are responsible for maintaining the confidentiality of the password and account username used for online billing and account maintenance at directv.com, and are fully responsible for all activities that occur under your password and account. You agree to: (i) keep your username and password confidential and not share them with anyone else; (ii) immediately notify DIRECTV of any unauthorized use of your password and account or other breach of security and (iii) use only your username and password to log into directv.com.

#### 4. CHANGES IN CONTRACT TERMS

We reserve the right to change the terms and conditions on which we offer Service. If we make any such changes, we will send you a copy of your new Customer Agreement containing its effective date. You always have the right to cancel your Service, in whole or in part at any time, and you may do so if you do not accept any such changed terms or conditions. If you do cancel, you may be charged an early cancellation fee if you entered into a separate programming commitment or a deactivation fee. You will be issued a credit, if any, in accordance with Section 5. If you elect not to cancel your Service after receiving a new Customer Agreement, your continued receipt of Service from us will constitute acceptance of the changed terms and conditions. If you notify us that you do not accept such terms and conditions, then we may cancel your Service as provided in Section 5, as we cannot offer Service to different customers on different terms, among other reasons.

#### 5. CANCELLATION

(a) **Term** The term of this Agreement is indefinite and Service will continue until canceled as provided herein. UNLESS YOU NOTIFY US THAT YOU WISH TO CANCEL IT, WE WILL AUTOMATICALLY RENEW SERVICE THAT YOU SUBSCRIBE TO ON A PERIODIC BASIS, INCLUDING ANY MONTHLY OR ANNUAL SUBSCRIPTIONS AND SEASONAL SPORTS SUBSCRIPTIONS, AS LONG AS WE CONTINUE TO CARRY THE SERVICE.

(b) **Your Cancellation.** You may cancel Service by notifying us. You may be charged a deactivation fee as described in Section 2 and issued a credit as described below. Your notice is effective on the day we receive it. You will still be responsible for payment of all outstanding balances accrued through that effective date. In addition to any deactivation or change of service fees provided in Section 2, if you cancel Service or change your Service package, you may be subject to an early cancellation fee if you entered into a separate programming commitment with DIRECTV in connection with obtaining Receiving Equipment, and have failed to maintain the required programming package for the required period of time.

For Services sold only in blocks of one month or multiples of one month, if you cancel such Service, we will credit you only for full months not used. For example, if you subscribe for a year of such Service from January through December but cancel on March 10, we will credit you for the subscription fees for April through December. However, we will not credit any fees for January through March. Additionally, we will not credit seasonal sports subscriptions after the season starts.

(c) **Our Cancellation.** We may cancel your Service at any time if you fail to pay amounts owing to us when due, subject to any grace periods, breach any other material provision of this Agreement, or act abusively toward our staff. In such case, you will still be responsible for payment of all outstanding balances accrued through that effective date, including the deactivation fee described in Section 2. In addition, we may cancel your Service if you elect not to accept any changed terms described to you, as provided in Section 4.

(d) **Credit Balances.** If you have a credit balance after the close of your account and issuance of the final bill, we will automatically issue you a refund. However, if your credit balance is less than \$1.00, we will not issue you a refund unless you make a written request for the refund. If you do not make such a written request for the refund within one year of the close of your account, you forfeit any credit balance remaining on your account and your account balance will be reset to zero.

(e) **Payment Upon Cancellation.** You acknowledge that you have provided your credit or debit card account information to us. You understand that you will incur fees and charges as a result of your receipt and use of Service and/or Receiving Equipment, and may incur early cancellation fees and/or equipment non-return fees (as specified in any lease, programming or other service commitment agreement you entered into in connection with obtaining Receiving Equipment). By giving us your credit or debit card account information, you authorize us to apply this method of payment, in accordance with applicable law, to satisfy any and all amounts due upon cancellation. You further acknowledge that you are required to maintain current credit or debit card information with us and agree to notify us whenever there is a change in such information, such as a change in the card number or the expiration date.

#### 6. PERSONAL DATA

We collect Personally Identifiable Information about our customers ("Personal Data"). The use and disclosure of this Personal Data is governed by our Privacy Policy and, to the extent not inconsistent with the Privacy Policy, by this Agreement. A copy of our Privacy Policy is available at directv.com. We will also send you a copy if you send your written request to this address: DIRECTV Privacy Policy, P.O. Box 29079, Glendale, CA 91209-9079.

#### 7. DIRECTV® DVR SERVICE

DIRECTV DVR Service is a separately sold service, at our rates in effect at the time, available to customers with DVR-enabled Receiving Equipment. DIRECTV DVR Service gives you the ability to see and record televised programs ("Third Party Content"). You understand that DIRECTV does not guarantee the access to or recording of any particular program, or the length of time any particular recorded program may remain available for your viewing. You also understand that Third Party Content is the copyrighted material of the third party that supplies it, is protected by copyright and other applicable laws, and may not be reproduced, published, broadcast, rewritten or redistributed without the written permission of the third party that supplied it, except to the extent allowed under the "fair use" provisions of the U.S. copyright laws or comparable provisions of foreign laws. You agree that DIRECTV will have no liability to you, or anyone else who uses your DIRECTV DVR Service, with regard to any Third Party Content. DIRECTV may, at its discretion, from time to time change, add or remove features of the DIRECTV DVR Service, or change the service fee for DIRECTV DVR Service

We generally use local telephone calls to provide the DIRECTV DVR Service. You are responsible for such telephone charges and acknowledge and agree that you shall be solely responsible for all disputes with any telephone company related to the same

If you paid a "lifetime service fee," you will not be charged a fee for your

DIRECTV DVR Service as long as you maintain television programming service from DIRECTV on the same account. If you disconnect your DIRECTV television programming service and later reconnect on the same account, your DIRECTV DVR Service will be reconnected and you will not be charged a fee for DIRECTV DVR Service.

By receiving the DIRECTV DVR Service, you agree to the following license. The term "Software" shall include any updates, modified versions, additions and copies of certain software for the DIRECTV DVR Service (or your Receiving Equipment) that may be provided by DIRECTV from time to time. The term "End User Documentation" shall mean the documentation and related explanatory written materials provided to you in connection with licensing by you of any Software. DIRECTV grants to you a non-exclusive license to use the Software, provided that you agree to the following.

- (a) **License Grant.** You may use the Software solely in executable code form and solely in conjunction with the use of your Receiving Equipment.
- (b) **Restrictions.** You may not copy, modify, transfer, disseminate or publish the Software, or any copy thereof, in whole or in part. You may not reverse engineer, disassemble, decompile or translate the Software, or otherwise attempt to derive the source code of the Software, except to the extent allowed under any applicable law. Any attempt to transfer any of the rights, duties or obligations of this license agreement is void. You may not rent, lease, load, resell for profit or distribute the Software, or any part thereof.
- (c) **Ownership.** The Software is licensed, not sold, to you solely for your use under the terms of this license agreement, and DIRECTV and its suppliers reserve all rights not expressly granted to you. You shall own the media, if any, on which Software or End User Documentation is recorded, but DIRECTV and its suppliers retain ownership of all copies of the Software itself.
- (d) **Reservation of Rights.** Except as stated above, this license agreement does not grant to you any intellectual property rights in the Software.
- (e) **Term.** If you breach any term or condition of this license agreement, this license agreement will terminate immediately upon notice to you.
- (f) **Warranty Disclaimer.** NEITHER DIRECTV NOR ANY OF ITS REPRESENTATIVES MAKES OR PASSES ON TO YOU OR OTHER THIRD PARTIES ANY WARRANTY OR REPRESENTATION ON BEHALF OF DIRECTV OR ITS SUPPLIERS (INCLUDING TiVo) WITH RESPECT TO THE SOFTWARE, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT OF THIRD PARTY RIGHTS.
- (g) **Limitation of Liability.** IN NO EVENT WILL DIRECTV OR ITS SUPPLIERS BE LIABLE TO YOU WITH RESPECT TO THE SOFTWARE FOR ANY CONSEQUENTIAL, INCIDENTAL OR SPECIAL DAMAGES, INCLUDING LOST PROFITS OR LOST SAVINGS, EVEN IF DIRECTV OR ITS SUPPLIERS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY ANY THIRD PARTY. Some states or jurisdictions do not allow the exclusion or limitation of incidental, consequential or special damages, so the above limitations may not apply to you.
- (h) **Third-Party Beneficiary.** DIRECTV and you expressly acknowledge and agree that TiVo, Inc., a Delaware corporation with its principal place of business at 2160 Gold Street, Alviso, CA 95002, is an intended third-party beneficiary of this license agreement as it relates to TiVo software that may be contained in the Receiving Equipment. These license provisions are made expressly for the benefit of TiVo and are enforceable by TiVo in addition to DIRECTV.

#### 8. LIMITS ON OUR RESPONSIBILITY

- (a) **Service Interruptions.** Service may be interrupted from time to time for a variety of reasons. We are not responsible for any interruptions of Service that occur due to acts of God, power failure or any other cause beyond our reasonable control. However, because we value our customers, for an interruption of a significant length of time that is within our reasonable control, upon your request we will provide what we reasonably determine

to be a fair and equitable adjustment to your account to make up for such Service interruption. THIS WILL BE YOUR SOLE REMEDY AND OUR SOLE DUTY IN SUCH CASES.

- (b) **Disclaimers.** EXCEPT AS EXPRESSLY PROVIDED HEREIN, WE MAKE NO WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, REGARDING ANY SERVICE OR YOUR RECEIVING EQUIPMENT. ALL SUCH WARRANTIES OR REPRESENTATIONS, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT ARE DISCLAIMED.
- (c) **Limitations of Liability.** WE ARE NOT RESPONSIBLE FOR ANY CONSEQUENTIAL DAMAGES OR LOSSES RELATING TO THE RECEIVING EQUIPMENT OR ANY SERVICE, WHETHER BASED ON NEGLIGENCE OR OTHERWISE, REGARDLESS OF THE CAUSE, OUR TOTAL LIABILITY FOR DAMAGES OR LOSSES TO YOU AND ANY OTHER PERSONS RECEIVING OUR SERVICE, WILL IN NO EVENT EXCEED THE AMOUNT THAT YOU HAVE PAID TO US FOR THE SERVICE THAT YOU RECEIVED DURING THE SIX (6) MONTH PERIOD IMMEDIATELY PRIOR TO THE SPECIFIC EVENT THAT GAVE RISE TO THE APPLICABLE DAMAGE OR LOSS. THIS ALLOCATION OF RISK IS REFLECTED IN OUR PRICES. You may have greater rights than described above under your state's laws. You should consult them.
- (d) **Warranty Services.** You agree that this Agreement does not provide for, and the Service does not include, any warranty services or other services that we might provide separately, including, without limitation, any fee-based or other warranty programs.

#### 9. RESOLVING DISPUTES

In order to expedite and control the cost of disputes, you and we agree that any legal or equitable claim relating to this Agreement, any addendum, or your Service (referred to as a "Claim") will be resolved as follows:

- (a) **Informal Resolution.** We will first try to resolve any Claim informally. Accordingly, neither of us may start a formal proceeding (except for Claims described in Section 9(d) below) for at least 60 days after one of us notifies the other of a Claim in writing. You will send your notice to the address on the first page of this Agreement, and we will send our notice to your billing address.
- (b) **Formal Resolution.** Except as provided in Section 9(d), if we cannot resolve a Claim informally, any Claim either of us asserts will be resolved only by binding arbitration. The arbitration will be conducted under the rules of JAMS that are in effect at the time the arbitration is initiated (referred to as the "JAMS Rules") and under the rules set forth in this Agreement. If there is a conflict between JAMS Rules and the rules set forth in this Agreement, the rules set forth in this Agreement will govern. **ARBITRATION MEANS THAT YOU WAIVE YOUR RIGHT TO A JURY TRIAL.** You may, in arbitration, seek any and all remedies otherwise available to you pursuant to your state's law. If you decide to initiate arbitration, you agree to tell us in writing the amount that you would pay to file a lawsuit against us in the appropriate court of law in your state. Unless we agree to pay your fee for you, you only need to pay an arbitration initiation fee equal to such court filing fee, not to exceed \$125, we agree to pay any additional fee or deposit required by JAMS to initiate your arbitration. We also agree to pay the costs of the arbitration proceeding. Other fees, such as attorney's fees and expenses of travel to the arbitration will be paid in accordance with JAMS Rules. The arbitration will be held at a location in your hometown area unless you and we both agree to another location or telephonic arbitration. To start an arbitration, you or we must do the following things:
  - (1) Write a Demand for Arbitration. The demand must include a description of the Claim and the amount of damages sought to be recovered. You can find a copy of a Demand for Arbitration at jamsadr.com
  - (2) Send three copies of the Demand for Arbitration, plus the appropriate filing fee to

**JAMS**  
**500 North State College Blvd., Suite 600**  
**Orange, CA 92668**  
**1-800-352-5267**

- (3) Send one copy of the demand for arbitration to the other party.

- (c) **Special Rules.** (i) In the arbitration proceeding, the arbitrator has no authority to make errors of law, and any award may be challenged if the arbitrator does so. Otherwise, the arbitrator's decision is final and binding on all parties and may be enforced in any federal or state court that has jurisdiction. (ii) Neither you nor we shall be entitled to join or consolidate claims in arbitration by or against other individuals or entities, or arbitrate any claim as a representative member of a class or in a private attorney general capacity. Accordingly, you and we agree that the JAMS Class Action Procedures do not apply to our arbitration. If, however, the law of your state would find this agreement to dispense with class arbitration procedures unenforceable, then this entire Section 9 is unenforceable.
- (d) **Exceptions.** Notwithstanding the foregoing (i) any Claim based on Section 1(i) above, and (ii) any dispute involving a violation of the Communications Act of 1934, 47 U.S.C. § 605, the Digital Millennium Copyright Act, 17 U.S.C. § 1201, the Electronic Communications Privacy Act, 18 U.S.C. §§ 2510-2521 or any other statement or law governing theft of service, may be decided only by a court of competent jurisdiction.

#### 10. MISCELLANEOUS

- (a) **Notice.** Notices to you will be deemed given when personally delivered, addressed to you at your last known address and deposited in the U.S. Mail (which may include inclusion in your billing statement), or sent via Internet to the e-mail address you provided us or sent via satellite to your receiver or delivered when a voice message is left at the telephone number on your account. Your notices to us will be deemed given when we receive them at the address or telephone number on the first page of this Agreement.
- (b) **Applicable Law.** The interpretation and enforcement of this Agreement shall be governed by the rules and regulations of the Federal Communications Commission, other applicable federal laws, and the laws of the state and local area where Service is provided to you. This Agreement is subject to modification if required by such laws. Notwithstanding the foregoing, Section 9 shall be governed by the Federal Arbitration Act.
- (c) **Assignment of Account.** We may assign your account or this Agreement and all rights and/or obligations hereunder to any third party without notice for any purpose, including, without limitation, collection of unpaid amounts, or in the event of an acquisition, corporate reorganization, merger or sale of substantially all of the party's assets to another entity. You hereby consent to such assignment. You must continue making all required payments to us in accordance with your billing statement, unless notified otherwise.
- (d) **Other.** This Agreement and any lease, activation, programming, or other service commitment agreement that you entered into in connection with obtaining Receiving Equipment constitute our entire agreement. No salesperson or other representative is authorized to change it. If any provision is declared by a competent authority to be invalid, that provision will be deleted or modified to the extent necessary, and the rest of the Agreement will remain enforceable. The terms of this Agreement that expressly or by their nature survive termination shall continue thereafter until fully performed.

**THANK YOU.**

## DIRECTV EQUIPMENT LEASE ADDENDUM

Thank you for choosing DIRECTV. By signing this Equipment Lease Addendum, you agree to abide by the following terms and conditions. You wish to lease from DIRECTV, and DIRECTV is willing to lease to you, one or more DIRECTV new or reconditioned receivers, hereinafter collectively referred to as the "equipment," necessary to access DIRECTV's services. **THIS EQUIPMENT LEASE ADDENDUM CONTAINS THE TERMS AND CONDITIONS FOR THE LEASE BY DIRECTV OF THE DIRECTV EQUIPMENT TO YOU, BUT MUST BE READ TOGETHER WITH THE DIRECTV CUSTOMER AGREEMENT (A COPY OF WHICH IS PROVIDED TO YOU WITH YOUR FIRST BILL AND IS AVAILABLE AT WWW.DIRECTV.COM) FOR ALL OF THE TERMS AND CONDITIONS REGARDING THE PROVISION OF THE SERVICES AND YOUR RIGHT TO USE THE DIRECTV EQUIPMENT. YOU UNDERSTAND AND AGREE THAT YOU HAVE NOT PURCHASED THE DIRECTV EQUIPMENT, YOU DO NOT OWN THE DIRECTV EQUIPMENT AND THE DIRECTV EQUIPMENT MUST BE USED AND RETURNED TO DIRECTV STRICTLY IN ACCORDANCE WITH THE TERMS OF THIS EQUIPMENT LEASE ADDENDUM AND THE DIRECTV CUSTOMER AGREEMENT.**

☐ Check here if you are a new DIRECTV customer

☐ Check here if you are a current DIRECTV customer obtaining one or more additional DIRECTV receiver(s)

**PROGRAMMING AGREEMENT:** Within 30 days of provision of DIRECTV equipment to you, or on the date that the professional installer has installed or is prepared to install your DIRECTV equipment, whichever is sooner, you agree to activate each and every DIRECTV Receiver ordered by you or provided to you with any DIRECTV® base programming package (valued at \$29.99 per mo. or above); Jadeworld; or, any qualifying international service bundle, which bundle shall include either the DIRECTV® BASIC programming package (valued at \$9.99 per mo.) or the DIRECTV PREFERRED CHOICE™ programming package (valued at \$29.99 per mo.) together with any WorldDirect™ international-language service. DVR service activation (\$5.99/mo.) required for DVR leases; HD Access fee (\$9.99/mo.) required for HD Receiver leases; and, both DVR service and HD Access fee payment required for HD DVR leases. In certain markets, programming and pricing may vary. **DIRECTV PROGRAMMING AND PRICING SUBJECT TO CHANGE AT ANY TIME.**

**PROGRAMMING COMMITMENT.** The programming package(s) must be maintained for a period of not less than (a) twelve (12) consecutive months (for accounts with only standard receiver(s)), or (b) twenty-four (24) consecutive months (for accounts with advanced product(s)/receiver(s) digital video recorder (DVR), high definition receiver (HD) or high definition digital video recorder (HD DVR), including additional DIRECTV receiver(s)). After you have fulfilled your agreement to the required programming package(s), you are not obligated to continue your subscription to DIRECTV programming for any specific duration. Current DIRECTV customers may activate additional receivers with their existing DIRECTV programming package. **THIS PROGRAMMING COMMITMENT IS SEPARATE AND DIFFERENT FROM ANY OTHER PROGRAMMING COMMITMENT YOU MAY HAVE MADE WITH DIRECTV AND IS FULLY ENFORCEABLE UNDER THESE TERMS.**

**MONTHLY LEASE FEE.** For a new DIRECTV customer, you will be charged a monthly lease fee in the amount of \$4.99 per 2<sup>nd</sup> and each additional receiver leased by you in your household. For a current customer, you will be charged a monthly fee in the amount of \$4.99 for each receiver leased by you in your household, unless you replace all of your owned-equipment with leased equipment, in which case, the monthly lease fee will be waived for the 1<sup>st</sup> receiver. Applicable taxes will apply. **LEASE FEE SUBJECT TO CHANGE AT ANY TIME.**

**CARE OF EQUIPMENT.** You are responsible for the loss of or any damage to the DIRECTV equipment that you have leased from DIRECTV. You shall have no right to sell, give away, transfer, pledge, mortgage, remove, relocate, alter or tamper with the DIRECTV equipment at any time. **DIRECTV PROVIDES YOU THE DIRECTV EQUIPMENT AS IS, AND MAKES NO WARRANTY, EITHER EXPRESSED OR IMPLIED, REGARDING THE DIRECTV EQUIPMENT PROVIDED TO YOU. ALL SUCH WARRANTIES INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY EXCLUDED. DIRECTV IS NOT RESPONSIBLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RELATING TO THE DIRECTV EQUIPMENT PROVIDED TO YOU.** In the event the DIRECTV equipment you have leased from DIRECTV does not operate, contact DIRECTV at 1-800-531-5000.

**CONSEQUENCES OF YOUR FAILURE TO ACTIVATE PROGRAMMING OR SATISFY YOUR PROGRAMMING COMMITMENT.** If you fail to activate all of your DIRECTV equipment in accordance with this Equipment Lease Addendum, you agree that DIRECTV or an authorized DIRECTV Retailer may charge you a fee, as liquidated damages, of \$150 for each receiver that is not activated. If you fail to maintain your minimum programming commitment, you agree that DIRECTV may charge you a prorated fee of up to \$150 for standard receivers and up to \$300 for advanced products/receivers (e.g., DVR, HD, HD DVR, etc.).

**RETURN OF DIRECTV EQUIPMENT.** If you disconnect/cancel/terminate service on some or all of your leased DIRECTV equipment for any reason (to replace or upgrade equipment, or to cease being a DIRECTV customer either voluntarily or involuntarily), or if you decide to disconnect/cancel/terminate your DVR service or HD Access (if you are leasing DVR and/or HD equipment), you must call DIRECTV within seven (7) days of such disconnection/cancellation/termination to obtain information from DIRECTV necessary to arrange for a ground or air freight service to pick up and deliver your disconnected DIRECTV equipment to DIRECTV. You acknowledge that the DIRECTV equipment belongs to DIRECTV and the DIRECTV equipment, including the access card inserted into each receiver, must be returned to DIRECTV in good working order, normal wear and tear excepted. You agree that DIRECTV will assess the following fees, that you are responsible for paying, in the event you fail to return leased equipment or return equipment in a damaged condition: \$55 per each DIRECTV standard receiver; \$200 for each DIRECTV DVR Receiver; \$240 for each DIRECTV HD Receiver; or \$470 for each DIRECTV HD DVR Receiver as compensation for a portion of the expenses incurred by DIRECTV in establishing your account and providing you the DIRECTV equipment for your use. You may avoid paying such fees by returning the leased equipment, in good working order, within 21 days of disconnection/cancellation/termination of applicable service (including DVR service and HD Access fee).

**CREDIT CARD PAYMENT UPON CANCELLATION.** You are required to provide and maintain a valid credit card in your name. You understand that you will incur fees and charges as a result of your receipt and use of Service and/or Receiving Equipment, and may incur early cancellation fees, equipment non-return fees and/or non-activation fees (as specified herein). By giving us your credit card account information, you agree and authorize DIRECTV to apply payments against your credit card in accordance with applicable law, to satisfy any and all amounts due upon cancellation of your Service. You are required to maintain current and valid credit card information and agree to notify and update whenever there is a change in such information, such as a change in the card number or the expiration date. You agree and acknowledge that DIRECTV may charge a fee in the maximum amount permitted under applicable laws in the event you fail to maintain valid card information with DIRECTV.

**ARBITRATION.** You and DIRECTV agree that both parties will resolve any dispute arising under this Equipment Lease Addendum, the DIRECTV Customer Agreement or any other addendum thereto, or regarding your DIRECTV programming service, through binding arbitration as fully set forth in the DIRECTV Customer Agreement.

# DIRECTV. CUSTOMER AGREEMENT

Effective as of April 24, 2009, until replaced

THIS DESCRIBES THE TERMS AND CONDITIONS OF YOUR RECEIPT AND PAYMENT OF DIRECTV® SERVICE AND IS SUBJECT TO ARBITRATION (SECTION 9). IF YOU DO NOT ACCEPT THESE TERMS, PLEASE NOTIFY US IMMEDIATELY AND WE WILL CANCEL YOUR SERVICE. IF YOU INSTEAD DECIDE TO RECEIVE OUR SERVICE, IT WILL MEAN THAT YOU ACCEPT THESE TERMS AND THEY WILL BE LEGALLY BINDING. IF YOU OBTAINED RECEIVING EQUIPMENT DURING OR AFTER MARCH 2006, THE EQUIPMENT LEASE ADDENDUM, AVAILABLE AT DIRECTV.COM, GOVERNS YOUR RECEIPT, USE, AND RETURN OF EQUIPMENT. TO VIEW BOTH AGREEMENTS IN SPANISH, VISIT DIRECTV.COM/ACUERDO OR CALL 1-888-388-6622 TO REQUEST A PRINTED COPY. (VISITE A DIRECTV.COM/ACUERDO O LLAME AL 1-888-388-6622 PARA SOLICITAR ESTE DOCUMENTO.)

You can also call us at 1-800-531-5000 and speak your request into our Automated Phone System, e.g., for technical issues – say “technical”, for on-screen messages – say the extension or message you see on your TV screen, to pay your bill – say “pay my bill”; for programming questions – say the name of the package or service, etc. For bill inquiries, call hours are 8am – 8pm (your local time) Sun – Fri and 8am – 12:30am ET on Sat.

If your bill for DIRECTV Service comes from a party other than DIRECTV, please use the contact information provided on your bill for any questions about your DIRECTV Service.

Thank you for choosing DIRECTV. DIRECTV provides digital satellite entertainment programming and services (referred to collectively as “Service”) to residents of the United States. We do not provide Service to addresses outside of the United States.

## CUSTOMER AGREEMENT

### 1. OUR SERVICE

These are the terms on which we will provide you Service.

(a) Program Choices. You must subscribe to a base package in order to receive additional Services such as premium movie services or sports subscriptions. All programming selections have their own rates, terms and conditions. Information about programming is at [directv.com](http://directv.com).

(b) Ordering Pay Per View. You may order Pay Per View Services by using your on-screen guide and remote control, by ordering at [directv.com](http://directv.com), by calling us and speaking the name of your event into our Automated Phone System, or by ordering through an agent. Programs recorded to a DVR

may automatically delete after 24 hours. If you call an agent to order, the maximum fee may apply (described in Section 2). A reduced fee is available for Pay Per View orders placed at [directv.com](http://directv.com) or through the Automated Phone System. To use your remote control to order, your receiver must be continuously connected to a land-based telephone line. Your order is transmitted via the telephone line, and during the short transmission period, you may not be able to use the line for other purposes. Repeated cancellation of previously ordered Pay Per View Services may result in cancellation of your account, restrictions on your ability to order Pay Per View Services, or imposition of additional fees for Pay Per View Services.

(c) Your Programming Changes. You may change your programming selection by notifying us. A fee may apply to such changes (described in Sections 2 & 5(b)). Some programming may be purchased in minimum blocks of one month or multiples of one month.

(d) Our Programming Changes. Many factors affect the availability, cost and quality of programming and may influence the decision to raise prices and the amount of any increase. These include, among others, programming and other costs, consumer demand, market and shareholder expectations, and changing business conditions. Accordingly, we must reserve the unrestricted right to change, rearrange, add or delete our programming packages, the selections in those packages, our prices, and any other Service we offer, at any time. We will endeavor to notify you of any change that is within our reasonable control and its effective date. In most cases, this notice will be about one month in advance. You always have the right to cancel your Service, in whole or in part, if you do not accept the change (see Section 5). If you cancel your Service, a deactivation fee (described in Sections 2 & 5(b)) or other charges may apply. Credits, if any, to your account will be posted as described in Section 5. If you do not cancel, your continued receipt of our Service will constitute acceptance.

(e) Access Card. You have received a conditional access card (referred to as the “Access Card”) and a License Agreement governing your use of the Access Card while you are receiving our Service. Access Cards are nontransferable and are the exclusive property of DIRECTV. If you tell us that the original Access Card was lost, damaged, defective or stolen, we will replace it, as long as there is no evidence of unauthorized tampering with or modification of the Access Card and your account is in good standing. A replacement fee may apply (described in Section 2). Tampering with or other unauthorized modification of the Access Card is strictly prohibited and may result in criminal or civil action. Tampering with or inserting any device into your receiver other than an authorized unmodified Access Card is prohibited. DIRECTV reserves the right to cancel or replace the Access Card. Upon request, the card must be returned to DIRECTV. If you do not return the Access Card to DIRECTV when you cancel your Service, you may be charged a fee as described in Section 2. Requesting Access Cards on behalf of other persons or for purposes other than lawful viewing of DIRECTV Service is prohibited.

(f) Phone Connections. For optimal performance of your Receiving Equipment, including ordering with your remote control or receiving certain Services, each of your receivers must be directly connected to the same land-based telephone line. If you add Service on additional TVs, you may purchase a separate subscription for each additional TV, or, if all your receivers are continuously connected to the same land-based telephone line, we can “mirror” programming to your additional TVs and charge you only the fee amount described in Section 2. You agree to provide true and accurate information about the location of your receivers. If we detect that any receiver is not regularly connected to a land-based telephone line, we may investigate and, if it is determined that the receiver is not at the location identified on your account, we may disconnect the receiver or charge you the full programming subscription price for the receiver.

(g) Mobile Units. We provide Service to Receiving Equipment installed in mobile units such as campers, boats and other recreational vehicles. However, this Receiving Equipment is not eligible for the additional TV authorization discount described in Section 1(f).

(h) Private Viewing. We provide Service only for your private

non-commercial use, enjoyment and home viewing. The programming may not be viewed in areas open to the public or in commercial establishments. You may not rebroadcast, transmit or perform the programming, charge admission for its viewing or transmit or distribute running accounts of it. You may not use any of our trademarks. Notwithstanding the provisions of Section 9, we or any programming provider may prosecute violations of the foregoing against you and other responsible parties in any court of competent jurisdiction, under the rules and regulations of the Federal Communications Commission and other applicable laws.

(i) Blackouts. Certain programming, including sports events, may be blacked out in your local reception area. Blackout restrictions are decided by the sports leagues and the other entities that own the local broadcast rights. You may visit [directv.com](http://directv.com) for more blackout information. If you circumvent or attempt to circumvent any of these blackouts, you may be subject to legal action.

(j) Loss of Receiving Equipment. You should notify us immediately if your receiver, remote control or receiving antenna dish (referred to collectively as “Receiving Equipment”) is lost or stolen. If you notify us within 5 days, we will not charge you for unauthorized use. In any case, we will not charge you for unauthorized use occurring after we receive your notice. For leased Receiving Equipment, non-return fees as specified in the Equipment Lease Addendum will apply.

(k) Transfer of Receiving Equipment. We consider you to be responsible for, and the recipient of programming on, any Receiving Equipment you own. You are liable for charges incurred in the use of your Receiving Equipment by others until you notify us of a transfer. Leased Receiving Equipment may not be transferred.

(l) Your Viewing Restrictions. It is your responsibility to impose any viewing restrictions on other family members or guests, as you think appropriate. We are not responsible to you or anyone else based on the content of our programming. Please visit [directv.com](http://directv.com) for information on parental controls, locks and limits and password protection on your account.

(m) Change of Address. You must notify us immediately of any change in your name, mailing address, residence address or telephone number.

## 2. PAYMENT

In return for receiving our Service, you promise to pay us as follows:

(a) Programming. You will pay in advance, at our rates in effect at the time, for all Service ordered by you or anyone who uses your Receiving Equipment, with or without your permission, until the Service is canceled. The outstanding balance is due in full each month. To establish service, you were required to provide a credit card. You may use this or another credit or debit card to establish recurring payments. See Section 5(e) regarding payment upon cancellation. We may, in our discretion, accept partial payments, which will be applied to the oldest outstanding statement. No “payment in full” notation or other restrictive endorsement written on your payments will restrict our ability to collect all amounts owing to us. We may reduce your Service to a minimum service level, at our rates in effect at the time, or deactivate your Service if you do not pay your statements on time, after any applicable grace period.

(b) Taxes. You will pay all state and local taxes or other governmental fees and charges, if any, which are assessed.

(c) Administrative Fees. To control the basic charges which apply to all customers, we may charge fees that arise in specific circumstances only to those customers responsible for them. The list below is not exclusive, and DIRECTV reserves the right to modify these fees or charge additional fees. **In each case, we will charge you the lesser of the fee listed or the maximum amount permitted under applicable law:**

(1) Up to \$100 Account Activation Fee, upon activation of your Service account.

(2) Up to \$300 Access Card Replacement Fee, if you lose or fail to

DIV00011

return your Access Card (a partial credit may be posted to your account if the Access Card is later returned). If you request overnight delivery of a replacement Access Card, a shipping and handling fee of up to \$16.50 applies.

(3) **Up to \$5.00 Additional TV Authorization Fee** in connection with obtaining Service on each additional TV connected to Receiving Equipment you own, provided you meet the qualifications specified in Section 1(f) and the Receiving Equipment is located at your residence. Customers with leased Receiving Equipment do not pay this fee, but pay the Lease Fee specified in the Equipment Lease Addendum.

(4) **Up to \$5.00 Late Fee: If we do not receive your payment by the due date on your bill, we may charge you an administrative late fee of (i) \$5.00; or (ii) the maximum amount permitted under and subject to applicable law per month or partial month until the delinquent amount is paid in full.** This late fee is not an interest charge, finance charge, time price differential or other such charge or payment of a similar nature. You acknowledge that this fee is reasonably related to the actual expense we incur due to late payment and may be subject to limitations as set forth by the law in your state.

(5) **Up to \$10.00 Change of Service Fee**, if you change your Service package to a lower-priced package. See also Section 5(b).

(6) **Up to \$10.00 Phone Payment Fee**, if you elect to pay any outstanding balance over the telephone with an agent. To avoid this fee, you can pay your bill through our Automated Phone System by saying "Pay my bill," or at directv.com.

(7) **Deposits.** We may require that you provide a deposit prior to or after activation of your Service, which we may apply against any unpaid amount at any time. Deposits will appear on your bills as credits, from which we will deduct our charges. Deposits will not earn interest.

(8) **Up to \$5.00 Order Assistance Fee**, if you order a Pay Per View Service by calling and speaking with an agent. A fee of up to \$1.50 may apply if you order via our Automated Phone System. Fees are per movie, event or program so ordered, even if later canceled. There is no order assistance fee for orders placed at directv.com.

(9) **Up to \$15.00 Deactivation Fee** if you cancel your Service or we deactivate your Service because of your failure to pay or for some other breach on your part.

(10) **Up to \$1.75 Duplicate Statement Fee** for each statement request.

(11) **Up to \$2.75 Ledger Request Fee** for ledger itemizing past payments on your account.

(12) **Up to \$20.00 Returned Payment Fee**, if any bank or other financial institution refuses to honor any payment, draft or instrument submitted for payment on your account. You acknowledge that this fee is not an interest charge, finance charge, time price differential or other such charge or payment of a similar nature and it is reasonably related to the actual expense we incur due to unsatisfied payment.

(d) **Billing Statements.** We will send you a statement for each billing cycle (usually once every 30 days) unless you have a zero or nominal balance due, or a nominal credit balance, on your account at the end of a billing cycle. Statements will show: (1) payments, credits, purchases and any other charges to your account, (2) the amount you owe us and (3) the payment due date. If you elect to make automatic credit or debit card payments, you will not receive monthly statements unless you request that they be sent.

(e) **Questions About Your Statement.** If you think your statement is incorrect or if you need more information about it, contact us immediately. We will try to resolve any complaints you have as promptly as we can.

**You must contact us within 60 days of receiving the statement in**

**question. Undisputed portions of the statement must be paid by the due date to avoid a late fee and possible reduction or deactivation of Service.**

Remember, if your bill for DIRECTV Service comes from a party other than DIRECTV, please use the contact information on your bill.

(f) **Consents Regarding Credit.** In order to establish an account with us, you authorize us to inquire into your creditworthiness (subject to Section 6), by checking with credit reporting agencies. If you are delinquent in any payment to us, you also authorize us to report any late payment or nonpayment to credit reporting agencies. Due to the subjective nature of creditworthiness, we reserve the right to require prepayment for any Service via cashier's check, money order or credit card, notwithstanding your credit rating, past history or practice.

(g) **Collection Costs.** To the extent permitted by law, you will pay us any costs and fees we reasonably incur to collect amounts you owe us.

### 3. CUSTOMER INFORMATION

(a) **Representations.** You represent that you are at least 18 years of age and a resident of the United States.

(b) **Contact Information.** You agree to provide true, accurate, current and complete contact information about yourself, and maintain and promptly update your contact information to keep it true, accurate and complete.

(c) **Online Access.** You are responsible for maintaining the confidentiality of the password and account e-mail address used for online billing and account maintenance at directv.com, and are fully responsible for all activities that occur under your password and account. You agree to: (i) keep your e-mail address and password confidential and not share them with anyone else, (ii) immediately notify DIRECTV of any unauthorized use of your password and account or other breach of security and (iii) use only your e-mail address and password to log into directv.com.

### 4. CHANGES IN CONTRACT TERMS

We reserve the right to change the terms and conditions on which we offer Service. If we make any such changes, we will send you a copy of your new Customer Agreement containing its effective date. You always have the right to cancel your Service, in whole or in part, at any time, and you may do so if you do not accept any such changed terms or conditions. See Sections 5(b), (d) and (e) below. If you elect not to cancel your Service after receiving a new Customer Agreement, your continued receipt of Service constitutes acceptance of the changed terms and conditions. If you notify us that you do not accept such terms and conditions, then we may cancel your Service as provided in Section 5, as we cannot offer Service to different customers on different terms, among other reasons.

### 5. CANCELLATION

(a) **Term.** The term of this Agreement is indefinite and Service will continue until canceled as provided herein UNLESS YOU NOTIFY US THAT YOU WISH TO CANCEL IT. WE WILL AUTOMATICALLY RENEW SERVICE THAT YOU SUBSCRIBE TO ON A PERIODIC BASIS, INCLUDING ANY MONTHLY OR ANNUAL SUBSCRIPTIONS AND SEASONAL SPORTS SUBSCRIPTIONS, AS LONG AS WE CONTINUE TO CARRY THE SERVICE.

(b) **Your Cancellation.** You may cancel Service by notifying us. You may be charged a deactivation fee as described in Section 2 and issued a credit as described below. Your notice is effective on the day we receive it. You will still be responsible for payment of all outstanding balances accrued through that effective date. In addition to any deactivation or change of service fees provided in Section 2, if you cancel Service or change your Service package, you may be subject to an early cancellation fee if you entered into a programming commitment with DIRECTV in connection with the Equipment Lease Addendum, and have failed to maintain the required programming package for the required period of time.

For Services sold only in blocks of one month or multiples of one month,

if you cancel such Service, we will credit you only for full months not used. For example, if you subscribe for a year of such Service from January through December but cancel on March 10, we will credit you for the subscription fees for April through December. However, we will not credit any fees for January through March. Additionally, we will not credit seasonal sports subscriptions after the season starts.

(c) **Our Cancellation.** We may cancel your Service at any time if you fail to pay amounts owing to us when due, subject to any grace periods, breach any other material provision of this Agreement, or act abusively toward our staff. In such case, you will still be responsible for payment of all outstanding balances accrued through that effective date, including the deactivation fee described in Section 2. In addition, we may cancel your Service if you elect not to accept any changed terms described to you, as provided in Section 4.

(d) **Credit Balances.** When your account is closed, we will review your account and refund any excess monetary payments. Unused portions of retention or similar credits will not be refunded. If your credit balance is less than \$1.00 we will not issue you a refund unless you make a written request for the refund. If you do not make such a written request for the refund within one year of the close of your account, you forfeit any credit balance remaining on your account and your account balance will be reset to zero.

(e) **Payment Upon Cancellation.** You acknowledge that you have provided your credit or debit card account information to us. You understand that you will incur fees and charges as a result of your receipt and use of Service and/or Receiving Equipment, and may incur early cancellation fees and/or equipment non-return fees (as specified in any lease, programming or other service commitment agreement you entered into in connection with obtaining Receiving Equipment). By giving us your credit or debit card account information, you authorize us to apply this method of payment, in accordance with applicable law, to satisfy any and all amounts due upon cancellation. You further acknowledge that you are required to maintain current credit or debit card information with us and agree to notify us whenever there is a change in such information, such as a change in the card number or the expiration date.

### 6. PERSONAL DATA

We collect Personally Identifiable Information about our customers ("Personal Data"). The use and disclosure of this Personal Data is governed by our Privacy Policy and, to the extent not inconsistent with the Privacy Policy, by this Agreement. A copy of our Privacy Policy is available at directv.com. We will also send you a copy if you send your written request to this address: DIRECTV Privacy Policy, P.O. Box 6550, Greenwood Village, CO 80155-6550.

### 7. DIRECTV® DVR SERVICE

DIRECTV DVR Service is a separately sold service, at our rates in effect at the time, available to customers with DVR-enabled Receiving Equipment. DIRECTV DVR Service gives you the ability to see and record televised programs ("Third Party Content"). You understand that DIRECTV does not guarantee the access to or recording of any particular program, or the length of time any particular recorded program may remain available for your viewing. You also understand that Third Party Content is the copyrighted material of the third party that supplies it, is protected by copyright and other applicable laws, and may not be reproduced, published, broadcast, rewritten or redistributed without the written permission of the third party that supplied it, except to the extent allowed under the "fair use" provisions of the U.S. copyright laws or comparable provisions of foreign laws. You agree that DIRECTV will have no liability to you, or anyone else who uses your DIRECTV DVR Service, with regard to any Third Party Content. DIRECTV may, at its discretion, from time to time change, add or remove features of the DIRECTV DVR Service, or change the service fee for DIRECTV DVR Service.

We generally use local telephone calls to provide the DIRECTV DVR Service. You are responsible for such telephone charges and acknowledge and agree that you shall be solely responsible for all disputes with any telephone company related to the same.

If you paid a "lifetime service fee," you will not be charged a fee for your

DTV000012

DIRECTV DVR Service as long as you maintain television programming service from DIRECTV on the same account. If you disconnect your DIRECTV television programming service and later reconnect on the same account, your DIRECTV DVR Service will be reconnected and you will not be charged a fee for DIRECTV DVR Service.

By receiving the DIRECTV DVR Service, you agree to the following license. The term "Software" shall include any updates, modified versions, additions and copies of certain software for the DIRECTV DVR Service (or your Receiving Equipment) that may be provided by DIRECTV from time to time. The term "End User Documentation" shall mean the documentation and related explanatory written materials provided to you in connection with licensing by you of any Software. DIRECTV grants to you a non-exclusive license to use the Software, provided that you agree to the following

(a) License Grant. You may use the Software solely in executable code form and solely in conjunction with the use of your Receiving Equipment.

(b) Restrictions. You may not copy, modify, transfer, disseminate or publish the Software, or any copy thereof, in whole or in part. You may not reverse engineer, disassemble, decompile or translate the Software, or otherwise attempt to derive the source code of the Software, except to the extent allowed under any applicable law. Any attempt to transfer any of the rights, duties or obligations of this license agreement is void. You may not rent, lease, loan, resell for profit or distribute the Software, or any part thereof.

(c) Ownership. The Software is licensed, not sold, to you solely for your use under the terms of this license agreement, and DIRECTV and its suppliers reserve all rights not expressly granted to you. You shall own the media, if any, on which Software or End User Documentation is recorded, but DIRECTV and its suppliers retain ownership of all copies of the Software itself.

(d) Reservation of Rights. Except as stated above, this license agreement does not grant to you any intellectual property rights in the Software.

(e) Term. If you breach any term or condition of this license agreement, this license agreement will terminate immediately upon notice to you.

(f) Warranty Disclaimer. NEITHER DIRECTV NOR ANY OF ITS REPRESENTATIVES MAKES OR PASSES ON TO YOU OR OTHER THIRD PARTIES ANY WARRANTY OR REPRESENTATION ON BEHALF OF DIRECTV OR ITS SUPPLIERS (INCLUDING TiVo) WITH RESPECT TO THE SOFTWARE, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT OF THIRD PARTY RIGHTS.

(g) Limitation of Liability. IN NO EVENT WILL DIRECTV OR ITS SUPPLIERS BE LIABLE TO YOU WITH RESPECT TO THE SOFTWARE FOR ANY CONSEQUENTIAL, INCIDENTAL OR SPECIAL DAMAGES, INCLUDING LOST PROFITS OR LOST SAVINGS, EVEN IF DIRECTV OR ITS SUPPLIERS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY ANY THIRD PARTY. Some states or jurisdictions do not allow the exclusion or limitation of incidental, consequential or special damages, so the above limitations may not apply to you.

(h) Third-Party Beneficiary. DIRECTV and you expressly acknowledge and agree that TiVo, Inc., a Delaware corporation with its principal place of business at 2160 Gold Street, Aliso, CA 95002, is an intended third-party beneficiary of this license agreement as it relates to TiVo software that may be contained in the Receiving Equipment. These license provisions are made expressly for the benefit of TiVo and are enforceable by TiVo in addition to DIRECTV.

## 8. LIMITS ON OUR RESPONSIBILITY

(a) Service Interruptions. Service may be interrupted from time to time for a variety of reasons. We are not responsible for any interruptions of Service that occur due to acts of God, power failure or any other cause beyond our reasonable control. However, because we value our customers, for an interruption of a significant length of time that is within our reasonable control, upon your request we will provide what we reasonably determine

to be a fair and equitable adjustment to your account to make up for such Service interruption. THIS WILL BE YOUR SOLE REMEDY AND OUR SOLE DUTY IN SUCH CASES.

(b) Disclaimers. EXCEPT AS EXPRESSLY PROVIDED HEREIN, WE MAKE NO WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, REGARDING ANY SERVICE OR YOUR RECEIVING EQUIPMENT. ALL SUCH WARRANTIES OR REPRESENTATIONS, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT ARE DISCLAIMED.

(c) Limitations of Liability. WE ARE NOT RESPONSIBLE FOR ANY CONSEQUENTIAL DAMAGES OR LOSSES RELATING TO THE RECEIVING EQUIPMENT OR ANY SERVICE, WHETHER BASED ON NEGLIGENCE OR OTHERWISE REGARDLESS OF THE CAUSE, OUR TOTAL LIABILITY FOR DAMAGES OR LOSSES TO YOU AND ANY OTHER PERSONS RECEIVING OUR SERVICE WILL IN NO EVENT EXCEED THE AMOUNT THAT YOU HAVE PAID TO US FOR THE SERVICE THAT YOU RECEIVED DURING THE SIX (6) MONTH PERIOD IMMEDIATELY PRIOR TO THE SPECIFIC EVENT THAT GAVE RISE TO THE APPLICABLE DAMAGE OR LOSS. THIS ALLOCATION OF RISK IS REFLECTED IN OUR PRICES. You may have greater rights than described above under your state's laws. You should consult them.

(d) Warranty Services. You agree that this Agreement does not provide for, and the Service does not include, any warranty services or other services that we might provide separately, including, without limitation, any fee-based or other warranty programs

## 9. RESOLVING DISPUTES

In order to expedite and control the cost of disputes, you and we agree that any legal or equitable claim relating to this Agreement, any addendum, or your Service (referred to as a "Claim") will be resolved as follows

(a) Informal Resolution. We will first try to resolve any Claim informally. Accordingly, neither of us may start a formal proceeding (except for Claims described in Section 9(d) below) for at least 60 days after one of us notifies the other of a Claim in writing. You will send your notice to the address on the first page of this Agreement, and we will send our notice to your billing address.

(b) Formal Resolution. Except as provided in Section 9(d), if we cannot resolve a Claim informally, any Claim either of us asserts will be resolved only by binding arbitration. The arbitration will be conducted under the rules of JAMS that are in effect at the time the arbitration is initiated (referred to as the "JAMS Rules") and under the rules set forth in this Agreement. If there is a conflict between JAMS Rules and the rules set forth in this Agreement, the rules set forth in this Agreement will govern. **ARBITRATION MEANS THAT YOU WAIVE YOUR RIGHT TO A JURY TRIAL.** You may, in arbitration, seek any and all remedies otherwise available to you pursuant to your state's law. If you decide to initiate arbitration, you agree to tell us in writing the amount that you would pay to file a lawsuit against us in the appropriate court of law in your state. Unless we agree to pay your fee for you, you only need to pay an arbitration initiation fee equal to such court filing fee, not to exceed \$125; we agree to pay any additional fee or deposit required by JAMS to initiate your arbitration. We also agree to pay the costs of the arbitration proceeding. Other fees, such as attorney's fees and expenses of travel to the arbitration, will be paid in accordance with JAMS Rules. The arbitration will be held at a location in your hometown area unless you and we both agree to another location or telephonic arbitration. To start an arbitration, you or we must do the following things:

- (1) Write a Demand for Arbitration. The demand must include a description of the Claim and the amount of damages sought to be recovered. You can find a copy of a Demand for Arbitration at jamsadr.com
- (2) Send three copies of the Demand for Arbitration, plus the appropriate filing fee, to:

**JAMS**  
**500 North State College Blvd., Suite 600**  
**Orange, CA 92868**  
**1-800-352-5267**

- (3) Send one copy of the demand for arbitration to the other party.

(c) Special Rules. (i) In the arbitration proceeding, the arbitrator has no authority to make errors of law, and any award may be challenged if the arbitrator does so. Otherwise, the arbitrator's decision is final and binding on all parties and may be enforced in any federal or state court that has jurisdiction. (ii) Neither you nor we shall be entitled to join or consolidate claims in arbitration by or against other individuals or entities, or arbitrate any claim as a representative member of a class or in a private attorney general capacity. Accordingly, you and we agree that the JAMS Class Action Procedures do not apply to our arbitration. If, however, the law of your state would find this agreement to dispense with class arbitration procedures unenforceable, then this entire Section 9 is unenforceable.

(d) Exceptions. Notwithstanding the foregoing (i) any Claim based on Section 1(h) above, and (ii) any dispute involving a violation of the Communications Act of 1934, 47 U.S.C. § 605, the Digital Millennium Copyright Act, 17 U.S.C. § 1201, the Electronic Communications Privacy Act, 18 U.S.C. §§ 2510-2521 or any other statement or law governing theft of service, may be decided only by a court of competent jurisdiction.

## 10. MISCELLANEOUS

(a) Notice. Notices to you will be deemed given when personally delivered, addressed to you at your last known address and deposited in the U.S. Mail (which may include inclusion in your billing statement), or sent via Internet to the e-mail address you provided us or sent via satellite to your receiver or delivered when a voice message is left at the telephone number on your account. Your notices to us will be deemed given when we receive them at the address or telephone number on the first page of this Agreement

(b) Applicable Law. The interpretation and enforcement of this Agreement shall be governed by the rules and regulations of the Federal Communications Commission, other applicable federal laws, and the laws of the state and local area where Service is provided to you. This Agreement is subject to modification if required by such laws. Notwithstanding the foregoing, Section 9 shall be governed by the Federal Arbitration Act

(c) Assignment of Account. We may assign your account or this Agreement and all rights and/or obligations hereunder to any third party without notice for any purpose, including, without limitation, collection of unpaid amounts, or in the event of an acquisition, corporate reorganization, merger or sale of substantially all of the party's assets to another entity. You hereby consent to such assignment. You must continue making all required payments to us in accordance with your billing statement, unless notified otherwise.

(d) Other. This Agreement and any lease, activation, programming, or other service commitment agreement that you entered into in connection with obtaining Receiving Equipment constitute our entire agreement. No salesperson or other representative is authorized to change it. If any provision is declared by a competent authority to be invalid, that provision will be deleted or modified to the extent necessary, and the rest of the Agreement will remain enforceable. The terms of this Agreement that expressly or by their nature survive termination shall continue thereafter until fully performed.

**DIRECTV EQUIPMENT LEASE ADDENDUM**

- ☐ Check here if you are a new DIRECTV customer
- ☐ Check here if you are a current DIRECTV customer obtaining one or more additional DIRECTV receiver(s)

Thank you for choosing DIRECTV. By signing this Equipment Lease Addendum, you agree to abide by the following terms and conditions. You wish to lease from DIRECTV, and DIRECTV is willing to lease to you, one or more DIRECTV new or reconditioned receivers, hereinafter collectively referred to as the "equipment," necessary to access DIRECTV's services. The term "equipment" does not include the dish and cabling. **THIS EQUIPMENT LEASE ADDENDUM CONTAINS THE TERMS AND CONDITIONS FOR THE LEASE BY DIRECTV OF THE DIRECTV EQUIPMENT TO YOU, BUT MUST BE READ TOGETHER WITH THE DIRECTV CUSTOMER AGREEMENT (A COPY OF WHICH IS PROVIDED TO YOU WITH YOUR FIRST BILL AND IS AVAILABLE AT WWW.DIRECTV.COM /LEGAL) FOR ALL OF THE TERMS AND CONDITIONS REGARDING THE PROVISION OF THE SERVICES AND YOUR RIGHT TO USE THE DIRECTV EQUIPMENT. YOU UNDERSTAND AND AGREE THAT YOU HAVE NOT PURCHASED THE DIRECTV EQUIPMENT, YOU DO NOT OWN THE DIRECTV EQUIPMENT AND THE DIRECTV EQUIPMENT MUST BE USED AND RETURNED TO DIRECTV STRICTLY IN ACCORDANCE WITH THE TERMS OF THIS EQUIPMENT LEASE ADDENDUM AND THE DIRECTV CUSTOMER AGREEMENT.**

**PROGRAMMING AGREEMENT.** Within 30 days of provision of DIRECTV equipment to you, or on the date that the professional installer has installed or is prepared to install your DIRECTV equipment, whichever is sooner, you agree to activate each and every DIRECTV Receiver ordered by you or provided to you with any DIRECTV® base programming package (valued at \$29.99 per mo. or above); Jadeworld; or any qualifying international service bundle, which bundle shall include either the DIRECTV® BASIC programming package (valued at \$12.99 per mo.) or the DIRECTV PREFERRED CHOICE™ programming package (valued at \$35.99 per mo.) together with any WorldDirect™ international-language service. DVR service activation (\$6/mo.) required for DVR leases; HD Access fee (\$10/mo.) required for HD receiver leases, and, both DVR service and HD Access fee payment required for HD DVR leases.

**PROGRAMMING TERM.** For a new DIRECTV customer, the programming package(s) must be maintained for a period of not less than twenty-four (24) consecutive months. For a current DIRECTV customer, the programming package(s) must be maintained for a period of not less than (a) twelve (12) consecutive months for accounts with only standard receiver(s), or (b) twenty-four (24) consecutive months for accounts with advanced product(s)/receiver(s) (DVR, HD, or HD DVR, including additional DIRECTV receiver(s)). After you have fulfilled your agreement to the required programming package(s), you are not obligated to continue your subscription to DIRECTV programming for any specific duration. Current DIRECTV customers may activate additional receivers with their existing DIRECTV programming package. **THIS AGREEMENT TO MAINTAIN PROGRAMMING IS SEPARATE AND DIFFERENT FROM ANY OTHER YOU MAY HAVE MADE WITH DIRECTV AND IS FULLY ENFORCEABLE UNDER THESE TERMS.**

**MONTHLY LEASE FEE.** For a new DIRECTV customer, you will be charged a monthly lease fee in the amount of \$5 per 2nd and each additional receiver leased by you in your household. For a current customer, you will be charged a monthly fee in the amount of \$5 for each receiver leased by you in your household, unless you replace all of your owned-equipment with leased equipment, in which case, the monthly lease fee will be waived for the 1st receiver. Applicable taxes will apply. **LEASE FEE SUBJECT TO CHANGE AT ANY TIME.**

**CARE OF EQUIPMENT.** You are responsible for the loss of or any damage to the DIRECTV equipment that you have leased from DIRECTV. You shall have no right to sell, give away, transfer, pledge, mortgage, remove, relocate, alter or tamper with the DIRECTV equipment at any time. **DIRECTV PROVIDES YOU THE DIRECTV EQUIPMENT AS IS, AND MAKES NO WARRANTY, EITHER EXPRESSED OR IMPLIED, REGARDING THE DIRECTV EQUIPMENT PROVIDED TO YOU. ALL SUCH WARRANTIES INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY EXCLUDED. DIRECTV IS NOT RESPONSIBLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RELATING TO THE DIRECTV EQUIPMENT PROVIDED TO YOU.** In the event the DIRECTV equipment you have leased from DIRECTV does not operate, contact DIRECTV at 1-800-531-5000.

**CONSEQUENCES OF YOUR FAILURE TO ACTIVATE PROGRAMMING OR MAINTAIN YOUR PROGRAMMING.** If you fail to activate all of your DIRECTV equipment in accordance with this Equipment Lease Addendum, you agree that DIRECTV or an authorized DIRECTV Retailer may charge you a fee, as liquidated damages, of \$150 for each receiver that is not activated. For a new DIRECTV customer, if you fail to maintain your minimum programming of 24 months, you agree that DIRECTV may charge you a prorated fee of \$480. For a current DIRECTV customer, if you fail to maintain your minimum programming of 12 months for standard receivers and 24 months for advanced receivers, you agree that DIRECTV may charge you a prorated fee of \$240 for standard receivers and \$480 for advanced products/receivers (e.g., DVR, HD, HD DVR, etc.).

**RETURN OF DIRECTV EQUIPMENT.** If you cease to be DIRECTV's customer for any reason (whether voluntarily or involuntarily) or if you decide to disconnect/cancel/terminate your DVR service or HD Access fee (if you are leasing a DVR or HD Receiver, respectively), you must call DIRECTV within seven (7) days after the termination of your DIRECTV programming services, DVR service or HD Access fee, as applicable, to obtain information from DIRECTV necessary to arrange for a ground or air freight service to pick up and deliver all of your DIRECTV equipment to DIRECTV. You acknowledge that the DIRECTV equipment belongs to DIRECTV and the DIRECTV equipment, including the access card inserted into each receiver, must be returned to DIRECTV in good working order, normal wear and tear excepted. In the event that all of the DIRECTV equipment is not returned to DIRECTV within twenty-one (21) days of the termination of your DIRECTV programming services or is damaged when it is returned to DIRECTV, you agree to pay DIRECTV the sum of \$45 per each DIRECTV standard receiver, \$175 for each DIRECTV DVR Receiver; \$125 for each DIRECTV HD Receiver; or \$250 for each DIRECTV HD DVR Receiver that is not returned to DIRECTV or that is damaged when it is returned to DIRECTV as compensation for a portion of the expenses incurred by DIRECTV in establishing your account and providing you the DIRECTV equipment for your use. Visit DIRECTV.com or call 1-800-531-5000 for details.

**ARBITRATION.** You and DIRECTV agree that both parties will resolve any dispute arising under this Equipment Lease Addendum, the DIRECTV Customer Agreement or any other addendum thereto, or regarding your DIRECTV programming service, through binding arbitration as fully set forth in the DIRECTV Customer Agreement.

BY SIGNING BELOW, I HEREBY AUTHORIZE AND AGREE THAT DIRECTV MAY, AT ITS SOLE OPTION, CHARGE THE FEES DESCRIBED HEREIN. I WARRANT THAT I AM 18 YEARS OLD OR OLDER AND THAT ALL INFORMATION SUPPLIED BY OR ABOUT ME IS ACCURATE. I HAVE READ AND AGREE TO THE ABOVE TERMS AND CONDITIONS.

## CONTACTING DIRECTV:

You may contact us 24 hours a day, any day of the year, by sending us an e-mail at [directv.com/email](mailto:directv.com/email) or by writing to:

**DIRECTV, Inc.  
Customer Service  
P.O. Box 6550  
Greenwood Village, CO 80155-6550**

You can also call us at 1-800-531-5000 and speak your request into our Automated Phone System, e.g., for technical issues – say “technical”, for on-screen messages – say the extension or message you see on your TV screen, to pay your bill – say “pay my bill”; for programming questions – say the name of the package or service, etc. For bill inquiries, call hours are 8am - 8pm (your local time) Sun - Fri and 8am - 12 30am ET on Sat.

If your bill for DIRECTV Service comes from a party other than DIRECTV, please use the contact information provided on your bill for any questions about your DIRECTV Service.

Thank you for choosing DIRECTV. DIRECTV provides digital satellite entertainment programming and services (referred to collectively as “Service”) to residents of the United States. We do not provide Service to addresses outside of the United States.

## CUSTOMER AGREEMENT

### 1. OUR SERVICE

These are the terms on which we will provide you Service:

- (a) **Program Choices** You must subscribe to a base package in order to receive additional Services such as premium movie services or sports subscriptions. All programming selections have their own rates, terms and conditions. Information about programming is at [directv.com](http://directv.com)
- (b) **Ordering Pay Per View.** You may order Pay Per View Services by using

your on-screen guide and remote control, by ordering at [directv.com](http://directv.com), by calling us and speaking the name of your event into our Automated Phone System, or by ordering through an agent. Programs recorded to a DVR may automatically delete after 24 hours. If you call an agent to order, the maximum fee may apply (described in Section 2). A reduced fee is available for Pay Per View orders placed at [directv.com](http://directv.com) or through the Automated Phone System. To use your remote control to order, your receiver must be continuously connected to a land-based telephone line. Your order is transmitted via the telephone line, and during the short transmission period, you may not be able to use the line for other purposes. Repeated cancellation of previously ordered Pay Per View Services may result in cancellation of your account, restrictions on your ability to order Pay Per View Services, or imposition of additional fees for Pay Per View Services.

- (c) **Your Programming Changes.** You may change your programming selection by notifying us. A fee may apply to such changes (described in Sections 2 & 5(b)). Some programming may be purchased in minimum blocks of one month or multiples of one month
- (d) **Our Programming Changes.** Many factors affect the availability, cost and quality of programming and may influence the decision to raise prices and the amount of any increase. These include, among others, programming and other costs, consumer demand, market and shareholder expectations, and changing business conditions. Accordingly, we must reserve the unrestricted right to change, rearrange, add or delete our programming packages, the selections in those packages, our prices, and any other Service we offer, at any time. We will endeavor to notify you of any change that is within our reasonable control and its effective date. In most cases this notice will be about one month in advance. You always have the right to cancel your Service, in whole or in part, if you do not accept the change (see Section 5). If you cancel your Service, a deactivation fee (described in Sections 2 & 5(b)) or other charges may apply. Credits, if any, to your account will be posted as described in Section 5. If you do not cancel, your continued receipt of our Service will constitute acceptance.
- (e) **Access Card.** You have received a conditional access card (referred to as the “Access Card”) and a License Agreement governing your use of the Access Card while you are receiving our Service. Access Cards are nontransferable and are the exclusive property of DIRECTV. If you tell us that the original Access Card was lost, damaged, defective or stolen, we will replace it, as long as there is no evidence of unauthorized tampering with or modification of the Access Card and your account is in good standing. A replacement fee may apply (described in Section 2). Tampering with or other unauthorized modification of the Access Card is strictly prohibited and may result in criminal or civil action. Tampering with or inserting any device into your receiver other than an authorized unmodified Access Card is prohibited. DIRECTV reserves the right to cancel or replace the Access Card. Upon request, the card must be returned to DIRECTV. If you do not return the Access Card to DIRECTV when you cancel your Service, you may be charged a fee as described in Section 2. Requesting Access Cards on behalf of other persons or for purposes other than lawful viewing of DIRECTV Service is prohibited.
- (f) **Phone Connections.** For optimal performance of your Receiving Equipment, including ordering with your remote control or receiving certain Services, each of your receivers must be directly connected to the same land-based telephone line. If you add Service on additional TVs, you may purchase a separate subscription for each additional TV, or, if all your receivers are continuously connected to the same land-based telephone line, we can “mirror” programming to your additional TVs and charge you only the fee amount described in Section 2. You agree to provide true and accurate information about the location of your receivers. If we detect that any receiver is not regularly

connected to a land-based telephone line, we may investigate and, if it is determined that the receiver is not at the location identified on your account, we may disconnect the receiver or charge you the full programming subscription price for the receiver.

- (g) **Mobile Units.** We provide Service to Receiving Equipment installed in mobile units such as campers, boats and other recreational vehicles. However, this Receiving Equipment is not eligible for the additional TV authorization discount described in Section 1(f)
- (h) **Private Viewing.** We provide Service only for your private non-commercial use, enjoyment and home viewing. The programming may not be viewed in areas open to the public or in commercial establishments. You may not rebroadcast, transmit or perform the programming, charge admission for its viewing or transmit or distribute running accounts of it. You may not use any of our trademarks. Notwithstanding the provisions of Section 9, we or any programming provider may prosecute violations of the foregoing against you and other responsible parties in any court of competent jurisdiction, under the rules and regulations of the Federal Communications Commission and other applicable laws.
- (i) **Blackouts.** Certain programming, including sports events, may be blacked out in your local reception area. Blackout restrictions are decided by the sports leagues and the other entities that own the local broadcast rights. You may visit [directv.com](http://directv.com) for more blackout information. If you circumvent or attempt to circumvent any of these blackouts, you may be subject to legal action.
- (j) **Loss of Receiving Equipment.** You should notify us immediately if your receiver, remote control or receiving antenna dish (referred to collectively as “Receiving Equipment”) is lost or stolen. If you notify us within 5 days, we will not charge you for unauthorized use. In any case, we will not charge you for unauthorized use occurring after we receive your notice. For leased Receiving Equipment, non-return fees as specified in the Equipment Lease Addendum will apply.
- (k) **Transfer of Receiving Equipment.** We consider you to be responsible for, and the recipient of programming on, any Receiving Equipment you own. You are liable for charges incurred in the use of your Receiving Equipment by others until you notify us of a transfer. Leased Receiving Equipment may not be transferred.
- (l) **Your Viewing Restrictions.** It is your responsibility to impose any viewing restrictions on other family members or guests, as you think appropriate. We are not responsible to you or anyone else based on the content of our programming. Please visit [directv.com](http://directv.com) for information on parental controls, locks and limits and password protection on your account.
- (m) **Change of Address.** You must notify us immediately of any change in your name, mailing address, residence address or telephone number.

## 2. PAYMENT

In return for receiving our Service, you promise to pay us as follows:

- (a) **Programming.** You will pay in advance, at our rates in effect at the time for all Service ordered by you or anyone who uses your Receiving Equipment, with or without your permission, until the Service is canceled. The outstanding balance is due in full each month. To establish service, you were required to provide a credit card. You may use this or another credit or debit card to establish recurring payments. See Section 5(e) regarding payment upon cancellation. We may, in our discretion, accept partial payments, which will be applied to the oldest outstanding statement. No “payment in full” notation or other restrictive endorsement written on your payments will restrict our ability to collect all amounts owing to us. We may reduce your Service to a minimum service level, at our rates in effect at the time,

## 5. CANCELLATION

- (a) Term. The term of this Agreement is indefinite and Service will continue until canceled as provided herein. UNLESS YOU NOTIFY US THAT YOU WISH TO CANCEL IT, WE WILL AUTOMATICALLY RENEW SERVICE THAT YOU SUBSCRIBE TO ON A PERIODIC BASIS, INCLUDING ANY MONTHLY OR ANNUAL SUBSCRIPTIONS AND SEASONAL SPORTS SUBSCRIPTIONS, AS LONG AS WE CONTINUE TO CARRY THE SERVICE.
- (b) Your Cancellation. You may cancel Service by notifying us. You may be charged a deactivation fee as described in Section 2 and issued a credit as described below. Your notice is effective on the day we receive it. You will still be responsible for payment of all outstanding balances accrued through that effective date. In addition to any deactivation or change of service fees provided in Section 2, if you cancel Service or change your Service package, you may be subject to an early cancellation fee if you entered into a programming commitment with DIRECTV in connection with the Equipment Lease Addendum, and have failed to maintain the required programming package for the required period of time. For Services sold only in blocks of one month or multiples of one month, if you cancel such Service, we will credit you only for full months not used. For example, if you subscribe for a year of such Service from January through December but cancel on March 10, we will credit you for the subscription fees for April through December. However, we will not credit any fees for January through March. Additionally, we will not credit seasonal sports subscriptions after the season starts
- (c) Our Cancellation. We may cancel your Service at any time if you fail to pay amounts owing to us when due, subject to any grace periods, breach any other material provision of this Agreement, or act abusively toward our staff. In such case, you will still be responsible for payment of all outstanding balances accrued through that effective date, including the deactivation fee described in Section 2. In addition, we may cancel your Service if you elect not to accept any changed terms described to you, as provided in Section 4.

- (d) Credit Balances. When your account is closed, we will review your account and refund any excess monetary payments. Unused portions of retention or similar credits will not be refunded. If your credit balance is less than \$1.00 we will not issue you a refund unless you make a written request for the refund. If you do not make such a written request for the refund within one year of the close of your account, you forfeit any credit balance remaining on your account and your account balance will be reset to zero.

- (e) Payment Upon Cancellation. You acknowledge that you have provided your credit or debit card account information to us. You understand that you will incur fees and charges as a result of your receipt and use of Service and/or Receiving Equipment, and may incur early cancellation fees and/or equipment non-return fees (as specified in any lease, programming or other service commitment agreement you entered into in connection with obtaining Receiving Equipment). By giving us your credit or debit card account information, you authorize us to apply this method of payment, in accordance with applicable law, to satisfy any and all amounts due upon cancellation. You further acknowledge that you are required to maintain current credit or debit card information with us and agree to notify us whenever there is a change in such information, such as a change in the card number or the expiration date.

## 6. PERSONAL DATA

We collect Personally Identifiable Information about our customers ("Personal Data"). The use and disclosure of this Personal Data is governed by our Privacy Policy and, to the extent not inconsistent with the Privacy

Policy, by this Agreement. A copy of our Privacy Policy is available at [directv.com](#). We will also send you a copy if you send your written request to this address: DIRECTV Privacy Policy, P.O. Box 6550, Greenwood Village, CO 80155-6550.

## 7. DIRECTV® DVR SERVICE AND SOFTWARE LICENSE

DIRECTV DVR Service is a separately sold service, at our rates in effect at the time, available to customers with DVR-enabled Receiving Equipment. DIRECTV DVR Service gives you the ability to see and record televised programs ("Third Party Content"). You understand that DIRECTV does not guarantee the access to or recording of any particular program, or the length of time any particular recorded program may remain available for your viewing. You also understand that Third Party Content is the copyrighted material of the third party that supplies it, is protected by copyright and other applicable laws, and may not be reproduced, published, broadcast, rewritten or redistributed without the written permission of the third party that supplied it, except to the extent allowed under the "fair use" provisions of the U.S. copyright laws or comparable provisions of foreign laws. You agree that DIRECTV will have no liability to you, or anyone else who uses your DIRECTV DVR Service, with regard to any Third Party Content. DIRECTV may, at its discretion, from time to time change, add or remove features of the DIRECTV DVR Service, or change the service fee for DIRECTV DVR Service.

We generally use local telephone calls to provide the DIRECTV DVR Service. You are responsible for such telephone charges and acknowledge and agree that you shall be solely responsible for all disputes with any telephone company related to the same.

If you paid a "lifetime service fee," you will not be charged a fee for your DIRECTV DVR Service as long as you maintain television programming service from DIRECTV on the same account. If you disconnect your DIRECTV television programming service and later reconnect on the same account, your DIRECTV DVR Service will be reconnected and you will not be charged a fee for DIRECTV DVR Service.

The DIRECTV Receiving Equipment incorporates Software which is owned by DIRECTV or its third party licensors. Before using the Receiving Equipment or activating the DIRECTV DVR Service, please read the terms and conditions for use of the Software. If you do not agree to these terms you may not use the Receiving Equipment and may not activate the DIRECTV DVR Service and should immediately return the Receiving Equipment to DIRECTV or your supplier. These terms also apply to any modifications, updates or supplements to the Software provided to you. Below is a summary of the terms of the Software license. A complete text of the terms and conditions for use of the Software is located in the user manual and at [directv.com](#).

- (a) License Grant and Conditions. DIRECTV grants you a non-exclusive, non-transferable, limited license to use the Software solely in executable code form and solely as integrated with, incorporated into, and in conjunction with the Receiving Equipment. Certain third party Software used in connection with the Receiving Equipment may be made directly available to you by the providers thereof. DIRECTV reserves the right to modify, supplement, update and otherwise alter the Software via software download or other modification procedures, and these terms will apply to such Software as modified, supplemented, updated, and otherwise altered.
- (b) License Restrictions. You may not copy, modify or transfer the Software, or any copy thereof, in whole or in part. You may not reverse engineer, disassemble, decompile or translate the Software, or otherwise attempt to derive the source code of the Software, except to the extent allowed under any applicable law. The Software may include some components that are covered by "free software" licenses, open source software, and other similar license use rights which require such components to be used, modified and/or distributed only under the terms of such licenses.
- (c) Ownership of Software and Reservation of Rights. The Software is licensed, not sold, to you for use only under the terms of this license

agreement. DIRECTV is NOT transferring title or any ownership rights in the Software to you and DIRECTV and its suppliers reserve all rights not expressly granted to you. Except as stated above, this license agreement does not grant to you any intellectual property rights in the Software.

- (d) Termination. These terms are effective until terminated. You may terminate these terms by returning the Receiving Equipment to DIRECTV or your supplier. These terms will terminate automatically without notice if you fail to comply with these terms or any other agreement between you and DIRECTV. Upon termination you must return the Receiving Equipment to DIRECTV or your supplier.
- (e) Disclaimer. THE SOFTWARE IS TO THE EXTENT PERMITTED BY LAW SUPPLIED "AS IS". NEITHER DIRECTV NOR ANY OF ITS LICENSORS EXPRESSLY MAKES OR PASSES ON TO YOU ANY WARRANTY OR REPRESENTATION ON BEHALF OF DIRECTV OR ITS LICENSORS WITH RESPECT TO THE SOFTWARE, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES, EXPRESS OR IMPLIED, INCLUDING (BUT NOT LIMITED TO) ANY IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT OF THIRD PARTY RIGHTS
- (f) Limitation of Liability. IN NO EVENT WILL DIRECTV OR ITS LICENSORS BE LIABLE TO YOU WITH RESPECT TO THE SOFTWARE FOR ANY DIRECT, INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGE (INCLUDING LOSS OF PROFITS, LOST SAVINGS, LOSS OF DATA OR THE COST OF PROCUREMENT OF SUBSTITUTE GOODS, TECHNOLOGY OR SERVICES) ARISING OUT OF THE USE OR THE INABILITY TO USE THE SOFTWARE, EVEN IF DIRECTV OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY A THIRD PARTY. Some states or jurisdictions do not allow the exclusion or limitation of incidental, consequential or special damages, so the above limitations may not apply to you.
- (g) Additional Information. DIRECTV's licensors and suppliers shall be third party beneficiaries of these license terms, as applicable. Certain additional terms and information for the Software and certain third party software (including the text of licenses applicable to any free, open source and other similar software that may be included in the Software), may be found in the DIRECTV website located at [directv.com](#), and the GNU website located at [www.gnu.org](#).
- (h) Third-Party Beneficiary. DIRECTV and you expressly acknowledge and agree that TiVo, Inc., a Delaware corporation with its principal place of business at 2160 Gold Street, Alviso, CA 95002, is an intended third-party beneficiary of this license agreement as it relates to TiVo software that may be contained in the Receiving Equipment. These license provisions are made expressly for the benefit of TiVo and are enforceable by TiVo in addition to DIRECTV.

## 8. LIMITS ON OUR RESPONSIBILITY

- (a) Service Interruptions. Service may be interrupted from time to time for a variety of reasons. We are not responsible for any interruptions of Service that occur due to acts of God, power failure or any other cause beyond our reasonable control. However, because we value our customers, for an interruption of a significant length of time that is within our reasonable control, upon your request we will provide what we reasonably determine to be a fair and equitable adjustment to your account to make up for such Service interruption. THIS WILL BE YOUR SOLE REMEDY AND OUR SOLE DUTY IN SUCH CASES.
- (b) Disclaimers. EXCEPT AS EXPRESSLY PROVIDED HEREIN, WE MAKE NO WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, REGARDING ANY SERVICE OR YOUR RECEIVING EQUIPMENT, WHICH IS PROVIDED TO YOU AS IS. **DIRECTV EQUIPMENT LEASE ADDENDUM**

- ☐ Check here if you are a new DIRECTV customer
- ☐ Check here if you are a current DIRECTV customer obtaining one or more additional DIRECTV receiver(s)

Thank you for choosing DIRECTV. By signing this Equipment Lease Addendum, you agree to abide by the following terms and conditions. You wish to lease from DIRECTV, and DIRECTV is willing to lease to you, one or more DIRECTV new or reconditioned receivers, hereinafter collectively referred to as the "equipment," necessary to access DIRECTV's services. The term "equipment" does not include the dish and cabling. **THIS EQUIPMENT LEASE ADDENDUM CONTAINS THE TERMS AND CONDITIONS FOR THE LEASE BY DIRECTV OF THE DIRECTV EQUIPMENT TO YOU, BUT MUST BE READ TOGETHER WITH THE DIRECTV CUSTOMER AGREEMENT (A COPY OF WHICH IS PROVIDED TO YOU WITH YOUR FIRST BILL AND IS AVAILABLE AT WWW.DIRECTV.COM /LEGAL) FOR ALL OF THE TERMS AND CONDITIONS REGARDING THE PROVISION OF THE SERVICES AND YOUR RIGHT TO USE THE DIRECTV EQUIPMENT. YOU UNDERSTAND AND AGREE THAT YOU HAVE NOT PURCHASED THE DIRECTV EQUIPMENT, YOU DO NOT OWN THE DIRECTV EQUIPMENT AND THE DIRECTV EQUIPMENT MUST BE USED AND RETURNED TO DIRECTV STRICTLY IN ACCORDANCE WITH THE TERMS OF THIS EQUIPMENT LEASE ADDENDUM AND THE DIRECTV CUSTOMER AGREEMENT.**

**PROGRAMMING AGREEMENT.** Within 30 days of provision of DIRECTV equipment to you, or on the date that the professional installer has installed or is prepared to install your DIRECTV equipment, whichever is sooner, you agree to activate each and every DIRECTV Receiver ordered by you or provided to you with any DIRECTV® base programming package (valued at \$29.99 per mo. or above); Jadeworld, or any qualifying international service bundle, which bundle shall include either the BASIC CHOICE programming package (valued at \$19.99 per mo.) or the PREFERRED CHOICE™ programming package (valued at \$38.99 per mo.) together with any WorldDirect™ international-language service. DVR service activation (\$7/mo.) required for DVR leases, HD Access fee (\$10/mo.) required for HD receiver leases, and, both DVR service and HD Access fee payment required for HD DVR leases

**PROGRAMMING TERM.** For a new DIRECTV customer, the programming package(s) must be maintained for a period of not less than twenty-four (24) consecutive months. For a current DIRECTV customer, the programming package(s) must be maintained for a period of not less than (a) twelve (12) consecutive months for accounts with only standard receiver(s), or (b) twenty-four (24) consecutive months for accounts with advanced product(s)/receiver(s) (DVR, HD, or HD DVR, including additional DIRECTV receiver(s)). After you have fulfilled your agreement to the required programming package(s), you are not obligated to continue your subscription to DIRECTV programming for any specific duration. Current DIRECTV customers may activate additional receivers with their existing DIRECTV programming package. **THIS AGREEMENT TO MAINTAIN PROGRAMMING IS SEPARATE AND DIFFERENT FROM ANY OTHER YOU MAY HAVE MADE WITH DIRECTV AND IS FULLY ENFORCEABLE UNDER THESE TERMS.**

**MONTHLY LEASE FEE.** For a new DIRECTV customer, you will be charged a monthly lease fee in the amount of \$5 per 2nd and each additional receiver leased by you in your household. For a current customer, you will be charged a monthly fee in the amount of \$5 for each receiver leased by you in your household, unless you replace all of your owned-equipment with leased equipment, in which case, the monthly lease fee will be waived for the 1st receiver. Applicable taxes will apply. **LEASE FEE SUBJECT TO CHANGE AT ANY TIME.**

**WARRANTY DISCLAIMER.** You are responsible for the loss of, damage to or the entire cost of any necessary service or repair of the DIRECTV equipment that you have leased from DIRECTV. You shall have no right to sell, give away, transfer, pledge, mortgage, remove, relocated alter or tamper with the DIRECTV equipment at any time. **DIRECTV PROVIDES YOU THE DIRECTV EQUIPMENT AS IS AND WITH ALL FAULTS. YOU BEAR THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE DIRECTV EQUIPMENT. DIRECTV MAKES NO WARRANTY, EITHER EXPRESS OR IMPLIED, REGARDING THE DIRECTV EQUIPMENT PROVIDED TO YOU. ALL SUCH WARRANTIES INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY EXCLUDED. DIRECTV IS NOT RESPONSIBLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RELATING TO THE DIRECTV EQUIPMENT PROVIDED TO YOU.**

**CUSTOMER SERVICE.** In the event the DIRECTV equipment you have leased from DIRECTV does not operate, contact DIRECTV at 1-800-531-5000

**CONSEQUENCES OF YOUR FAILURE TO ACTIVATE PROGRAMMING OR MAINTAIN YOUR PROGRAMMING.** If you fail to activate all of your DIRECTV equipment in accordance with this Equipment Lease Addendum, you agree that DIRECTV or an authorized DIRECTV Retailer may charge you a fee, as liquidated damages, of \$150 for each receiver that is not activated. For a new DIRECTV customer, if you fail to maintain your minimum programming of 24 months, you agree that DIRECTV may charge you a prorated fee of \$480. For a current DIRECTV customer, if you fail to maintain your minimum programming of 12 months for standard receivers and 24 months for advanced receivers, you agree that DIRECTV may charge you a prorated fee of \$240 for standard receivers and \$480 for advanced products/receivers (e.g., DVR, HD, HD DVR, etc.).

**RETURN OF DIRECTV EQUIPMENT.** If you cease to be DIRECTV's customer for any reason (whether voluntarily or involuntarily) or if you decide to disconnect/cancel/terminate your DVR service or HD Access fee (if you are leasing a DVR or HD Receiver, respectively), you must call DIRECTV within seven (7) days after the termination of your DIRECTV programming services, DVR service or HD Access fee, as applicable, to obtain information from DIRECTV necessary to arrange for a ground or air freight service to pick up and deliver all of your DIRECTV equipment to DIRECTV. You acknowledge that the DIRECTV equipment belongs to DIRECTV and the DIRECTV equipment, including the access card inserted into each receiver, must be returned to DIRECTV in good working order, normal wear and tear excepted. In the event that all of the DIRECTV equipment is not returned to DIRECTV within twenty-one (21) days of the termination of your DIRECTV programming services or is damaged when it is returned to DIRECTV, you agree to pay DIRECTV the sum of \$45 per each DIRECTV standard receiver, \$175 for each DIRECTV DVR Receiver; \$125 for each DIRECTV HD Receiver; or \$250 for each DIRECTV HD DVR Receiver that is not returned to DIRECTV or that is damaged when it is returned to DIRECTV as compensation for a portion of the expenses incurred by DIRECTV in establishing your account and providing you the DIRECTV equipment for your use. Visit DIRECTV.com or call 1-800-531-5000 for details.

**ARBITRATION.** You and DIRECTV agree that both parties will resolve any dispute arising under this Equipment Lease Addendum, the DIRECTV Customer Agreement or any other addendum thereto, or regarding your DIRECTV programming service, through binding arbitration as fully set forth in the DIRECTV Customer Agreement.

BY SIGNING BELOW, I HEREBY AUTHORIZE AND AGREE THAT DIRECTV MAY, AT ITS SOLE OPTION, CHARGE THE FEES DESCRIBED HEREIN. I WARRANT THAT I AM 18 YEARS OLD OR OLDER AND THAT ALL INFORMATION SUPPLIED BY OR ABOUT ME IS ACCURATE. I HAVE READ AND AGREE TO THE ABOVE TERMS AND CONDITIONS.

## CUSTOMER AGREEMENT

Effective as of April 24, 2011, until replaced

**THIS DESCRIBES THE TERMS AND CONDITIONS OF YOUR RECEIPT AND PAYMENT OF DIRECTV® SERVICE AND IS SUBJECT TO ARBITRATION (SECTION 9) AND DISCLAIMER OF WARRANTIES (SECTION 8). IF YOU DO NOT ACCEPT THESE TERMS, PLEASE NOTIFY US IMMEDIATELY AND WE WILL CANCEL YOUR ORDER OR SERVICE. IF YOU INSTEAD DECIDE TO RECEIVE OUR SERVICE, IT WILL MEAN THAT YOU ACCEPT THESE TERMS AND THEY WILL BE LEGALLY BINDING. IF YOU OBTAINED RECEIVING EQUIPMENT DURING OR AFTER MARCH 2006, THE EQUIPMENT LEASE AGREEMENT, AVAILABLE AT DIRECTV.COM, GOVERNS YOUR RECEIPT, USE, AND RETURN OF EQUIPMENT. TO VIEW BOTH AGREEMENTS IN SPANISH, VISIT DIRECTV.COM/ACUERDO OR CALL 1-888-388-6622 TO REQUEST A PRINTED COPY. (VISITE A DIRECTV.COM/ACUERDO O LLAME AL 1-888-388-6622 PARA SOLICITAR ESTE DOCUMENTO.)**

### CONTACTING DIRECTV:

You may contact us 24 hours a day, any day of the year, by sending us an e-mail at [directv.com/vermail](mailto:directv.com/vermail) or by writing to:

**DIRECTV, Inc.  
Customer Service  
P.O. Box 6550  
Greenwood Village, CO 80155-6550**

You can also call us at 1-800-531-5000 and speak your request into our Automated Phone System, e.g., for technical issues – say “technical”, for on-screen messages – say the extension or message you see on your TV screen, to pay your bill – say “pay my bill”; for programming questions – say the name of the package or service, etc. For bill inquiries, call hours are 8am - 8pm (your local time) Sun - Fri and 8am - 12 30am ET on Sat.

If your bill for DIRECTV Service comes from a party other than DIRECTV, please use the contact information provided on your bill for any questions about your DIRECTV Service

Thank you for choosing DIRECTV. DIRECTV provides digital satellite entertainment programming and services (referred to collectively as “Service”) to residents of the United States. We do not provide Service to addresses outside of the United States.

### CUSTOMER AGREEMENT

#### 1. OUR SERVICE

These are the terms on which we will provide you Service

(a) **Program Choices.** You must subscribe to a base package in order to receive additional Services such as premium movie services or sports subscriptions. All programming selections have their own rates, terms and conditions. Information about programming is at [directv.com](http://directv.com).

(b) **Ordering Pay Per View.** You may order Pay Per View Services by using

your on-screen guide and remote control, by ordering at [directv.com](http://directv.com), by calling us and speaking the name of your event into our Automated Phone System, or by ordering through an agent. Programs recorded to a DVR may automatically delete after 24 hours. If you call an agent to order, the maximum fee may apply (described in Section 2). A reduced fee is available for Pay Per View orders placed at [directv.com](http://directv.com) or through the Automated Phone System. To use your remote control to order, your receiver must be continuously connected to a land-based telephone line. Your order is transmitted via the telephone line, and during the short transmission period, you may not be able to use the line for other purposes. Repeated cancellation of previously ordered Pay Per View Services may result in cancellation of your account, restrictions on your ability to order Pay Per View Services, or imposition of additional fees for Pay Per View Services.

(c) **Your Programming Changes.** You may change your programming selection by notifying us. A fee may apply to such changes (described in Sections 2 & 5(b)). Some programming may be purchased in minimum blocks of one month or multiples of one month.

(d) **Our Programming Changes.** Many factors affect the availability, cost and quality of programming and may influence the decision to raise prices and the amount of any increase. These include, among others, programming and other costs, consumer demand, market and shareholder expectations, and changing business conditions. Accordingly, we must reserve the unrestricted right to change, rearrange, add or delete our programming packages, the selections in those packages, our prices, and any other Service we offer, at any time. We will endeavor to notify you of any change that is within our reasonable control and its effective date. In most cases this notice will be about one month in advance. You always have the right to cancel your Service, in whole or in part, if you do not accept the change (see Section 5). If you cancel your Service, a deactivation fee (described in Sections 2 & 5(b)) or other charges may apply. Credits, if any, to your account will be posted as described in Section 5. If you do not cancel, your continued receipt of our Service will constitute acceptance.

(e) **Access Card.** You have received a conditional access card (referred to as the “Access Card”) and a License Agreement governing your use of the Access Card while you are receiving our Service. Access Cards are nontransferable and are the exclusive property of DIRECTV. If you tell us that the original Access Card was lost, damaged, defective or stolen, we will replace it, as long as there is no evidence of unauthorized tampering with or modification of the Access Card and your account is in good standing. A replacement fee may apply (described in Section 2). Tampering with or other unauthorized modification of the Access Card is strictly prohibited and may result in criminal or civil action. Tampering with or inserting any device into your receiver other than an authorized unmodified Access Card is prohibited. DIRECTV reserves the right to cancel or replace the Access Card. Upon request, the card must be returned to DIRECTV. If you do not return the Access Card to DIRECTV when you cancel your Service, you may be charged a fee as described in Section 2. Requesting Access Cards on behalf of other persons or for purposes other than lawful viewing of DIRECTV Service is prohibited.

(f) **Phone Connections.** For optimal performance of your Receiving Equipment, including ordering with your remote control or receiving certain Services, each of your receivers must be directly connected to the same land-based telephone line. If you add Service on additional TVs, you may purchase a separate subscription for each additional TV, or, if all your receivers are continuously connected to the same land-based telephone line, we can “mirror” programming to your additional TVs and charge you only the fee amount described in Section 2. You agree to provide true and accurate information about the location of your receivers. If we detect that any receiver is not regularly connected to a land-based telephone line, we may investigate and, if it is determined

that the receiver is not at the location identified on your account, we may disconnect the receiver or charge you the full programming subscription price for the receiver.

(g) **Mobile Units.** We provide Service to Receiving Equipment installed in mobile units such as campers, boats and other recreational vehicles. However, this Receiving Equipment is not eligible for the additional TV authorization discount described in Section 1(f).

(h) **Private Viewing.** We provide Service only for your private non-commercial use, enjoyment and home viewing. The programming may not be viewed in areas open to the public or in commercial establishments. You may not rebroadcast, transmit or perform the programming, charge admission for its viewing or transmit or distribute running accounts of it. You may not use any of our trademarks. Notwithstanding the provisions of Section 9, we or any programming provider may prosecute violations of the foregoing against you and other responsible parties in any court of competent jurisdiction, under the rules and regulations of the Federal Communications Commission and other applicable laws.

(i) **Blackouts.** Certain programming, including sports events, may be blacked out in your local reception area. Blackout restrictions are decided by the sports leagues and the other entities that own the local broadcast rights. You may visit [directv.com](http://directv.com) for more blackout information. If you circumvent or attempt to circumvent any of these blackouts, you may be subject to legal action.

(j) **Loss of Receiving Equipment.** You should notify us immediately if your receiver, remote control or receiving antenna dish (referred to collectively as “Receiving Equipment”) is lost or stolen. If you notify us within 5 days, we will not charge you for unauthorized use. In any case, we will not charge you for unauthorized use occurring after we receive your notice. For leased Receiving Equipment, non-return fees as specified in the Equipment Lease Agreement will apply.

(k) **Transfer of Receiving Equipment.** We consider you to be responsible for, and the recipient of programming on, any Receiving Equipment you own. You are liable for charges incurred in the use of your Receiving Equipment by others until you notify us of a transfer. Leased Receiving Equipment may not be transferred.

(l) **Your Viewing Restrictions.** It is your responsibility to impose any viewing restrictions on other family members or guests, as you think appropriate. We are not responsible to you or anyone else based on the content of our programming. Please visit [directv.com](http://directv.com) for information on parental controls, locks and limits and password protection on your account.

(m) **Change of Address.** You must notify us immediately of any change in your name, mailing address, residence address or telephone number.

### 2. PAYMENT

In return for receiving our Service, you promise to pay us as follows:

(a) **Programming.** You will pay in advance, at our rates in effect at the time for all Service ordered by you or anyone who uses your Receiving Equipment, with or without your permission, until the Service is canceled. The outstanding balance is due in full each month. To establish service, you were required to provide a credit card. You may use this or another credit or debit card to establish recurring payments. See Section 5(e) regarding payment upon cancellation. We may, in our discretion, accept partial payments, which will be applied to the oldest outstanding statement. No “payment in full” notation or other restrictive endorsement written on your payments will restrict our ability to collect all amounts owing to us. We may reduce your Service to a minimum service level, at our rates in effect at the time, or deactivate your Service if you do not pay your statements on time, after any applicable grace period.

acceptance of the changed terms and conditions. If you notify us that you do not accept such terms and conditions, then we may cancel your Service as provided in Section 5, as we cannot offer Service to different customers on different terms, among other reasons.

## 5. CANCELLATION

- (a) **Term.** The term of this Agreement is indefinite and Service will continue until canceled as provided herein. Unless you notify us that you wish to cancel it, we will automatically renew Service that you subscribe to on a periodic basis, including any monthly or annual subscriptions and seasonal sports subscriptions, as long as we continue to carry the Service.
- (b) **Your Cancellation.** You may cancel Service by notifying us. You may be charged a deactivation fee as described in Section 2 and issued a credit as described below. Your notice is effective on the day we receive it. You will still be responsible for payment of all outstanding balances accrued through that effective date. In addition to any deactivation or change of service fees provided in Section 2, if you cancel Service or change your Service package, you may be subject to an early cancellation fee if you entered into a programming agreement with DIRECTV in connection with the Equipment Lease Agreement, and have failed to maintain the required programming package for the required period of time. For Services sold only in blocks of one month or multiples of one month, if you cancel such Service, we will credit you only for full months not used. For example, if you subscribe for a year of such Service from January through December but cancel on March 10, we will credit you for the subscription fees for April through December. However, we will not credit any fees for January through March. Additionally, we will not credit seasonal sports subscriptions after the season starts.
- (c) **Our Cancellation.** We may cancel your Service at any time if you fail to pay amounts owing to us when due, subject to any grace periods, breach any other material provision of this Agreement, or act abusively toward our staff. In such case, you will still be responsible for payment of all outstanding balances accrued through that effective date, including the deactivation fee described in Section 2. In addition, we may cancel your Service if you elect not to accept any changed terms described to you, as provided in Section 4.
- (d) **Credit Balances.** When your account is closed, we will review your account and refund any excess monetary payments. Unused portions of retention or similar credits will not be refunded. If your credit balance is less than \$1.00 we will not issue you a refund unless you make a written request for the refund within one year of the close of your account, you forfeit any credit balance remaining on your account and your account balance will be reset to zero.
- (e) **Payment Upon Cancellation.** You acknowledge that you have provided your credit or debit card account information to us. You understand that you will incur fees and charges as a result of your receipt and use of Service and/or Receiving Equipment, and may incur early cancellation fees and/or equipment non-return fees (as specified in any lease, programming or other service commitment agreement you entered into in connection with obtaining Receiving Equipment). By giving us your credit or debit card account information at any time, you authorize us to apply this method of payment, in accordance with applicable law, to satisfy any and all amounts due upon cancellation. You further acknowledge that you are required to maintain current credit or debit card information with us and agree to notify us whenever there is a change in such information, such as a change in the card number or the expiration date.

## 6. PERSONAL DATA

We collect Personally Identifiable Information about our customers ("Personal

Data"). The use and disclosure of this Personal Data is governed by our Privacy Policy and, to the extent not inconsistent with the Privacy Policy, by this Agreement. A copy of our Privacy Policy is available at [directv.com](http://directv.com). We will also send you a copy if you send your written request to this address: DIRECTV Privacy Policy, P.O. Box 6550, Greenwood Village, CO 80155-6550

## 7. DIRECTV® DVR SERVICE AND SOFTWARE LICENSE

DIRECTV DVR Service is a separately sold service, at our rates in effect at the time, available to customers with DVR-enabled Receiving Equipment. DIRECTV DVR Service gives you the ability to see and record televised programs ("Third Party Content"). You understand that DIRECTV does not guarantee the access to or recording of any particular program, or the length of time any particular recorded program may remain available for your viewing. You also understand that Third Party Content is the copyrighted material of the third party that supplies it, is protected by copyright and other applicable laws, and may not be reproduced, published, broadcast, rewritten or redistributed without the written permission of the third party that supplied it, except to the extent allowed under the "fair use" provisions of the U.S. copyright laws or comparable provisions of foreign laws. You agree that DIRECTV will have no liability to you, or anyone else who uses your DIRECTV DVR Service, with regard to any Third Party Content. DIRECTV may, at its discretion, from time to time change, add or remove features of the DIRECTV DVR Service, or change the service fee for DIRECTV DVR Service.

We generally use local telephone calls to provide the DIRECTV DVR Service. You are responsible for such telephone charges and acknowledge and agree that you shall be solely responsible for all disputes with any telephone company related to the same.

If you paid a "lifetime service fee," you will not be charged a fee for your DIRECTV DVR Service as long as you maintain television programming service from DIRECTV on the same account. If you disconnect your DIRECTV television programming service and later reconnect on the same account, your DIRECTV DVR Service will be reconnected and you will not be charged a fee for DIRECTV DVR Service.

The DIRECTV Receiving Equipment incorporates Software which is owned by DIRECTV or its third party licensors. Before using the Receiving Equipment or activating the DIRECTV DVR Service, please read the terms and conditions for use of the Software. If you do not agree to these terms you may not use the Receiving Equipment and may not activate the DIRECTV DVR Service and should immediately return the Receiving Equipment to DIRECTV or your supplier. These terms also apply to any modifications, updates or supplements to the Software provided to you. Below is a summary of the terms of the Software license. A complete text of the terms and conditions for use of the Software is located in the user manual and at [directv.com](http://directv.com).

- (a) **License Grant and Conditions.** DIRECTV grants you a non-exclusive, non-transferable, limited license to use the Software solely in executable code form and solely as integrated with, incorporated into, and in conjunction with the Receiving Equipment. Certain third party Software used in connection with the Receiving Equipment may be made directly available to you by the providers thereof. DIRECTV reserves the right to modify, supplement, update and otherwise alter the Software via software download or other modification procedures, and these terms will apply to such Software as modified, supplemented, updated, and otherwise altered.
- (b) **License Restrictions.** You may not copy, modify or transfer the Software, or any copy thereof, in whole or in part. You may not reverse engineer, disassemble, decompile or translate the Software, or otherwise attempt to derive the source code of the Software, except to the extent allowed under any applicable law. The Software may include some components that are covered by "free software" licenses, open source software, and other similar license use rights which require such components to be used, modified and/or distributed only under the terms of such licenses.
- (c) **Ownership of Software and Reservation of Rights.** The Software is

licensed, not sold, to you for use only under the terms of this license agreement. DIRECTV is NOT transferring title or any ownership rights in the Software to you and DIRECTV and its suppliers reserve all rights not expressly granted to you. Except as stated above, this license agreement does not grant to you any intellectual property rights in the Software.

- (d) **Termination.** These terms are effective until terminated. You may terminate these terms by returning the Receiving Equipment to DIRECTV or your supplier. These terms will terminate automatically without notice if you fail to comply with these terms or any other agreement between you and DIRECTV. Upon termination you must return the Receiving Equipment to DIRECTV or your supplier.
- (e) **Disclaimer.** THE SOFTWARE IS TO THE EXTENT PERMITTED BY LAW SUPPLIED AS IS AND WITH ALL FAULTS. NEITHER DIRECTV NOR ANY OF ITS LICENSORS EXPRESSLY MAKES OR PASSES ON TO YOU ANY WARRANTY OR REPRESENTATION ON BEHALF OF DIRECTV OR ITS LICENSORS WITH RESPECT TO THE SOFTWARE, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES, EXPRESS OR IMPLIED, INCLUDING (BUT NOT LIMITED TO) ANY IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT OF THIRD PARTY RIGHTS.
- (f) **Limitation of Liability.** IN NO EVENT WILL DIRECTV OR ITS LICENSORS BE LIABLE TO YOU WITH RESPECT TO THE SOFTWARE FOR ANY DIRECT, INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGE (INCLUDING LOSS OF PROFITS, LOST SAVINGS, LOSS OF DATA OR THE COST OF PROCUREMENT OF SUBSTITUTE GOODS, TECHNOLOGY OR SERVICES) ARISING OUT OF THE USE OR THE INABILITY TO USE THE SOFTWARE, EVEN IF DIRECTV OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY A THIRD PARTY. Some states or jurisdictions do not allow the exclusion or limitation of incidental, consequential or special damages, so the above limitations may not apply to you.
- (g) **Additional Information.** DIRECTV's licensors and suppliers shall be third party beneficiaries of these license terms, as applicable. Certain additional terms and information for the Software and certain third party software (including the text of licenses applicable to any free, open source and other similar software that may be included in the Software), may be found in the DIRECTV website located at [www.directv.com](http://www.directv.com), and the GNU website located at [www.gnu.org](http://www.gnu.org).
- (h) **Third-Party Beneficiary.** DIRECTV and you expressly acknowledge and agree that TiVo, Inc., a Delaware corporation with its principal place of business at 2160 Gold Street, Alviso, CA 95002, is an intended third-party beneficiary of this license agreement as it relates to TiVo software that may be contained in the Receiving Equipment. These license provisions are made expressly for the benefit of TiVo and are enforceable by TiVo in addition to DIRECTV.
- 8. LIMITS ON OUR RESPONSIBILITY**
- (a) **Service Interruptions.** Service may be interrupted from time to time for a variety of reasons. We are not responsible for any interruptions of Service that occur due to acts of God, power failure or any other cause beyond our reasonable control. However, because we value our customers, for an interruption of a significant length of time that is within our reasonable control, upon your request we will provide what we reasonably determine to be a fair and equitable adjustment to your account to make up for such Service interruption. THIS WILL BE YOUR SOLE REMEDY AND OUR SOLE DUTY IN SUCH CASES.
- (b) **WARRANTY DISCLAIMER.** EXCEPT AS PROVIDED HEREIN, WE MAKE NO WARRANTY REGARDING ANY SERVICE OR YOUR RECEIVING EQUIPMENT, WHICH IS PROVIDED AS IS. ALL SUCH WARRANTIES, INCLUDING, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY EXCLUDED. ## DIRECTV EQUIPMENT LEASE AGREEMENT

- ☐ Check here if you are a new DIRECTV customer
- ☐ Check here if you are current DIRECTV customer upgrading, adding or replacing boxes

Thanks for choosing DIRECTV! This Equipment Lease Agreement (ELA) has important terms and conditions regarding your lease of equipment. By "equipment," we mean the receiver or "box," access card in the box, and remote control (not the dish and/or cabling). You received the DIRECTV Customer Agreement with your DIRECTV Order Confirmation. The Customer Agreement, together with this ELA, comprise the terms of your service agreement with DIRECTV. Please be sure to read and keep copies of both. They are also available at [www.directv.com/legal](http://www.directv.com/legal).

You understand and agree that you did not buy the equipment, do not own the equipment, and must use and return the equipment as explained in your service agreement with DIRECTV. The equipment you lease may be new or reconditioned.

### PART ONE:

Part One of this agreement only applies to new customers, or to our existing customers who decide to upgrade or add an additional box (or boxes) to their account. **If you received this agreement in connection with simply replacing like for like boxes (e.g., standard definition for standard definition, HD for HD), please skip to Part Two below, which applies to all customers.**

**PROGRAMMING AGREEMENT AND TERM.** To keep costs down for you, we provide dishes and standard installation at reduced or no cost. In exchange, we ask that you remain a customer for a specified period of time. Specifically, you agree that within 30 days of getting DIRECTV equipment (either provided to you or installed professionally), you will activate your boxes and subscribe to a base level of programming valued at \$29.99/mo or above, which may consist of a DIRECTV base programming package (English or Spanish language); Jadeworld; OR, a qualifying international-language a la carte service bundled with either BASIC CHOICE or PREFERRED CHOICE. If you selected a DVR, you also agree to activate DVR service (\$7/mo). Whole-Home DVR service is additional (\$3/mo.). If you selected an HD box, you also agree to activate HD Access (\$10/mo.). If you selected an HD-DVR box, you agree to activate both DVR service and HD Access. If you do not activate each box, you agree that DIRECTV or the authorized retailer from whom you obtained the equipment may charge you \$150 per box as liquidated damages. **You agree to continuously maintain the minimum level of programming with us as follows:**

**New customers: 24 consecutive months. Existing customers: 24 consecutive months for DVR, HD and/or HD-DVR boxes, or 12 consecutive months for standard boxes.**

THIS AGREEMENT TO MAINTAIN PROGRAMMING IS SEPARATE AND DIFFERENT FROM ANY OTHER YOU MAY HAVE MADE WITH DIRECTV AND IS FULLY ENFORCEABLE UNDER THESE TERMS.

**EARLY CANCELLATION FEE.** If you do not maintain your base level of programming for the full term, we will charge you an early cancellation fee. The maximum fee is \$480 for new customers, \$480 for existing customers with DVR, HD and/or HD-DVR boxes, or \$240 for existing customers with only standard boxes. We prorate the fee, so for each month you've fulfilled your programming term agreement, we deduct \$20 from the fee (i.e., if you have fulfilled 14 mos. of a 24 mo. agreement, your ECF would be \$480 - \$20 x 14, or \$200). We reserve the right to charge this fee to the credit or debit card you have on file with us. We do not charge an ECF if you decide to cancel your DVR Service or HD Access early, so long as you maintain the base level of programming. However, upon cancellation of DVR Service and/or HD Access, you are required to return the equipment used in connection with these services to DIRECTV as described in Part Two below.

### PART TWO:

**MONTHLY FEES FOR ADDITIONAL BOXES.** There is no additional monthly fee for one box. If you have 2 boxes, the fee is \$6/mo. For the 3<sup>rd</sup> and each other box on your account, you are charged either a lease fee for rental of the box or an additional TV authorization fee of \$6/mo. per box, depending on whether you lease or own the additional boxes. Sales, use or other taxes may apply. Fees are subject to change at any time.

**WARRANTY DISCLAIMER.** You are responsible for the loss of, damage to or the entire cost of any necessary service or repair of the leased DIRECTV equipment. You have no right to sell, give away, transfer, pledge, mortgage, alter or tamper with the equipment. DIRECTV PROVIDES THE EQUIPMENT AS IS AND WITH ALL FAULTS. YOU BEAR THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE EQUIPMENT. DIRECTV MAKES NO WARRANTY, EITHER EXPRESS OR IMPLIED, REGARDING THE EQUIPMENT PROVIDED TO YOU. ALL SUCH WARRANTIES, INCLUDING WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY EXCLUDED UNLESS OTHERWISE PROHIBITED BY YOUR STATE'S LAW. DIRECTV IS NOT RESPONSIBLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RELATING TO THE EQUIPMENT PROVIDED TO YOU.

**CUSTOMER SERVICE** In the event your leased equipment does not operate, please contact DIRECTV at 1-800-531-5000

**EQUIPMENT RETURN, NON-RETURN FEES.** If you cease to be our customer (whether voluntarily or involuntarily), you must contact DIRECTV within 7 days of termination of your base level of programming to arrange for an equipment return kit or kits, and instructions on how to return your leased equipment (boxes, access cards and remotes). Leased equipment must be returned in good working order, normal wear and tear excepted. If we haven't received your equipment within 21 days of termination of your base level of programming, or if the equipment is returned in damaged condition, we will charge you \$45 for each standard box, \$175 for each DVR box, \$125 for each HD box, and \$250 for each HD-DVR, so please promptly attend to your equipment return. We reserve the right to charge these fees to the credit or debit card you have on file with us. If you are leasing a DVR, HD or HD-DVR box and decide to terminate DVR service or HD Access or both, as applicable, you agree to return that advanced equipment (and replace with standard box(es) if you are not terminating your base level of programming), in accordance with this paragraph or we will charge you the stated fees. Visit [DIRECTV.com](http://DIRECTV.com) or call 1-800-531-5000 for details.

**ARBITRATION.** You and DIRECTV agree that both parties will resolve any dispute under this ELA, the DIRECTV Customer Agreement, or regarding your DIRECTV service, through binding arbitration as fully set forth in the DIRECTV Customer Agreement.

**AUTOMATIC PAYMENT REAUTHORIZATION.** If you enrolled in auto-bill pay when signing up for service over the phone or through a retailer, by signing below, you confirm and reauthorize automatic payments for your DIRECTV service to the credit or debit card or bank account that you selected.

BY SIGNING I AUTHORIZE AND AGREE THAT DIRECTV MAY, AT ITS SOLE OPTION, CHARGE THE FEES DESCRIBED HEREIN. I WARRANT THAT I AM 18 YEARS OLD OR OLDER AND THAT ALL INFORMATION SUPPLIED BY OR ABOUT ME IS ACCURATE. I AGREE TO THE ABOVE TERMS AND CONDITIONS.

## CONTRATO DE LOCACIÓN DE EQUIPOS DE DIRECTV

☐ Tilde aquí si usted es un cliente nuevo de DIRECTV

☐ Tilde aquí si usted ya es cliente de DIRECTV y está actualizando equipos, agregando o reemplazando decodificadores

¡Muchas gracias por elegir DIRECTV! El presente Contrato de Locación de Equipos (CLA) establece términos y condiciones importantes sobre los equipos que usted recibe en locación. En este contrato, el término "equipos," nos referimos al receptor o "decodificador," a la tarjeta de acceso del decodificador, y al control remoto (no nos referimos ni al plato de la antena ni al cableado). Usted recibió el Contrato con el Cliente de DIRECTV conjuntamente con su Confirmación de Pedido de DIRECTV. Tanto el Contrato con el Cliente como el presente CLA estipulan los términos de su acuerdo de servicios con DIRECTV. Tenga a bien leerlos y conservar copias de ambos. También puede acceder a ellos en [www.directv.com/legal](http://www.directv.com/legal).

Usted comprende y acepta que no ha comprado los equipos, que usted no es el propietario de los equipos y que debe utilizar los equipos y devolverlos del modo descrito en su acuerdo de servicios con DIRECTV. Los equipos que usted recibe en locación pueden ser nuevos o pueden ser equipos reacondicionados.

### PARTE UNO:

La Parte Uno de este contrato es de aplicación solo para clientes nuevos, o en el caso de clientes existentes que deciden actualizar sus equipos o agregar decodificadores adicionales a sus cuentas. Si usted ha recibido este contrato en relación con una simple sustitución de equipos del mismo tipo (p. ej., equipos de definición estándar por equipos de definición estándar, o equipos de alta definición (HD) por equipos de alta definición (HD)), por favor pase directamente a la Parte Dos que aparece a continuación ya que ésta es de aplicación a todos los clientes.

**CONTRATO DE PROGRAMACIÓN Y PLAZO.** Para ayudar a nuestros clientes a reducir costos, proporcionamos los platos de las antenas y la instalación estándar a precios reducidos o sin costo. A cambio, les pedimos a nuestros clientes que sigan siendo nuestros clientes durante un periodo de tiempo previamente establecido. Concretamente, usted conviene que dentro de los 30 días de haber recibido los equipos de DIRECTV (sea que dichos equipos hayan sido recibidos por usted o que hayan sido instalados profesionalmente) activará sus decodificadores y tomará un abono a un nivel básico de programación de \$29.99/mes o superior, que puede ser un paquete de programación básico de DIRECTV (en idioma inglés o español); Jadeworld, O, un servicio "a la carta", en los idiomas internacionales en los que esta disponible esta opción, vinculado ya sea con SELECCIÓN BÁSICA o SELECCIÓN PREFERIDA. Si usted hubiera elegido un DVR, usted también se compromete a activar su servicio de DVR (\$7/mes.). El servicio de DVR para Todo el Hogar es adicional (\$3/mes.). Si usted hubiera seleccionado un decodificador de HD, también se compromete a activar su HD Access (\$10/mes.). Si usted hubiera seleccionado un decodificador HD-DVR, usted se compromete a activar tanto el servicio DVR como el HD Access. Si usted no activa cada decodificador, usted conviene que DIRECTV o el local de atención al público autorizado de quien usted haya recibido los equipos podrán cobrarle \$150 por decodificador en concepto de indemnización contractual por daños y perjuicios. Usted se compromete a mantener en forma continua el nivel mínimo de programación con nosotros de acuerdo con el siguiente detalle:

Clientes nuevos: 24 meses consecutivos. Clientes existentes: 24 meses consecutivos en el caso de decodificadores para DVR, HD y/o decodificadores HD-DVR, ó 12 meses consecutivos para decodificadores estándar.

ESTE COMPROMISO DE MANTENER LA PROGRAMACIÓN ES INDEPENDIENTE DE CUALQUIER OTRO COMPROMISO QUE USTED PUEDA HABER ASUMIDO ANTE DIRECTV Y SU CUMPLIMIENTO ES EXIGIBLE EN VIRTUD DE LOS PRESENTES TÉRMINOS.

**CARGO POR CANCELACIÓN ANTICIPADA.** Si usted no mantuviera su nivel básico de programación durante el plazo completo, le debitaremos un cargo por cancelación anticipada. El cargo máximo es de \$480 para los nuevos clientes, \$480 para los clientes existentes que tienen decodificadores de DVR, HD y/o HD-DVR, ó \$240 para los clientes existentes que sólo tienen decodificadores estándar. Aplicamos dicho cargo en forma proporcional, de modo tal que cada mes que usted haya cumplido con su compromiso de plazo de programación, deducimos \$20 del cargo (es decir, si usted ha cumplido con 14 meses de un compromiso de 24 meses, su Cargo por Cancelación Anticipada se calculará así: \$480 - \$20 x 14, es decir, \$200). Nos reservamos el derecho de debitar este cargo de la tarjeta de crédito o de débito que usted nos hubiera informado oportunamente. No cobramos Cargo por Cancelación Anticipada si usted decide cancelar su Servicio DVR o su HD Access en forma anticipada en tanto y en cuanto usted mantenga el nivel básico de programación. Sin embargo, en el momento de cancelar su Servicio DVR y/o HD Access en forma anticipada, usted debe devolver a DIRECTV los equipos usados en relación con estos servicios tal como se describe en la Parte Dos a continuación.

### PARTE DOS:

**CARGOS MENSUALES POR DECODIFICADORES ADICIONALES.** No se cobran cargos mensuales adicionales por un decodificador. Si usted tiene 2 decodificadores, el cargo es de \$6/mes. En relación con el tercero, y con todo otro decodificador registrado en su cuenta, a usted se le cobra ya sea un canon locativo por el decodificador o un cargo de autorización de TV adicional de \$6/mes por decodificador, dependiendo de que, o bien usted tenga los equipos en locación, o de que usted sea el propietario de los decodificadores adicionales. Pueden aplicarse impuestos a las ventas, al uso o de otra índole. Estos cargos pueden sufrir modificaciones en cualquier momento.

**EXENCIÓN DE RESPONSABILIDAD POR GARANTÍA.** Con respecto a los equipos de DIRECTV recibidos en locación, usted asume responsabilidad por su pérdida, por los daños que pudieran sufrir y por la totalidad del costo de cualquier servicio o reparación que fuera necesario realizarles. Usted no tiene ningún derecho de vender, donar, transferir, preñar, hipotecar, alterar ni modificar los equipos. DIRECTV PROVEE LOS EQUIPOS EN EL ESTADO EN QUE SE ENCUENTRAN Y CON TODOS SUS DESPERFECTOS. USTED ASUME LA TOTALIDAD DEL RIESGO EN CUANTO A LA CALIDAD Y EL FUNCIONAMIENTO DE LOS EQUIPOS. DIRECTV NO ASUME NINGUNA OBLIGACIÓN DE GARANTÍA, NI EXPRESA NI TÁCITA, CON RESPECTO AL EQUIPO QUE SE LE PROVEE. DICHAS GARANTÍAS, QUE INCLUYEN SIN CARÁCTER TAXATIVO, LAS GARANTÍAS IMPLÍCITAS DE APTITUD PARA SER COMERCIALIZADOS Y PARA SER USADOS CON UN FIN ESPECÍFICO, SE ENCUENTRAN EXPRESAMENTE EXCLUIDAS A MENOS QUE ALGUNA LEY DE SU ESTADO PROHIBA ESTA EXCLUSIÓN. DIRECTV NO ASUME RESPONSABILIDAD ALGUNA POR LOS DAÑOS ESPECIALES, INCIDENTALES O INDIRECTOS RELACIONADOS CON LOS EQUIPOS QUE LE HAN SIDO ENTREGADOS.

**SERVICIO AL CLIENTE.** En el caso de que el equipo que usted recibió en locación no funcione, por favor pongase en contacto con DIRECTV llamando al 1-800-531-5000.

**DEVOLUCIÓN DE LOS EQUIPOS. CARGO POR FALTA DE DEVOLUCIÓN.** Si usted dejara de ser nuestro cliente (por su propia voluntad o no), debe comunicarse con DIRECTV dentro de los 7 días de la caducidad de su nivel básico de programación para coordinar la provisión de un kit o kits de devolución de equipos y las instrucciones sobre el modo de devolución del equipo que usted recibió en locación (los decodificadores, las tarjetas de acceso y los controles remotos). Los equipos recibidos en locación deben ser devueltos en buenas condiciones de funcionamiento, salvo por el desgaste normal por el transcurso del tiempo. Si dentro de un plazo de 21 días posterior a la caducidad de su nivel de programación básico nosotros aún no hubiéramos recibido los equipos, o si los equipos nos fueran devueltos en malas condiciones, le debitaremos un cargo de \$45 por cada decodificador estándar, \$175 por cada decodificador DVR, \$125 por cada decodificador HD, y \$250 por cada decodificador HD-DVR, con lo cual, mucho le agradeceremos nos devuelva los equipos con prontitud. Nos reservamos el derecho de debitar estos cargos de la tarjeta de crédito o de débito que usted nos ha informado oportunamente. Si usted ha recibido en locación un decodificador DVR, HD o HD-DVR y decide cancelar el servicio DVR o el HD Access o ambos, según corresponda, usted se compromete a devolvernos los equipos que le hemos adelantado (y a reemplazarlos por el/los decodificador(es) estándar(es) si usted no cancela su nivel básico de programación), según lo establecido en este párrafo ya que de lo contrario le debitaremos los cargos consignados. Si desea más información, sírvase visitar [DIRECTV.com](http://DIRECTV.com) o llamar al 1-800-531-5000.

**ARBITRAJE.** Usted y DIRECTV se comprometen a que ambas partes resolverán cualquier litigio que surja de este CLA, del Contrato con el Cliente de DIRECTV o de los servicios contratados con DIRECTV recurriendo al arbitraje vinculante según se estipula en toda su extensión en el Contrato con el Cliente de DIRECTV.

**REAUTORIZACIÓN DE PAGOS AUTOMÁTICA.** Si usted se ha adherido a un sistema de pago automático de facturas en el momento en que contrató este servicio, ya sea telefónicamente o a través de un local de atención al público, al firmar el presente, usted confirmará y reautorizará los pagos automáticos de su servicio de DIRECTV con su tarjeta de crédito o de débito o de la cuenta bancaria que usted haya seleccionado.

CON MI FIRMA, AUTORIZO Y CONVENGO QUE DIRECTV PUEDE, A SU EXCLUSIVA OPCIÓN, DEBITAR LOS CARGOS AQUÍ DESCRITOS. DECLARO TENER 18 AÑOS O MÁS Y MANIFIESTO QUE TODA LA INFORMACIÓN PROPORCIONADA POR MI O SOBRE MI PERSONA ES EXACTA. ESTOY DE ACUERDO CON LOS TÉRMINOS Y CONDICIONES PRECEDENTES.

The licenses for our software are designed to take away your freedom to share and improve. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change the software — to make sure the software is free for all its users. This General Public License applies to most of the Free Software Foundation's software and to any other program whose author is committed to using it. (Some other Free Software Foundation software is covered by the GNU Lesser General Public License instead.) You can apply to your preferred copyleft.

When we speak of "the not state" we are referring to a Republic, not just a "Citizen's Public" - exercises are designed to make sure that you have the freedom to discuss reports of these activities (and charges for this service is \$100 a month) that you receive source credit - it gets old if you read it. This can change the sentence or use pieces of it in the next paragraph. It's just for you to use and do them things.

To protect your privacy, we limit the number of messages that follow you. We do this to ensure you receive the right mix of relevant information. To see restrictions, click on the "Account" link in the top right corner of the page.

For example, if you distribute copies of such a program, whether gratis or for a fee, you must give the recipients all the rights that you have. You must make sure that they too, or every one can copy, source code. And you must show them these terms for the copy of the code.

We protect your rights with two steps: (1) copyright the software and (2) allow you this license application as you apply for patents. It costs \$100 to apply for a patent.

IN NO EVENT SHALL THE USER BE RESPONSIBLE FOR ANY DAMAGE TO THE PROGRAM OR TO ANY OTHER PARTY'S HARDWARE, SOFTWARE OR DATA, INCLUDING THE USER'S, ARISING FROM THE USE OF THE PROGRAM, EVEN IF SUCH DAMAGE IS CAUSED BY THE NEGLIGENCE OF THE USER. THE USER SHALL BE RESPONSIBLE FOR ANY DAMAGE TO THE PROGRAM OR TO ANY OTHER PARTY'S HARDWARE, SOFTWARE OR DATA, INCLUDING THE USER'S, ARISING FROM THE USE OF THE PROGRAM, EVEN IF SUCH DAMAGE IS CAUSED BY THE NEGLIGENCE OF THE USER.

### How to Apply These Terms to Your New Programs

to do so, either through access to the program. It is also to attach them in the case of each source the is not able, more actively the independent of contact, and finally should have at least the same right line and a policy to where the full right is found.

**DIRECTV, Inc. & Subsidiaries, v. S.C. Department of Revenue**  
**Professor Richard D. Pomp**

**I. Introduction**

**A. My Qualifications**

I am currently the Alva P. Loisel Professor of Law at the University of Connecticut Law School, and an adjunct Professor of Law at NYU Law School in the LL.M. Program in Taxation.

For nearly 40 years, I have studied, lectured, taught, published, consulted, and testified on issues of state taxation. I have served as a consultant to Alaska, California, Connecticut, Delaware, Hartford, Illinois, Kansas, Louisiana, Montana, New Jersey, New York, North Dakota, San Francisco, South Carolina, Texas, Utah, West Virginia, the Multistate Tax Commission, the Uniform Law Commission, the Internal Revenue Service, the Department of Justice, the U.S. Department of the Treasury, the International Monetary Fund, the World Bank, the United Nations, and numerous foreign countries. These assignments all involved issues of tax policy. Most notably, my service for the Uniform Law Commission and for the Multistate Tax Commission concerned issues before this court.

I have been qualified and testified as an expert witness on various aspects of state tax policy in Alabama, Alaska, California, Colorado, Connecticut, Delaware, Illinois, Kansas, Kentucky, Louisiana, Maryland, Massachusetts, Michigan, Mississippi, Montana, New Jersey, New York, New York City, North Carolina, North Dakota, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, Michigan, Texas, Utah, and West Virginia. Nearly 40% of these approximately ninety appearances have been on behalf of the states.

In 2014, I received the Council on State Taxation Award for Excellence in State Taxation. I was selected by Tax Analysts as the 2013 State Tax

Person of the Year. I won the 2012 University of Connecticut's Faculty Excellence in Teaching—Graduate Level prize. The Bureau of National Affairs (BNA) selected me for the Distinguished Service in State and Local Tax Law award in 2011. State Tax Notes placed me on its All Decade State Tax Team in 2010. In 2008, I was received the NYU Institute on State and Local Taxation, Outstanding Achievement in State and Local Taxation award.

My curriculum vitae, attached to this Opinion, describes my career in further detail.

## **B. Overview**

### **1. The Facts**

DIRECTV ("Taxpayer") is incorporated and headquartered in California. Taxpayer provides direct broadcast satellite services to customers throughout the country. More specifically, Taxpayer provides television programming through satellites directly to homes and businesses of individual customers.

The signal sent to the customers is the last step in an elaborate process that starts with Taxpayer contacting, negotiating, and acquiring television programming services from a variety of sources, including broadcast television networks (e.g., ABC, NBC, and CBS), local broadcast stations, and providers of cable programming (e.g., CNN, ESPN, and HBO).

This programming is transmitted to Taxpayer in a variety of ways, including by satellite, fiber-optic cable, and over-the-air broadcasts. The programming is collected at two major broadcast centers and regional "uplink centers," which contain equipment to receive, process, and transmit the programming to satellites in orbit. Taxpayer maintains local collection facilities throughout the country to receive local television stations. A few of these are in South Carolina.

The satellites then retransmit the programming directly to customers, who receive the signals through a small satellite dish located on, or near, their homes or businesses. The satellite dishes transmit the programming to a “set-top” box, which processes the signal received from the satellite dish and sends it to the customer’s television sets.

Customers pay a monthly fee to receive basic programming but also have the option of paying more for premium channels and pay-per view programming. A separate charge is imposed for the rental of the set-top boxes.

The Taxpayer performs very few activities in South Carolina. For example, none of the persons who identify and select the programming, and conduct the negotiations to obtain that programming from the studios and networks and other sources are in South Carolina. None of the persons who design and program the space satellites, the uplink centers, the satellite dishes, and the set-top boxes are in South Carolina. None of the persons who design or install the fiber-optic cables for transmitting the programming to the uplink centers are in South Carolina. None of the technological equipment used by the Taxpayer is manufactured in South Carolina. Taxpayer has no offices in South Carolina. Nor does it have any significant collection, transmission, or distribution facilities in South Carolina.<sup>1</sup>

Some of the unique features of the Taxpayer over its competition are attributable to activities occurring outside of South Carolina. Unlike its competition, Taxpayer offers viewers the ability to access almost every NFL football game being broadcast across the country. Its exclusive arrangement to cover NFL games is one of the valuable assets of the Taxpayer—so valuable that its proposed merger with ATT was made contingent on the arrangement with the NFL remaining in place. The

negotiation of the NFL arrangement and the broadcast of the football games all take place outside of South Carolina.

Taxpayer has a prime orbital slot for its satellites. This slot allows it to have continuous coverage over the entire North American continent, with a minimum of satellites, again an advantage having nothing to do with South Carolina.

## 2. The Issue Before the Court

The issue before this court involves the treatment of the subscription revenue Taxpayer receives from the provision of its programming services. During the audit period, 2006-2011, South Carolina used an apportionment formula based only on gross receipts:

$$TI \times \text{Gross Receipts}_{SC} / \text{Gross Receipts}_{US}.$$

Taxpayer treated the amounts received from customers for the rental of their set-top boxes as South Carolina gross receipts. Taxpayer treated the subscription revenue as non-South Carolina gross receipts. Consequently, the fraction used to apportion taxable income was rental receipts for South Carolina set-top boxes divided by Taxpayer's total gross receipts.

The Department of Revenue rejected this filing and included in the numerator of the receipts factor the subscription revenue from South Carolina subscribers. The Department defends this approach on the grounds that “the delivery of the signal into the homes and onto the television screens of [Taxpayer's] customers—that produces income for [Taxpayer].”<sup>2</sup> This approach ignores the location of Taxpayer's income-producing activity and looks solely to the location of Taxpayer's customers. The Department characterizes all of Taxpayer's out-of-state activities as “lack[ing] any and all intrinsic value without the actual

provision of programming to South Carolina customers.”<sup>3</sup> “[E]ach and every one of the activities the taxpayer attempts to characterize as ‘income producing’ has no direct causal effect upon the generation of income.”<sup>4</sup>

Consequently, the issue for the court is what portion of Taxpayer’s subscription revenue should be included in the numerator of the gross receipts factor.

South Carolina characterizes receipts from services as South Carolina gross receipts if the entire income-producing activity is within South Carolina.<sup>5</sup> If the income-producing activity is performed partly within and partly without South Carolina, sales are attributable to South Carolina to the extent the income-producing activity is performed within South Carolina.<sup>6</sup> The South Carolina courts have held that revenue from the provision of engineering services should be sourced to South Carolina based on the “place of activity.”<sup>7</sup>

### 3. Opinion Requested

I was not asked to opine on the legal issue before the court. As someone who has been involved with the general issue of situsing receipts from the provision of services, especially on behalf of the Uniform Law Commission and the Multistate Tax Commission, I was asked to provide from a policy perspective the considerations that might be useful in resolving the issue.

## II. Analysis

South Carolina is a separate reporting state, which apportions the unitary business income of separate taxpayer. To determine what portion of that income should be apportioned to South Carolina by service providers, the State has adopted the single-factor gross receipts formula described above. To determine the amount of gross receipts to be included in the South Carolina numerator of that fraction, the State looks to income producing activities in South Carolina.

### A. The Policy Considerations Regarding Income Producing Activities

The Uniform Division of Income for Tax Purposes Act (UDITPA) was enacted in 1957 and became the centerpiece of the Multistate Tax Compact, drafted in 1966. Section 17 of UDITPA provides *inter alia* that:

Sales, other than sales of tangible personal property, are in this State if:

- (a) the income-producing activity is performed in this State; or
- (b) the income-producing activity is performed both in and outside this State and a greater proportion of the income-producing activity is performed in this State than in any other State, based on costs of performance.

UDITPA, which also sets forth an equally-weighted, three-factor apportionment formula using payroll, property, and sales, has been explicitly adopted by many states; other states, like South Carolina, have been influenced by the provisions in UDITPA.

South Carolina can be characterized as sourcing gross receipts from the provision of services on a proportional basis. Unlike UDITPA, which assigns the receipts from services entirely to the state in which the

taxpayer incurs a plurality of its costs of performance, South Carolina assigns the receipts *to the extent* the income-producing activity is performed in the State. The difference can be illustrated by considering a corporation that conducts 3% of its income producing activities in 32 states and 4% in the 33rd state. Under a proportionate approach, each of the 32 states would be assigned 3% of the receipts and the 33rd state would be assigned 4% of the receipts. Under UDITPA, it is possible that all of the receipts would be assigned to the 33<sup>rd</sup> state and nothing to the other 32 states. Because of the dissatisfaction with UDITPA's approach, some states like South Carolina use the proportionate approach.

Once the income generating activities are identified, the next step is to determine the extent to which the activities are performed in South Carolina. UDITPA uses costs of performance method to make this determination. UDITPA does not define what constitutes a "cost of performance" but payroll would be one of them. South Carolina does not explicitly reference costs of performance, which means other alternatives are available. These alternatives would properly include payroll, time spent in a state, or the location of income generating assets.

A state's choice in selecting a taxpayer's income generating activities and how to measure them is not unbridled. The United States Supreme Court has held that the factor or factors used in an apportionment formula must reflect a reasonable sense of how income is generated.<sup>8</sup> This test is known as "external consistency." Although this test was formulated by the Court under the Commerce Clause, it would also seem required under the Due Process Clause.

Suppose a taxpayer performs all of its services in State A and mails a document embodying those services to a customer in South Carolina. Assume the South Carolina Department of Revenue attributes the receipt for the service as being attributable to the State because that is where the

---

<sup>8</sup> Container Corp. of Am. v. Franchise Tax Bd., 463 U.S. 159, 169-70 (1983).

customer is located. Assume further that the net income from the service is \$100. The Department's position would mean that 100% of the net income would be taxed by South Carolina, thus disregarding all of the income generating activities that took place outside the State. This position would be problematic under the external consistency test. In effect, it would say that none of the income was earned in the only state in which the taxpayer performed its activities. Moreover, under this approach, there could not be any income producing activities performed both within and without the State.

How to assign receipts of a service provider cannot be thought about independently of the components of the apportionment formula. South Carolina uses only one factor—gross receipts—to apportion income. If receipts are assigned based on where the customer is located, then the formula has the effect of disregarding all of the taxpayer's income generating activities. Such a result is indefensible from a policy perspective.

Ironically, the early apportionment formulas actually involved only one factor, but it was property and not sales. When UDITPA was being debated, there were economists who argued that only property and payroll should be elements of an apportionment formula—not receipts. And the one time when Congress suggested a federal apportionment formula, it too suggested that only property and payroll should be used.

UDITPA contains an equally-weighted three-factor formula. For economic development reasons, the states started weighting the sales factor more heavily, which led to the double-weighted sales factor. The latest iteration of these developments is the use of only sales in the apportionment formula.

No one defends the use of only sales to apportion income on sound tax policy grounds. Compared with formulas that use property and payroll, a single-factor sales formula is viewed as encouraging the location or

expansion of companies in the taxing state that sell outside the taxing state.

### III. Conclusion

Opinions can differ regarding how to situs or locate the receipts of a service provider. The South Carolina Legislature has decided, however, that if the income-producing activity is performed partly within and partly without the State, then the sales are attributable to South Carolina to the extent the income-producing activity is performed within South Carolina.

The Tax Department disregards that statutory provision by characterizing Taxpayer's non-South Carolina activities as lacking intrinsic value, and as having no direct causal effect on the generation of income. This position produces the indefensible result that a Taxpayer that has hundreds of millions of dollars in payroll and property outside South Carolina that it uses to produce a service that it sells entirely in South Carolina will apportion all of its income to South Carolina, as if its non-South Carolina activities had nothing to do with the generation of its income.

The Department seems to be saying that "but for" the delivery of the signal to the South Carolina customer there would be no income. But that proves too much. "But for" the activities outside the State there would be no income as well. Every income producing activity can be made to look like the key to the taxpayer's income by simply applying a "but for" test to that activity. Even assuming that providing a service to a South Carolina customer is an income-producing activity, it is not the only such activity.

Opinions can also differ on how to measure the extent to which income producing activities should be viewed as taking place in South Carolina. But from a policy perspective, answering that question by simply ignoring the outside activities is unacceptable.

1 here?

2 A No.

3 Q I would like to go back to page 45. And the  
4 first full paragraph on page 45, it is the paragraph  
5 that starts, "There is, however," could you take a  
6 moment and review that paragraph?

7 A Okay.

8 Q This paragraph discusses criticisms of  
9 UDITPA's Section 17, correct?

10 A Right.

11 Q Could you read into the record the last  
12 sentence starting with "Accordingly"?

13 A Yes. It says, "Accordingly, as a matter of  
14 policy, states adopting a market-oriented approach for  
15 service providers have embraced a much sounder solution  
16 to the problem of attributing the receipts of service  
17 providers than those states that rely either on  
18 UDITPA's cost-of-performance methodology or on the  
19 traditional rule of assigning services to the state in  
20 which they are performed."

21 Q Do you agree with that statement?

22 A Let me read it now. Yes.

23 Q As we discussed previously, the treatise at  
24 least would put South Carolina in the category of  
25 states that has not adopted a market-oriented approach,

Page 28

1 says that South Carolina -- that receipts are sourced  
2 only to the extent the service was performed in this  
3 state

4 So again, does the -- you know, does the  
5 treatise, would the treatise list include South  
6 Carolina as those states that have not adopted a  
7 market-oriented approach?

8 A I am a little bit lost. It sounds like you  
9 are referring back to the RIA table.

10 Q Which is part of the treatise, correct?

11 A It is included in the treatise and it  
12 includes a paraphrase of the South Carolina statute  
13 which may work in some cases; but depending on what you  
14 mean by performed, the South Carolina statute is what  
15 it is. It says income-producing activity. It doesn't  
16 say where performed, and to the extent that there is a  
17 legal difference there, I would say that -- not so much  
18 that the treatise is incorrect, but it is stating a  
19 general proposition without every particular nuance,  
20 exception to that general proposition.

21 Just like earlier, it said that -- you know,  
22 we said, what, the South Carolina statute resembled  
23 UDITPA. It is a general statement. It doesn't mean it  
24 is identical to, will be interpreted the same as UDITPA  
25 and so on.

Page 27

1 would you agree with that?

2 A No. I don't agree with that.

3 Q And why not?

4 A Well, there are some states, the state that I  
5 practice law in, for example, is one of them that have  
6 rules or have interpreted the phrase income-producing  
7 activity in a market-oriented way, they reach a  
8 market-based result even though they don't -- haven't  
9 expressly adopted statutes that say that. And in the  
10 section of treatise where we are identifying a  
11 market-oriented approach, we are identifying states  
12 that have recently amended their statutes, largely  
13 under a recent trend to do that as states have moved to  
14 single sales factor apportionment, but some of those  
15 approaches are quite old, like the Iowa statute.

16 So no, I wouldn't say that those are the --  
17 that the states we list in the treatise are the only  
18 ones that, in fact, are -- have a market-based  
19 approach.

20 Q I think the treatise here says that they were  
21 either -- you know, adopting a market-oriented  
22 approach. I think we talked before, you disagree with  
23 the characterization, but again how the treatise  
24 characterizes South Carolina, we discussed previously  
25 note 58 on Table -- 58 on Table 9-8 that the treatise

Page 29

1 Q And you mentioned that -- you mentioned that  
2 you disagree with that, in part, because some states  
3 have adopted -- have adopted a market oriented or  
4 market-based approach to interpreting their particular  
5 statutes and you mention Arizona. Has South Carolina  
6 done that?

7 A Has South Carolina done?

8 Q Has South Carolina adopted a market-based  
9 approach to interpreting statutes?

10 A In this case it has.

11 Q And what document says that or what case or  
12 what authority can you rely on for that statement?

13 A The director's decision.

14 Q And from a -- as a matter of tax policy, is  
15 that good tax policy that a -- that an approach can  
16 just be laid out as a general rule in a Department  
17 determination?

18 A It needs to be consistent with the statute.

19 Q Okay. And so that's what you are relying on  
20 for -- that's what you are relying on for your response  
21 here as far as South Carolina adopting a  
22 market-oriented approach?

23 A Well, you are using the word adopting and --

24 Q I am just using I think what you said or, you  
25 know, they have -- a state that has interpreted their

You can't have<br/>10 income without sales, you can't have income without a<br/>11 product. Let's consider both of those and give weight<br/>12 to both of those and then apportion income on that<br/>13 basis. So that's generally what we do.<br/>14 I mean, there are other ways to do it if you<br/>15 don't use the apportionment approach. There is an<br/>16 allocation approach where you try to find the<br/>17 jurisdiction where that income is earned, but I think<br/>18 you typically look to some of the same indicia, either<br/>19 where the customer is or where the production occurs or<br/>20 delivery takes place.<br/>21 Q This article and in a lot of your other<br/>22 writings you have clearly stated that your criticism of<br/>23 Section 17 is that it does not properly reflect the<br/>24 market contribution to a taxpayer's income. And, you<br/>25 know, this article -- you know, that statement in these</p> |
| <p style="text-align: right;">Page 31</p> <p>1 A The third and fourth sentences, "In computing<br/>2 the numerator of the sales factor, however, UDITPA<br/>3 attributes service receipts to the state in which the<br/>4 services are performed, regardless of where they are<br/>5 consumed. In other words, service receipts are<br/>6 attributed to the state of production rather than to<br/>7 the state that provides the market for the services.<br/>8 Many services are consumed where they are provided." I<br/>9 might have gone beyond what you wanted me to read.<br/>10 Q That's fine. Thank you. Do you still agree<br/>11 with this characterization of Section 17 of UDITPA?<br/>12 A Yeah, again, I will -- it is a generalized<br/>13 statement of how it operates.<br/>14 Q What is your principal criticism of UDITPA<br/>15 Section 17 in this article?<br/>16 A My principal criticism is that it doesn't do<br/>17 a good job of reflecting the role of the sales factor,<br/>18 which is to -- the role of the sales factor is to<br/>19 reflect the contributions of the market state to the<br/>20 taxpayer's income.<br/>21 Q From a policy standpoint, what is the goal of<br/>22 an apportionment statute?<br/>23 A Well, from a tax policy point of view, the<br/>24 primary goal is to reflect in a reasonable way where<br/>25 income is earned.</p> | <p style="text-align: right;">Page 33</p> <p>1 articles all seem to be in the context of a<br/>2 three-factor apportionment formula. Is that a fair<br/>3 characterization?<br/>4 A Well, that's one part of the analysis. And<br/>5 the major focus of this article was that context and it<br/>6 was the -- it was written in the context of an<br/>7 anticipated rewrite of UDITPA. As you certainly<br/>8 undoubtedly know, I talked about single sales factor<br/>9 apportionment in the article and sort of set that aside<br/>10 for another day. I made a few comments about single<br/>11 sales factor apportionment. But I -- well, I will<br/>12 leave it at that, yeah<br/>13 Q One of the criticisms that you levy in here,<br/>14 and please correct me if I am wrong because it is your<br/>15 article, seems to be that the UDITPA Section 17 and its<br/>16 cost of performance, it doesn't -- it doesn't reflect<br/>17 the market for the taxpayer's contribution and in<br/>18 essence gives additional weight to the property and<br/>19 payroll factor, which are already considered in the<br/>20 UDITPA formula. Is that an accurate --<br/>21 A I think that's fair.<br/>22 Q So if a state -- if a state has adopted a<br/>23 single factor sales factor and using a market-based<br/>24 approach for the sales factor, from a tax policy<br/>25 standpoint is that good tax policy?</p>                                        |

**BRIAN J. CODY**  
**Principal, KPMG**

## **EXPERIENCE**

Dr. Cody has worked in the field of applied economics since 1987, having principally consulted with global companies in a vast array of industries to plan and document their intercompany pricing policies. He has assisted in the negotiation of unilateral and multilateral Advance Pricing Agreements and developed a variety of innovative intercompany transaction structures for companies operating in North, Central and South America, Europe, the Middle East, Asia, and Australia. Dr. Cody has consulted on a wide range of intercompany pricing issues, including cost sharing/contribution arrangements, contract services structures, intangible property development, valuation, and migration, intangible property management companies, and group finance arrangements. In addition, he has employed real options and advanced financial market concepts to develop customized economic models that address unique technical issues posed by complex intercompany transactions.

Dr. Cody has provided assistance on intercompany pricing controversies involving tax authorities from the U.S. (Federal and state-level), Canada, Mexico, Australia, Japan, China and numerous European countries on issues related to tangible and intangible property, services, and financing arrangements. He has also been admitted as an expert economic witness and provided hearing and deposition testimony on intercompany pricing and other economic issues.

## **1 Overview and Background**

### **1.1 Qualifications**

I am a Ph.D. economist and Principal with KPMG LLP (“KPMG”), a professional services firm that provides audit, tax, and advisory services. With offices in 140 countries, KPMG employees have backgrounds in economics, accounting, engineering, finance, marketing, and statistics.

For the past 23 years, my economic consulting work has been concentrated on the economic issue of how and where income is earned and taxes are paid in a variety of business arrangements, including financial transactions, product sales, transfers of intangibles, and provision of services. Intercompany transactions often involve these issues. I have also been qualified as an expert witness in matters involving the economic characterization of funds advanced between parties, the economics of investment tax credits, and intercompany transactions. A copy of my resume is included in Exhibit 1. KPMG is being compensated for work performed on this matter based upon the firm’s standard hourly rates.

### **1.2 Assignment**

I was retained by Morrison & Foerster LLP to render advice, assistance, and testimony in connection with matters currently pending in the South Carolina Tax Court regarding the state tax liability of DIRECTV, Inc. (“Taxpayer”) and its subsidiaries (unless otherwise noted, the Taxpayer and its subsidiaries are hereinafter referred to collectively as “DIRECTV”). Specifically, I have been asked to identify from an economic perspective the income producing activities and the portion of those activities performed in South Carolina for the purpose of sourcing gross subscriber revenue to DIRECTV, Inc. in South Carolina for the fiscal years ended December 31, 2006 through December 31, 2011. My work has included reviewing various documents in relation to DIRECTV’s business and activities in South Carolina and elsewhere, discussing factual and financial materials with DIRECTV management, and researching background information.

### **1.3 Summary of Opinion**

From an economic perspective, the Commissioner of South Carolina’s (“SC Commissioner”) methodology of sourcing DIRECTV, Inc.’s gross subscriber revenue to South Carolina based upon the location of set-top boxes (*i.e.*, customer location) produces a distorted view as to the location of DIRECTV, Inc.’s income producing activities. As presented in the detailed economic and functional analysis contained in this report, virtually all of DIRECTV’s income producing activities, that is, those activities which convert potential customers into subscribers and retain existing subscribers, all of which are directly engaged in by DIRECTV to generate subscriber revenue, are performed outside of the state of South Carolina. These activities include content development and contract negotiation, technology research and development, operation of transmission sites and satellites, marketing, and customer service.

There are two revenue streams that are relevant to this case: set-top box rental fees and subscriber revenue. DIRECTV sourced to South Carolina the income directly related to the set-top boxes of South Carolina customers. This opinion does not analyze that revenue stream. As individual subscriber receipts are directly

correlated with the number of set-top boxes present at the subscriber's location, the SC Commissioner's focus upon receipts has the economic impact of essentially attributing all of the income producing activities to the company's set-top boxes, ignoring the contributions of virtually all of the other economically relevant assets and activities of the company.

The SC Commissioner's methodology sources more than 2.0 percent of DIRECTV, Inc.'s gross subscription revenue to the state. However, an economically reasonable sourcing methodology, one that accurately captures the location of DIRECTV, Inc.'s income producing activities based upon payroll, would source an average of 0.07 percent of gross subscriber receipts to South Carolina over the years at issue. This payroll-based sourcing methodology is consistent with the method used by the court in the Lockwood Greene case.<sup>1</sup> I also considered an alternative sourcing methodology based upon a combination of the taxpayer's payroll and assets. Under such a methodology, it would be reasonable to source on average 0.85 percent of gross subscriber revenue to the state over the period at issue. Under either approach, it is clear that the SC Commissioner's approach distorts the economic realities of the activities that generate income, resulting in an excessive sourcing of gross subscriber receipts to the state.

## **1.4 Case Background**

The tax economic concept employed by the relevant statutes of State of South Carolina is that revenue is to be sourced to South Carolina based on the relative value of income producing activities that are conducted within the state versus elsewhere. This concept is implemented through a gross receipts factor in which the numerator is gross receipts sourced within South Carolina and the denominator is total gross receipts from everywhere. The sourcing of gross receipts within South Carolina is determined by the location of the taxpayer's income producing activities. The court in the case of Lockwood Greene implemented this concept using payroll within and without South Carolina as a proxy for locating income producing activities and, thus, to source gross receipts to the state.<sup>2</sup> As summarized above, the SC Commissioner in this case used the location of the customer to determine the location of DIRECTV, Inc.'s income producing activities and, in turn, to source gross subscriber receipts to South Carolina. The Taxpayer does not consider this sourcing methodology appropriate and is disputing the approach.

## **1.5 Economic Basis for Apportioning Revenues and the Role of Functional Analysis**

Economically, the appropriate standard for state corporate income taxation should rely on how and where a firm generates income. Economic theory provides that the functions and assets of a firm, including the employees that perform functions for the firm, generate the firm's income. Further, the contribution to income of each of the functions and assets of the firm depends on the economic significance of the functions undertaken and resources employed by the firm. The first step in determining how and where a firm's income is produced is to identify those functions and assets which are economically significant for the

---

<sup>2</sup> *Ibid*

operation or company in question. This identification process is often referred to as a “functional analysis”.

The functional analysis, by identifying the economically-significant functions and assets which generate income for the firm, provides an analytical methodology by which to identify the locations where a firm generates its income. And, it is the location of the firm’s employees who perform those functions and of the assets developed and utilized in those functions, that determines where the firm engages in its economically-significant business activities. This methodology should be used to locate where the company produces its income and, accordingly, to source that income for tax purposes.

Such an approach to sourcing income makes sense from both a tax policy and public finance standpoint. With regard to the former, the locations of a firm’s significant economic activities (*i.e.*, the location of its assets and employees) are logically the locations at which the firm utilizes resources and services maintained and provided by state and local governments. The concept of economic efficiency supports the development of public policies that require firms to compensate state and local governments for the burden they impose on those jurisdiction. The functional analysis identifies the locations at which the economically significant functions of the firm are performed, and, thereby, identifies the state and local governments on which the firm is imposing a burden. Thus, the functional analysis enables the identification of the state and local governments which should be compensated through taxes and fees.

Similarly, public finance theory provides that state and local taxation should promote the efficient allocation of resources. Government units aid in the efficient allocation of resources in the economy by providing certain goods and services which would not be provided by the private sector, or would be provided in insufficient quantities. State and local governments collect taxes and fees to finance the provision of these goods and services. To ensure the efficient allocation of these publicly provided goods, governments should allocate the costs for these publicly provided goods and services such that those who impose the burdens on the state and local government by their use of the public goods bear the cost of providing these public goods.

## 2 Company Overview

DIRECTV, Inc. is a California corporation with its headquarters and principal place of business in El Segundo, California. DIRECTV, Inc. is the largest digital broadcasting services (“DBS”) provider and the second largest multi-channel video program distribution provider in the United States. DIRECTV provides television programming delivered by satellites directly to homes and businesses of individual customers. On May 18, 2014, AT&T Inc. (“AT&T”) agreed to purchase DIRECTV for stock and cash with a contingency in place that DIRECTV renegotiate certain of its content deals.

DIRECTV primarily provides programming services through the following affiliates: (i) DIRECTV, Inc.; (ii) DIRECTV Operations, LLC (“Operations”); (iii) DIRECTV Enterprises, LLC (“Enterprises”); and (iv) DIRECTV Customer Services, Inc. (“Customer Services”).

DIRECTV provides entertainment content to customers through its existing satellites and equipment. DIRECTV sells its services through a variety of distribution channels including direct sales, online sales, other telecommunications companies, third party sales providers, and consumer electronics retailers.<sup>3</sup>

Economically, there are four primary value drivers in DIRECTV's business: content (both original and acquired), marketing and subscriber acquisition, broadcast operations, and customer service. Programming and broadcast operations help to differentiate DIRECTV from broadcast, cable and other satellite-based competitors by obtaining unique content, and developing and deploying reliable technology to deliver the content to a customer's television set(s) and mobile device(s). Marketing/subscriber acquisition is heavily dependent on quality content and technology. Of course, reliable customer service is another differentiator that can help with recruitment and retention of customers. Each of these four primary value drivers is discussed in further detail below.

## 2.1 Content

Development of high quality and unique content to offer to its subscribers is of extreme importance. DIRECTV's content acquisition activities consist of negotiating agreements with third parties (e.g., broadcast networks, cable/satellite-based providers such as ESPN, and others) to provide content through its service.

Typically, there are two types of content contracts: variable and fixed fee contracts. Under a variable fee scenario, DIRECTV negotiates with content owners to provide its customers with a line-up of channels. DIRECTV pays the content owners a monthly fee for each customer that subscribes to each channel. Those monthly fees are passed on to consumers through their monthly bill. An example of a variable fee contract would be a contract with Viacom, Inc. for DIRECTV to offer MTV or Comedy Central to its customers. In the event that the customer does not subscribe to a channel, DIRECTV does not pay Viacom. Under a fixed fee scenario, DIRECTV and the content owner agree to a fixed payment for content which is invariant to the level of subscriber activity. An example of a fixed fee contract is the agreement between DIRECTV and the National Football League ("NFL").

Besides the quality of the content itself, there are number of economic factors contributed by DIRECTV that impact the pricing of the content contracts and, ultimately, the income earned by DIRECTV, including the ability to bundle one content provider's content with another's to DIRECTV's subscribers, the number and quality of potential subscribers, and guaranteed service levels on the part of DIRECTV, amongst others. For instance, DIRECTV has worked with the NFL to develop the exclusive, premium subscription package "NFL Sunday Ticket". This subscription package provides DIRECTV's NFL Sunday Ticket subscribers access to every NFL game live, along with other exclusive game highlight features. Such content offerings drive substantial income at DIRECTV, contributing significantly to DIRECTV's value.

An exclusive content deal, like the deal for Sunday Ticket, can differentiate DIRECTV's services from those of its competitors and allow DIRECTV to charge premium prices. Additionally, shrewd negotiation

with content owners which license content to DIRECTV's competitors can allow DIRECTV to reduce its costs and increase profit without the need for increased subscriber fees. In addition to negotiating for content with third parties, DIRECTV produces original content through its LABC division.

The value of content development to this business was demonstrated recently during AT&T's negotiations to acquire the company. On May 18, 2014, AT&T announced its intent to acquire DIRECTV. In its press release, AT&T announced that the combined company will be "a content distribution leader across mobile, video and broadband platforms"<sup>4</sup> and further announced that the acquisition would be contingent on the extension of the Sunday Ticket content deal between DIRECTV and the NFL.<sup>5</sup> On October 1, 2014, DIRECTV announced that it had extended the exclusive deal with the NFL to provide Sunday Ticket for eight years for an average price of \$1.5 billion per year.<sup>6</sup>

## 2.2 Broadcast Operations<sup>7</sup>

DIRECTV's business strategy is to provide customers with the best possible video experience in the United States, in and outside of the home. Its existing satellite network allows for delivery of the video entertainment content to customer's homes. DIRECTV operates eleven satellites at various frequencies to digitally deliver content to its subscribers. DIRECTV owns orbital slots that allow it to provide high quality signals across the United States. In order to operate the satellites, DIRECTV maintains regulatory licenses with the FCC and other government bodies.

DIRECTV produces some original programming. Acquired content is received in several ways, including by satellite, fiber-optic cable, and over-the-air broadcast. Programming from local broadcast television stations is gathered by approximately 300 local collection facilities ("LCFs") throughout the United States, a very few of which are in South Carolina. The signals for the programming content are collected at broadcast and "uplink centers," which contain facilities to receive, process, and transmit programming content signals. The broadcast centers were located in Los Angeles, California and Castle Rock, Colorado. The uplink centers were located in Georgia (2010), Minnesota, New Hampshire, Washington, Arizona, and Virginia. The broadcast and uplink centers transmit the programming content signals to the satellites in orbit.

## 2.3 Marketing Activities

DIRECTV performs extensive marketing activities and invests in extensive advertising campaigns to present the features and content of a DIRECTV subscription to entice consumers to switch to DIRECTV from other satellite TV providers or from landline-based cable service providers, as well as to expand the

range of content to which current customers subscribe. For instance, DIRECTV often hires sports figures or other celebrities for its commercials. Recent examples of its advertisements include a rap music video with Peyton and Eli Manning to debut a channel that is devoted to Fantasy Football<sup>8</sup> and a high profile advertisement campaign that compares DIRECTV's services to cable services featuring Rob Lowe.<sup>9</sup> These promotions also regularly feature DIRECTV as an industry leader in customer satisfaction. DIRECTV Inc. develops the marketing and advertising campaigns primarily in New York.

DIRECTV clearly spends a large amount on advertising to acquire new customers and expand the income generated from its existing subscriber base. In addition to advertising spend, deep subscription discounts have also historically been used across the cable and satellite-based industry to attract new customers. Content owners are continually seeking greater payments for their content/channels, however, which diminishes the beneficial financial impact of attracting new customers and/or retaining existing subscribers through promotional pricing. In response to such market pressures, DIRECTV has reduced the promotional discount it offers for new customers and has shifted its marketing focus to attracting new customers, as well as improving long-term customer retention, through increased investment in unique content and penetration of its advanced technology.<sup>10</sup>

Typically, a sales contract between DIRECTV and its customers covers two years. DIRECTV recently launched an initiative to allow customers to upgrade their services to incorporate the latest product features and functionality every two years. For instance, after two years a customer who does not have the latest set-top box may upgrade to the newest Genie box to access additional functionality that was not part of the service agreement when the customer first signed up.

In summary, DIRECTV's marketing activities build heavily on the income generating activities it performs and investments it makes in technology and content development.

## 2.4 Customer Service

DIRECTV currently has approximately 20.3 million television subscribers in the United States and it tracks its customer feedback using a system called Net Promoter Score ("NPS").<sup>11</sup> By way of background, NPS allows a company to track promoters and detractors to produce a measure of a company's performance through the eyes of its customers.<sup>12</sup> To improve its NPS, DIRECTV has increasingly focused on further enhancing service quality and workforce engagement, simplification of customer-facing processes (e.g., on-screen menu and website design promoting ease of use), and offering bundled services. By simplifying the customer facing processes, DIRECTV can jointly improve the customer experience and reduce call volumes in its call centers. DIRECTV operates six call centers. Those six call centers are located in the following cities: Boise, Idaho; Denver, Colorado; Huntington, West Virginia; Huntsville, Alabama; Missoula, Montana; and Tulsa, Oklahoma. All of the leases, buildings, communications equipment and

customer service software that support the call centers are owned by Customer Services. As part of the service improvements, DIRECTV has negotiated and established agreements with other services providers to offer bundled internet and telephone services in conjunction with DIRECTV's satellite television services. The activities and investments which developed these bundled service offerings generate income which is incremental to the income that derives from the content flowing through the set-top box.

Moreover, DIRECTV has invested in a cross-functional learning lab dedicated to generating and testing ideas to improve customer service. These efforts include a focus on resolving any problems on the first time a customer makes contact, minimizing the number of times a customer is transferred between customer service agents, and providing in-home education to the Company's customers. While seemingly obvious and simple from a subscriber's point-of-view, delivering in a consistent fashion on such critical customer service initiatives requires substantial investments in technology, equipment, and training. As explained above, such investments contribute significantly to DIRECTV's income through improving customer retention and attracting new subscribers.

### **3 Industry Analysis**

#### **3.1 General Overview<sup>13</sup>**

The broadcasting, cable, and satellite markets as a whole generate nearly \$250 billion in annual revenues, and include thousands of individual companies of all sizes. This cable and satellite segment of this combined market is highly concentrated with only a few companies owning the majority of the assets. The major players in the cable and satellite market are:

- DIRECTV, Inc.
- Comcast Corp.
- Time Warner Cable Inc.
- DISH Network Corporation

#### **3.2 Recent Trends**

##### **3.2.1 Mergers, Joint Ventures, Splits, Spinoffs<sup>14</sup>**

In recent years, some cable and satellite companies have expanded their business by acquiring similar kinds of businesses to get the benefits of economies of scale. Some examples include AT&T's pending acquisition of DIRECTV announced in May 2014, and Comcast's pending acquisition of Time Warner Cable for USD 45 billion (expected to close by the end of 2014, subject to regulatory approvals). Despite the examples of consolidation since 2013, there have been relatively few spin-offs or strategic diversifications in the industry. Major spin-offs of strategic diversifications within the industry include

---

<sup>13</sup> Standard & Poor's, "Industry Surveys: Broadcasting, Cable & Satellite" April 2014

<sup>14</sup> Ibid

EchoStar Corporation's spin off from DISH Network in 2008 and Time Warner Inc.'s spin off from Time Warner Cable Inc. in 2009. In addition, RCN Corp. and Mediacom Communications Corp, which are cable companies, have recapitalized through going-private transactions in recent years. The consolidation within the industry and sheer magnitude of the transactions cited in these examples points to the massive investments in infrastructure and technology required for companies to operate and compete in the cable and satellite industry

### 3.2.2 Digital Television<sup>15</sup>

The national transition to digital television broadcasting in the U.S. was completed in June of 2009. At this time, virtually all of the nation's full-power TV stations switched to all-digital broadcasting, per the Federal Communications Commission's ("FCC's") mandate. As of December 31, 2013, the FCC licensed a total of 1,388 commercial TV stations (1,030 ultra-high frequency ("UHF") and 358 very high frequency ("VHF")), plus 396 educational stations. This digital conversion brings with it an era of sharper resolution and better picture quality for consumers who have the necessary equipment to receive the digital signals transmitted by the broadcasters.

It is also expected that this conversion should also provide for an even further adoption of high-definition ("HD") programming. DIRECTV's capabilities allow it to deliver all of its content using 100 percent digital signals from an upgraded network of satellites that provides access to almost 200 HD channels to its customers. This capability, made possible by DIRECTV's network investments, is more than is currently offered by Comcast or Time Warner Cable.<sup>16</sup> The differentiation in service is evidenced as a lack of bandwidth available to cable companies which provide high speed internet and television service on the same lines whereas satellite television companies can devote a greater percentage of their bandwidth on television services. Number of channels, including HD channels, drives subscription revenue and can be a differentiating factor in the market.

### 3.3 A Key Industry Driver – Content Acquisition and Development<sup>17</sup>

Ultimately, broadcast video services providers sell access to the content that is carried on their networks. As such, one of, if not, the most important driver for broadcast video services is the availability of high quality content for a consumer to choose from. The negotiation for new content deals, or the renewal of existing content deals, is becoming increasingly public and contentious.

A recent example of this public negotiating process took place in November 2014; AMC Networks, Inc. placed advertisements alerting DIRECTV customers that they could potentially lose access to AMC during an airing of its highest rated television show, *The Walking Dead*.<sup>18</sup> The Los Angeles Times notes that this is the "latest dispute...between content providers such as AMC and distributors such as DIRECTV...".

suggesting the critical importance of content negotiations to the success of broadcast video service providers such as DIRECTV.

Exclusive content is extremely important to a broadcast video service provider and provides it with a competitive advantage it can advertise in the marketplace, providing additional value to the service provider's shareholders. As discussed below, AT&T announced on May 18, 2014 its intent to acquire DIRECTV for stock and cash. In its press release, AT&T announced that the combined company will be "a content distribution leader across mobile, video and broadband platforms"<sup>19</sup> and further announced that the acquisition would be contingent on the extension of the Sunday Ticket content deal between DIRECTV and the NFL.<sup>20</sup>

### 3.4 Competition<sup>21</sup>

The competitive landscape of the industry was profoundly shaped by the consolidation that occurred from the mid-1990s through the early part of the last decade. The 1996 Telecom Act set off a series of deregulatory reforms that triggered a wave of broadcast consolidation for television and radio companies. During this time, the two satellite television providers, DIRECTV and DISH Network, became viable competitors to cable providers in the pay TV market.

DIRECTV faces competition from multiple competitors with differing technologies. The primary sources of competition for DIRECTV's services are cable television providers, telephone companies and other broadcast satellite television companies. Competitors of these types are able to offer substantially similar services to those that DIRECTV offers. Other competitors offer different services that allow customers to substitute away from DIRECTV's services if they are willing to make sacrifices in the availability of certain types of programming.

Cable television providers are the predominant provider of television services in the United States. In their 10-K, DIRECTV notes that there are approximately 55 million cable television subscribers in the United States and that cable television providers' cable lines pass by approximately 99 percent of the United States households and have completed upgrades that allow them to provide enhanced service offerings such as HD video and broadband internet access. Further, cable television providers often bundle their services together to offer discounts to customers who traditionally would purchase services from multiple service providers.<sup>22</sup>

Telephone companies have upgraded their telephone infrastructure by replacing copper wires with fiber optic lines that have much greater capacity to offer enhanced services such as broadband internet or digital quality video. Using the upgraded infrastructure, telephone companies are able to offer their customers

television services provided through the internet. They can often bundle these services with home and mobile telephone services.<sup>23</sup>

DIRECTV competes directly in the satellite television market with DISH Network, which provides services to approximately 14 million customers and recently began offering high speed broadband internet to offer bundles to its customers.<sup>24</sup>

DIRECTV competes against cable and satellite companies in two ways: 1) Highest quality content and 2) Better customer service. For instance, DIRECTV has deals in place to offer sports packages for all of the United States' largest professional sports leagues, including an exclusive deal to carry NFL Sunday Ticket. This exclusive deal is very important to DIRECTV because it carries all of the out-of-market games<sup>25</sup> that would otherwise not be available to a customer.

According to an American Customer Satisfaction Index ("ACSI") survey, customer satisfaction with cable television providers is at an all-time low.<sup>26</sup> Comcast and Time Warner Cable were the two lowest scoring companies in the survey. Given that those two companies are the two largest cable television providers in the United States, DIRECTV promotes the fact that it is among the highest rated companies in the ACSI survey as a way to entice subscribers to switch service providers.

In order to compete by offering satellite broadcast television, DIRECTV must maintain its orbital licenses from the FCC and other government bodies. The FCC authorizes the use of certain radio frequencies from specified orbital locations over the United States. DIRECTV is currently authorized to broadcast using the Ka-Band<sup>27</sup> spectrum on three orbital slots (99° west longitude ("WL"), 101° WL, and 103° WL) and using the Ku-Band<sup>28</sup> on three orbital slots (101° WL, 110° WL and 119° WL). Renewal of satellite applications generally are authorized by the FCC subject to certain conditions, without substantial cost under a stable regulatory, legislative, and legal environment.<sup>29</sup> The FCC licenses represent an extremely valuable intangible asset for the company and they are owned and managed by Enterprises.

In addition to the cable television, telephone and satellite providers, DIRECTV indirectly competes with services that people can use to replace its satellite television services. Primarily these services are on demand internet video services that are available for households with broadband internet connections.<sup>30</sup> People can subscribe to various on-line streaming services, such as Amazon Prime (which offers video services as well as free shipping on certain Amazon purchases and other services) or Hulu Plus and see some of the television shows that they would normally watch on live television services like those provided by DIRECTV. These alternatives are typically offered to consumers at a fraction of the price that DIRECTV offers its live television services. However, there is currently not a legal way for consumers to

stream live sporting events, such as NFL games, without a cable or satellite television services. Therefore, an exclusive content agreement, such as the Sunday Ticket, is a valuable asset to DIRECTV in competing against internet video services. In addition, as mentioned above, the newest NFL Sunday Ticket extension grants DIRECTV with exclusive streaming rights to the Sunday Ticket. Therefore, DIRECTV can sell Sunday Ticket to consumers who do not want other live cable television services. This leaves DIRECTV better positioned than other cable and satellite providers which use internet video as added value to existing subscribers.

For consumers that do not care about live sports, there is a typically lag between when a show is aired and when it is added to a streaming services. Sometimes, the lag can be up to a year or more. Therefore, popular television shows can be a catalyst for people to subscribe to cable and satellite television services. However, people can purchase season passes from companies such as Apple, Microsoft and Amazon and watch them on compatible devices but there are still lags and content limitations associated with each service that are not typically associated with satellite television services.<sup>31</sup> The primary advantage of DIRECTV, and other pay television subscribers, is the ability to record the newest shows or watch them on-demand immediately after they air. This has led to companies, such as DIRECTV, to invest in technology that allows people to watch television on their own schedules and from any device or television they choose, inside or outside the home. These technologies are referred to as place shifting and time shifting technologies, respectively.

## **4 Functions, Assets, and Risk Analysis**

### **4.1 DIRECTV, Inc.**

#### **4.1.1 Functions**

##### *Programming*

DIRECTV, Inc. performs all functions relating to programming content and programming acquisition, negotiates and manages agreements with content providers, and holds all contracts with content providers.

In order to provide DBS service, DIRECTV, Inc. first acquires television programming from a variety of sources, including broadcast television networks (e.g., ABC, NBC, and CBS), local broadcast stations, and providers of cable channel programming (e.g., CNN, ESPN, and HBO).

The content provider transmits the programming content in a variety of ways, including by satellite, fiber-optic cable, and over-the-air broadcast. Programming from local broadcast television stations is gathered by LCFs. LCFs are facilities consisting of antennae and other receiving equipment, including computer servers, which are used to gather signals from local broadcast stations so that those local stations can be rebroadcast to subscribers in the appropriate designated market areas. DIRECTV maintains approximately 300 LCFs throughout the country. During the 2006 to 2011 period, DIRECTV, Inc. owned the LCFs.

---

<sup>31</sup> Ibid

The signals for the programming content are collected at broadcast and “uplink centers,” which contain facilities to receive, process, and transmit programming content signals. Operations owned the broadcast centers in Los Angeles, California and Castle Rock, Colorado. DIRECTV, Inc. owned the uplink centers in Georgia (2010), Minnesota, New Hampshire, Washington, Arizona, and Virginia. The broadcast and uplink centers transmit the programming content signals to the satellites in orbit.

Nearly all of the activities associated with providing DIRECTV’s programming services are performed by personnel outside of South Carolina and involve technology and equipment located outside of South Carolina. DIRECTV, Inc. personnel in California and New York select programming content and negotiate with studios, television networks, and other programming providers to obtain the content. Operations personnel that design the satellites and other technology used in collecting, transmitting, and delivering the programming content also work in California. Depending on the year, the customer service call centers were located in Colorado, Montana, Alabama, Idaho, West Virginia, and Oklahoma.

#### *Subscriber acquisition*

DIRECTV, Inc. is also responsible for subscriber acquisition and retention and performs all related marketing activities.

It holds all contracts with subscribers. DIRECTV, Inc. holds the DIRECTV trademarks, trade names, customer lists and recognizes the subscriber revenue.

#### *Installation services*

DIRECTV, Inc. contracts with third-party distributors in several states to provide customers with the satellite dishes and set-top boxes necessary to receive the service. DIRECTV, Inc. contracts with several third-party vendors to provide “home services,” including installation of equipment in homes of new customers, repairs and diagnostics for existing customers, and related services that are provided on-site at the customer’s location. Until 2008, none of the individuals that provided these “home services” were DIRECTV, Inc. employees. Beginning in 2008, some of these “home service providers” became employees of DIRECTV, Inc.

### **4.1.2 Assets**

DIRECTV, Inc. owns and manages all contracts with content providers and subscribers. It also holds DIRECTV trademarks, trade names, customer lists and recognizes the subscriber revenue.

DIRECTV, Inc. owns most of the LCFs (few are owned by Operations) and the set-top boxes which the customers can own or lease.

### **4.1.3 Risks**

The key risks for DIRECTV, Inc. are the loss of programming contracts with content providers and loss of customers. These risks are intertwined as subscriber acquisition and retention is a function of programming. Customers sign up for DIRECTV, Inc. in order to have access to certain content. For example, DIRECTV, Inc.’s contract with the NFL provides access to the NFL Sunday ticket. Loss of a contract with NFL could mean loss of subscribers.

Other risks for DIRECTV, Inc. are accounts receivable (*i.e.*, inability to collect payment from customers), warranty costs for set-top boxes, asset obsolescence (*i.e.*, need to upgrade equipment to keep up with technological innovation), and deterioration of trademarks/trade names.

## **4.2 Enterprises**

### **4.2.1 Functions**

Enterprises provided some administrative and management functions. As the owner of satellites and transponders, Enterprises performed any functions necessary to ensure signal transmission. In addition, it managed the related insurance contracts and required FCC licenses.

### **4.2.2 Assets**

Enterprises owns the fleet of satellites, and the associated insurance contracts, and holds the FCC licenses for use of the particular orbital slots. Enterprises also leases transmission capacity to Operations.

Enterprises owns 11 satellites in geostationary orbit (that is, the satellites remain in the same location above the United States to provide uninterrupted service) at different designated locations in space (over 22,500 miles above the earth). The satellites then transmit the signals directly to customers, who receive the signals by a small “satellite dish” mounted on or near their homes. The signals are then relayed from the dish to a decoder box, a “set-top box,” which unscrambles each signal so that it can be viewed and transmits the signals to the customer’s television sets. Subscribers owned the set-top boxes until February 28, 2006. Beginning on March 1, 2006 all new set-top boxes were owned by DIRECTV, Inc. and leased to customers.

### **4.2.3 Risks**

The key risks for Enterprises relate to the satellites it owns and FCC licenses. Enterprises bears considerable risk in its investment in satellites that, for its launches in 2006 and 2007, are not protected by in-orbit insurance.

The Company's ability to generate revenue is contingent on U.S. regulatory approvals for the construction, launch, and operation of Enterprises' existing or future satellites. It is also dependent on the renewal of existing FCC licenses and approval for the use of frequencies at the orbital locations planned for these satellites or for the provision of service. The International Telecommunications Union is also a source of regulatory risk for Enterprises because of its right to request coordination of the operations of satellite operations with other users of the radio spectrum in order to avoid causing interference to those other users.

## **4.3 Operations**

### **4.3.1 Functions**

Operations provides DBS service to DIRECTV, Inc. and is responsible for all transponder-related services

and technologies. As such, Operations (i) owns two of the broadcast centers, (ii) leases transmission capacity from Enterprises, (iii) provides broadcast services to DIRECTV, Inc. and (iv) is responsible for all research and development services.

Operations is divided into two groups, the Engineering group and the Information Technology (IT) group. The Engineering group is responsible for all transponder related services and technologies. The IT group provides information technology related services to all entities of the Company.

Transponder services and technologies involve all functions related to satellites, broadcast centers, and conditional engineering. The Engineering group provides these services to DIRECTV, Inc. through the lease of transponder space from Enterprises.

Operations is also responsible for R&D services for Enterprises and DIRECTV, Inc. Satellites owned by Enterprises are produced by third party construction companies. However, these companies are supplied with detailed specifications as to the design of the satellites from the Engineering group. In addition, upon delivery of satellites from producers, the group is responsible for testing of equipment.

R&D services by Operations also extend to the technology of set-top receivers. All leased set-top boxes are owned by DIRECTV, Inc. These receivers are designed by the Engineering group.

The Information Technology group in the Operations entity provides information technology services for all entities and its largest responsibility is the maintenance of the Company's billing system. One of the most important activities of the IT group is the billing process, which comprises approximately 75 percent of its costs. The billing process is comprised of the maintenance of applications and data warehouses pertaining to subscriber receivables, generation of paper bills, and the physical mailing of billing statements.

#### **4.3.2 Assets**

In connection to its signal broadcasting activities, Operations is the owner of Los Angeles Broadcast Center and the operator of Castle Rock broadcast center.

#### **4.3.3 Risks**

As a whole, Operations acts as a service provider. It provides transponder (engineering/technical) services, information technology services, and billing processing services.

### **4.4 Customer Services**

#### **4.4.1 Functions**

Customer Services owns and operates the internal (*i.e.*, DIRECTV owned) call centers. Customer Services is responsible for the operation of internally operated DIRECTV customer service call centers, providing this service to DIRECTV, Inc. These call centers provide customer assistance for hardware, programming, installation and technical support. Depending on the year, Customer Services owned customer service centers located in: Boise, Idaho; Tulsa, Oklahoma; Huntsville, Alabama; and Missoula, Montana. In total, these four call centers had approximately 4,200 employees during FYE 2006. There were also DIRECTV

call centers which provide similar assistance and are operated by four large third-party customer service center operators.

#### **4.4.2 Assets**

Customer Services owns the facilities and equipment needed to provide customer services.

#### **4.4.3 Risks**

As a service provider, the key risk for Customer Services primarily relates to loss of revenue due to loss of subscribers by DIRECTV, Inc.

### **4.5 Functions, Assets, and Risks in South Carolina**

As can be seen from the analysis above, DIRECTV's operations are quite complex. Collectively, DIRECTV, Inc., Enterprises, Operations, and Customer Services perform a diverse array of functions, own different types of tangible and intangible assets, and carry a range of risks.

The functions, assets, and risks in South Carolina are limited. Functions consist primarily of home installation services and maintenance of equipment, which consists of LCFs and set-top boxes owned or leased by customers. Given the above, the risks in South Carolina are very limited.

## **5 Economic Analysis and Conclusion**

### **5.1 Income Producing Activities**

The above analysis demonstrates that the economically-significant income producing activities for DIRECTV are related to its content acquisition and development, marketing, technology, and customer service activities and investments. This conclusion is supported by a detailed functional analysis, industry analysis, and other market evidence such as the conditions which AT&T has placed on its proposed acquisition of DIRECTV. These income producing activities and investments exhibit themselves across the DIRECTV business in its content agreements and products, customer service centers, satellite fleet, and network of transmission sites and other physical assets.

The SC Commissioner has proposed to apportion DIRECTV's subscriber revenue to South Carolina based on the location of the set-top boxes (*i.e.* customer location). This approach is not economically reasonable or supportable.

I disagree with SC Commissioner's position. Location of the customer is neither DIRECTV's income producing activity nor a reasonable proxy for locating DIRECTV's income producing activity. In my opinion that the gross subscriber receipts are the result of income producing activities, which then may result in positive income or profit if the receipts revenue exceeds costs or in a loss if receipts are lower than costs. In the context of DIRECTV, all the assets and activities detailed throughout this document generate

gross subscriber revenue in South Carolina and elsewhere. As individual subscriber receipts are directly correlated with the number of set-top boxes present at the subscriber's location, the SC Commissioner's focus upon receipts has the economic impact of essentially attributing all of the revenue generating activities to the company's set-top boxes, ignoring the contributions of virtually all of the economically relevant assets and activities of the company.

Moreover, as presented in the detailed economic and functional analysis above, virtually all of DIRECTV's income producing activities, that is, those activities which convert potential customers into subscribers and retain existing subscribers, are performed outside of the state of South Carolina. These activities include content development and contract negotiation, technology research and development, operation of transmission sites and satellites, marketing, and customer service. While the gross subscriber receipts provide the precise location of individual subscribers as captured by their set-top boxes, they provide no indication as to the location of the activities or assets that originally attracted those subscribers to DIRECTV, continues to retain them as subscribers, or influenced the subscriber fee that they pay. By equating customer location with DIRECTV's income producing activity, the SC Commissioner's approach produces a distorted view as to the location of the income producing activities performed by DIRECTV.

## **5.2 An Economically Appropriate Location of Income Producing Activities and Sourcing of Gross Subscriber Receipts**

A reasonable and economically-sound methodology for locating the income producing activities across the DIRECTV business and, in particular, to South Carolina would focus on the entire contingent of the company's economically significant functions and assets as analyzed above. There are a variety of economic measures that could potentially be used to locate a company's income producing activities. Payroll and assets are, nonetheless, the most commonly employed metrics. Payroll, for instance, was used in the Lockwood Greene case to source gross receipts to South Carolina. It served as a proxy for the amount of activity taking place within and without the state. In fact patterns such as the one underlying the sourcing issue at the core of this case, it would be economically reasonable to equally take into account the assets of the company in combination with its payroll. The company has clearly developed and maintains substantial assets (e.g., broadcast centers, uplink facilities, LCFs, satellite network, content contracts, trade names and trademarks, etc.) that constitute a significant portion of its income producing activities. An analysis of the location of DIRECTV, Inc.'s payroll and assets would then provide a reasonable methodology on which to source gross subscriber receipts to South Carolina.

The value of the taxpayer's payroll is readily available by company across the group for each of the years at issue in this case. The values for DIRECTV, Inc.'s physical assets are likewise readily available from the company's financial statements for each of the years. As explained above, however, the company also has substantial intangible assets, including content contracts, trade names and trademarks, various technologies used across its network. Unfortunately, values for these substantial intangible assets, which figure prominently in DIRECTV, Inc.'s income producing activities, are not available. My functional analysis demonstrates that most, if not substantially all, of the value of these intangibles was developed outside of South Carolina. Thus, while I cannot include intangible asset values in my sourcing calculations below, I conclude that my results are conservative from a South Carolina point-of-view as, if anything, they overstate the portion of gross subscriber receipts that should be sourced to the state.

I analyzed the taxpayer's financial data for the 2006 through 2011 period. The relevant payroll account to determine total South Carolina payroll for this exercise is "Salaries and Wages per Fed 940 and State Payroll Tax Reports Incl. Off. Salary". The asset accounts considered for these calculations were: Net Inventory, Land and Net Land Improvements, Net Buildings and Improvements, Net Machinery and Equipment less Software, Net Satellites, Net Transportation Equipment, Net Furniture and Fixtures, Net Leasehold Improvements and Construction in Process. Based on these data, I calculated the total assets in South Carolina.

As my primary sourcing methodology, I calculated the proportion of gross subscriber receipts that should be sourced to South Carolina using the payroll figures. The calculation follows the methodology set forth in the Lockwood Greene case, namely dividing DIRECTV, Inc.'s South Carolina-based payroll by total its total payroll. As an alternative sourcing methodology, I calculated the proportion of gross subscriber receipts that should be sourced to South Carolina using an equal weighting of payroll and assets. It is my judgment that an equal weighting of the two was the most reasonable and unbiased measure of the combined effect of these economic measures. As such, I calculated the South Carolina-based payroll and asset proportions separately, and then took a simple average of the two values. The results of these sourcing calculations is presented in Tables 1a and 1b below.

**Table 1a**  
**Gross Receipts Sourcing Methodology based on**  
**DIRECTV, Inc.'s South Carolina Payroll as a Percent of Total**

|                        | 2006     | 2007      | 2008      | 2009      | 2010      | 2011      | Weighted<br>Average |
|------------------------|----------|-----------|-----------|-----------|-----------|-----------|---------------------|
| South Carolina Payroll | 69.6     | 72.9      | 94.6      | 114.9     | 284.3     | 490.5     | 1,126.8             |
| United States Payroll  | 80,651.8 | 108,376.0 | 169,257.7 | 361,152.8 | 462,344.2 | 507,980.9 | 1,709,763.4         |

As can be seen from this analysis, an economically reasonable gross receipts sourcing methodology, one that accurately captures the location of DIRECTV, Inc.'s income producing activities based on payroll, would result in an average of 0.07 percent of gross subscriber receipts being sourced to South Carolina over the years at issue in this case. On a year-by-year basis, the percentages range from 0.03 percent to 0.10 percent.

| Payroll (%) (see Table 2a)                | 0.09%       | 0.07%       | 0.06%       | 0.03%       | 0.06%       | 0.10%       | 0.07%            |
| Combined Average of Payroll and Asset (%) | 0.85%       | 0.86%       | 0.87%       | 0.87%       | 0.83%       | 0.81%       | 0.85%            |

Alternatively, a sourcing methodology that accurately captures the location of DIRECTV, Inc.'s income producing activities based on an equal weighting of the contributions of DIRECTV's payroll and assets, would result in an average of 0.85 percent of gross subscriber receipts being sourced to South Carolina over the years at issue in this case. On a year-by-year basis, the percentages range from 0.81 percent to 0.87 percent.

In contrast, the SC Commissioner's proposed methodology of allocating revenue based upon receipts results in over 2.0 percent of DIRECTV, Inc.'s gross subscriber receipts being sourced to South Carolina – an allocation of approximately 2 to 20 times the maximum amount supported by a detailed economic and functional analysis. The SC Commissioner's approach simply distorts the economic realities of the activities that generate income, resulting in an excessive sourcing of gross subscriber receipts to the state.

## **EXPERIENCE**

Dr. Cody has worked in the field of applied economics since 1987, having principally consulted with global companies in a vast array of industries to plan and document their intercompany pricing policies. He has assisted in the negotiation of unilateral and multilateral Advance Pricing Agreements and developed a variety of innovative intercompany transaction structures for companies operating in North, Central and South America, Europe, the Middle East, Asia, and Australia. Dr. Cody has consulted on a wide range of intercompany pricing issues, including cost sharing/contribution arrangements, contract services structures, intangible property development, valuation, and migration, intangible property management companies, and group finance arrangements. In addition, he has employed real options and advanced financial market concepts to develop customized economic models that address unique technical issues posed by complex intercompany transactions.

Dr. Cody has provided assistance on intercompany pricing controversies involving tax authorities from the U.S. (Federal and state-level), Canada, Mexico, Australia, Japan, China and numerous European countries on issues related to tangible and intangible property, services, and financing arrangements. He has also been admitted as an expert economic witness and provided hearing and deposition testimony on intercompany pricing and other economic issues.

## UNIFORM DIVISION OF INCOME FOR TAX PURPOSES ACT

**PREFATORY NOTE** The Uniform Division of Income for Tax Purposes Act is designed for enactment in those states which levy taxes on or measured by net income. The need for a uniform method of division of income for tax purposes among the several taxing jurisdictions has been recognized for many years and has long been recommended by the Council of State Governments. There is no other practical means of assuring that a taxpayer is not taxed on more than its net income. At present there are various formulae for determining the amount of income to be taxed in use by the states, and the differences in the formulae produce inequitable results. Many states now use the three factor formulae of this Act. The problem has been well analyzed and its historical background outlined in an article appearing in 18 Ohio State Law Journal, page 84. The Uniform Division of Income for Tax Purposes Act is the result of conferences with the representatives of the Controller's Institute of America, the Council of State Governments and various interested individuals. It was promulgated in 1957. The comments in the present reprinting of the Act were revised and extended in February 1966 in order to clarify the solutions to some of the problems which have been experienced in securing enactment of the Act in the several states.

March 1, 1966

## UNIFORM DIVISION OF INCOME FOR TAX PURPOSES ACT

Be It Enacted...

**SECTION 1.** As used in this Act, unless the context otherwise requires:

(a) "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations. Comment

This definition refers to "the" taxpayer's trade or business as if he had one business. It is not intended by this language to require a taxpayer having several "businesses" to use the same allocation and apportionment methods for the

businesses. The language permits separate treatment of different businesses of a single taxpayer. Section 18 clearly permits separate treatment.

Income from the disposition of property used in a trade or business of the taxpayer is includible within the meaning of business income.

**(b)** "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed. Comment

The phrase "directed or managed" is not intended to permit both the state where the board of directors meets and the state where the company is managed to claim the commercial domicile. The phrase "directed or managed" is intended as two words serving the same end; not as two separate concepts.

**(c)** "Compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services. Comment

This definition is derived from the Model Unemployment Compensation Act which has been adopted in all states.

Compensation paid to "employees" becomes important in the payroll fraction in section 13. If a corporation is employed to provide personal services, section 18 may be used to include compensation paid to corporations in the fraction if exclusion of compensation paid to corporate agents fails to reflect adequately the business activity in the state.

**(d)** "Financial organization" means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, investment company, or any type of insurance company. Comment

This definition and the definition of "public utility" in subsection (f) is necessary because section 2 excludes from allocation and apportionment under this Act, income from these two types of business activity. The exclusion is proposed because some states have separate legislation for apportionment and allocation of income of such taxpayers. If not, and the state proposes to change subsection (2) so as to apply the Act to such taxpayers, this would not necessarily detract from the uniformity objective of this Act.

**(e)** "Non-business income" means all income other than business income.

**(f)** "Public utility" means

any business entity which owns or operates for public use any plant, equipment, property, franchise, or license for the transmission of communications, transportation of goods or persons, or the production, storage, transmission, sale, delivery, or furnishing of electricity, water, steam, oil, oil products or gas. Comment

It is expected that "public utility" will be defined to include all taxpayers subject to the control of the state's regulatory bodies on the theory that separate legislation will provide for the apportionment and allocation of the income of such taxpayers.

See Comment to the definition of "financial organization" for purpose of this definition. "Oil, oil products or gas" is not intended to be so restrictive as to treat differently a public utility, if any, which transmits or produces "gas products." The essential point of the definition is the requirement that the business excluded by this definition and subsection 2 be a "public utility." Private transmission lines and private production or storage companies are thus not excluded.

**(g)** "Sales" means all gross receipts of the taxpayer not allocated under sections 4 through 8 of this Act. Comment

This all inclusive definition of sales is intended to make apportionable all income not allocated under sections 4 through 8. As indicated in the Comment to subsection 1(a) income from sales or property used in trade or business is included in apportionable income.

**(h)** "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

**SECTION 2.** Any Taxpayer having income from business activity which is taxable both within and without this state, other than activity as a financial organization or public utility or the rendering of purely personal services by an individual, shall allocate and apportion his net income as provided in this Act.

**SECTION 3.** For purposes of allocation and apportionment of income under this Act, a taxpayer is taxable in another state if (1) in that state he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax, or (2) that state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not. Comment

This section defines, for purposes of section 2, where a taxpayer is "taxable both within and without this state." To bring this Act into operation a taxpayer must have

income from business activity, and he must be taxable in this state, and also in some other state.

Two tests are used by this section to determine when a taxpayer is "taxable in another state." The first test is a fairly obvious one, the taxpayer is taxable in another state if he is actually subjected to the type of taxes listed in subparagraph (1).

The second test, in subparagraph (2) uses a "notional" or "hypothetical" standard rather than an actual one. Thus, if a corporation has its commercial domicile in state X, which has only a sales tax and no tax measured by net income, but that corporation has business activity in state A, which has this apportionment Act, state A must apportion the business income as provided in this Act so that some of it is allocated to state X, even though as a result of the tax system of state X a portion of the business income escapes income taxation. This is desirable in order to treat the business of all states equally, and in order to avoid having this Act as a factor in inducing a state to have an income tax. If it does not wish to tax income, that is no reason for a state which does wish to tax income to attempt to obtain more than its share of taxable income.

It should be noted that in subsection 1(h) the word "state" is defined broadly enough to include a foreign country. This means that "taxable in another state" within section 3 may mean a foreign country. The apportioning state, however, need consider only whether the foreign country "could have" taxed the income under the constitution of the United States if it had been a state.

While subparagraph (1) lists several types of taxes which might be actually in effect in another state, the reference in subparagraph (2) only to a "net income" tax is not intended to be more restricted in the hypothetical tax than the section is with respect to an actual tax.

**SECTION 4.** Rents and royalties from real or tangible personal property, capital gains, interest, dividends, or patent or copyright royalties, to the extent that they constitute non-business income, shall be allocated as provided in sections 5 through 8 of this Act. Comment

This section is the general section on "allocating" non-business income to a state just as section 9 is the general section on apportionment of business income. Section 2 refers to an allocation and an apportionment of "net income." In "allocating" nonbusiness income to a state, the states concerned with this allocation may desire to allocate the expenses properly attributable to nonbusiness but allocable income in the same way that income is allocated so that these expenses will not be involved in determining net income from business activity where apportionment is used. Section 18 of this Code empowers the state to make this adjustment if it wishes.

**SECTION 5**

(a) Net rents and royalties from real property located in this state are allocable to this state.

(b) Net rents and royalties from tangible personal property are allocable to this state:

(1) if and to the extent that the property is utilized in this state, or

(2) in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(c) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

**Comment**

Rents from mobile tangible property are to be allocated in accordance with section 5 (c). This subsection apportions the rents by a fraction based on the number of days in the state on the assumption that the rents are generally based on time of use. If the rent itself is calculated on the basis of some factor other than time, section 18 would permit a state to substitute a fraction based on this substitute factor. Thus, if the rent for a drilling rig is calculated on the basis of number of feet drilled, the "extent of utilization" in the state might also be determined on the basis of a fraction which uses "feet drilled" rather than days in the state.

**SECTION 6**

(a) Capital gains and losses from sales of real property located in this state are allocable to this state.

(b) Capital gains and losses from sales of tangible personal property are allocable to this state if

(1) the property had a situs in this state at the time of the sale, or

(2) the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

(c) Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

**SECTION 7.** Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state.

## **SECTION 8**

(a) Patent and copyright royalties are allocable to this state:

(1) if and to the extent that the patent or copyright is utilized by the payer in this state, or

(2) if and to the extent that the patent or copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(b) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(c) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

**SECTION 9.** All business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.

**SECTION 10.** The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period. Comment

The property to be included in the numerator and denominator is property producing the net income to be apportioned. If net income from property is allocated property

under sections 5 through 8 such property should be excluded in constructing the fraction.

**SECTION 11.** Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from sub-rentals. Comment

This section is admittedly arbitrary in using original cost rather than depreciated cost, and in valuing rented property as eight times the annual rental. This approach is justified because the act does not impose a tax, nor prescribe the depreciation allowable in computing the tax, but merely provides a basis for division of the taxable income among the several states. The use of original cost obviates any differences due to varying methods of depreciation, and has the advantage that the basic figure is readily ascertainable from the taxpayer's books. No method of valuing the property would probably be universally acceptable.

In any situation where it is impossible to ascertain original cost, section 18 may be used to determine a fair value for such property. Section 18 may also be necessary to aid in determining "net annual rental value" of tangible personal property where the actual rent is so related to services that the part attributable to the object is difficult to determine.

Section 18 may also be used to determine a reasonable rental rate for this fraction where the actual rent is zero or nominal such as may be the case where a local government in attempting to induce an industry to come to a community supplies the property at a nominal rental.

**SECTION 12.** The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the

tax administrator may require the averaging of monthly values during the tax period of reasonably required to reflect properly the average value of the taxpayer's property.

**SECTION 13.** The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation, and the denominator of which is the total compensation paid everywhere during the tax period. Comment

Payroll attributable to management or maintenance or otherwise allocable to nonbusiness property should be excluded from the fraction.

Payroll "paid" should be determined by the normal accounting methods of the business so that if the taxpayer "accrues" such matters the payroll should be treated as "paid" for purpose of this section.

**SECTION 14.** Compensation is paid in this state if:

- (a) the individual's service is performed entirely within the state; or
- (b) the individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or
- (c) some of the service is performed in the state and (1) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or (2) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state. Comment

This section is derived from the Model Unemployment Compensation Act. This is the same figure which will be used by taxpayers for unemployment compensation purposes.

**SECTION 15.** The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. Comment

The sales to be included in the fraction are only the sales which produce business income. Sales which produce "capital gains" are under section 6 and are to be allocated rather than apportioned.

"Total sales" means "total net sales" after discounts and returns.

**SECTION 16.** Sales of tangible personal property are in this state if:

- (a) the property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale; or
- (b) the property is shipped from an office, store, warehouse, factory, or other place of storage in this state and (1) the purchaser is the United States government or (2) the taxpayer is not taxable in the state of the purchaser.

Comment

The phrase "delivered or shipped to a purchaser" in this state includes shipments, at the designation of the purchaser, to a person in this state such as designating, while a shipment is enroute, the ultimate recipient.

Sales to the United States are treated separately. It is thought that this is justified because sales to the United States are not necessarily attributable to a market existing in the state to which the goods are originally shipped. This different treatment may also be justified because, if the goods are defense or war materials, it may be impossible to determine whether the goods ever come to rest in the state due to use of coded delivery instructions.

The section does not specify how sales from a subsidiary in the state to an out-of-state parent, such as a marketing corporation who thereupon redirects the goods back into the state, should be treated. If returns are not consolidated under existing state tax law, it may be necessary to use section 18 to make a fair representation of the business income in this situation.

**SECTION 17.** Sales, other than sales of tangible personal property, are in this state if:

- (a) the income-producing activity is performed in this state; or
- (b) the income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

**SECTION 18.** If the allocation and apportionment provisions of this Act do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the

tax administrator may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

- (a) separate accounting;
- (b) the exclusion of any one or more of the factors;
- (c) the inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this state; or
- (d) the employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income. Comment

It is anticipated that this Act will be made a part of the income tax acts of the several states. For that reason, this section does not spell out the procedure to

be followed in the event of a disagreement between the taxpayer and the tax administrator. The income tax acts of each state presumably outline the procedure to be followed.

Section 18 is intended as a broad authority, within the principle of apportioning business income fairly among the states which have contact with the income, to the tax administrator to vary the apportionment formula and to vary the system of allocation where the provisions of the Act do not fairly represent the extent of the taxpayer's business activity in the state. The phrases in section 18(d) do not foreclose the use of one method for some business activity and a different method for a different business activity. Neither does the phrase "method" limit the administrator to substituting factors in the formula. The phrase means any other method of fairly representing the extent of the taxpayer's business activity in the state.

**SECTION 19.** This Act shall be so construed so as to effectuate its general purpose to make uniform the law of those states which enact it.

**SECTION 20.** This Act may be cited as the Uniform Division of Income for Tax Purposes Act.

**SECTION 21.** [The following acts and parts of acts are hereby repealed:

(a)

(b)

(c) .]

**SECTION 22.** This Act shall take effect .

DEPARTMENT OF REVENUE  
TENTATIVE CORPORATION TAX RETURN AND CONDITIONAL EXTENSION

SC1120-T

## INSTRUCTIONS FOR TENTATIVE CORPORATION TAX RETURN

If any corporate income tax or license fee is anticipated to be due, a request for an extension of time must be filed using SC1120-T, on or before the day that the tax return is due. No refund will be issued from a tentative return. Any amounts shown to be due on this form must be paid when the SC1120-T is filed. A penalty will be incurred for failure to pay at least ninety (90) percent of the total tax due by the original due date.

If no income tax or license fee is anticipated to be due, and the taxpayer has requested a federal extension of time to file a federal income tax return, the department will accept a copy of a properly filed federal extension if the corporate return is received within the time extended by the Internal Revenue Service.

A copy of the federal or South Carolina extension(s) must be attached to the return when filed. An additional extension may be requested by filing an additional federal extension or by letter to the Department. Do not file a second SC1120-T. If a date is not shown SC1120-T, the extension will be considered valid for only 180 days.

For consolidated return filers: File a Single Tentative Return and attach a schedule listing the corporations to be included in the return. The license fees are computed separately and then added. Fee cannot be less than \$25 per taxpayer. Failure to list members of the affiliated group may result in the group's liability to elect to file a consolidated return. The license fee is not applicable to savings and loan associations or banks. A federal extension will be accepted if all corporations filing in South Carolina are included in one or more federal extensions.

State of South Carolina

Form SC 1120 - AMENDED

Income Tax Period Ending 12/31/2006

The return is being amended to apportion sales receipts to the state under S.C. Code Ann. §. 12-6- 2295 which sources sales of services under a pro-rata cost of performance method. The originally filed return incorrectly apportioned satellite television subscription receipts to South Carolina using market-based sourcing, rather than the cost of performance sourcing that is prescribed by statute.

TENTATIVE CORPORATION TAX RETURN  
AND CONDITIONAL EXTENSION

SC1120-T

## INSTRUCTIONS FOR TENTATIVE CORPORATION TAX RETURN

If any corporate income tax or license fee is anticipated to be due, a request for an extension of time must be filed using SC1120-T, on or before the day that the tax return is due. No refund will be issued from a tentative return. Any amounts shown to be due on this form must be paid when the SC1120-T is filed. A penalty will be incurred for failure to pay at least ninety (90) percent of the total tax due by the original due date.

If no income tax or license fee is anticipated to be due, and the taxpayer has requested a federal extension of time to file a federal income tax return, the department will accept a copy of a properly filed federal extension if the corporate return is received within the time extended by the Internal Revenue Service.

A copy of the federal or South Carolina extension(s) must be attached to the return when filed. The Department may allow an extension of time not to exceed six months.

For consolidated return filers: File a Single Tentative Return and attach a schedule listing the corporations to be included in the return. The license fees are computed separately and then added. Fee cannot be less than \$25 per taxpayer. Failure to list members of the affiliated group may result in the group's inability to elect to file a consolidated return. The license fee is not applicable to savings and loan associations or banks. A federal extension will be accepted if all corporations filing in South Carolina are included in one or more federal extensions.

Form SC 1120 - AMENDED

Income Tax Period Ending 12/31/2007

**AMENDED**

The return is being amended to apportion sales receipts to the state under S.C. Code Ann. §. 12-6- 2295 which sources sales of services under a pro-rata cost of performance method. The originally filed return incorrectly apportioned satellite television subscription receipts to South Carolina using market-based sourcing, rather than the cost of performance sourcing that is prescribed by statute.

Form SC 1120 - AMENDED

Income Tax Period Ending 12/31/2008

The return is being amended to apportion sales receipts to the state under S.C. Code Ann. §. 12-6- 2295 which sources sales of services under a pro-rata cost of performance method. The originally filed return incorrectly apportioned satellite television subscription receipts to South Carolina using market-based sourcing, rather than the cost of performance sourcing that is prescribed by statute.

Attn: John Schneider

Sir or Madam:

The audit of the above referenced tax return(s) has been completed by the Audit Services Division of the South Carolina Department of Revenue. Enclosed is a "Report of Field Audit" (AS-54) which explains our "Proposed Notice of Adjustment".

If you agree with the changes detailed in the enclosed report, the balance shown to be due on Form AS-54 should be remitted to this office within thirty (30) days from the date of this letter, to avoid additional interest and penalties, if applicable. Please include a copy of the AS-54 with your check to insure proper processing.

If you agree with the Division's adjustments but are unable to make full payment at this time, please complete the enclosed Waiver of Restriction on Assessment (SC 870) and return it to this office within thirty (30) days from the date of this letter. Upon receipt of this document, a "Final Assessment" will be issued.

If you disagree with any of the adjustments of tax, interest, or penalties that have been proposed by the Division, a written protest must be submitted to this office by the response date stated above.

If you do not respond to this letter by the response date stated above, the Division will issue the "Final Assessment" and begin collection action.

Should you have any questions, please do not hesitate to call me at the number listed below.

Yours very truly,

S.C. DEPARTMENT OF REVENUE

**EXPLANATION OF ADJUSTMENTS:**

**SECTION 12-6-530. Corporate income tax.**

An income tax is imposed annually at the rate of five percent on the South Carolina taxable income of every corporation, other than those described in Sections 12-6-540 and 12-6-550, and any other entity taxed using the rates of a corporation for federal income tax purposes, transacting, conducting, or doing business within this State or having income within this State, regardless of whether these activities are carried on in intrastate, interstate, or foreign commerce. The terms "transacting", "conducting", and "doing business" include transacting or engaging in any activity for the purpose of financial profit or gain.

Attn: John Schneider

Sir or Madam:

The audit of the above referenced tax return(s) has been completed by the Audit Services Division of the South Carolina Department of Revenue. Enclosed is a "Report of Field Audit" (AS-54) which explains our "Proposed Notice of Adjustment".

If you agree with the changes detailed in the enclosed report, the balance shown to be due on Form AS-54 should be remitted to this office within thirty (30) days from the date of this letter, to avoid additional interest and penalties, if applicable. Please include a copy of the AS-54 with your check to insure proper processing.

If you agree with the Division's adjustments but are unable to make full payment at this time, please complete the enclosed Waiver of Restriction on Assessment (SC 870) and return it to this office within thirty (30) days from the date of this letter. Upon receipt of this document, a "Final Assessment" will be issued.

If you disagree with any of the adjustments of tax, interest, or penalties that have been proposed by the Division, a written protest must be submitted to this office by the response date stated above.

If you do not respond to this letter by the response date stated above, the Division will issue the "Final Assessment" and begin collection action.

Should you have any questions, please do not hesitate to call me at the number listed below.

Yours very truly,

S.C. DEPARTMENT OF REVENUE

## General Information & Instructions

**IMPORTANT:** By signing this form, the taxpayer (1) agrees to pay the tax, interest, and penalties stated to be due; and (2) gives up the right to appeal this matter further. Interest and applicable penalties will continue to accrue until the balance due the Department is paid in full. Signing this form does not affect your right to file a claim for refund and it does not prevent the Department of Revenue from assessing additional tax found to be due at a later date.

**NOTE:** If you wish to give up your right to file a claim for refund and prevent the Department of Revenue from assessing additional amounts at a later date, a Form SC870AD should be executed in lieu of this SC870.

### CLAIM FOR REFUND

Executing this document does not prevent you from seeking a refund of State taxes paid. The refund claim must be filed within three years from the date the returns was filed, or two years from the date of the payment of the tax, whichever is later. See SC Information Guide OGC-25 for more information about his claim for refund procedure.

### EXECUTING THIS FORM

If this waiver relates to a joint individual income tax return, both husband and wife must sign the waiver.

If the SC870 is executed on behalf of a corporation, the waiver must include the corporation's name as well as the signature and title of the corporate officer executing this document

If this waiver is associated with an income tax examination of a partnership or "S" corporation, each partner or shareholder must execute a separate form.

If this waiver is signed by a person acting in a fiduciary capacity (for example, a personal administrator or trustee) Internal Revenue Service Form 56, Notice Concerning Fiduciary Relationship, must accompany this form unless previously provided.

An Attorney, CPA, or other agent may execute this form on behalf of a client provided such authority is granted in a power of attorney. The power of attorney must accompany this form unless previously provided.

### GENERAL INFORMATION

We have an agreement with the Internal Revenue Service which provides for the exchange of tax information. If this change affects your income tax return(s), amended federal return(s) may need to be filed.

If you have any questions about this waiver, please contact the preparer.

#### INSTRUCTIONS

The purpose of this form is to reduce to writing those facts and issues with which you disagree. If more space is needed, additional sheets may accompany this form. A protest may be filed by letter rather than using this form; however, all of the information required by this form must be included in the letter and you must comply with the requirements concerning signatures. If you file a joint income tax return, both you and your spouse must sign. If the protest is for a corporation, it must include the corporation's name followed by the signature and title of the corporate officer authorized to sign. If you have any questions concerning this matter, please call the telephone number on the notice or document with which you disagree. Please return document to the Department of Revenue address shown on the notice or document with which you disagree.

#### Social Security Privacy Act Disclosure

It is mandatory that you provide your social security number on this tax form. 42 U.S.C. 405(c)(2)(C)(i) permits a state to use an individual's social security number as means of identification in administration of any tax. SC Regulation 117-201 mandates that any person required to make a return to the SC Department of Revenue shall provide identifying numbers, as prescribed, for securing proper identification. Your social security number is used for identification purposes.

#### The Family Privacy Protection Act

Under the Family Privacy Protection Act, the collection of personal information from citizens by the Department of Revenue is limited to the information necessary for the Department to fulfill its statutory duties. In most instances, once this information is collected by the Department, it is protected by law from public disclosure. In those situations where public disclosure is not prohibited, the Family Privacy Protection Act prevents such information from being used by third parties for commercial solicitation purposes.

**EXPLANATION OF ADJUSTMENTS:**

**Sourcing of Receipts**

It is the Department's position that Directv's receipts from SC customers pursuant their contract with Directv are the receipts which are the income producing activity. The apportionment ratio is determined on a market base sourcing of SC customer receipts over all receipts as provided by the taxpayer.

**Statute of Limitations:**

Department determined that the 12/31/2009 return has been understated of more than 20%. Pursuant 12-54-85( C ) the Department may assess taxes beyond the normal 36 month statute of limitations.
