

I am writing in reference to my appeal that was filed on Jan 31, 2018 by attorney Christopher Brumball in the county of Pickens County. I was told that I had 20 days to contact the court of Appeals for my reasons of appeal. I do agree to all that my attorney put in my appeal with an additional reason for an appeal. I was looking through my sentencing sheet and I remembered that day very well. The prosecutor Brittney McCall, told the judge Miller in these words "Your Honor, I have a victim in one of these cases that would like to speak". Now at first the prosecutor (McCall) and my attorney (Brumball) came to a agreement for a plea deal of (90 days) at Pickens county workside. After prosecutor (McCall) let it be known that there was a victim that wanted to speak, once she spoke, her testimony was convincing enough for the judge to give me a major time jump from 90 days to 10 years suspended or 5 years in prison with 3 years probation. After ^{my} investigating my legal documentation, I found out that the victim who stood up in court and spoke, was indeed not a victim in any of the charges that I was in court for and was sentenced to. The solicitor obviously knew it but lied about it under oath. My attorney didn't know it either, or else he would have put it in my appeal. Prosecution Brittney McCall brought a person in court with a critical enough testimony, who was said to had been a victim in my case, who wasn't. That is self manipulated the judge in the judicial system, in a way that was unconstitutional and unprofessional by a states attorney. I ask that my transcript for the court date of 1-24-18, be reviewed by the appropriate personnel to show that this complaint for an appeal is valid, true, and correct. Thank You

Sincerely
Orin Kemp
