Dear Ms. Barfield:

I am in receipt of your letter February 6, 2018 letter asking additional questions and the following are our answers received from the reporter who was actually there.

1. I apologize for referring to the job as a deposition in my prior letter. You are correct that it was a Hearing.
2. we are not aware of any Order that was entered in this proceeding while our reporter was present. Our court reporter was told to put in a CNA and she left. There is a possibility that another court reporting firm that was available in the courthouse then covered the Hearing if it went forward at a later time.
3. Once a hard drive crashes with no backup, there is no way to retrieve a transcript.
4. We are not certain how this virus caused her hard drive to crash.
5. We are not certain of the exact date that the corruption was discovered. Several other files were affected
6. Again, this type of crash is rare.

As previously stated, we are more than willing to provide you with a Certificate of Non-Appearance since the deposition did not go forward. We apologize again.

Very truly yours,
