

March 20, 2018

Attn Mary:

As of this date I still have not received any type of form letter as to what needs to be correct on the brief.

You informed me that this was mailed on March 13, 2018. This is not the first time this has happened. I would like this noted in my file because if you mailed it on March 13, 2018 I only have 10 days to correct the items and there is no way this can be done.

I am requesting a copy of the letter that you sent out and another date on the letter when you send it. I will let you know when I get this. As you know I call every time I receive a letter from you.

Your truly,
