STATEMENT OF ISSUES ON APPEAL

On or around about July 30th I received an order that was filed on July 26, 2017, in which the order was in my favor of my appeal case number 2015-001341. In spite of this order the attorney for the plaintiff still moved forward with obtaining a writ of assistance and it was granted.

QUESTIONS ON APPEAL

1. If the order that was filed on July 26, 2017 case no.2015-001341, then can the plaintiff's attorney continue to move forward in obtaining a writ of assistance for eviction again me ?
2. According to the Affirmation by this court that was filed on July 26, 2017, would this indicate that all the actions of the lower court after I filed the constitutional challenge would be invalid? Since they were suppose to stop according to your Affirmation.

STATEMENT OF THE CASE

1. On or around about October 18, 2017, I received a rule to show cause why a writ of assistance should not be issued, in which I responded to in a timely fashion.
2. On or around about November 13,2017 I received an amended rule to show cause why a writ of assistance should not be issued in which I also responded to in a timely fashion.
3. The hearing for the amended rule to show cause was held on December 19, 2017 in which the judge in favor for the plaintiff granting a writ of assistance.
4. After the judge had made the ruling for the plaintiff, I asked the judge was the ruling of the appeal void (Affirmation filed July 26, 2017 case no.2015-001341).

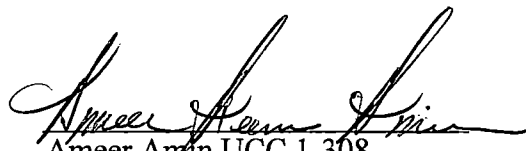

ARGUMENT

COME NOW by Special Appearance, Ameer Akeem Amin, in this Initial Brief to argue the issue on appeal in order to resolve the issues between me, Plaintiff and the court.

The argument here is simple, if this court gave an Affirmation to the fact that the lower court was supposed to had stopped after I had filed a constitutional challenge, this would have mean that all action thereafter would be in violation of the federal 5.1 and would be deem invalid. According to the answered that the judge gave, when I asked him was this appeal void, in which he answered no, then this plays right into my argument since he said no.

IN CONCLUSION, base upon the information that I had provided in the argument I feel that it be affirm by this court deeming that all the actions by the lower court as invalid and there could not be an enforcement of a writ of assistance.
