Reference: Bryan M. Gantt v. State
Appellate Case No. 2018-000428
Lower Court Case No. 2015-CP-40-00559

Dear Honorable Shearouse:

I am writing you in reference of the above captioned case. Sir, with all due respect I truly ask for forgiveness, because I sent written explanation as to why this case shouldn't be dismissed, with my notice of appeal. I also sent a Petition Brief for Austin Review, along with documentation Proposed (PCR) Order granting relief. (SEE: Exhibit A) Your Honor can those documents please be submitted in my behalf to explain why I should be heard under Rule 243(c) SCACR. Sir, the state circuit court argues that this case should be dismissed because its successive and the statute of limitations has expired. Your Honor according to [Odom v. State] the South Carolina Supreme Court states that the one year statute of limitations required by S.C. Code [17-27-45]

(A) Does not apply to Austin Appeals.
Austin appeals does not have to be filed within the one year, because they are belated appeals intended to correct unjust procedural defects. Also the South Carolina Supreme Court has deem that belated appeals or not successive in nature. Your Honor because of theses reasons the Petition for Austin Review should be granted according to their merits. I the Applicant have provided specific reasons, factual and legal why this case should be granted relief. I truly thank you for your time an assistance in this very important matter.

Respectfully
Submitted
SI Bryan M. Dantz
