RE: State v. Jennifer Lynn Alexander  
Appellate Case No. 2016-002145

Dear Ms. Matthews:

Per our conversation yesterday, I write to clarify the contents of the appendix that were produced in the above-referenced matter. When the appendix was originally produced, it contained a CD with the entire audio from the February 11, 2014 hearing which forms the basis for this appeal. (Appendix p. 68). You subsequently requested that the State have this audio transcribed because the court was unable to access the audio given its format.

Insofar as the hearing lasted over 4 hours and covered a number of issues which were irrelevant to the appeal, the State sought to identify portions of the hearing in which the issues on appeal were actually discussed. It ultimately identified three segments of the hearing (11:17-11:42, 12:33-12:38, and 12:53-12:58) which were germane to the appeal. Each of the citations to the hearing made in the Brief of Petitioner is encompassed by these three segments. (Respondent's Brief and Petitioner's Reply Brief contain no citations to the hearing.) After consulting with you, the State had these three portions of the audio transcribed and then transmitted those to the court on September 29, 2017.

I note that the citations in Petitioner's brief were made in reference to the audio CD produced in the original Appendix. If the court would like Petitioner to provide updated citations that reference the printed transcript, I am happy to do that in whatever form would best assist the court.

Please do not hesitate to let me know if there are any further questions.

Very truly yours,

Marcus K. Gore
