REF: Amazon and Zurich Response to Supplemental Record On Appeal

Ms. Kitchings:

Appellant made a correction upon verification to Supplemental Record On Appeal because P.87 was submitted twice in original filing. Amazon and Zurich are reaching for imaginary straws regarding re-submission of Respondent's brief at Appellant expense because the removal of a duplicate document as referenced to p.87.

The removal did not caused any harm to Respondent's brief because their response still would have applied to p.87 of the Supplemental Record On Appeal. The COURT allows for correction of any submission to the record. Appellant request that S.C. Court of Appeals rejects the stated claim by Amazon and Zurich.
