RECORD ON APPEAL

Case manager Amelia.

Regards,

I had contacted the court in April and motioned for an extension of time to complete the Record on Appeal due to an urgent family matter and also the birth a my grandchild. I returned 2 days prior to April 30th, to complete my record on appeal. On May 1st I took the document to the print store early morning I was promised they would be ready by 1PM. When I returned at 1PM, I was told the lady had left and had not touch the document. I was told it could not be done until the next morning. I was stressed, it had to be mailed on that day but I had no choice since it is the only store in our area. My home printer surely could not do this type of high speed multiple pages printing.

This morning May 1st, I went to the copy store when the doors opened. I was able to speak to the department manager and she agreed to do it ASAP. When mentioning the price I was given she told me it was incorrect and miss calculated and told me it would be close to \$ 300.00 WOW to my surprise.

Since I am in between employment and have had health issues, and other family matters plus my recent travel and living expenses. I found myself not in a position to pay this high amount. After some thought not to give up, I thought it best to do what I could and not give up by sending what I could. I am praying and hoping the court can be compassionate and understanding to the circumstances.

SC Court of Appeals

If the Record on Appeal needs to be in binders I could do it next month. Just was not at the moment.

When we Appeal to the Court of Appeals it is in hope to get justice because there it is truly none attainable in lower courts that is in South Carolina. I would hope that defending and helping someone in distress and justice be more important and matter more.

I pray the court be lenient and accept my Record on Appeal.

Please contact me by phone if there is a problem, I will not be at my address for 10 days wont get mail. Please contact me by phone.

Blessings, Thank You
