Ms. Kitchings,

MAY 23 2018

SC Court of Appeals

I'm writing you today because I have discovered why my case has been held up and why my PCR application was dismissed with prejudice but I still had my belated direct appeal granted to me in August 2016. It's because my trial judge Doyett Early was also my PCR judge and we both know that this would be a "Conflict of Interest". He also dismissed my direct appeal with prejudice because it was filed in an untimely manner and also when this case was in remittitur and sent to the lower court sessions. I never received the judgement this is why I was thinking that the case was previously sent to the Court of Appeals back in 2015. I've written Ms. Hackett also to let her know what's going on. Will I need to

Fill out another PCR Application or
is there a Law that handle these
Type of situations? I have all
the proof that is needed. Also
Judge Early isn't Chief Admin. Judge
over the 2nd Judicial Circuit anymore
Please respond back to me ASAP
as I've asked Ms Hackett so I'll
know what my next step will be.

"THIS IS WHY THE TRIAL"
WENT THE WAY IT DID - THANK YOU -
Lasting 1 day with no
testimony, witnesses, evidence
and it was not a dwelling
" " shouldn't been a
Jury trial more like a
Bench."

I'm just ready to go Home
to my family!!!
