To Whom It May Concern:

I, Claudetta Hallman, am appealing the decision that was made for the ABC Program. Per the letter that I received stated that I was in violation of the rules, I have sent numerous letters before stating that I did not violate any rules of any kind. I have no authority to where the parent wishes to send their children once they leave my facility. The child that is in question used to attend my daycare during the night hours from 5 pm to 7:15 a.m. The parent understood that after hours would have been access (\$3.00/ five minutes) if the child stayed longer then the permitted time. Rose use to pick up the child in the morning until her mom arrives. Therefore, I stayed within the rules of the policy for ABC Program and did not violate anything. Please reconsider this case being open or another decision being made. I feel that am not being treated fairly due to my side is not being considered in this matter. And the court is just going on what is being said from ABC Program. I still operate my Daycare and my daycare registration has not been suspended due to I did not violate any rules, so am not sure why ABC Program does not want to do the same.
