

Dear Mr. Daniel,

6-27-18

How and when can I find out what's going on? I've wrote Taylor Gilliam 7 times but have yet heard from the lawyer. I'm just concern Mr. Daniel. Have the lower court submitt all documents and proof to the Supreme Court. Have they show any proof supporting the Search and Seizure Warrant. As in showing Tyson Hill commit a crime at that address. Any proof that he sold to this C.I in the warrant and field test results which never show up. These are true facts. Which Solicitor James E Hunter held back. He knew those types of things are needed. Over a period of two years it has not still turn up. What is going on with that. Right is Right.' I just want to fight and state the facts of my case. If there is no proof to support the Search Warrant the case alone should be thrown out. Its about law right. My mom is dying Mr Daniel of Brain Cancer. I would like to be there for her before she dies. There giving her 9 month to live. If you were me you'll be doing something hoping and praying something happen. Just to see your mother give one more time. Then my parole date done Charge 3 times and I haven't had not one write up since I been down. People going up before me and I seen parole examiners before them. Thats crazy.' Let me know something Mr. Daniel and thank you.

P.S. I won't give up 2 yrs of my life taken when my rights were violated. I will make sure they all like sure. I will make sure they

Kindest Regards

Willie Palmer
