Subject: John Martin Foster, Attorney Requests

Your Honors, Colleagues:

After more than a week with chest pains, my doctor on Friday, January 5, had me driven by ambulance to Piedmont Medical Center. After catheritization, the surgeon concluded I had a ninety percent occlusion and ordered an immediate surgery. This was a triple by-pass. I am told I will be out for an undetermined period, probably one to two months. If I can get the doctor's letter to confirm these facts it will accompany this email.

This email is to inform the courts and opposing counsel that I must ask for a continuance of hearings in that period and for extensions of appellate deadlines in the same period.

I apologize for doing this by email but I felt I had a duty to inform all as soon as possible. A revised version of this email naming all cases should follow.

At the courts requests, I will be happy to send a formal motion to that effect together with any required fees. I thank you all for the consideration in this situation.

Respectfully Yours,

John Martin Foster, Attorney
as dictated to Rhonda Driskell
