The appellant respectfully requests an enlargement of the time to file the initial brief and designation of matter based on the fact the Court treated the appellant's appeal of the Master in Equity's order lifting the automatic stay as an additional appeal that was consolidated.

The respondents have just returned their brief and requested this Honorable Court treat the appeal of the ORDER lifting the automatic stay as petition pursuant to Rule 241(d)(2) SCACR instead of as this Court has designated and ruled, as an appeal.

The appellant does not believe the respondents followed the rules to request the automatic stay be lifted and therefore, the filing was faulty; however, the appellant respectfully requests additional time to file the initial brief and designation of matter until this Court rules on the respondents motion to treat the appeal as a petition or in the alternative an additional thirty days if no action is taken.
