S.C. SUPREME COURT

My name is Wayne Hankinson, I was sentenced to twelve years on Sept 8, 2017. I thought that the judge would be there to protect the laws and also make sure that the defendants rights would not be violated. There was a late addition to the prosecution during my trial, the investigator that showed up was not there during Voir Dire, but after and was a personal friend to the fore person of my Jury. Do you think that was fair to me? Do you think that they would go against each other on my behalf? I dont, I dont even think that it should have been a option. By denying my motion for a new trial, Judge Brooks P. Goldsmith denied my right to a fair and impartial Jury. In other words the judge sworn by oath to uphold the law allowed my rights to be violated. A direct appeal has been filed on my behalf but there was also problems with my counsel where my Public

defender did not bring in the evidence because ~~the~~ the Public Defender I went to trial with wasn't my original public Defender who had the evidence supporting my case. I was screwed for a lack of better words. The evidence clearly proves that the statements the victim gave were false. Please see to it that this letter reaches the person/people that can assist me in this matter.

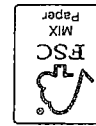

Thank you
