Dear Ms. Kitchings:

Respondent would respectfully request that the Court deny Appellant's third motion for extension of time. As the Court is aware, Ms. Samuel has incorrectly stated that this is her *second* request for an extension. As the Court clearly indicated by its order dated July 24, 2018, the Court would grant no further extension absent extraordinary circumstances. Simply being a pro se litigant and having chronic or long-lasting pain does not rise to the level of extraordinary circumstance but rather would indicate ongoing circumstances.

Very truly yours,
