

Petition To Reinstate

I received a dismissal letter at my office Saturday August 18th 2018 and the letter was mailed out on the 14th of August. That letter was the first letter I received since I changed my mailing address. I had personal issues where I was living and I changed the address to my office because I thought it was more stable and dependable. The guy that's over the office he checks the mail and place it on my desk. I asked him about my mail because I was mailing in documents and I was looking for a return card that have not received back at the address 235 E. Main St. Suite 130-B Rock Hill, Sc 29730. I have moved back to 4715 Forest Ridge Commons Dr. Charlotte Nc 28269. I am writing this petition to reinstate because I want my case heard and looked over once again. I received the transcript and there is no evidence on me committing any domestic violence crime. Unfortunately I had a public defender that became a lawyer at another office that couldn't pick up the case when he transferred. I appreciate the court reinstating the case before, but I have not received any mail at my office and if I got to get the landlord involved I will. I wouldn't have went this far trying to overturn the case to stop replying. Hopefully you can take this letter in consideration and give me another chance so we all can move forward. Thank you in advanced.
