RECEIVED

Case No. 2017-002621

OCT 25 2018

SC Court of Appeals

State of South Carolina
County of Charleston
North Charleston,

Respondent,

v.

John G. Singletary Jr.,

Appellant.

Appellant's First Motion for Extension for Proof of Service

Come now the Appellant, John Singletary respectfully move pursuant to Rule 240 for a 30-day extension of time in which to file Poof of Service for Designation of Documents, and Final Brief and Reply Brief. Mr. Lumpkin's in the Receivers Office is encountering difficulty in retrieving the relevant and complete file for my case. On Oct. 23, 2018 I received a USB stick from the Receivers Office that was to contain my relevant file. The Receivers Office informed me at the time of pick up for the file the disk had only some files of which some were corrupt and others not complete. In seeking new council for the appeal new attorneys are requesting to have a copy of the original complete file for review prior to considering the case. After reviewing the files on the disk I found the disk as Patti Lund stated contained no files relating to my Appellate Court Appeal, but only a few files from the lower court process. On Oct. 24, 2018 I contacted

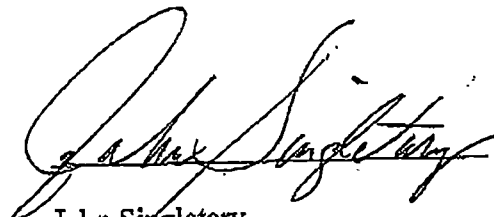

the Receivers Offices, spoke with Mrs. Patti Lund and explained the content of what was on the USB stick and she informed me they were still in communication with the attorney's office that is representing my former suspended attorney and they are still working on acquiring the complete file. Appellant seeks additional time due to not having a file from the Receivers Office containing any of the Appellate Information relating to my Appellate case submissions. The undersigned has through email communicated with opposing counsel regarding this recent development.

PRAYER

For the above-stated reasons, Appellant asks this Court to protect Appellant's Constitutional rights and grant the requested extension for the Receivers Office to obtain the relevant and complete file from former attorney.
