Dear Michelle Owens:

Howdy. Thank you for the phone conversation of last Thursday. Hope things are fine & are on an improving basis there.

I was alluding to the fact that high/higher cost of filing an Appeal, as it is the case now!

There should be some form of an avenue for people such as myself to address the grievances of the lower court. It was there that I encountered all kind of irregularities & things not proper for any "court" of a civilized group of people.

Incidents therewith are:

SC Court of Appeals

1) That supposed "court" began before we all got seated.

2) There were 2 supposed judges, both were middle age white people.

3) Neither one of them identified themselves. After that "gathering" or "meeting" I was able to identify the man there as Henry Bothington.

continued

In my case, there was way too many glaring abnormalities, which were not in keeping with any standard court procedure. Specifically the Appeal Court, I am confident, will remedy much, if not all that junk that occurred; If I just got sufficient opportunity to present those facts.

So, if reason prevails, the SC Court Administration, in this case will waive & set aside that filing fee as I request.

P.S. In the unlikely event that the filing fee cannot be foregone, it would be O.K. for it to be reduced to \$150. That I can do because I have that set aside for that purpose.
