

TO: South Carolina Court of Appeals

From: JAMES Lamont Arthur #301001

To the Court I'm writing to Ask
for an extension on my Pro Se briefing.
The reason for is because the Institution
has been on locked down and there has
been no movement being made. There has
been alot of things going on at the
Institution short of staffs is the big thing
for me because the Law Library has been close.
It really been hard for me trying to get
things done when I can't move around to
do what I need to do. So I'm asking
the Court is there anyway I can get
an extension on the briefing hopefully
things will be back to normal soon.
I didn't receive your letter until the 6th of
last month. That's when the mail lady brought
it to me.
