

⑨ My name is, Unto Johnson, and on 7-26-17, I was Unjustly found guilty of indictment/Case # 2016-GS-09-22, 2016-GS-09-24, and 2016-GS-09-25.

At this present point and time I'm force to submit this request in as is because I have no help at this time or access to a law library to properly file this appeal within the ten days given to me upon conviction of these charges. So I pray that the appellate court accept my hand written motion for an appeal on these charges because I have very good grounds for an appeal because it was stated in opening statement, during trial, and in closing statement that from Oct. 1, 2015 up until this trial was over that the state and investigating officers failed to provide any physical evidence, forensic evidence, or eyewitnesses to tie me into this crime or place me at the scene of this crime so how could I have been legally found guilty beyond a reasonable doubt with so much lack of evidence on the state's behalf.
