SC Court of Appeals

To whom may this letter be given to at the South Carolina Court of Appeal if the state court of Appeal haven't made there decision yet I would like to raise another issue due toward this appeal case - I know they're suppose to go by the trial court evidence or trial Judge ruling errors and to what my lawyer objected to in November 27, 2017 trial but as I was looking over Hampton County (six) officers Sgt Rhett Long Sgt David DeLoach, Lt Brad Draughy, Sgt Nick Ginn, Captain Anthony Russell, Major Jake Sullivan testimony any of them noted a Homicide and the SLED Agents (six) Tiffany Edwards Agent Haley Nelson, Agent Ashley Bell, Agent Tyler Sturkie, Agent Michelle Eichenmiller, Agent Maryann Boehm testimony any of them noted a Homicide October 28, 2015 the day of the offense only the doctor Lee Maria Torres a medical examiner medical definition says that it aint a Law Enforcement category 6 to 7 months later which a murder charge and a True Bill indictment brought against me at Hampton County Detention Center. Should a homicide detective been involve the day of October 28 2015 but the state of South Carolina calling it a murder offense shouldn't this be called for a natural cause since a homicide detective were not involved. Dr. Frank Davis testimony does not say anything about a brain surgery but he stated he's a trauma surgeon. That is another issue I raised to the court of appeal if this appeal doesn't seek a standard of reversal sentence and conviction that I will file for a rehearing just wanted to let the state know ahead of time. Thanks
