Re: Cedric Woods v State
Appellate Case No: 2016-02367

Dear Ms. Kitchings:

Last Friday, December 28th, I received a copied letter written to you and dated December 19th. This letter was hand-delivered and it was from Ms. Harley L. Kirkland, Assistant Attorney General. It was in reference to my recent filings on my appeal and "what Mr. Woods styled as his as his record on appeal."

Apparently I have not produced a proper ROA. As I have stated previously, inmates in SCDC prisons do not have adequate access to much of what is needed to properly access the courts. I can find no example of an actual ROA to follow. I went by a copy of an old designation of matter to be included in record on appeal, filed in another case by SCCID, back in 2007. Without knowledge of what I have done wrong I am powerless to remedy this situation.

I am copying this letter to Ms. Kirkland and would very much appreciate if either of you would send me a proper ROA to use as

an example. You could redact the names and case numbers, etc, as long as I can figure what goes in any redacted areas.

Once I have an example to follow I will immediately try to remedy this situation. I have found no examples in our library from which to emulate.

I thank you all in advance for your assistance with this problem.

Respectfully
Cedric L. Woods
