I, Kayla Moore, have asked for an Appeal on the grounds of Conflict of Interest due to deceptive & manipulative legal representation and false information in my motion of Discovery.

On July 27<sup>th</sup> 2018 I appeared in Court for sentencing, but did not receive a sentence. Then, several months later, I appeared in Court again, received a sentence of Natural Life in prison but was never asked beforehand if I was satisfied with my legal representation. This was on the date of December 13<sup>th</sup> 2018. Not changed between July and December and I was no longer satisfied with Mr. David Hayes.

Deceptive and Manipulative legal representation such as:

• Telling me, I don't have the right to know

my rights when I asked him for a copy of the Constitution. - Which is a lie.

- Telling me I don't have the right to the knowledge (case law) to defend myself when I am being falsely imprisoned for a crime I did not commit.

- I asked to have different legal representative, but I was told I could not have another.

- I asked David Hayes for a copy of the Treaty of Peace and Friendship but was told he didn't know what that was.

- I even told David about the false information in my motion of Discovery but he told me none of the false information mattered. I also asked for forensic results such as hair, fingerprints, DNA.... etc. but was never given an answer.

False Information in Motion of Discovery such as:

- Incorrect information on all of my warrants including the name of the victim

- In the supplementary report .... It states in black and white "Jayson Miles (co-d) stated that He and his friend Kayla Parker stole the victims car after killing him." - How does someone
