RE: Trey A. Williams v. State of South Carolina
Appellate case No. 2016-001553
Lower court case No. 2013-CP-46-1797

Dear Ms. Kitchings:

S.C. Appellate court Rules/Rule 243 (j) was not conducted in relations to me. I was never notified by any two Justices of the question of law that was granted in the petition for writ by the state.

I don't want to assume because one question presented by the state is a complete fraud and lie upon the record about respondents stand by counsel's testify at PCR which is incontrovertible so I don't think that question was granted when the court has the records to review that.

Lastly, I need to know who the Attorney General is in this case because near five or six diverse attorneys has been representing the state and it is creating actual prejudice as they change PCR testimony for the state in their litigation. I am working on motions for this

• Court and S.C. Supreme Court that are consistent with Appellate court Rule 245 (b), (c),

Rule 9 (b), Rule 11 (a), Rule 15 (a), (b) (c) (d)

Rule 18 (a) etc. I am still unable to obtain any

copies at this institution I have let the courts know!

RE: Appellate Case No.: 2016-001553
Lower court case No. 2013-CP-46-1797

Dear MR. OR MS. Henry Gunter Jr.:

I have a plethora of substantial concerns that I will be seeking out diligently in getting adequate dispositions on in legal litigation for mate according to relevant law, motions and proceedings. This is a notice of some of my concerns/questions that I need answered from your officers/Agency!

① J. Rutledge Johnson, Justin Hunter, Janell Gregory and a couple other names including yours have been listed as Assistant Attorney Generals in this case. Contradicting litigation in pursuit to fraudulent tamper with PCR testimony, transcripts and Federal/State law has and is being committed. Why are all the attorney changes without good cause or reason?

② according to rules of S.C. Appellate Court Rule 243 (J), the questions of law granted, specifically should be addressed to both parties and I have not gotten such notice.

③ In the petition for writ of certiorari; Question I. stated that Respondent's Counsel prior to relief hearing and standby counsel testified that he explained to respondent the dangers of self representation which is intentional fraud upon the face of the record.

(4) Stambly counsel testified that he remembered nothing above and beyond what was on the trial court record in relations to his discussion with respondent on the dangers and disadvantages of pro se.

(5) The PCR Attorney General testified on the record that the record did not meet the standards of faretta and that it did not need to if counsel adequately addressed the warnings of proceeding pro se.

(6) The Respondent, the PCR Judge, the PCR Attorney General, the Attorney witness Erik Daniel Delany / Stambly counsel at trial all testified that Farretta was not met and nothing above and beyond the record reflected / was discussed about pro se.

Conclusion: Cases are not prosecuted for convictions but for justice and this appeal is a unreasonable application and fraud.

You, etc may not change the testimony, litigation of the PCR proceedings that have been done and further documentation will address these facts and concerns.

Your Agency have a opportunity to correct this error, notify the courts before I complete motions and further

extraordinary disciplinary sanctions for this unjust

criminal activity. I Am not GUILTY in this case

however I Intend to take whatever plea Agreement

that will Get me Home before I Am GOING to A

TRIAL. I JUST WANT THIS DONE! ~~VERY URGENT~~
