Re: King et al. vs. American General Finance, Inc.
Appellate Case No. 2012-212742
Circuit Court C/A 1996-CP-38-00595

Dear Ms. Kitchings:

Further to my letter of October 1, 2012, this is to provide a status report on the class action settlement. A settlement agreement was executed as of September 4, 2012, which received preliminary approval of the Circuit Court on September 6, 2012.

Notices to the members of the class were mailed out on October 15, 2012. Circuit Judge Perry M. Buckner, III held a "fairness hearing" on November 19, 2012 at the Colleton County courthouse. There were no objections or "opt outs" received. At the conclusion of the hearing, Judge Buckner issued an order giving final approval to the settlement agreement.

The settlement is being implemented at the present time, and I would expect appropriate documents concluding this litigation and the appeal to be filed early in the New Year.

Yours truly,
