RE: Trey Williams Appellate Case No.: 2016-001553

Deputy Clerk V. Claire Allen:

I received a letter from you with the letter head date of 2-8-2019 on it where you mention receiving correspondences from me dated January 31, February 1, February 7, 2019. You stated that your response to those letters is that my case is in briefing status at this time and that my mail is being delayed because I keep sending documents to the Supreme Court even though I was notified on August 13, 2018 that my case was transferred to the Court of Appeals and that all my future correspondences should be addressed to the Court of Appeals. Lastly you stated that my motions are being reviewed by the court and when a decision is made on the motions I will be notified immediately notified.

Most importantly the letter from you is very vague and very inadequate in relations to my letters, questions, concerns and issues that relate

to me preventing A Fundamental miscarriage of Justice,
and preventing procedural defaults to uphold the Federal
Courts exhaustion Requirements while using Due Dilligence
And Good FAith. My concerns, letters And motions
Are colorable Claims And very meritorious And

it is letters since November, December 2018 that I
wrote to the Court of Appeals that I never got
replies About. I named the titles of my motions
to be specific in ASKING IF such motions were
Recieved And Filed since I have had adverse
Issues involving the loss And tampering of my
mail in the past. According to the SCRAP.

I Am suppose to File A motion to transfer case
in the Supreme Court Jurisdiction when I have
merit to do so And I Filed that Along with A
extraordinary writ in the S.C. Supreme Court
in January, 2019 but prior to Any DATE that
you mentioned in your letter. I meritoriously
want to be certain that the S.C. Court of Appeals
is Aware of that motion specifically Along with
the motion for my Clerk records, Summary judgement
to Dismiss STATE APPEAL motion, Notice to the
courts About Attorney General Issues, motion to
conform to the evidence. I Filed most of these
motions prior to the dates you mentioned And in
this Court And two diverse Attorney Generals are
still filing motions And tampering with Actual prejudice
in this case. I have recieved one Reply motion to
my motion to conform to evidence which is

Inadequately Addressed by the Wrong Attorney General.
You stated that my case is in briefing status at this time while simultaneously stating that my motions are being reviewed which means that my case is not in Abeyance so Deadlines to the State Filing the Final brief, replies to all the motions etc is Active however I am not getting any notifications of briefs, replies, who the Attorney General is, extension Request Decisions or verifications on what exact motions do the Court of Appeals have and the order of operation on them. As a Informal Resolution and just mediation and understanding with eyes wide open I respectfully request a specific detailed letter of what I am asking about. Attorney General Mr. Hunter filed the latest extension Request and got the prior granted, he also filed the Reply to one motion that I know of, the Court of Appeals informed me that Janell Gregory is the actual Attorney General after like 4 or five other ones have been on the case. I filed a plethora of specific motions that I named in various letters asking about them however I have not gotten any letter mentioning any of them that would confirm the specific motions and their status. I have heard nothing fair in my Due process and equal protection, here is the original copy of this letter to you respectfully requesting a timely Reply. The S.C. Supreme Court, S.C. Supreme Court of Disciplinary Counsel, 4th Cir. court will get a copy, etc etc
