The appellant Rhonda Meisner respectfully requests an additional thirty days to complete the final brief and record on appeal due to family illness. This is the second request for an extension and was unforeseen.

The first week of February my entire family came down with a severe cold including my children's caretaker requiring the children to miss school and stay at home.

This of course required that I miss work and care for the family. I too became ill on February 7th and have been unable to complete the final brief and record on appeal due to illness and workload. I respectfully request additional time to file the final brief and record on appeal due to illness in my family.

Respectfully submitted,

February 11, 2019
