

The Supreme Court of South Carolina

Jerome J. Noone, Jr., Petitioner,

v.

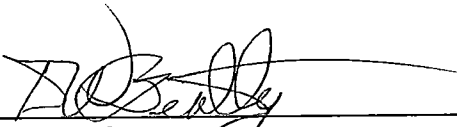

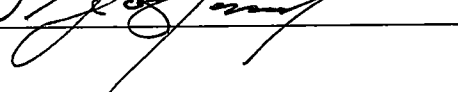

State of South Carolina, Respondent.

Appellate Case No. 2018-000095

ORDER

The State has filed a motion to require petitioner to withdraw the appendix and refile a non-redacted appendix under seal on the ground that the current appendix contains redactions that render the appellate record incomplete. Petitioner has filed a return to the motion requesting that he be allowed to file a supplemental appendix under seal containing unredacted versions of the documents at issue.

The State's motion is denied. Petitioner shall file a supplemental appendix under seal containing the documents at issue in their complete form. Counsel for petitioner shall, within ten days of the date of this order, serve and file a supplemental appendix that complies with Rule 240, SCACR, and the mandates of this order.
