1 THE COURT: Thank you. Please take your seats. Y'all
2 need a little time to look over the list? I'm not rushing
3 you. Take whatever time you need.

4 MR. FLORES: Thank you, Your Honor.

5 (Pause)

6 MS. WIYGUL: Your Honor, just to bring to the Court's
7 attention, apparently the transport van is in the shop. So
8 the Detention Center is working on getting Mr. Markham and
9 Mr. Darnell over to the courthouse.

10 THE COURT: Okay. Thank you.

11 (Pause)

12 (Whereupon Plaintiff's exhibits 1 - 4 were marked for
13 identification)

14 (Whereupon Defendant's exhibit 1 was marked for
15 identification)

16 MR. FLORES: Your Honor, we agree as far as voir dire
17 to strike question two from the Petitioner's list as we did
18 in Monday's trial.

19 THE COURT: Okay.

20 MS. WIYGUL: And, Your Honor, I believe you should have
21 the proposed jury instructions from both of us.

22 THE COURT: Same as before?

23 MS. WIYGUL: Yes, Your Honor.

24 MR. FLORES: Yes, sir.

25 (Whereupon court was in recess at 9:14 am)

1 (Whereupon court resumed at 9:32 am)

2 THE COURT: If I could interrupt just a minute. I want
3 to make sure we're on the right wavelength. On the first
4 jury we're not getting an alternate, the one we're starting
5 today?

6 MS. WIYGUL: I don't believe we ---

7 THE COURT: And on the ---

8 MS. WIYGUL: --- need one.

9 THE COURT: --- second one we are getting an alternate?

10 MS. WIYGUL: Yes, Your Honor.

11 MR. FLORES: Yes, sir.

12 THE COURT: All right. Thank you. I didn't mean to
13 interrupt you.

14 (Pause)

15 (Whereupon the jury panel entered the courtroom at 9:34
16 am)

17 THE COURT: Good morning, ladies and gentlemen. We now
18 need to select a jury for the next trial we have this week.
19 Again, I need to ask you some additional questions in
20 addition to those that I qualified you under on Monday.

21 This is a case brought by the State of South Carolina
22 captioned In the Matter of the Care and Treatment of Quentin
23 Dale Markham. The State in this case has filed a petition
24 alleging that the Respondent is a sexually violent predator
25 and seeks to have the Respondent involuntarily committed to

1 a secure facility for long-term control, care and treatment.
2 Mr. Markham has denied those allegations. And we're going
3 to have a trial to determine what the facts are.

4 I'm going to judge the law in this case. I'll instruct
5 the jury as to the law. I need to qualify twelve fair and
6 impartial jurors to hear the facts and to become the judges
7 of the facts in this case.

8 First of all, I need to ask you, is there any member of
9 the jury panel related by blood or marriage to Mr. Quentin
10 Dale Markham? If so, would you please stand.

11 (No response)

12 THE COURT: Is there any member of the jury panel who
13 has a close business or a social or personal relationship
14 with Mr. Markham? If so, would you please stand.

15 (No response)

16 THE COURT: Thank you. There is no response.

17 Several witnesses may be called upon to testify in this
18 case. Among those witnesses would be Belinda Crocker,
19 Captain Jinny Moran, Vincent John Jacob, George VanHook, Dr.
20 L. William Mulbry, Dr. Rebecca Jackson. Is there any member
21 of the jury panel related by blood or marriage to any of
22 these potential witnesses? If so, would you please stand.

23 (No response)

24 THE COURT: Is there any member of the jury panel have
25 a close business, a social or been a patient or treated by

1 any of the doctors or other witnesses? If you have a social
2 relationship or a business relationship with any of them,
3 would you please stand?

4 (No response)

5 THE COURT: Thank you. There is no response.

6 This is a case in which evidence may show that --
7 likely will show that Mr. Markham has been convicted in the
8 past of a sexual offense. He's completed his criminal
9 sentence related to that conviction. Would that in any way
10 affect your ability to be a fair and impartial juror in this
11 case hearing that evidence?

12 (No response)

13 THE COURT: Thank you. There is no response.

14 Is there any member of the jury panel who has training,
15 or experience, or currently or formerly working in the field
16 of psychiatry, or psychology or law? If you have training
17 in any of those fields or working in any of those fields,
18 you or a member of your immediate family, would you please
19 stand. Yes, ma'am, your name, please.

20 MS. TIPTON: Cindy Tipton.

21 THE COURT: All right. And what ---

22 MS. TIPTON: Psychiatric nurse for five years.

23 THE COURT: All right. And if you'd remain standing
24 just a moment. And your name, please, sir.

25 MR. GALBREATH: Nathan Galbreath.

1 THE COURT: All right.

2 MR. GALBREATH: Good morning, Your Honor. I'm a
3 lawyer.

4 THE COURT: All right. Thank you. Thank you very
5 much. You may be seated.

6 Is there any member of the jury panel, yourself or a
7 member of your immediate family, ever been accused or
8 convicted of a sexual offense or ever been the victim of a
9 sexual offense? If you or a member of your family have ever
10 been accused or a victim, would you please stand.

11 (No response)

12 THE COURT: Thank you. There is no response.

13 Is there any member of the jury panel involved now or
14 in the past been involved in any prison ministry, an
15 outreach program or any program involving incarcerated
16 persons? If you now or in the past have been a part of that
17 organization, would you please stand. Yes, sir, your name,
18 please.

19 MR. LEMMONS: Bobby Lemmons.

20 THE COURT: All right. And what nature of the outreach
21 did you have?

22 MR. LEMMONS: Prison ministry through my church.

23 THE COURT: All right. Thank you very much, sir. You
24 may be seated.

25 Is there any member of the jury panel or a member of

1 your immediate family ever been involved in a civil
2 commitment proceeding, either a civil commitment against you
3 or you on behalf of others sought to have someone civilly
4 committed through probate court or otherwise? If you or a
5 member of your immediate family have ever been involved in
6 that in any capacity, would you please stand.

7 (No response)

8 **THE COURT:** Thank you. There is no response.

9 At this time I'll have the attorneys stand and
10 introduce themselves, if you would, please. Mr. Flores.

11 **MR. FLORES:** Thank you, Your Honor. My name is Lloyd
12 Flores. And I work for the Office of the Attorney General.

13 **THE COURT:** Ms. Wiygul.

14 **MS. WIYGUL:** My name is Elizabeth Wiygul. I practice
15 law in Greenville. Sitting with me is Stuart Sarratt, who
16 practices law in Greenville also.

17 **THE COURT:** Thank you. Is there any member of the jury
18 panel related by blood or marriage to either of these
19 attorneys? If so, would you please stand.

20 (No response)

21 **THE COURT:** Is there any member of the jury panel have
22 a close business, or a social or a personal relationship
23 with any of these attorneys? If so, would you please stand.

24 (No response)

25 **THE COURT:** Is there any member of the jury panel ever

1 been involved in any litigation in which either of these
2 attorneys represented you or represented the opposing side?
3 If so, would you please stand.

4 (No response)

5 **THE COURT:** Thank you. There is no response.

6 Is there any member of the jury panel formed or
7 expressed an opinion in any way about the facts in this
8 case? If so, would you please stand.

9 (No response)

10 **THE COURT:** Is there any member of the jury panel aware
11 of any bias or prejudice that would interfere with your
12 ability to be a fair and impartial juror if you were
13 selected in this case? If so, would you please stand.

14 (No response)

15 **THE COURT:** ~~The State of South Carolina and Mr. Markham~~
16 in this case, the Respondent, they desire to have fair and
17 impartial jurors to hear this case to determine the facts of
18 the case and to render a verdict that would speak the truth.
19 That's their desire and that's what they deserve.

20 Is there any member of the jury panel, if you've been
21 -- in response to any of the questions I've asked or
22 otherwise, if you are aware of any reason whatsoever that
23 you believe you could not be a fair juror in this case,
24 render a verdict that would speak the truth on the evidence
25 presented and the law that I give you and that alone, if you

1 feel you could not be a fair juror in this case, would you
2 please stand.

3 (No response)

4 THE COURT: Thank you. There is no response. Any
5 other questions from the State?

6 MR. FLORES: Nothing from the State, Your Honor.

7 THE COURT: From the Respondent?

8 MS. WIYGUL: Nothing from Respondent, Your Honor.

9 THE COURT: All right. Let's select a jury.

10 MADAME CLERK: Petitioner goes first.

11 MR. FLORES: Petitioner would strike juror number 5.

12 MADAME CLERK: Petitioner strikes 5.

13 MS. WIYGUL: Respondent strikes 7.

14 MADAME CLERK: Respondent strikes 7.

15 MR. FLORES: Petitioner strikes 10.

16 MADAME CLERK: Petitioner strikes 10.

17 MS. WIYGUL: Respondent strikes 18.

18 MADAME CLERK: Respondent strikes 18.

19 MR. FLORES: Petitioner strikes 14.

20 MADAME CLERK: Petitioner strikes 14.

21 MS. WIYGUL: Respondent strikes 19.

22 MADAME CLERK: Respondent strikes 19.

23 MR. FLORES: Petitioner strikes 1.

24 MADAME CLERK: Petitioner strikes 1.

25 MS. WIYGUL: Respondent strikes 23.

1 THE COURT: We're doing 1 through 20, please.

2 MS. WIYGUL: Respondent strikes 12.

3 MADAME CLERK: Respondent strikes 12. Now I'll read
4 these back to you. Petitioner strikes 1, 5, 10 and 14.

5 MR. FLORES: That's correct.

6 MADAME CLERK: Respondent strikes 7, 12, 18 and 19.

7 MS. WIYGUL: That's correct.

8 THE COURT: All right. Call our jury.

9 MADAME CLERK: As I call your name, if you would please
10 bring your things and come up and have a seat in our jury
11 box. Terry Basinger, Frances Cox, Ann Mann, Michael Doyle,
12 Bobby Lemmons, Warren White, Cindy Tipton, Anne Elidemir,
13 Karl Oswald, David Clark, Raymond Thompson and Sheila
14 Garren.

15 THE COURT: Any matters we need to take care of as far
16 as the selection of the jury in this case, from the State?

17 MR. FLORES: Nothing, Your Honor.

18 THE COURT: From Respondent?

19 MS. WIYGUL: Nothing from Respondent, Your Honor.

20 THE COURT: Thank you very much. Ladies and gentlemen,
21 I'm going to ask you, if you would, to please go back to the
22 jury room at this time. Don't discuss the case in any way.
23 I'll call you back in just a few moments. We'll be ready to
24 start the trial. If you'll go with Mr. Lynch at this time
25 back to your jury room.

1 (Whereupon the jury exited the courtroom at 9:50 am)

2 THE COURT: Ladies and gentlemen who were not selected
3 for the trial of this case, I hope you were not
4 disappointed. We're going to be selecting another jury in
5 just a few moments.

6 I'm going to let you, if you would, please, go back
7 downstairs to the assembly room. There's some matters we
8 need to take care of. I would say in twenty minutes we'll
9 have you back up here, and I'll need to qualify you to pick
10 a jury for the next case. So if you'll just go with Mr.
11 Frazier back downstairs, we'll call you back in twenty
12 minutes or so and need your services again. Thank you.

13 (Whereupon the remaining jurors exited the courtroom)

14 THE COURT: All right. We'll be at ease until -- Judy
15 will be giving us another mix.

16 (Whereupon court was in recess at 9:52 am)

17 (Whereupon court resumed at 10:58 am)

18 THE COURT: You ready to proceed?

19 MR. FLORES: Yes, Your Honor.

20 MS. WIYGUL: Yes, Your Honor.

21 THE COURT: Okay. If our jury's ready, have them come
22 in.

23 (Whereupon the jury entered the courtroom at 10:59 am)

24 THE COURT: All right, ladies and gentlemen. Thank you
25 for being patient with us. As you were back there we were

1 selecting another jury for another case that'll start later.

2 But we're now ready to proceed with this case.

3 Some of you have had an opportunity to serve as a juror
4 before this week or at other times. Some of you have not.
5 Let me just briefly tell you a little bit about the process
6 we'll be having here.

7 The attorneys will be making an opening statement to
8 you in a few moments. They'll give you an overview of what
9 the case is about. Then they'll have witnesses to come and
10 testify. Your job is to evaluate those witnesses, to
11 determine the credibility of those witnesses, to determine
12 the truthfulness of the evidence that's presented.

13 After all the evidence is in, then, of course, I'll
14 instruct you on the law. The case will then be yours to
15 decide. And certainly you should not be discussing it
16 before then.

17 Part of my job in addition to ruling on the law and
18 instructing you on the law is to conduct the trial. And
19 we're going to take periodic breaks as the case develops.

20 If anytime you need to take a break and I haven't
21 called for a break, please get my attention, let one of the
22 bailiffs know. Mr. Lynch to your right, Mr. Frazier in the
23 back or any of the folks here at the desk. Ms. Jones, or
24 Ms. White or Ms. Susan Hudgins is the court reporter
25 directly in front of me. And she'll certainly -- any of

OPENING STATEMENTS - MR. FLORES

15

1 these ladies will certainly help you get my attention.

2 You need to be a good listener, obviously. If you're
3 uncomfortable in any way, need a break, then, please let me
4 know that so we can take that break.

5 The clerk is going to administer an oath to you to
6 swear you in for service on this case. I urge you to listen
7 carefully as this oath is given to you. After the oath is
8 given, then the attorneys will address you in their opening
9 statement. Ms. Jones, you may swear the jury at this time.

10 **MADAME CLERK:** If you'll please rise and raise your
11 right hand. You shall well and truly try case number 2010-
12 CP-23-9806 in the Matter of the Care and Treatment of
13 Quentin Dale Markham and a true verdict rendered according
14 to the law and the evidence so help you God. The correct
15 response is, I will.

16 **THE JURY:** I will.

17 **MADAME CLERK:** Thank you. You may be seated.

18 **THE COURT:** You may make your opening statement, Mr.
19 Flores.

20 **MR. FLORES:** Thank you, Your Honor. May it please the
21 Court.

22 **THE COURT:** Yes, sir.

23 **MR. FLORES:** Good morning, ladies and gentlemen. As I
24 introduced myself earlier, my name is Lloyd Flores. I work
25 in the Office of the Attorney General.

OPENING STATEMENTS - MR. FLORES

16

1 This case is brought pursuant to the Sexually Violent
2 Predator Act. The State believes this case is about the
3 protection of the citizens of this County and of this State.

4 Before I start discussing this case I do wish to at
5 least disclaim that the details of this case, the underlying
6 sexually violent offenses are not very pleasant to hear
7 about. However, we trust in our jury system to listen to
8 the facts, all of the facts concerning these cases and
9 render a verdict that's proper for both the State and Mr.
10 Markham.

11 Now the Sexually Violent Predator Act was passed by our
12 Legislature around the year 1998. So it's been around for
13 about fourteen years.

14 The Legislature had two thoughts in mind when they
15 passed this Act. The first was that there are individuals
16 that live within our State that suffer from mental
17 abnormalities and/or personality disorders that make them
18 more likely to commit acts of sexual violence. The second
19 reason is that these individuals need treatment in a secure
20 facility to protect the public during the treatment process
21 because they are extremely dangerous individuals.

22 The State believes in this case that Mr. Quentin Dale
23 Markham is a sexually violent predator. The statute defines
24 a sexually violent predator as a person -- it has two
25 requirements. First, that the individual has been convicted

OPENING STATEMENTS - MR. FLORES

17

1 of a sexually violent offense. The second requirement is
2 that the individual must suffer from a mental abnormality or
3 personality disorder that makes them more likely to commit
4 acts -- an act of sexual violence if not confined in a
5 facility, a secure facility for long-term control, care and
6 treatment.

7 These two things -- these two things the State must
8 prove beyond a reasonable doubt, that he's been convicted of
9 a sexually violent offense and that he suffers from a mental
10 abnormality or personality disorder that makes him more
11 likely to commit these types of sexually violent offenses.

12 To that end, today, we will present testimony
13 concerning these sexually violent offenses. He has been
14 convicted of four separate sexually violent offenses,
15 including young girls, all under the age of four, four
16 separate victims. You will learn the details about these
17 victims, how they occurred, when they occurred.

18 The Act also requires that we show he has a mental
19 abnormality that would make him more likely to do this.
20 Today you will hear testimony presented from the State
21 through a psychiatrist, Dr. William Mulbry, sitting here on
22 the front row.

23 He will testify that he has diagnosed Mr. Markham with
24 pedophilia. Dr. Mulbry will explain what that condition is.
25 He will also explain how he believes that affects his

OPENING STATEMENTS - MS. WIYGUL

18

1 likelihood to re-offend. There are other things you will
2 hear about concerning Mr. Markham's medical condition, his
3 past history, that all tied together prove Dr. Mulbry's
4 opinion in this matter.

5 You will also hear testimony today from a doctor who's
6 a psychologist who also evaluated Mr. Markham in this case,
7 Dr. Rebecca Jackson. She also diagnoses Mr. Markham as a
8 pedophile. She opines that he is not likely to re-offend.

9 And so that question will be presented to you, the
10 diagnosis, the risks, everything you learn for you to
11 determine amongst yourselves whether you believe beyond a
12 reasonable doubt that he does suffer from a mental
13 abnormality that makes him more likely to commit these acts
14 of sexual violence.

15 I ask that you listen to all the evidence, and the
16 evidence that the State presents, all the evidence that Mr.
17 Markham presents. The State believes that once you've heard
18 everything you will find that Mr. Markham is a sexually
19 violent predator beyond a reasonable doubt. He needs
20 treatment in a controlled environment in the Department of
21 Mental Health. Thank you.

22 **MS. WIYGUL:** This is Dale Markham. And he's dying.
23 He's forty-one years old. He suffers from end-stage renal
24 failure. He was born with one kidney. His other kidney has
25 shut down. He has to have dialysis three times a week.

OPENING STATEMENTS - MS. WIYGUL

19

1 He has congenital heart failure. That condition has
2 exacerbated by the renal failure. They feed off each other.
3 He's dying. And he wants to go home to do it.

4 He pled guilty to four separate counts. That's true.
5 He pled guilty to every single one of them during one guilty
6 plea. On January 11th of 2005 he stood before a judge and
7 he admitted his guilt. And he was sentenced by that judge.
8 And he has been incarcerated ever since. Now he's completed
9 his sentence, and the State doesn't want to let him go home.

10 You're going to hear from a doctor that was hired by
11 the State to evaluate Mr. Markham after he'd been evaluated
12 by a chief psychologist at the Department of Mental Health
13 because the chief psychologist at the Department of Mental
14 Health at the time, Dr. Rebecca Jackson, said that Mr.
15 Markham did not belong in that program. He just didn't
16 belong there. There are people that do belong there and Mr.
17 Markham is not one of them.

18 We ask that you keep that in mind that this isn't a
19 matter of smacking someone on the wrist or fining them.
20 This is someone's liberty we're talking about. This is a
21 trial to determine whether Mr. Markham stays locked up or
22 whether he's permitted to go home.

23 You're going to hear details about his medical
24 condition. The State's going to make sure you hear details
25 about what he pled guilty to. But you need to keep in mind,

OPENING STATEMENTS - MS. WIYGUL

20

1 Mr. Markham's already been punished for what he did. A
2 general sessions judge heard the details of these cases,
3 determined the appropriate sentence and sent him to jail in
4 January of 2005.

5 You're going to hear that while he was at the
6 Department of Corrections Mr. Markham could not participate
7 in sex offender treatment because he had to be housed on a
8 special medical unit in order to receive his dialysis
9 treatments and the other treatments that he requires all the
10 time. You're going to hear that he was rushed to the ICU
11 last week. His family thought that was it then and luckily
12 it was not. They were able to save him.

13 The word pedophile is a scary word. It makes me
14 cringe. It makes most people cringe. It's the boogey man
15 of our modern society. But I ask you not to just be swayed
16 by that just automatic response to that word. I ask you to
17 look at Dale as a human being.

18 I ask you to take into careful consideration the fact
19 that he admitted his guilt and that he's already been
20 punished for it by the State. We're going to ask that you
21 find that Dale Markham is not a sexually violent predator
22 and let him go home to his family.

23 **THE COURT:** Mr. Flores, you may call your first
24 witness.

25 **MR. FLORES:** Thank you, Your Honor. The State would

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

21

1 call Dr. William Mulbry.

2 MADAME CLERK: If you'll please place your left hand on
3 the Bible and raise your right hand, please, sir.

4 Leonard W. Mulbry, JR., M.D.,
5 being duly sworn testified as follows:

6 MADAME CLERK: Please state your name for the record.

7 DR. MULBRY: Leonard William Mulbry, Jr.

8 MADAME CLERK: Thank you. You may be seated.

9 Direct Examination by Mr. Flores:

10 Q. Good morning, Dr. Mulbry.

11 A. Good morning.

12 Q. Could you describe for the jury how you are currently
13 employed?

14 A. I'm employed by the section of forensic psychiatry at
15 the Medical University of South Carolina where I work with
16 others in the sexual behaviors lab.

17 Q. And could you describe what professional degrees you
18 possess?

19 A. I have a master's degree of -- I have a bachelor of
20 science, a master's degree in pharmacology. I'm an M.D. I
21 trained in another field of medicine. So I have a --
22 actually have a degree in orthopaedics and in hand and
23 microsurgery.

24 I retrained. So I have a degree in -- I have a
25 residency in psychiatry. And I have a fellowship in

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

22

1 forensic psychiatry.

2 Q. And you said you were a medical doctor. You currently
3 hold a medical license?

4 A. Yes, sir.

5 Q. Could you briefly describe for the jury what the study
6 of psychiatry is?

7 A. Psychiatry is mental processes. It's differentiated
8 from neurology, which really looks at the structure of the
9 brain as we look at mental illnesses, schizophrenia, mood
10 disorders, bi-polar disorder, depression. We treat a
11 constellation of illnesses that are not well understood.

12 Q. And do you have a specialized training in that field of
13 psychiatry?

14 A. I do. Of course, I have a -- I'm training in general
15 psychiatry and board certified, but I chose to sub-
16 specialize. So I did a one year fellowship in forensic
17 psychiatry, which -- legal psychiatry. And that's a
18 specialty training. And I'm board certified in that also.

19 Q. Could you describe what forensic psychiatry is briefly?

20 A. It turns out that among medical doctors, psychiatrists
21 and the law intersect quite a lot. And they have to do with
22 issues such as whether people are able -- are capable of
23 going to trial with due to a mental illness or whether
24 they're criminally responsible, that is, are they -- were
25 they mentally ill when they committed an offense?

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

23

1 We also look at violence risk assessment. We look at
2 people who are harmed for civil damages. We look at civil
3 commitment for people who are mentally ill who need to be in
4 a hospital. We assist with that. Quite a wide variety of
5 things, but also a lot of it is to try to best assess risk
6 for future violence.

7 Q. You mentioned that you're board certified in general
8 psychiatry and forensic psychiatry. Could you describe what
9 that means?

10 A. The -- each medical specialty has a board. And each
11 board comes up with all these rules about what you have to
12 do to be one of them. And basically it almost always
13 involves a residency or a number of years of training at a
14 medical school.

15 It almost invariably involves a test, written and/or
16 oral. And it almost invariably involves some experience in
17 the field, that is, going through a period of time to
18 demonstrate that you know what you're doing before you take
19 that test.

20 Q. And how long have you been board certified in forensic
21 psychiatry?

22 A. For four years.

23 Q. Have you previously been recognized as and testified as
24 an expert witness in the fields of psychiatry and forensic
25 psychiatry in the courts of law of this State?

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

24

1 A. I have.

2 Q. How much of your practice is currently dedicated to
3 forensic psychiatry?

4 A. A hundred percent.

5 Q. Does your work as a forensic psychiatrist allow you to
6 conduct forensic psychiatric evaluations?

7 A. It does.

8 Q. And approximately how many individuals have you
9 evaluated?

10 A. Three hundred, four hundred. Four hundred.

11 Q. And these are not all sexually violent predator type
12 evaluations?

13 A. No, no. The majority of these would be -- we do a good
14 bit of work for the Department of Mental Health evaluating
15 competency to stand trial, that is, people unfortunately get
16 into the judicial system that have a mental illness. We
17 have to evaluate whether they're capable of going to trial
18 and assisting their attorneys. And that's probably the
19 thing I do the most often.

20 We also do a number of evaluations for whether people
21 were mentally ill at the time of their offense. Again, that
22 would be a lot of what we do.

23 I also work in probate court and doing civil
24 commitments. And that would be probably the majority of
25 what we do. These are less common. They're just not that

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

25

1 many going on.

2 Q. Doctor, Ms. Wiygul has discussed this already in her
3 opening statement, but you are hired by the State to conduct
4 an evaluation in this case, correct?

5 A. I was.

6 Q. Have you ever been hired by someone in Ms. Wiygul's
7 capacity, as a defense counsel?

8 A. To do defense work for sexual offenses, yes, many, many
9 times. Not specifically on an SVP case by the defense.

10 Q. About how many of these sexually violent predator cases
11 have you evaluated?

12 A. About twenty.

13 Q. How many of those did you recommend commitment to a
14 program, to this program?

15 A. About six.

16 Q. Six.

17 A. Five or six.

18 MR. FLORES: Your Honor, at this time we would offer
19 Dr. Mulbry as an expert in the field of forensic psychiatry.

20 THE COURT: Any voir dire or any objection?

21 MS. WIYGUL: No, Your Honor.

22 THE COURT: All right. Without objection this witness
23 may be qualified as an expert in the field of forensic
24 psychiatry. Ladies and gentlemen, an expert witness is a
25 witness who because of training and experience in some

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

26

1 profession or art or skill would be allowed to give an
2 opinion.

3 Most witnesses who testify can't give opinions. They
4 can talk about what they saw, or heard or sensed in some
5 way, but an individual who because of that training or
6 experience is qualified as an expert in the field can give
7 an opinion, can give the basis of that opinion.

8 The fact that a person is qualified as an expert and is
9 able to give an opinion doesn't mean that you have to accept
10 that opinion. That's evidence for you to use in any way you
11 see fit as all other evidence is in a trial. You may
12 proceed, Mr. Flores.

13 MR. FLORES: Thank you, Your Honor.

14 Q. Dr. Mulbry, what type of evaluations did you conduct in
15 this case?

16 A. In this case we did a very structured evaluation we do
17 fairly regularly. They're done in a certain order, in a
18 certain way. They have a certain number of tests. It
19 consists of two half days of evaluations and two half days
20 of testing. The testing, some of it is done on computers.
21 And some of it is what we call physiologic testing.

22 Q. And you do use the word we. What do you -- could you
23 explain ---

24 A. Because ---

25 Q. --- who we are?

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

27

1 A. I'm sorry. The actual testing is done by Dr. Dwyer who
2 runs the lab. The reason for that is that certain of these
3 tests require certain types of degree to do them. In other
4 words, certain tests have to have a person who's qualified
5 to do them.

6 And that requires either a Ph.D or an Ed, a certain
7 kind of a degree with an extensive background in statistics.
8 Without one of those two degrees you're simply not allowed
9 to give the test. So that in this case Dr. Dwyer, who has
10 an Ed, actually does the testing and provides the results.

11 Q. Is it common for experts in your field to rely on test
12 results run by individuals with an Ed or a Ph.D?

13 A. Absolutely.

14 Q. Could you describe for the jury your protocol in
15 rendering -- in rendering an opinion in these types of
16 matters?

17 A. The individual would come in, the first half day he
18 does a computer test. And there's about five of them. They
19 take about half a day. They used to be done on paper. Now
20 they're all done on computers.

21 The second half of that -- the second half of that day
22 I start the interviews. Typically takes about three hours.
23 That's about the limits of most people's attention and
24 they'll start getting tired. And so we do about half of the
25 day of evaluation, about two and a half to three hour

1 interview, typically.

2 They then come back a second day for the physiologic
3 testing, often known as a PPG. When that testing is
4 complete we then complete all of the interview the second
5 half of that day.

6 On the second half of that day we also go over all of
7 the data that we have obtained. In other words, the person
8 is given the results of all of the testing that we've done
9 and we ask what they think about it. Is there a reason why
10 this response or that response was made?

11 And sometimes they'll say, I don't know, I didn't
12 understand the question. They'll come up with a reason why.
13 So we present all of the data that we've learned to them to
14 get their opinion about why that may have come out that way.

15 Q. And once you've performed the interviews, all these
16 tests, what do you do next?

17 A. We then -- prior to seeing the individual we've all
18 reviewed all of the records. The records would consist of
19 -- amongst of all the materials that were used to convict
20 them of the original offense, all discovery. We get all of
21 that.

22 We get most all of the indictments that the court has
23 put forth. We get the -- all of the information about their
24 psychiatric history, about their medical records. We get
25 all of the information from the South Carolina Department of

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

29

1 Corrections, where they've been for the last couple of
2 years.

3 We then range out. If we find some piece of
4 information that we feel like we need, if they were ever in
5 a hospital as a kid, we try to get those records. Anything
6 that is in any way germane to the opinion, we really try to
7 track it down and find it and review it. So we've reviewed
8 all of that material before we even talk to the person.

9 We then talk to -- two days, basically two days of
10 evaluation. We then sit down and write a report that looks
11 -- it is an amalgam of all of the information that we've got
12 from the records and all that we've learned during our two
13 days of evaluating the individual.

14 Q. Doctor, Ms. Wiygul alluded to this during her opening
15 statement, but how were you approached to conduct an
16 evaluation in this case?

17 A. We were approached by the Attorney General's Office.
18 They asked us. And we've done this a number of times. When
19 there are recommendations that someone not go into the
20 program, we are asked to take a look at that, the records
21 and/or do a full evaluation, to get basically a second
22 opinion. And we give a second opinion.

23 Sometimes we just do it based on the records.
24 Sometimes we feel that there's enough concern or we feel
25 that we need more information. We bring them down for the

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

30

1 two days of evaluation.

2 Q. Do you know if the Attorney General asks you to look at
3 these in every case that's denied by the court appointed
4 evaluator?

5 A. It's my understanding that they don't, but I don't
6 know.

7 Q. Doctor, how were you paid to conduct your evaluation in
8 this case?

9 A. I am an hourly employee of the Medical University of
10 South Carolina.

11 Q. And how much do you make as a result ---

12 A. Seven hundred -- seven hundred and twenty dollars a
13 day.

14 Q. Which is roughly how much per hour?

15 A. Ninety dollars an hour.

16 Q. Ninety dollars. Doctor, as far as that evaluation that
17 you were -- that we've been discussing did you actually --
18 you did meet with Mr. Markham?

19 A. I did.

20 Q. And would you identify him for the jury?

21 A. Mr. Markham is sitting over ...

22 (Whereupon the witness pointed to the Respondent)

23 MR. FLORES: We would ask that the record reflect that
24 Dr. Mulbry did identify Mr. Markham.

25 THE COURT: So reflected.

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

31

1 MR. FLORES: Thank you, Your Honor.

2 Q. Now in discussing your protocol you've mentioned that
3 you sat down with Mr. Markham on two separate occasions for
4 approximately five hours, but you also stated that you
5 relied on documents for information. How did you obtain
6 that information?

7 A. The -- most of it is the material that is forwarded on
8 from the Attorney General's Office, who, as I understand,
9 obtains from a variety of sources. But basically they try
10 to provide us with every piece of information that was
11 provided to the DMH examiner who made the recommendation
12 that Mr. Markham not go in the program.

13 The key is that we try to start with a level playing
14 field. We try to have the same information that that
15 examiner had. Sometimes there's pieces -- bits and pieces
16 missing. If we find there's a missing piece, we ask for it
17 to be obtained. And it's collected into a chart.

18 Q. This information, these legal documents, is this the
19 type of information that's typically and reasonably relied
20 upon by other experts in your field?

21 A. It is.

22 Q. At the time of your interview was there anything you
23 could not obtain?

24 A. No, I don't think so. I think we had pretty much
25 everything we asked for.

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

32

1 Q. And you considered and relied upon all this information
2 that you just listed and also upon your interview with Mr.
3 Markham in rendering your opinion in this matter, is that
4 correct?

5 A. Yes, sir.

6 Q. Doctor, can you explain to the jury how an individual's
7 past sexual offense behavior relates to his future sexual
8 offense behavior?

9 A. All future -- predictions of future behavior are based
10 on -- we use a certain actuarial and certain structured
11 evaluations to try to determine this. But the basic rule
12 starts with the best predictor of future behavior is past
13 behavior. So that's kind of the starting point. How you've
14 been is the best predictor of what's -- how you're going to
15 be in the future.

16 So that we start with that sort of as a premise. And
17 then we do statistic -- there are a number of what we call
18 -- psychologists call them instruments, but they're
19 psychological tests, forms that you can fill out,
20 demographic data that you can look at. And these provide
21 information about whether or not somebody is likely to be at
22 risk in the future.

23 There is a whole research field that has to do with
24 this that looks at the risk of recidivism because obviously
25 being able to have some sense of it is very, very important

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

33

1 for how you treat people in the future. Much of this comes
2 from places that determine sentences based on what this
3 information shows. And it helps guide us into determining
4 the type of treatment, the length of treatment and the risk
5 of recidivism guides us in that respect. The risk, I'm
6 sorry, the risk of re-offending, recidivism being the risk
7 of re-offending.

8 Q. Now would a person's past criminal history, would that
9 ever be a sole basis for you to offer opinion in a matter
10 like this?

11 A. No. You'd like to have a great deal more information
12 than that.

13 Q. And you did not rely solely upon Mr. Markham's criminal
14 history?

15 A. No.

16 Q. Doctor, what had Mr. Markham been convicted at the time
17 of his -- of your evaluation?

18 A. Mr. Markham had been convicted of four acts -- four
19 counts of lewd acts on a minor.

20 Q. And to your knowledge is committing a lewd act or a
21 lewd act on a minor, is that a sexually violent offense?

22 A. As described by South Carolina statute of law it is
23 defined as a sexually violent offense.

24 MR. FLORES: Your Honor, may I approach the witness?

25 THE COURT: You may do so.

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

34

1 MR. FLORES: Thank you, Your Honor.

2 Q. Dr. Mulbry, I'm going to hand you what's been marked as
3 Plaintiff's exhibit 1. Would you please review these sets
4 of documents.

5 (Pause)

6 Q. Dr. Mulbry, have you seen these documents before?

7 A. I've seen copies of them.

8 Q. And what are -- what is this set of documents?

9 A. This is -- this is an indictment from the court -- it
10 starts with an indictment from the court of general
11 sessions, October term, 2004, in the State versus Quentin
12 Dale Markham. It has a copy -- an affidavit, which
13 describes the offenses, what's behind the indictment. And
14 it also has the sentencing sheet from the court of general
15 sessions. This is the sentencing sheet.

16 Q. Now according to -- and how do you know that these are,
17 in fact, the sheets that they portray themselves to be?

18 A. I've got a -- this sticker. Oh, and I'm sorry, and a
19 raised seal -- it's got a raised seal and it's signed by the
20 Clerk of Court as a true copy. As a certified copy, I'm
21 sorry.

22 Q. Could you, looking at those documents, tell when this
23 particular offense took place?

24 A. Between January 1998 and the 31st day of December 1998,
25 during the year 1998.

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

35

1 Q. Based upon your review of the legal documents in this
2 case, based upon your evaluation of Mr. Markham and
3 everything else you relied upon, do you know what happened
4 concerning this offense?

5 A. This offense involved multiple acts of fondling the
6 genitalia and performing oral sex on a little girl, who, I
7 believe, was about four years old at the time.

8 Q. Okay. Do you know where these acts took place?

9 A. I believe in Mr. Markham's home.

10 Q. And they're multiple acts?

11 A. By his account, three to four.

12 MR.. FLORES: Your Honor, we would move Plaintiff's
13 exhibit 1 into evidence at this time.

14 THE COURT: Any objection?

15 MS. WIYGUL: Without objection.

16 THE COURT: Without objection, exhibit 1 is admitted
17 into evidence. It may be published.

18 Q. Now you obtained those facts underlying that opinion
19 through law enforcement records, through your evaluation of
20 Mr. Markham. Is that what's typically done by experts in
21 your field?

22 A. It is.

23 Q. Following this incident based on what you've reviewed
24 to render your opinion in this matter was Mr. Markham
25 arrested for this particular offense?

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

36

1 A. He was. He was -- it was discovered. He was charged
2 and, I believe, bonded out to the community.

3 Q. Are you aware of any statements he may have gave -- may
4 have given at the time to law enforcement concerning these
5 acts?

6 A. At the time when he was questioned he made a statement
7 that he was attracted to children.

8 Q. Do you -- are you aware of when Mr. Markham was bonded
9 out of jail, released on bail?

10 A. Not precisely.

11 Q. Would that information be in your report, perhaps?

12 A. I think -- my memory is it was shortly thereafter, but
13 I don't remember the precise date.

14 Q. But you are -- you are certain and you can confirm this
15 with Mr. Markham that he was indeed bonded ---

16 A. Yes.

17 Q. --- or bailed out of jail?

18 A. Yes. He was bonded out, yes.

19 MR. FLORES: I'm going to approach -- if I may, Your
20 Honor, if I could approach the witness.

21 THE COURT: Yes, sir.

22 Q. I'm going to hand you a series of documents labeled
23 Plaintiff's exhibits 2, 3 and 4. If you would just review
24 that information, please.

25 (Pause)

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

37

1 Q. Doctor, have you seen these documents before?

2 A. I have seen copies of them that were included in his
3 discovery material.

4 Q. And after reviewing them how do you know that they are
5 what they portray to be?

6 A. Again, these are certified as -- certified copies by
7 the Greenville County Clerk of Court.

8 Q. And what do the exhibits consist of?

9 A. Again, each one of these, each one has -- the cover
10 sheet is the indictment with an affidavit about the nature
11 of the charge, lewd act on a minor. Each one for a
12 different child. Then also included are the sentencing
13 sheets for the conviction for each child. And last is the
14 arrest warrants that are the -- this states the offense
15 against each one of the three little girls.

16 Q. Where did these offenses take place according to the
17 indictments?

18 A. These took place, they were 2002, 2003.

19 Q. So this was after the period Mr. Markham bonded out of
20 jail?

21 A. That's correct.

22 Q. Could you describe for the jury each of these
23 individual offenses, who the victims were and what took
24 place?

25 A. Again, using data from my interviews with him and the

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

38

1 reports and the report from Dr. Jackson, one of the little
2 girls was another act of fondling, touching genitalia and
3 oral sex. She -- the little girl reported some digital
4 penetration, which has never been well documented and Mr.
5 Markham has consistently denied it. The second two children
6 were most -- were just fondling, fondling genitalia.

7 Q. Do you know where the acts took place?

8 A. I think they all -- all described as being in his home.

9 MR. FLORES: Your Honor, at this time we would offer --
10 we would move Plaintiff's exhibit 2, 3 and 4 into evidence.

11 MS. WIYGUL: Without objection.

12 THE COURT: Without objection, exhibits 2, 3 and 4 are
13 admitted into evidence and may be published.

14 Q. Now you've discussed already, doctor, that it's
15 important to understand past criminal history of an
16 individual when performing these evaluations. What was
17 significant to you in this case about Mr. Markham's past
18 criminal history?

19 A. When we -- when we look at the risk of recurrence, of
20 recidivism, one of the things, the number one thing that we
21 know it correlates with is what is called sexual deviancy.
22 And that's been shown in huge actuarial studies where
23 they've looked at hundreds, if not thousands of people who
24 have offended. And they've looked at what correlates with
25 people who re-offend.

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

39

1 And very consistently the things that come up as
2 correlating with re-offense so that you can look at them and
3 say this person is at higher risk is, in fact, the number
4 one is what is called sexual deviancy, that is, responding
5 to unusual or abnormal sexual stimuli. Pedophilia, that is
6 an attraction to children, would be one of those abnormal
7 attractions.

8 Q. Was it significant to your opinion that Mr. Markham was
9 out on bond when he committed further sexually violent
10 offenses?

11 A. Very much so. The -- significantly Mr. Markham had
12 been charged with the first charge with the charges in 1998,
13 was out on bond awaiting sentencing and re-offended not -- a
14 number of times, many times, which is sort of -- which is a
15 bit unusual, actually. You would think that once caught,
16 once under scrutiny, once being observed and watched one
17 would really try to conform one's behaviors.

18 The fact that he was unable to do so, I stress that,
19 unable to do so because of this desire, this inability to
20 resist these urges is significant. It implies that the
21 urges are very powerful and that they were more than even, I
22 mean, you're out on bond for the first charge and you re-
23 offend. It's significant that he -- that those urges were
24 so strong as that they overwhelmed that sense of scrutiny.

25 Q. Now, doctor, you discussed as part of evaluation

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

40

1 process that you or others in your laboratory or section
2 performed a number of assessments.

3 A. Yes, sir.

4 Q. What types of assessments did you perform in this -- or
5 have performed with this?

6 A. Again, these are protocol that everybody does. And the
7 first is called a Conners' Continuous Performance Test. And
8 it's actually a pretty common test that we do on all kinds
9 of people looking for attention deficit issues.

10 And the reason that we do it is we're looking for
11 impulsiveness. It sometimes picks up impulsiveness. And if
12 you've got kids with ADHD they may have done a Conners'.
13 It's a computer test where there's an "x" pops up and you
14 tap a key. It's a pretty commonly done thing. And so the
15 first test we do is that Conners' Test. And we're looking
16 for a tendency for impulsiveness.

17 Q. Let me ask you this, doctor, before you go on. Did you
18 learn anything about Mr. Markham and impulsiveness as a
19 result of that test?

20 A. He was actually inconclusive. He ranked right -- what
21 it does is it takes the data from a whole bunch of people
22 who clearly have impulsive problems and it takes a whole
23 bunch of data from people that clearly don't. And his
24 responses fall right in the dead -- sat in the middle
25 between those two populations.

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

41

1 So he doesn't fall neatly into the people who clearly
2 have the problem, doesn't fall neatly into the group who
3 doesn't. He's kind of midway in between. So we would call
4 it inconclusive. We didn't draw any conclusions
5 particularly from it.

6 Q. What's the next test you did?

7 A. The next test would be what's called the SASSI. It's a
8 Substance Abuse Subtle Screening Inventory. And again, this
9 is a test that asks a whole series of questions.

10 And what they've done is taken a whole bunch of people
11 that clearly have trouble with drugs and alcohol. And they
12 take a whole bunch of people who clearly don't have any
13 trouble with drugs and alcohol and they look at their
14 responses to a series of questions. And then you take this
15 -- any given individual and give them the same test, you ask
16 them the same questions and you look at which population of
17 people they are most like.

18 In Mr. Markham's case, he has a high probability of
19 trouble with alcohol or drugs. He falls into the category
20 of people who -- his responses are most similar to people
21 who have significant problems with alcohol or drugs.

22 Q. Based on your review of the records in this case and
23 the history, and the legal documents are you aware of any
24 alcohol issues in the past?

25 A. Indeed Mr. Markham had had significant problems in the

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

42

1 distant past. He was drinking very heavily during the
2 period of time that -- in question, admits to having
3 significant alcohol problems and, in fact, at the time of
4 the second set of charges checked himself in to be
5 detoxified at a facility prior to his incarceration.

6 Q. Doctor, Mr. Markham's use of alcohol, does that affect
7 his ability to commit these offenses ---

8 A. There's no question that alcohol lowers your
9 inhibitions. It lowers your ability to think out the
10 consequences of what you do. It, however, does not change
11 your sexual interests. It does not shift what kind of
12 things you're attracted to.

13 Now, again, it does, it lowers that wall that keeps you
14 from acting on them, but it doesn't change them and it
15 doesn't make, in this case, children any more desirable
16 because of drinking.

17 Q. Doctor, what's the next assessment you would have
18 performed or you did perform in this case?

19 A. The next one would be what's called the Personality
20 Assessment Inventory. It's basically a personality test.
21 It's a fairly wide ranging test that looks at personality
22 characteristics, traits and weaknesses, tries to get a sense
23 of what kind of coping mechanisms that you use, what your
24 personality is like.

25 Q. What was it you learned about Mr. Markham in this

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

43

1 particular assessment?

2 A. Mr. Markham has a personality that's -- that could be
3 safely characterized as having significant anxiety. He --
4 it's so much so that it interferes with concentration and
5 ability to relax.

6 He's one of those very anxious people who has trouble
7 sleeping at night and he gets tired easily because of
8 anxiety. He has a fair amount of distress in his life. He
9 -- it also indicates that when he deals with this stress he
10 can use some fairly unhealthy coping mechanisms to do so.

11 He -- the test specifically noted that, quote, in
12 social settings he is submissive, passive, withdrawn and
13 resistant to taking the first step and lacks confidence.
14 And he describes some poor anger control. These are -- I'm
15 quoting directly from the personality test that was done.

16 Q. Now the Conners', as you described, the substance
17 abuse, SASSI Test, the Personality Assessment Inventory,
18 these were all part of your protocol -- it helped shape your
19 opinion in this matter, is that correct?

20 A. That's -- yes, sir.

21 Q. And is that type -- are these types of assessments,
22 these three assessments is the type that are used by other
23 evaluators in your field?

24 A. They are. Yes, sir. Our protocol, in fact, is modeled
25 specifically on the one from Johns Hopkins. I'm sorry, I

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

44

1 should have mentioned that. That -- Dr. Dwyer went to Johns
2 Hopkins and then has been up to Canada. And so we have
3 specifically modeled our protocol on the one that was
4 developed at Johns Hopkins.

5 Q. Doctor, what other assessments did you use in this
6 case?

7 A. The next one was -- is called an Abel. An Abel -- It's
8 called the Abel Assessment of Sexual Interests. And it's
9 basically a computer evaluation. And it falls into two
10 broad categories. One is is what's called a self-
11 assessment. And they ask you what your interests are, just
12 flat out, do you like looking at -- do you like -- are you
13 interested in women, or in men, or in kids or anything else.
14 It assesses what you actually tell them.

15 You then look at sets of pictures. And they do a set
16 called a visual reaction time. And the details of it are
17 proprietary, but by Dr. Abel. But basically it is a measure
18 of comparative -- what you like to look at in effect. And
19 it appears to be based on the fact that people like to look
20 at what they're interested in.

21 And so the Abel Assessment looks at that on a
22 statistical basis. It's done on a computer. You're asked
23 to rate what you think, the attractiveness or
24 unattractiveness of the image that you're looking at. You
25 look at a long series of photographs and you rate the

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

45

1 attractiveness of that person. And the computer keeps track
2 of what you're looking at and how long you look at it.

3 Q. What did this assessment tell you about Mr. Markham?

4 A. This assessment showed that Mr. Markham has interest
5 both in adult women and in children. It showed significant
6 interest, clinically significant interest both in adolescent
7 girls and in girls under the age of five.

8 Q. Dr. Mulbry, what other assessments did you perform?

9 A. The other test would be what's called a PPG, which is a
10 Penile Plethysmograph. And basically it is -- they would
11 put little electrodes to look at skin -- sweating, skin
12 conductivity, would look at heart rate, look at breathing.
13 Sort of like you might in a polygraph, almost.

14 But there's one additional device. And that is they
15 measure penile width or penile response. And they then --
16 you listen to a series of auditory scenarios. And then you
17 watch a series of video scenarios. And these -- both of
18 these, both auditory and visual present a whole series of
19 different types of situations.

20 Some of them are consensual sexual activity between a
21 husband and a wife. And some of them are non-consensual
22 activity between a man and woman. Some are consensual
23 activity between men. Some are sensual -- consensual
24 activity among men and adolescents. Some are non-consensual
25 activities between adults and children. Some involve non-

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

46

1 consensual or forceful sexual activity.

2 And all of these scenarios are presented, you look at
3 the person's response to those scenarios, and from it you
4 can derive a -- an estimate or a sense of what their sexual
5 interests are.

6 Q. Now when you performed this test or this assessment on
7 Mr. Markham what did the results tell you?

8 A. We didn't get much response consistent with Mr.
9 Markham's -- well, for whatever reason, probably consistent
10 with his illness, we did not -- Mr. Markham did not respond
11 sexually, did not achieve an erection to any of the data
12 that he was shown at all.

13 Q. And I believe from your list earlier you had one more
14 assessment that you did perform.

15 A. And that would be the Static.

16 Q. The Static.

17 A. We also did a Static-99. A Static-99 is a well
18 researched instrument or test, psychological test that looks
19 at the person's history, their history, and looks for ten
20 features. And you take those ten statistical features and
21 you put -- you do a statistical analysis. And from it you
22 derive a risk of re-offense based on those historical
23 factors.

24 Q. And what did this assessment tell you about Mr.
25 Markham?

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

47

1 A. It showed his risk of recidivism to be relatively low.
2 I think his score was a 1. That's about as low as it gets,
3 actually. So based on that instrument alone, that review of
4 his historical data, his risk would be relatively -- would
5 be quite low.

6 Q. Does the Static require you to accept that score or
7 does it require you to look at that score or the subject?

8 A. The Static, when you read the -- when you look at the
9 Static the Static alone and the people that designed it say
10 this, has what's called moderate predictability. In other
11 words, how good -- how good -- how good it is at predicting
12 what's going to happen.

13 Well, even the people who designed it say that it's
14 moderate alone. And they specifically say it cannot be used
15 alone and should not be used alone because all it does is
16 look at historical factors. It looks at how many violent
17 offenses you've had, how many times you've been convicted,
18 how old you are.

19 It takes a look at your victims. Are they -- were they
20 family members? Were they strangers? Were there any boys
21 who were offended against? It looks at a number of
22 historical factors that have predictive ability for the
23 future.

24 However, the people who designed it specifically say
25 that alone its ability to predict is only moderate. They

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

48

1 specifically note that it does not evaluate what they call
2 criminogenic needs. And the test does not look at those
3 acute factors and that that is one of the reasons that it
4 cannot be used alone.

5 Q. What is a criminogenic factor?

6 A. A criminogenic factor is an acute need. In other
7 words, it's something that doesn't just necessarily show up
8 in the statistics in your past. If there's anything that
9 would make you, -- that is ongoing today, now, at this time,
10 it makes your risk higher. That Static-99 is not going to
11 pick that up. All it's doing is looking at what you've done
12 in the past. The -- it does not assess ongoing issues today
13 in the here and now.

14 Q. The Static, the Penile Plethysmograph and the Abel
15 Assessment, they were all part of what you relied upon in
16 rendering your opinion in this matter?

17 A. Yes, sir.

18 Q. Do other experts in your field reasonably rely upon
19 these instruments in arriving to an opinion in these
20 matters?

21 A. Yes.

22 Q. Doctor, you've stated that yours is the, quote, second
23 opinion. Did you rely upon Dr. Jackson's evaluation of Mr.
24 Markham in reaching your conclusion in this case?

25 A. I certainly read it carefully.

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

49

1 Q. Why would you do such -- why would you do so?

2 A. Well, because most importantly if there's something I
3 don't know that she knows that makes his risk lower, you'd
4 want to know that. So I could say his risk was low. I
5 mean, you wouldn't want to miss something.

6 Also, if I disagree, then I have to be able to state
7 pretty clearly why I disagree, and I have to be able to
8 defend it. And so looking at how she came to that
9 conclusion is key to disagreeing if you're going to
10 disagree.

11 Q. We'll come back to her report in a few moments. I want
12 to ask you, doctor, what are risk factors?

13 A. Risk factors are features, characteristics, traits,
14 historical data, anything that you can study that gives you
15 information about what might happen down the road. So age
16 is a risk factor.

17 Like it or -- sex is a risk factor. The very fact that
18 you're a male is a risk factor for re-offending sexually.
19 Your age is a risk factor. How many times you've offended
20 in the past is a risk factor. Your ongoing -- and those
21 would be historical risk factors. Your desires, your --
22 what attracts you. What your day-to-day needs are are what
23 are called acute factors. They're ongoing at this time.

24 Q. Based on your evaluation and information do you -- did
25 you find that Mr. Markham had any significant risk factors?

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

50

1 A. He does. And it's based primarily again on something I
2 mentioned earlier, which was a giant meta-analysis -- a
3 giant study where they take all the other studies and they
4 put them together and they try to come up with what features
5 most -- make someone most likely to re-offend. What risk
6 factor matters the most in determining whether somebody is
7 likely to re-offend again.

8 Q. And what type of risk factors ---

9 A. And the risk factor -- it's Hanson's Study. And Hanson
10 showed that the most significant risk factor -- actually,
11 there are two. One is anti-social behavior. But the other
12 significant risk factor was deviant -- deviant arousal.
13 That is when you -- the more abnormal the stimulus, the
14 object of your desire, the more likely you are to
15 recidivate, to re-offend.

16 Q. And, doctor, was this risk factor or these studies,
17 were they part of the basis for your opinion in this matter?

18 A. Very much so.

19 Q. And they would be typically reasonably relied upon by
20 other experts in your field?

21 A. Yes.

22 Q. Doctor, we discussed or Ms. Wiygul discussed in opening
23 statements Mr. Markham's medical history. We know you're a
24 medical doctor. Could you describe for the jury his current
25 state, his current medical condition?

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

51

1 A. I'm going by his SCDC records. But he, Mr. Markham has
2 renal failure. His kidneys don't work at all or so -- or so
3 little that are not functional. And Mr. Markham, like so
4 many others with renal failure, requires three times a week
5 dialysis. Three times a week he has to go to a dialysis
6 unit.

7 You usually have to sit there, I would imagine, about
8 three or four hours and be dialyzed. And that's -- short of
9 getting a kidney transplant, that won't change. He'll be
10 that way for the rest of his life. And that is the case.

11 Q. I believe Ms. Wiygul also mentioned congestive heart
12 failure.

13 A. One of the problems that you have with kidney failure
14 is controlling the amount of fluid in your body because
15 that's your kidneys' job. You're counting on this machine
16 that you do three times a week to keep -- to do that for
17 you. So the problem is that if at any point along the way
18 you get fluid overloaded, you go into what's called
19 congestive heart. It is -- it's dangerous. I mean, it's a
20 significant medical issue. There's no question. And people
21 with renal failure are very prone to it. And it's -- it is
22 a significant medical complication.

23 Q. We'll come back to the medical condition in just a few
24 moments. Was there any other information upon which you
25 relied rendering your opinion in this matter?

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

52

1 A. All of the historical data that came through the
2 records, my interviews, the testing, those would be the
3 three broad categories. It would be all of the written
4 information that we received from everybody, the interviews
5 that we did and the testing that we did.

6 Q. Doctor, based on your examination of Mr. Markham,
7 reviewing these records, the assessments you've conducted,
8 all these risk factors that we've discussed and medical
9 condition, did you render an opinion to a reasonable degree
10 of medical certainty as to whether Mr. Markham has a mental
11 abnormality or a personality disorder?

12 A. I did.

13 Q. And what was that opinion?

14 A. That he -- that Mr. Markham has the medical diagnosis,
15 pedophilia, attracted to females, non-exclusive type.

16 Q. Could you describe for the jury what that means?

17 A. Pedophilia is a sexual attraction to prepubescent
18 children. It's -- the reason it has its own diagnosis is
19 that for the most part the normal human sexual response is
20 to be attracted to folks of the appropriate gender who have
21 developed secondary sexual characteristics, whatever those
22 are.

23 In other words, they -- that's what we consider
24 attractive. And all you have to do is look at things, movie
25 stars and magazines and you get a pretty good sense of what

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

53

1 people find -- most people find attractive.

2 Unfortunately, some people it goes -- it goes awry for
3 some reason and they become attracted to children who have
4 not yet undergone puberty. It is -- it is listed under the
5 broad category of pedophilias along with a number of other
6 diagnoses, exhibitionism, and a number of others. But it's
7 considered a deviant sexual arousal.

8 In Mr. Markham's case even a bit more so even because
9 the children tended to be under the age of five. It's
10 pretty -- it's getting -- it's pretty young. There were a
11 few that were older. I think some of the later victims were
12 a bit older. But it's -- that in and of itself is a pretty
13 significant deviancy. And it meets the criteria of
14 pedophilia.

15 Then the word attracted to females is based on the fact
16 that he's shown no interest at all in males. He's only
17 attracted to females.

18 The modifier of non-exclusive indicates he's also
19 attracted to adult women. He has some attraction to adult
20 women. He's carried on two long-term -- many long-term
21 relationships with women, had many sexual relationships with
22 them.

23 His Abel exam shows that he's attracted to adult women.
24 And so he's non-exclusive. There are pedophiles who are
25 only attracted to kids. Most are actually attracted to both

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

54

1 kids and adults.

2 Q. Is this condition considered a life-long condition?

3 A. It is.

4 Q. And you said it was listed in a -- listed -- do you
5 recognize this book?

6 A. I do.

7 Q. And what is this book?

8 A. This is the Diagnostic and Statistical Manual. It is a
9 description of all of the psychiatric diagnoses that we
10 make. And every diagnosis we make should fit the criteria
11 found in that book.

12 Q. And so you relied upon this?

13 A. I did.

14 Q. Doctor, at this time do you have an opinion to a

15 reasonable degree of medical certainty as to whether Mr.

16 Markham's pedophilia affects his emotional or volitional

17 capacity so that he is predisposed to commit future sexually
18 violent offenses?

19 A. I do.

20 Q. And what is that opinion?

21 A. That his pedophilia causes him to be -- to have a
22 propensity to re-offend.

23 Q. Can you explain why you believe Mr. Markham's
24 pedophilia affects his emotional or volitional capacity?

25 A. One, the data shows that it does. Hanson's data is

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

55

1 pretty clear that the fact that, again, the deviant sexual
2 arousal causes re-offense.

3 I'm also struck by the fact that even on bond, being
4 charged with offending against a five year old that his
5 urges were so strong and powerful that he re-offended
6 multiple times, actually. Those two things suggest to me
7 that these urges are very powerful and that he -- the
8 arousal pattern, the stimuli, that when -- is very attracted
9 to and very hard for him to control.

10 Q. Doctor, do you have an opinion to a reasonable degree
11 of medical certainty as to whether Mr. Markham has the
12 propensity to be dangerous and to commit future sexually
13 violent offenses?

14 A. I do.

15 Q. And what is that opinion?

16 A. That Mr. Markham does have a propensity to commit
17 future sexually violent offenses.

18 Q. Doctor, do you have an opinion to a reasonable degree
19 of medical certainty as to whether Mr. Markham's propensity
20 to commit future sexually violent offenses is of such a
21 degree that it poses a menace to the health and safety of
22 others?

23 A. I do.

24 Q. And what is that opinion?

25 A. That he does have such a propensity that he poses a

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

56

1 risk to others.

2 Q. Can you explain why you believe that to be -- why he --
3 his condition, circumstances, why he poses a menace to the
4 health and safety of others?

5 A. Three main points, two of which I'll just mention
6 again, the deviant sexual arousal and the risks
7 statistically. Number two, the evidence that this is
8 powerful, the fact that he was out on bond and re-offended
9 even on bond under legal sanctions.

10 And number three, though his medical conditions
11 interfere with his capacity to have erections, if in all of
12 his offenses, in every single one, there is no evidence
13 whatsoever that erectile function played any kind of role.
14 These all involve fondling and oral sex.

15 And though Mr. Markham -- there's clear evidence that
16 Mr. Markham does have erectile dysfunction as a function of
17 his illness, it doesn't provide him any protection. It
18 doesn't -- it did, but it doesn't provide any protection
19 against re-offending based on the type of offenses that he's
20 drawn to.

21 Q. Doctor, do you have an opinion to a reasonable degree
22 of medical certainty as to whether Mr. Markham has serious
23 difficulty in controlling his behavior and his propensities
24 to be dangerous?

25 A. I do.

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

57

1 Q. And what is that opinion?

2 A. That he has difficulty controlling his behaviors.

3 Q. Upon what do you base that opinion?

4 A. Again, the history, his history. There's not -- no
5 question that he's attracted to children. There's not any
6 question that it's happened before. There's evidence that
7 he -- that legal sanctions don't preclude further offenses.
8 And though ill, no question, nothing about his illnesses
9 that will preclude him from re-offending in exactly the same
10 way that he's re-offended in the past.

11 Q. Doctor, do you have an opinion to a reasonable degree
12 of medical certainty whether Mr. Markham's pedophilia makes
13 him likely to engage in acts of sexual violence if he is not
14 confined in a secure facility for long-term control, care
15 and treatment?

16 A. He is likely to do so based upon his past history, by
17 doing so, and again the sexual arousal, failure on bond,
18 those ---

19 Q. And that is -- that opinion is to a reasonable degree
20 of medical certainty?

21 A. It is.

22 Q. Doctor, do you have an opinion to a reasonable degree
23 of medical certainty as to whether Mr. Markham meets the
24 legal criteria to be found to be a sexually violent predator
25 at this time?

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

58.

1 A. I believe that he does meet that criteria.

2 Q. Now, doctor, Mr. Markham's sentence included a term of
3 probation, five years probation.

4 A. It did.

5 Q. Did you consider that in coming to your ultimate
6 conclusion in this case?

7 A. I did weigh that. And almost automatically probation
8 comes with treatment, out-patient treatment. And the reason
9 -- what weighed against it was the offense on bond.

10 In other words, you'd like to think that on probation
11 that you could simply just go out and get treatment as an
12 out-patient and that the public would be safe, but if you
13 look at what's happened in the past, it didn't work that
14 way. He was out on bond, re-offended multiple times on
15 bond. It suggests that legal sanctions are not enough to
16 control behaviors.

17 Q. Doctor, I'd like to come back now to Dr. Jackson's
18 evaluation since you used that as one of the pieces in
19 rendering your opinion in this matter. Does Dr. Jackson
20 diagnose Mr. Markham with any mental illness or personality
21 disorder?

22 A. The same diagnosis as I gave, pedophilia, attracted to
23 females, non-exclusive type. And we both actually diagnosed
24 alcohol dependence in a controlled environment based on his
25 history of having had trouble with alcohol in the past.

LEONARD W. MULBRY, JR., M.D. - DIRECT EXAMINATION BY MR. FLORES

59

1 Q. What was her ultimate opinion in this matter?

2 A. Her ultimate opinion was that based on his low score on
3 the Static-99, looking at the historical factors, that he
4 matched a population of people that was at low risk for re-
5 offense. She also felt that his medical condition would
6 serve as protection against further offenses. And based on
7 those two factors she felt that he was not a candidate for
8 the SVP program.

9 Q. What led you to a different conclusion?

10 A. The -- what led me was, one, I don't rely entirely on
11 the Static-99. You have to -- I think you have to look at
12 these acute factors, these acute risk factors. And so I
13 included those.

14 Number -- and second of all, I really don't think that
15 his medical condition provides any assurance that he won't
16 re-offend. It does not preclude the type of offenses that
17 he has committed in the past. If he had committed other
18 types of sexual offenses, that might be true. But in these
19 types of sexual offenses, there's nothing about his medical
20 condition that will prevent those from happening again.

21 Q. Doctor, just to review again. You are a medical doctor
22 licensed within this State?

23 A. Yes.

24 Q. And your opinion to a reasonable degree of medical
25 certainty is that he fits the legal criteria to be found to

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

60

1 be a sexually violent predator at this time?

2 A. Yes, sir.

3 MR. FLORES: Beg the Court's indulgence.

4 THE COURT: Yes, sir.

5 (Pause)

6 MR. FLORES: Your Honor, I have no further questions at
7 this time.

8 THE COURT: Ms. Wiygul, you may cross examine the
9 witness.

10 Cross Examination by Ms. Wiygul:

11 Q. Dr. Mulbry, other than these offenses what was -- what
12 else has Mr. Markham been convicted of?

13 A. Driving.

14 Q. Would you agree that it's driving under suspension and
15 open container?

16 A. Yes, ma'am.

17 Q. So Mr. Markham had never been to jail before January of
18 2005, had he?

19 A. That's not -- as far as I know, that's correct.

20 Q. All right. When Mr. Markham committed these offenses
21 he was not on dialysis yet, was he?

22 A. That's correct.

23 Q. I'm going to ask you to look at these exhibits that the
24 State's entered, specifically the page that looks like this,
25 which is a sentencing sheet.

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

61

- 1 A. Yes, ma'am.
- 2 Q. Going back to the dates of these offenses and through
3 your review of the records would you agree that the first
4 offense occurred in 1998?
- 5 A. Yes, ma'am.
- 6 Q. And that offense was reported in 2002, correct?
- 7 A. 2001?
- 8 Q. 2001 -- end of 2001, beginning of 2002?
- 9 A. Yeah, I'm going by memory, but I believe it's 2001.
- 10 Q. And Mr. Markham was drinking during that offense, ---
- 11 A. Yes.
- 12 Q. --- correct? He was ---
- 13 A. Yes.
- 14 Q. --- in no way sober?
- 15 A. He was, by his history, drinking very heavily, yes.
- 16 Q. Okay. And then the next three offenses, the offenses
17 that caused you such concern, that occurred while he was out
18 on bond, they took place in May, July, August of 2003, isn't
19 that correct? You can look on the sentencing sheets there.
20 They reference the date of offense on the top right corner.
- 21 A. I'm looking at number two, which said they occurred
22 between -- between August 2002 and July 2003, over the
23 period of a year.
- 24 Q. Are you looking at the sentencing sheet, doctor?
- 25 A. I'm sorry. No, I'm looking at the indictments.

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

62

1 Q. If you'll look at the top right hand corner of that
2 sentencing sheet you'll see an area where it says date of
3 offense.

4 A. Date of offense, correct, July 10th, 2003.

5 Q. And the other two occurred in May and August, correct?

6 A. That's what was listed on the court of general sessions
7 sentencing sheet.

8 Q. Okay. If you'll look right above the signatures,
9 towards the middle of the page here, it'll have a section
10 that says the plea is. And then it has whether it was a
11 negotiated sentence, whether there was a recommendation by
12 the State. How are these sentence -- how are these
13 sentencing sheets marked?

14 A. I'm going to make sure I'm ...

15 Q. It's right above the ---

16 A. Oh, I'm sorry. The plea is -- it's without
17 negotiations or recommendation.

18 Q. All right. And being familiar with the criminal
19 justice system and having participated in hundreds of
20 criminal trials you're aware that this crime that he pled
21 guilty to carries a potential sentence of fifteen years,
22 correct?

23 A. I'm not a hundred percent certain, honestly, but that
24 sounds right.

25 Q. Okay. So that would tell you that the discretion of

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

63

1 the sentencing judge was to sentence Mr. Markham anywhere
2 from zero to fifteen years, correct?

3 A. Correct.

4 Q. And if you'll look right above where it says the plea
5 is, could you tell me how that charge is marked? It's
6 marked non-violent, isn't it?

7 A. Correct, it is.

8 Q. Because charges that are considered violent under the
9 Sexually Violent Predator Act, that doesn't mean they're
10 considered violent in the criminal system, correct?

11 A. As we would commonly use the term violent, that's
12 correct.

13 Q. So the sentencing judge at his discretion could have
14 sentenced Mr. Markham up to fifteen years times four, so up
15 to sixty years, correct?

16 A. Yes.

17 Q. And what was the sentence?

18 A. He received ten years and five years of probation.

19 Q. Okay. And there was actually a determinate term of
20 fifteen years, correct, suspended upon the service of ten
21 followed by five years probation?

22 A. Yes, ma'am. I'm sorry. Determinate fifteen years,
23 service of ten, five years probation.

24 Q. Okay. Doctor, let's talk a little bit about sexual
25 deviancy. The Static-99 doesn't measure sexual deviancy,

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

64

1 does it?

2 A. It does not.

3 Q. It's not set up for that?

4 A. No.

5 Q. Okay. And the sexual arousal measure, deviant sexual
6 arousal, that doesn't really apply to Mr. Markham because he
7 cannot become sexually aroused, correct? He ---

8 A. Um-hum (affirmative).

9 Q. --- is impotent due to his medical condition.

10 A. No, it does not. Arousal has to do with a mental
11 state. No, it does not. Deviant sexual arousal is what
12 your fantasies are about, what your interests are, what your
13 acts are directed toward.

14 Q. Okay.

15 A. Not what you can do.

16 Q. You mentioned that the risk factors that matter the
17 most are anti-social behavior and deviant arousal, but you
18 did not diagnose Mr. Markham with any type of personality
19 disorder, correct?

20 A. That's correct.

21 Q. Okay. So that's just kind of a general?

22 A. That's a general. That's ---

23 Q. Okay. All right. And you went into a little bit of
24 the discussion about congestive heart failure and how it
25 relates to Mr. Markham's medical condition. Isn't it true

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

65

1 that if Mr. Markham were having a heart attack he wouldn't
2 even realize it?

3 A. I don't know that that's -- I don't know that that's
4 necessarily true.

5 Q. Okay. But he's very prone to having a heart attack,
6 right?

7 A. Yes. He's at elevated risk, yes.

8 Q. Okay. You stated all his victims were under the age of
9 four.

10 A. No. I think some were as old as eight or nine.

11 Q. Uh-huh (affirmative).

12 A. And I think the first two were four, in the four to
13 five year old range.

14 Q. I believe it was ages five, nine, eight and nine.

15 A. Yes. Yes, ma'am.

16 Q. Okay. Let's talk about all the assessments you
17 performed. You performed, or I'm sorry, Dr. Dwyer performed
18 the assessment. Dr. Dwyer performed one, two, three, four,
19 five -- five assessments, correct?

20 A. Yes, ma'am.

21 Q. Okay. And the Conners', no conclusions, correct?

22 A. Yes, ma'am.

23 Q. And the PPG couldn't be used due to the medical
24 condition, correct?

25 A. Correct.

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

66

1 Q. And the SASSI just tells you what you already knew,
2 he's an alcoholic.

3 A. That's correct.

4 Q. And ---

5 A. He was. Was an alcoholic. Is an alcoholic presently,
6 but no longer dependent.

7 Q. The personality test just told you he's a very anxious
8 individual.

9 A. That's correct.

10 Q. Do you believe that all pedophiles should be civilly
11 committed?

12 A. No.

13 Q. You stated that you did a lot of work, hundreds -- were
14 involved with hundreds of cases that weren't this type,

15 sexually violent predator type cases.

16 A. Correct.

17 Q. If someone's unable to control their behavior due to a
18 mental illness, what's that called under the legal -- legal
19 field? If someone can't help what they're doing because of
20 a mental illness, they can't stop themselves because they're
21 so mentally ill?

22 A. You mean capacity to conform?

23 Q. Um-hum (affirmative). Would that be like -- if someone
24 fit that category would that be not guilty or guilty, but
25 mentally ill?

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

67

1 A. There are arguments about whether or not pedophilia and
2 deviant sexual arousal equates to capacity to conform. It
3 doesn't in every case.

4 Q. Okay. So just because you suffer from pedophilia, just
5 because you would be somewhere in your mind attracted to
6 inappropriate individuals does not mean you would act on
7 that?

8 A. Oh, no, absolutely not. No.

9 Q. We spoke about how much you were getting paid. How
10 much was Dr. Dwyer paid for his participation?

11 A. I don't know.

12 Q. Okay. And were any additional funds paid for the
13 testing?

14 A. I'm not aware -- I'm really not a part of that. I'm an
15 hourly employee.

16 Q. Okay. Other than your interview with Mr. Markham all
17 of your material came -- was forwarded from the AG's Office,
18 correct? The Department of Correction records, ---

19 A. Everything I remember ---

20 Q. --- the incident reports?

21 A. Sometimes we get records from other sources.

22 Q. Right. But in this case you ---

23 A. In this case I think it all came from the Attorney
24 General's Office.

25 Q. Okay. And you stated that the medical condition, from

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

68

1 what you could tell from the SCDC records, you considered
2 that in coming to your opinion, correct?

3 A. I considered it, yes.

4 Q. Okay. And you're aware that Mr. Markham has been
5 confined at the Greenville County Detention Center waiting
6 on this trial since his release from SCDC, correct?

7 A. Yes, ma'am.

8 Q. I'm going to show you a stack of paperwork. Would you
9 identify that for the Court?

10 A. It's labeled medical records, cost of treatment,
11 Greenville Detention Center.

12 Q. And ---

13 **MR. FLORES:** Your Honor, if we could take up an issue
14 outside the presence of the jury, please.

15 **THE COURT:** All right. Ladies and gentlemen, I'm going
16 to let you go back to your jury room just for a moment.
17 We'll take care of this legal matter and then we'll call you
18 back. Don't discuss the case while you're out.

19 (Whereupon the jury exited the courtroom at 12:27 pm)

20 **THE COURT:** All right. Mr. Flores, I'll be glad to
21 hear from you.

22 **MR. FLORES:** Yes, Your Honor. This series of documents
23 can actually be categorized into two sets. There's a large
24 portion of what would be considered medical type records,
25 intake, medical treatment, requests for treatment,

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

69

1 physician's orders. That's what this stack would be.

2 These three sheets, which are found at the end of the
3 packet all pertain to the cost of dialysis and services
4 concerning Mr. Markham's medical condition while he's been
5 at the Greenville County Detention Center.

6 MS. WIYGUL: And that is an accurate representation,
7 Your Honor.

8 THE COURT: All right.

9 MR. FLORES: We would -- I've spoken with Ms. Wiygul
10 about these records. We would stipulate to their
11 authenticity. There's, indeed, a certified stamp on the
12 records. However, we would object to any admission of these
13 into -- as a set of documents into evidence.

14 If she wishes to question Dr. Mulbry about these
15 documents, which he has not seen to this day, I have no
16 objection to that. But with regard to putting these records
17 in evidence to go to the jury, I believe that, first, I
18 don't feel that they're relevant to the issue. I think Dr.
19 Mulbry is quite clear that he does have a kidney condition
20 which requires three times a week dialysis. And quite
21 clearly, that's not going to change.

22 And so I don't feel that they're relevant to the issue
23 before the Court at this time with regard to the costs. I
24 don't believe that's at all relevant to why we're here today
25 determining whether he's a sexually violent predator.

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

70

1 And further to that, if -- I guess, as far as a rule
2 403 analysis, I feel that these documents -- especially the
3 cost figures have the potential to confuse the jury about
4 what the issues of this case really are.

5 THE COURT: Okay. Ms. Wiygul.

6 MS. WIYGUL: May I respond, Your Honor?

7 THE COURT: Yes, sir. Yes, ma'am.

8 MS. WIYGUL: The State's doctor, Dr. Mulbry has
9 testified that his medical condition is relevant to his
10 opinion and is relevant as to whether he meets the criteria
11 for commitment under this Act. The cost would go to his
12 family's willingness to incur those costs to have him home.

13 THE COURT: What was his date of release? How long has
14 he been at the LEC?

15 MS. WIYGUL: He's been at the LEC, Your Honor, since
16 April 18th of last year.

17 THE COURT: So that was the date he was released from
18 SCDC?

19 MS. WIYGUL: Yes, Your Honor.

20 THE COURT: Anything else, Mr. Flores?

21 MR. FLORES: Nothing else, Your Honor.

22 THE COURT: All right. I'll overrule your objection.
23 I'll allow her to introduce the documents. Your objection
24 is noted for the record.

25 MR. FLORES: Thank you, Your Honor.

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

71

4 MS. WIYGUL: They're already marked, Your Honor.

5 THE COURT: Okay.

6 MS. WIYGUL: Well, I've just got it as one exhibit, but
7 it's marked.

8 THE COURT: Okay. And going off subject, this is your
9 case, this witness?

10 MR. FLORES: Yes, Your Honor.

11 THE COURT: Do you have witnesses available ---

12 MS. WIYGUL: I do, Your Honor. They're ---

13 THE COURT: --- now to ---

14 MS. WIYGUL: --- right here.

15 THE COURT: I'm just wondering schedule-wise. Dr.
16 Jackson ---

17 MS. WIYGUL: I don't anticipate Dr. Jackson being on
18 the stand as long as Dr. Mulbry. And I believe that the lay
19 witnesses will have fairly short testimony.

20 THE COURT: So we could perhaps -- well, I won't --
21 we'll see how it goes. We'll -- Dr. Jackson going to
22 testify first, you anticipate? Or ---

23 MS. WIYGUL: Yes, sir.

24 THE COURT: --- later? Okay. I didn't know if we'd
25 have short ones, then ---

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

72

1 MS. WIYGUL: We can do that ---

2 THE COURT: It doesn't matter. We'll ---

3 MS. WIYGUL: It's not going to make a difference.

4 THE COURT: We'll see how long we'll go. All right.

5 If the jury's ready, you can have them come back in.

6 (Whereupon the jury entered the courtroom at 12:34 am)

7 MS. WIYGUL: Your Honor, may we approach?

8 THE COURT: Yes, ma'am.

9 (Whereupon a bench conference was held off the record
10 in the presence of the jury, but out of their hearing)

11 THE COURT: All right. Ms. Wiygul, you may continue
12 your cross examination of the witness.

13 Cross Examination by Ms. Wiygul Continued:

14 Q. Doctor, just in case anybody's forgotten, can you
15 identify what you're looking at there?

16 A. The folder is labeled medical records and cost of
17 treatment at Greenville Detention Center.

18 Q. Okay. And Mr. Markham actually completed his sentence
19 in the Department of Corrections, correct?

20 A. Yes, ma'am.

21 Q. And so he's been at the Greenville County Detention
22 Center since about March of last year?

23 A. Yes, ma'am.

24 Q. Okay.

25 MS. WIYGUL: At this time I would move that this

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

73

1 exhibit be entered as Respondent's 1.

2 THE COURT: Subject to objection, exhibit is admitted
3 and may be published.

4 (Whereupon Defendant's exhibit 1 was admitted into
5 evidence)

6 Q. Doctor, looking on the very last pages, last couple of
7 pages of these documents, and you can take it apart if you
8 need to to look at it, can you tell us how much Mr.

9 Markham's medical care has costed? And you can -- you can
10 break them down. I ---

11 A. There is ---

12 Q. --- don't want to make ---

13 A. Looks like there ---

14 Q. --- you do addition.

15 A. --- there are separate charts here.

16 Q. Correct.

17 A. It looks like separate sets of -- it looks like three
18 separate sets of -- of ---

19 Q. Correct. You can give us the three separate figures.

20 A. Okay. The first one is listed by vendor amount and
21 description. And the first one, the total at the bottom of
22 the page is a hundred and sixty-one thousand, nine hundred
23 twenty-one dollars and twenty-four cents (\$161,921.24).

24 Q. Okay.

25 A. The second page looks like Laboratory Services and

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

74

1 Dialysis at Greer. And it is labeled thirty-six thousand,
2 six hundred twenty-seven dollars and sixty-nine cents
3 (\$36,627.69).

4 And a third page indicates medication charges for April
5 2011 through today, non-formulary med charges, eighteen
6 thousand, four hundred and forty-nine dollars, ninety-three
7 cents (\$18,449.93).

8 Q. Okay. So it's expensive medical treatment, correct?

9 A. It is.

10 Q. To treat his condition?

11 A. It is.

12 Q. During the time that Mr. Markham -- from 2005 until
13 March of last year while Mr. Markham was in the Department
14 of Corrections did he receive any disciplinary infractions?

15 A. Nothing of -- I don't remember any at all.

16 Q. He didn't have any, did he?

17 A. I don't remember any at all, no, ma'am.

18 Q. And he completed the incarceration portion of his
19 sentence before he was taken to the county jail, correct?

20 A. Yes, ma'am.

21 Q. When the Sexually Violent Predator Act refers to
22 treatment it's not talking about treatment for medical
23 conditions, is it?

24 A. The treatment referred to specifically in the Act
25 refers to treatment for the -- for the sexual difficulty.

LEONARD W. MULBRY, JR., M.D. - CROSS EXAMINATION BY MS. WIYGUL

75

1 Q. Okay.

2 A. Treatment -- medical treatment, of course, goes along
3 with being a ward of the State.

4 Q. And in reviewing Mr. Markham's SCDC records you're
5 aware that he asked to be given sex offender treatment while
6 he was in prison, didn't he?

7 A. He did.

8 Q. But he couldn't participate, could he?

9 A. That's correct.

10 Q. And why couldn't he participate?

11 A. I'm going to assume that his dialysis held him at Broad
12 River. The treatment facility is at another site. And for
13 that reason he had to stay where the dialysis is.

14 Q. And you stated that after the May, July, August
15 offenses in 2003 Mr. Markham checked himself into an in-
16 patient alcohol rehab center, correct?

17 A. I believe so, yes, ma'am.

18 Q. I have no further questions. Thank you, doctor.

19 THE COURT: Anything in redirect?

20 MR. FLORES: No questions, Your Honor.

21 THE COURT: All right. Thank you. Dr. Mulbry, you may
22 step down from the witness stand.

23 MR. FLORES: Your Honor, Dr. Mulbry is here under
24 subpoena. We'd ask that he be released from that at this
25 time.

REBECCA JACKSON - DIRECT EXAMINATION BY MS. WIYGUL

76

1 MS. WIYGUL: Without objection.

2 THE COURT: Without objection he may be released.

3 Thank you, sir.

4 MR. FLORES: Your Honor, at this time the State rests.

5 THE COURT: All right. Anything from the Defense as
6 far as witnesses?

7 MS. WIYGUL: Your Honor, we would call Dr. Rebecca
8 Jackson.

9 THE COURT: All right. Dr. Jackson, if you'd come
10 around, please, and be sworn.

18 Direct Examination by Ms. Wiygul:

19 Q. Hi, Dr. Jackson. Could you tell us a little bit about
20 your education and experience?

21 A. Sure. I have a bachelor's degree in psychology, a
22 master's degree in psychology and a PhD in clinical
23 psychology.

24 Q. And tell us a little bit about your work history.

25 A. Sure. I've been working with sex offender civil

REBECCA JACKSON - DIRECT EXAMINATION BY MS. WIYGUL

77

1 commitment population, otherwise known as sexually violent
2 predators, since 2003 in Washington, New Hampshire, South
3 Carolina and now in Florida. I've been a consultant to the
4 Washington and New Hampshire programs for many years.

5 I was previously a chief psychologist with the South
6 Carolina Department of Mental Health where I evaluated men
7 under the sex offender civil commitment law. Since July of
8 2011 I have been working at the Florida Sex Offender Civil
9 Commitment Center, which is Florida's equivalent to the
10 Sexually Violent Predator Law. I'm currently the clinical
11 director of that program.

12 Q. Have you ever testified in court in relation to these
13 commitments?

14 A. Yes.

15 Q. And approximately how many?

16 A. In pre-commitment sex offender civil commitment, about
17 a dozen times in South Carolina.

18 Q. Okay. And have you been recognized by a -- as an
19 expert by the South ---

20 A. Yes.

21 Q. --- Carolina courts?

22 MS. WIYGUL: At this time we would move to have Dr.
23 Jackson recognized as an expert in forensic psychology.

24 THE COURT: Any voir dire or any objection?

25 MR. FLORES: No, Your Honor, no objection.

REBECCA JACKSON - DIRECT EXAMINATION BY MS. WIYGUL

78

1 THE COURT: Without objection this witness will be
2 considered an expert and may give her opinion and the basis
3 thereof.

4 Q. Doctor, when you were chief psychologist of the South
5 Carolina program did you perform evaluations of possible
6 candidates for the program?

7 A. Yes.

8 Q. And in that capacity did the State ask you to perform
9 an evaluation on Mr. Markham?

10 A. I was an employee of the State, the Department of
11 Mental Health. So whenever someone was referred by the
12 multi-disciplinary team as potentially meeting criteria
13 under the civil commitment law, then they were referred to
14 the Department of Mental Health for an evaluation.

15 Q. Okay. And did you review the same materials in
16 preparation for that evaluation that Dr. Mulbry reviewed in
17 preparation for ---

18 A. It certainly sounds that way. The Attorney General's
19 Office frequently forwards the discovery material to any
20 evaluator who is assigned to the case.

21 Q. And what does that generally include?

22 A. Generally it would be the police reports, the incident
23 -- any incident reports, victim reports, any affidavits, the
24 sentencing sheets, information about the Sexually Violent
25 Predator Act itself, any Department of Corrections records

REBECCA JACKSON - DIRECT EXAMINATION BY MS. WIYGUL

79

1 from the prison or jail where he's detained, any other prior
2 psychological or psychiatric evaluations that he underwent,
3 any medical records that may be relevant, any other school
4 or mental health records that may be more rare but relevant
5 to the case would be forwarded.

6 Q. Okay. And did you interview Mr. Markham?

7 A. I did.

8 Q. Did you base your opinions solely on the Static-99?

9 A. Of course not.

10 Q. Okay. Well, first off, I guess, could you -- could you
11 tell us what you considered when you met with Mr. Markham or
12 prior to meeting with Mr. Markham and what played a part in
13 your opinion?

14 A. Sure. Certainly I've read all of the information that
15 was forwarded from the Attorney General's Office. So I read
16 about Mr. Markham's offenses, read about his history, read
17 about his behavior at the Department of Corrections.

18 What goes into the evaluation -- specifically what the
19 law asks us to assess is whether someone is mentally
20 abnormal and extremely dangerous and likely to commit acts
21 of sexual violence. So to that end, I look at information
22 that would help determine whether he does have a mental
23 abnormality, but also whether he is likely to re-offend.
24 And likely is further defined in the statute as likely to
25 create a menace to the health and safety of society.

REBECCA JACKSON - DIRECT EXAMINATION BY MS. WIYGUL

80

1 So I'm looking at extreme dangerousness, whether he's
2 so likely as to be a menace as a result of this mental
3 abnormality. Those are the kinds of things that I'm
4 assessing him for.

5 Q. Okay. And Dr. Mulbry was very concerned about sexual
6 arousal deviancy.

7 A. Um-hum (affirmative).

8 Q. Could you -- could you tell us a little bit about that
9 and how it relates to Mr. Markham?

10 A. Sure. Mr. -- Dr. Mulbry is correct. Hanson did a
11 large study in which sexual deviance, sexual deviant
12 interests does emerge as one of the strongest predictors of
13 future sexual offending.

14 What wasn't quite accurate is that that's not reflected
15 in the Static-99 instrument. And it's reflected in a couple
16 of different ways. For one, you do look at prior sexual
17 offenses. And sexual offenses are reflective certainly of
18 sexually deviant interests. If it's criminal behavior, it's
19 also defined socially as deviant in most cases.

20 And there's also an item on the scale for having a male
21 victim. Having sexually deviant interests in men is also --
22 or boys is also reflected on this instrument.

23 But apart from that, well, what's important to know
24 about the research on sexually deviant interests is the
25 following; that, yes, it's a large category that is an

REBECCA JACKSON - DIRECT EXAMINATION BY MS. WIYGUL

81

1 important predictor. When you look really closely at the
2 studies that make up that finding and drill it down, what
3 you find is that sexual preference for sexual deviance is
4 important.

5 And that means that you have more sexual arousal to
6 this deviant stimulus than you do to non-deviant stimulus.
7 So in this case you would have more arousal to children than
8 you have to adults. So it's preference versus interest.
9 That's really predictive.

10 And the second piece of that that's really predictive
11 is interest in boys. Having a male victim increases your
12 risk tremendously above and beyond if you have female
13 victims. Even among individuals with pedophilia, those with
14 only girl victims re-offend at much lower rates than do
15 individuals diagnosed with pedophilia who have male victims
16 or both male and female victims.

17 Q. Was it significant to you that Mr. Markham was an
18 active alcoholic, he was drunk during every offense?

19 A. It is certainly significant. Similarly to what Dr.
20 Mulbry said, that it does lower our inhibitions for
21 anything. It doesn't change our interests, but it does
22 change our inhibitions. It lowers them when something comes
23 into our field, we're much more likely to act on that.

24 Q. And was it significant to you that when confronted with
25 the allegations Mr. Markham immediately admitted them and

REBECCA JACKSON - DIRECT EXAMINATION BY MS. WIYGUL

82

1 showed remorse?

2 A. Disclosure can be important in acknowledging --
3 accepting responsibility for one's offenses can be
4 important.

5 Q. Can you explain -- well, let me ask you first, we've
6 heard that Dr. Mulbry was not qualified to administer these
7 tests.

8 A. Um-hum (affirmative).

9 Q. The PPG, and the SASSI, and the Abel or other tests
10 that were administered.

11 A. That's correct.

12 Q. Are you qualified to administer these tests?

13 A. Yes.

14 Q. Okay. Is there a danger in taking the results from
15 these tests without understanding the underlying -- how the
16 tests work and what needs to be done to administer them?

17 A. There certainly can be. And this is why there are
18 rules about who can administer them. He mentioned that Dr.
19 Dwyer did administer the tests.

20 And I don't know how much of the report he interpreted.
21 My assumption would be Dr. Mulbry got consultation in
22 interpreting these reports. It's typically how psychiatry
23 and psychology would work together. But without that
24 consultation, sure, there's a risk of misinterpretation of
25 results.

REBECCA JACKSON - DIRECT EXAMINATION BY MS. WIYGUL

83

1 Q. Okay. And after reviewing these things and speaking
2 with Mr. Markham were you able to come up with an opinion to
3 a reasonable degree of psychological certainty in this case?

4 A. Yes.

5 Q. And can you tell us what that is?

6 A. Given the criteria that someone must have, a mental
7 abnormality, but also that he is likely to commit future
8 acts of sexual violence to the degree that makes him a
9 menace to society, I did not find that Mr. Markham rose to
10 that level of dangerousness. I found that he did not meet
11 criteria under the law.

12 Q. Okay. And we heard that Mr. Markham was not on
13 dialysis or in serious treatment for his medical conditions
14 whenever these offenses occurred.

15 A. Correct. He ---

16 Q. Could you tell us how not only the medical conditions
17 he suffers, but the treatment would affect or have an effect
18 on your findings?

19 A. Sure. I personally did find that relevant. And Dr.
20 Mulbry's correct in that Mr. Markham's sexual offenses did
21 not necessarily involve erections or ejaculation. And that
22 is impacted by his illness.

23 However, sexual behavior involves many other aspects
24 than simply erectile functioning. It includes interests,
25 strength, mobility, access, all these kinds of things that

REBECCA JACKSON - DIRECT EXAMINATION BY MS. WIYGUL

84

1 will be limited either as a direct or indirect result of Mr.
2 Markham's illness and his treatment.

3 His energy level has waned. His interest in -- self-
4 reported interest in sexual activity has gone down. His
5 endurance and mobility is certainly limited. The fact that
6 he's in treatment as frequently as he is and as seriously
7 ill as he is is going to further reduce his endurance,
8 strength and mobility as well as his potential access to any
9 victims in the community.

10 Q. Okay. And we heard a lot of discussion about risk
11 factors.

12 A. Um-hum (affirmative).

13 Q. Did you take the risk factors into account when
14 reaching your opinion?

15 A. Certainly. And we talked earlier about how risk
16 factors could be static in nature. And those are the
17 historical factors. Prior sex offenses, having any male
18 victims, having unrelated victims, those are historic
19 factors.

20 And then there's also dynamic factors, which were
21 called criminogenic needs earlier. Dynamic's another word
22 that simply means these things are changeable over time.
23 Those are two different kinds of risk factors.

24 Q. Okay. But -- and you considered all of this?

25 A. I did. Mr. Markham does have a couple of the static

REBECCA JACKSON - CROSS EXAMINATION BY MR. FLORES

85

1 risk factors, which is how we arrived at a score of 1,
2 again, a low score on the Static-99. I also looked both in
3 his record, in his offense history, in his behavior at the
4 prison, in the interview, things he told me.

5 I looked for those dynamic risk factors, those
6 changeable kinds of things that would either increase or
7 decrease that risk and was really unable to find anything
8 that would increase that risk above what's estimated by the
9 Static-99.

10 Q. Dr. Jackson, how much are you being paid for your
11 testimony today?

12 A. The State paid for my travel arrangements, but I'm not
13 being reimbursed for my time at all today.

14 Q. Okay. And just to clarify, it is your expert opinion
15 that Mr. Markham does not qualify as a sexually violent
16 offender?

17 A. That is correct.

18 Q. Thank you, doctor.

19 THE COURT: You may cross examine the witness, Mr.
20 Flores.

21 MR. FLORES: Thank you, Your Honor. Just very briefly.

22 Cross Examination by Mr. Flores:

23 Q. Good afternoon, Dr. Jackson.

24 A. Good afternoon.

25 Q. Is it correct that you were appointed by the courts to

REBECCA JACKSON - CROSS EXAMINATION BY MR. FLORES

86

1 perform the evaluation of Mr. Markham?

2 A. That is correct.

3 Q. So you were not asked by the Attorney General to
4 perform an evaluation in this case?

5 A. Correct.

6 Q. And isn't it true that it was part of your former
7 employment with the Department of Mental Health?

8 A. Yes.

9 Q. So, in fact, it is not the State requesting a second or
10 the additional evaluation, is that correct?

11 A. That's correct. The State -- when I said that I was
12 thinking Department of Mental Health, which is a State
13 agency, not to confuse it with the State's Attorney
14 General's Office. That is correct. I'm appointed by the

15 court who appoints the Department of Mental Health who in
16 turn appointed me, yes.

17 Q. And you've testified in these cases both for and
18 against a commitment, correct?

19 A. I have.

20 Q. Both for someone like Defense counsel and also for the
21 Attorney General's Office?

22 A. Many times, yes.

23 Q. Now Ms. Wiygul has stated that -- pointed out that Dr.
24 Dwyer performed a number of these assessments because he has
25 an Ed and that Dr. Mulbry does not. And you've just spoken

REBECCA JACKSON - CROSS EXAMINATION BY MR. FLORES

87

1 that it's not uncommon for a psychologist or psychiatrist to
2 consult with others who are degreed in those fields to
3 perform these assessments, is that correct?

4 A. Correct.

5 Q. Did you perform any of these other assessments that Dr.
6 Mulbry did in his ---

7 A. I chose not to give any additional assessments.

8 Q. So it's not your protocol to gather all of that
9 information like Dr. Mulbry, is that correct?

10 A. The particular tests that Dr. Mulbry gave, as he
11 mentioned, is his routine in their laboratory. He mentioned
12 they've seen very few sexually violent predators. The bulk
13 of their patients are traditionally mentally ill patients
14 who come in through the courts for competency or insanity
15 cases.

16 So those tests such as the PAI they mentioned and the
17 Conners' for ADHD is much -- is more relevant to a
18 traditionally mentally ill population. They tell us very
19 little about whether someone meets criteria for sexually
20 violent predator specifically. So over the years I have
21 definitely developed much more of a specialized narrow
22 evaluation because I don't do those competency in examining
23 cases.

24 MR. FLORES: I beg the Court's indulgence.

25 THE COURT: Yes, sir.

REBECCA JACKSON - CROSS EXAMINATION BY MR. FLORES

88

1 (Pause)

2 MR. FLORES: May I approach the witness, Your Honor?

3 THE COURT: You may.

4 MR. FLORES: Thank you.

5 Q. I'm going to hand you a document. Could you just
6 identify that document?

7 A. It's a copy of the report I wrote on Mr. Markham.

8 Q. Would you flip to the final page of that particular
9 document. And would you read the final paragraph under the
10 opinions. Actually, start at the opinion section and just
11 read the last sentence, the paragraphs.

12 A. The last two paragraphs -- the whole entire ---

13 Q. Yes.

14 A. --- the opinion section?

15 Whether Mr. Markham is a sexually violent predator is a
16 legal decision to be made by the legal fact-finder. As
17 such, the following opinion is not intended to be
18 dispositive on this issue, but to assist the fact-finder in
19 the decision making process.

20 It is noted that examiner's opinions are limited by
21 several factors. For example: estimates of re-offense
22 risks are based on group data that cannot be directly
23 applied to an individual respondent. Furthermore, some
24 terminology in the SVP statute such as likely to engage in
25 acts of sexual violence is not clearly defined.

REBECCA JACKSON - CROSS EXAMINATION BY MR. FLORES

89

1 The purpose of this evaluation is to inform the trier
2 of fact regarding whether Mr. Markham, quote, suffers from a
3 mental abnormality or personality disorder that makes him
4 likely to engage in acts of sexual violence if not confined
5 in a secure facility for long-term control, care and
6 treatment. Mr. Markham has been convicted of engaging in
7 sexual acts with minor females and appears to meet criteria
8 for pedophilia, sexually attracted to females.

9 However, his actuarial assessed risk for committing
10 future sexual violence is in the low range and is lower than
11 that of the typical sex offender in the developmental
12 sample. Mr. Markham does not appear to have additional risk
13 factors that would increase this risk.

14 In contrast, Mr. Markham suffers from end-stage renal
15 disease and is required to undergo dialysis. It is unlikely
16 that he will receive a kidney transplant or that his medical
17 condition will improve. His family help may further reduce
18 his risk of re-offending. Furthermore, Mr. Markham will be
19 required to serve five years probation after his release.

20 It is the opinion of this evaluator, therefore, that
21 Mr. Markham does not meet criteria for civil commitment as
22 outlined in the SVP Act, followed by my signature and title.

23 Q. Thank you, doctor. Just a final series of questions.
24 You are not -- you do not possess a degree -- a doctor of
25 medicine degree?

BELINDA CROCKER - DIRECT EXAMINATION BY MS. WIYGUL

1 A. I do not.

2 Q. You don't have a doctor of -- a Phd ---

3 A. A doctor of philosophy in clinical psychology.

4 Q. Psychology. So you are -- not having a medical degree,
5 you are also not licensed to practice medicine?

6 A. That is correct.

7 MR. FLORES: That's all I have for Dr. Jackson, Your
8 Honor.

9 THE COURT: Any redirect?

10 MS. WIYGUL: No, Your Honor.

11 THE COURT: All right. Thank you, Dr. Jackson. You
12 may step down. You may call your next witness, Ms. Wiygul.

13 MS. WIYGUL: Respondent calls Belinda Crocker.

23 Q. Belinda, tell us how you know Dale.

24 A. Dale's my brother, half brother ---

25 MADAME COURT REPORTER: I'm sorry, ---

BELINDA CROCKER - DIRECT EXAMINATION BY MS. WIYGUL

91

1 THE COURT: Could you get over toward the microphone,
2 please.

3 A. We have same mom, different dads. He's my brother.

4 Q. Okay. And are you close with him?

5 A. Very close. He's also my best friend.

6 Q. Did you grow up together?

7 A. Off and on, yes. He lived in Tennessee as a child,
8 but, you know, I was younger. There's about ten years
9 difference between us.

10 Q. Okay. When did y'all actually become close?

11 A. I'd say when I was probably about five. I mean, he
12 started, you know, he was a teenager and then driving. So
13 he could come by more.

14 Q. Okay.

15 A. And so when he did, you know, I was very attached to
16 him.

17 Q. Okay.

18 A. You know.

19 Q. Did he ever make any inappropriate ---

20 A. No, he did not.

21 Q. --- actions toward you?

22 A. No.

23 Q. Are you familiar with his medical condition?

24 A. I am.

25 Q. And what do you hope to see happen with him?

BELINDA CROCKER - DIRECT EXAMINATION BY MS. WIYGUL

92

1 A. I think, you know, they've done the best they can, but
2 the treatment my brother needs is support. He needs to be
3 at home because my brother's going to die. And there's no
4 hope for him. And I'm there to take care of him and get him
5 the treatment that he needs and give him the support. I'm a
6 mother also.

7 Q. Ms. Crocker, would your brother be staying with you?

8 A. He'll be staying with my mom.

9 Q. Okay.

10 A. But ---

11 Q. Earlier we heard someone testify that out-patient sex
12 offender treatment would most likely be a requirement of
13 probation.

14 A. Yes.

15 Q. And, I guess, in the hope that he would be released,
16 have you taken any steps to look into that?

17 A. I have. And I have talked to them. And with him being
18 on probation they are going to accept him. And I will be,
19 you know, willing, you know, me and my mom and step-dad are
20 going to take him back and forth to those treatments to make
21 sure he's there.

22 Q. And who would that treatment be with? Do you recall
23 the name?

24 A. I don't. He's in Taylors.

25 Q. And you spoke with that office?

BELINDA CROCKER - DIRECT EXAMINATION BY MS. WIYGUL

93

1 A. Yes, I did. I spoke with them on Friday.

2 Q. Okay. All right. You said that you have children.

3 A. Yes, ma'am.

4 Q. How many children do you have?

5 A. I have four, one deceased.

6 Q. I'm sorry, I can't ---

7 A. I have four children, one that has passed away.

8 Q. Okay. And how old are those children?

9 A. My three boys are fourteen almost, nine and six.

10 Q. Okay. You know what your brother did ---

11 A. Yes.

12 Q. --- and admitted to.

13 A. Yes.

14 Q. How do you plan to help him when he gets out to make

15 ~~sure nothing like that happens again?~~

16 A. To get him treatment, get him counseling, to make sure
17 he stays in those treatments.

18 Q. Okay.

19 A. Everything I can possibly.

20 Q. Have you observed any changes in your brother over the
21 past couple of years just as far as his health goes?

22 A. He's getting worse. He's getting weaker. I just seen
23 my brother in ICU last week. And, you know, it didn't look
24 good. He had twelve to fourteen pounds of fluid in his
25 lungs.

BELINDA CROCKER - DIRECT EXAMINATION BY MS. WIYGUL

94

1 Q. He was in ICU ---

2 A. Yes.

3 Q. --- here in Greenville?

4 A. Um-hum (affirmative). Intensive Care Unit.

5 Q. Why was he there?

6 A. Because of the fluid in his lungs. It was twelve to
7 fourteen pounds of mass, volume, because he can't go to the
8 bathroom and it had built up.

9 Q. Okay.

10 A. And he, you know, some of the medicine requires extra
11 through -- when he eats and he don't get it. And when you
12 don't get it, it messes with your heart. And your heart
13 doesn't give you the calcium and all that stuff. My brother
14 needs a thing when he has a heart attack to shock him to
15 bring him back to life or he won't know that he has it. He
16 would just completely die right then.

17 Q. Now you stated something about food. Does his medical
18 condition require a special diet?

19 A. Yes, it does.

20 Q. To the best of your knowledge, is that diet available
21 in the Detention Center?

22 A. No. Dialysis doctors over there even sent his
23 progresses, I think it's called, his professes (phonetics),
24 I can't pronounce it. It's -- they are really high. And
25 what that does then it gets your heart because of failure

BELINDA CROCKER - DIRECT EXAMINATION BY MS. WIYGUL

95

1 that could, you know, 'cause he doesn't get the medicine or
2 the food.

3 They cannot have, you know, certain drinks, certain,
4 you know, and it's like greasy food and stuff like that.
5 I'm not for sure. It's all kinds of foods. But foods that
6 they feed them just -- he has to have that medicine to break
7 it down. And he doesn't get it. They refuse to give him
8 that extra medicine.

9 Q. Have you spoken with your other family members and with
10 friends of the family ---

11 A. I have.

12 Q. --- about the care that Dale's going to need over the
13 next year or so?

14 A. I have. And we've all agreed. Me and my mom, we live
15 two minutes away from each other. And I don't work because
16 I have health issues myself. And so between that, and my
17 step-dad, and my mom, and my fiancé, we've all agreed, you
18 know, one of us will be available twenty-four hours a day.

19 Q. Okay. I have no further questions. Thank you, ma'am.

20 THE COURT: Any cross examination?

21 MR. FLORES: I have nothing for this witness, Your
22 Honor.

23 THE COURT: All right. Thank you. You may step down.
24 You may call your next witness, Ms. Wiygul.

25 MS. WIYGUL: Respondent calls George VanHook.

GEORGE VANHOOK - DIRECT EXAMINATION BY MS. WIYGUL

96

1 MADAME CLERK: If you'll place your left hand on the
2 Bible and raise your right hand.

3 George VanHook,
4 being duly sworn testified as follows:

5 MADAME CLERK: Please state your name for the record.

6 MR. VANHOOK: George VanHook.

7 MADAME CLERK: "Thank you. . . You may be seated."

8 Direct Examination by Ms. Wiygul:

10 A. I'm his step-father.

11 Q. Okay. So you're married to his mother?

12 A. Yes, ma'am.

13 Q. How long have y'all been married?

14 A. Nineteen years.

15 Q. Okay. If Dale's released do you know where he'll be
16 living?

17 A. Yes, ma'am, with us.

18 Q. Okay.

19 A. Me and my wife.

20 Q. All right. And you've heard a lot of testimony today
21 about how much care it's going to take to take care of him,
22 how expensive it is.

23 A. Yes, ma'am.

24 Q. How time consuming, how specialized the diet must be.

25 A. Yes, ma'am.

QUENTIN D. MARKHAM - DIRECT EXAMINATION BY MS. WIYGUL

97

1 Q. Are you prepared to take on that responsibility?

2 A. Yes, ma'am.

3 Q. And you understand that Dale will be on probation for
4 the next five years?

5 A. Yes, ma'am.

6 Q. Okay. And you understand that he will require out-
7 patient sex offender treatment?

8 A. Yes, ma'am.

9 Q. And are you prepared to see that he gets everything
10 that he needs?

11 A. Yes, ma'am. Everything possible that I can do.

12 Q. I have no further questions. Thank you.

13 THE COURT: Any cross examination?

14 MR. FLORES: Nothing for this witness, Your Honor.

15 THE COURT: Thank you, sir. You may step down, Mr.
16 VanHook.

17 A. Thank you.

18 MS. WIYGUL: Respondent calls Quentin Dale Markham.

19 THE COURT: Please come around, sir.

20 MADAME CLERK: If you'll place your left hand on the
21 Bible, raise your right hand, please.

22 Quentin Dale Markham,
23 being duly sworn testified as follows:

24 MADAME CLERK: Please state your name for the record.

25 MR. MARKHAM: Quentin Dale Markham.

QUENTIN D. MARKHAM - DIRECT EXAMINATION BY MS. WIYGUL

98

1 MADAME CLERK: Thank you. You may be seated.

3 Q. Dale, did you plead guilty to these four counts that
4 have been discussed today?

5 A. Yes, ma'am.

6 Q. And did you do that because you were guilty?

7 A. Yes, ma'am.

8 Q. And did you ever try to deny guilt?

9 A. No. At first I was scared and I did try to deny, but
10 it just came out after. Plus I had told the investigator

11 ---

12 Q. You told the investigator what you did?

13 A. Besides, I couldn't live like that anymore. I mean, I
14 was drinking myself to death. You know, I was miserable.

15 And I was just so relieved when it finally came out.

16 Q. Dale, when did you start drinking?

17 A. I started when I was about fifteen. It didn't really
18 progress until I was twenty-one.

19 Q. When you were twenty-one how much did you drink a day?

20 A. I started out about a six pack every evening, slowly
21 progressed to a twelve. By the time -- probably three, four
22 months into it I was drinking almost a case a day.

23 Q. When these offenses occurred how much were you drinking
24 on a daily basis?

25 A. Over a case a day. Once a week when I'd cash my check

QUENTIN D. MARKHAM - DIRECT EXAMINATION BY MS. WIYGUL

99

1 I would get liquor on top of the beer. I was constantly
2 drinking.

3 Q. Do you have a clear memory of exactly what you did?

4 A. Not all of it, no.

5 Q. Okay.

6 A. There's times and certain things that based -- the
7 three young ladies said that I don't remember, ---

8 Q. Okay.

9 A. --- I don't remember doing, but like I said, you know,
10 I never denied it.

11 Q. How does it make you feel today to know you did these
12 things?

13 A. Embarrassed, ashamed. I've shamed my family, shamed
14 myself. Eight years of my life gone because of it.

15 Q. When you pled guilty in January of 2005 did you
16 understand that there was a possibility you could get sixty
17 years?

18 A. Yes.

19 Q. And did you have any promise of leniency?

20 A. No.

21 Q. Did you have any -- did the State recommend a light
22 sentence for you?

23 A. No.

24 Q. Why did you plead guilty?

25 A. Because I was guilty. And I wanted it to stop.

QUENTIN D. MARKHAM - DIRECT EXAMINATION BY MS. WIYGUL

100

2 A. I just -- the drinking, and the sickness and the
3 constant shame. I ---

4 Q. Dale, what ---

5 A. --- just wanted it to stop.

6 Q. You don't -- you don't have to go into great detail. I
7 think we have a pretty good understanding. But can you just
8 tell us in general terms how your illness has progressed
9 since 2005?

10 A. Well, my urinary fluid's stopped. I don't -- I retain
11 all fluids. Everything I drink, everything I eat, I have to
12 watch everything. And in my surroundings I can't do that
13 because they don't offer foods, and drinks, the things I
14 need.

15 Q. Can you use the bathroom like the rest of us?

16 A. No. No. I don't have any urination at all, ---

17 Q. How ---

18 A. --- fluids.

19 Q. How does that work?

20 A. It's just that dialysis removes the fluids from my
21 blood. I can't -- I don't produce any urine. My kidney is
22 gone. There's no kidney function whatsoever.

23 Q. Okay. And how many kidneys were you born with?

24 A. One.

25 Q. How many times have you ended up hospitalized over

QUENTIN D. MARKHAM - DIRECT EXAMINATION BY MS. WIYGUL

101

1 this?

2 A. This was the second time that I was in overload.

3 Q. Okay.

4 A. And I wasn't familiar -- I didn't know that I was

5 because my treatments, they go a certain weight and they

6 pull a certain amount of weight. And either I've lost

7 weight or something happens in my body that just causes it.

8 Q. Okay.

9 A. Collect too much fluid.

10 Q. All right. Now is your plan to live with your mother

11 and your step-father?

12 A. Yes, ma'am.

13 Q. And do you plan to seek out-patient sex offender

14 treatment?

15 A. From day one.

16 Q. And do you understand that you will be on probation for

17 the next five years?

18 A. That's fine with me. All I ask is a chance to show

19 them, ---

20 Q. Okay.

21 A. --- you know, that I'm not -- I'm not that person.

22 Q. Towards that end, Dale, prior to going to jail in 2005

23 had you ever been to jail before?

24 A. No. I got arrested for DUS in Greer. And at the time

25 I wasn't even -- didn't even know I was driving under

QUENTIN D. MARKHAM - CROSS EXAMINATION BY MR. FLORES

102

1 suspension then.

2 Q. Okay.

3 A. So, I mean, I've never been in trouble.

4 Q. I don't have any further questions. Thank you, Dale.

5 THE COURT: You may cross examine.

6 MR. FLORES: Beg the Court's indulgence for a moment.

7 THE COURT: Yes, sir.

8 (Pause)

9 Cross Examination by Mr. Flores:

10 Q. Good afternoon, Mr. Markham. I'm going to show you a
11 document. It's taken from Respondent's exhibit -- from
12 Respondent's exhibit 1. It's already been admitted into
13 evidence. Would you identify what this is?

14 A. That's a -- I wrote in medical about the fluids and the
15 food. And they say that they meet all standards, but they
16 do not. If you get the standards from a dietician
17 concerning dialysis patients they will tell you their diet
18 does not meet standards.

19 Q. This document does say our diets meet all ADA
20 standards, is that correct? That's what it says?

21 A. That's what that document says, sir. Yes, it does.
22 But that is from the jail's medical facility.

23 Q. I'm going to show you a document and see if you
24 recognize the handwriting. Mr. Markham, is that your
25 handwriting?

QUENTIN D. MARKHAM - CROSS EXAMINATION BY MR. FLORES

103

1 A. I don't remember this. And it doesn't look like all of
2 my handwriting, no. Several pieces of it does not look like
3 my handwriting. And this was wrote, if I'm not mistaken,
4 when I was first arrested in 2003.

5 Q. So you recognize that ---

6 A. Oh, I recognize it, yes. It was wrote in 2003 when I
7 was arrested, just coming off alcohol, very angry, very
8 distraught, never been to jail a day in my life, scared. I
9 said a lot of things I didn't mean because I was mad. You
10 would be too if somebody just took your life like that. But
11 I grew up when I accepted responsibility for what I did.

12 Q. Mr. Markham, who was this document sent to?

13 A. That was sent to my ex-wife. Like I said, I was very
14 angry. She and along with her family was all involved in
15 this whole situation. And I ---

16 MS. WIYGUL: Your Honor, I would ask that this matter
17 be addressed outside the presence of the jury.

18 THE COURT: All right. Ladies and gentlemen, I'm going
19 to ask you to go back to your jury room. Don't discuss the
20 case. We'll see if we can finish this witness before we
21 take a lunch break. I hope you can wait with us just a
22 little bit. Just go back and we'll take care of this legal
23 matter, and then we'll call you back.

24 (Whereupon the jury exited the courtroom at 1:18 pm)

25 MS. WIYGUL: Your Honor, we would ask that this

QUENTIN D. MARKHAM - CROSS EXAMINATION BY MR. FLORES

104

1 document not be admitted into evidence under rule 403 as it
2 would be much more prejudicial than probative as well as
3 it's -- I'm drawing a blank here, as well as its relevance
4 to this commitment proceeding. It's a letter that was
5 written in 2003 to Mr. Markham's ex-wife in which he's
6 basically just ranting.

7 MR. FLORES: Your Honor, we would submit that this
8 letter was part of the evaluator's -- both evaluators had
9 this letter, relied upon it in rendering their opinion as
10 they've talked about the legal documents. Mr. Markham has
11 authenticated this letter.

12 We think the contents are highly relevant about state
13 of mind, also concerning his anger issues, which have been
14 discussed. While Mr. Markham has discussed those issues, we
15 think this is very much relevant for the jury to see in this
16 case.

17 MS. WIYGUL: And, Your Honor, we would ---

18 MR. FLORES: We would ---

19 MS. WIYGUL: --- concede -- we would concede that the
20 letter is definitely relevant to Mr. Markham's state of mind
21 in 2003, but not today.

22 (Pause)

23 THE COURT: Mr. Flores, is this being offered for the
24 purpose to show anger? I mean, is that the -- what
25 relevance does it ---

QUENTIN D. MARKHAM - CROSS EXAMINATION BY MR. FLORES

105

1 MR. FLORES: Well, Mr. ---

2 THE COURT: --- have? I know they evaluated it as part
3 of his record, but ...

4 MR. FLORES: That's correct. And also what's been
5 played out here at this time is that Mr. Markham came
6 forward and was completely honest, completely -- came forth,
7 pled guilty and expressed remorse at that time. This was
8 written at about the same time and he expressed anger,
9 resentment, wanted revenge. I think it's, you know, if this
10 is -- the jury has one side of the story.

11 MS. WIYGUL: And, Your Honor, Mr. Markham just
12 testified that initially he denied everything, that he did
13 deny it at first, but then after he sat down and spoke with
14 them he told them everything he did.

15 THE COURT: I believe the prejudicial effect would
16 outweigh the probative value. I'll deny your request to put
17 this in, Mr. Flores.

18 MS. WIYGUL: Thank you, Your Honor.

19 MR. FLORES: Your Honor, could we mark that as ---

20 THE COURT: Certainly we can have it as a Court exhibit
21 for Appellate purposes..

22 (Whereupon Court's exhibit 1 was marked)

23 THE COURT: Are there any other documents that you may
24 have that you ...

25 MR. FLORES: No, I have no other documents, Your Honor.

QUENTIN D. MARKHAM - REDIRECT EXAMINATION BY MS. WIYGUL

106

1 THE COURT: That we might need to address now?

2 MS. WIYGUL: Your Honor, just for scheduling purposes,
3 this will be our last witness.

4 THE COURT: Okay.

5 MR. FLORES: I don't believe I have any further
6 questions, Your Honor.

7 THE COURT: You don't have anymore questions?

8 MR. FLORES: No.

9 THE COURT: Okay. All right. We'll -- all right. If
10 the jury's ready, have them come in, Mr. Lynch.

11 (Whereupon the jury entered the courtroom at 1:24 pm)

12 THE COURT: Mr. Flores, you may continue your
13 examination of the witness.

14 MR. FLORES: Thank you, Your Honor. I have no further
15 questions for Mr. Markham.

16 THE COURT: Anything in redirect?

17 Redirect Examination by Ms. Wiygul:

18 Q. Dale, if you're released today are you ever going to
19 make the same kind of mistakes again?

20 A. Never.

21 Q. What's going to stop you?

22 A. My family, the fact that they trust me and they love
23 me. They've supported me all this time when nobody else
24 would.

25 Q. And do you understand that you can't ever drink again?

QUENTIN D. MARKHAM - REDIRECT EXAMINATION BY MS. WIYGUL

107

1 A. I don't ever want to see another drink as long as I
2 live. It's took everything from me.

3 Q. I have no further questions. Thank you, Dale.

4 THE COURT: Thank you, Mr. Markham. You may step down.
5 You may call your next witness, Ms. Wiygul.

6 MS. WIYGUL: Respondent rests.

7 THE COURT: Is there anything in reply from the State?

8 MR. FLORES: Nothing from the State, Your Honor.

9 THE COURT: Ladies and gentlemen, you've heard all the
10 evidence now in the case. We're going to take a lunch
11 break. And after that we'll be ready to let the attorneys
12 address you in a closing statement, I'll instruct you on the
13 law. The case will then be yours to decide. Of course,
14 until that time you shouldn't be discussing it.

15 I'm going to let you go to lunch now. If you'll be
16 back at 2:30 we'll be ready to start then. We'll give you
17 time to get your lunch.

18 When you come back in after lunch I'm going to appoint
19 Mr. Thompson to be the foreperson of the jury. If you'll
20 just occupy the foreman's seat. He'll be the one who will
21 help facilitate the discussions that you have when you do
22 start your deliberations.

23 Hopefully you won't have to wait any when you come
24 back. We have another jury coming in. We'll try to
25 coordinate those matters so that we'll finish this case here

1 before we begin the other trial that we need to.

2 But if you have some needs, Mr. Foreman, of course,
3 will be the one who will communicate with the Court, write
4 out whatever need you have to the -- for the clerk, or for
5 me on the law, and we'll certainly do our best to take care
6 of that.

7 Have a good lunch, ladies and gentlemen. If you will
8 be back at 2:30 we'll hopefully be ready to start at that
9 time. Everyone else please remain seated.

10 (Whereupon the jury exited at 1:27 pm)

11 **THE COURT:** All right. We'll be at ease until 2:30.
12 Be ready to make your statement. And my charge will be as
13 before. Ms. Wiygul, so that you'll know what my plan is, at
14 2:30 we're going to finish this one.

15 **MS. WIYGUL:** Yes, Your Honor.

16 **THE COURT:** I don't think y'all will argue very long.
17 And then we'll get this one to the jury. And we'll have our
18 other jury just wait and hopefully start it by 3:00 anyhow
19 to be ready to start that one.

20 **MS. WIYGUL:** Yes, Your Honor.

21 **MR. FLORES:** Yes, Your Honor. We're ready to go as far
22 as the State's ---

23 **MS. WIYGUL:** I don't believe the next one will be
24 nearly as long.

25 **THE COURT:** Well, we'll take -- they'll only have to

CLOSING ARGUMENTS - MR. FLORES

109

1 wait about forty-five minutes. That won't be too bad.

2 (Whereupon court was in recess at 1:29 pm)

3 (Whereupon court resumed at 2:42 pm)

4 **THE COURT:** All right. Y'all ready to proceed with
5 your closing statements now?

6 **MR. FLORES:** Yes, Your Honor.

7 **MS. WIYGUL:** Yes, Your Honor.

8 **THE COURT:** Okay. If our jury is ready on the Markham
9 case, you can have them come in.

10 (Whereupon the jury entered the courtroom at 2:43 pm)

11 **THE COURT:** All right. Mr. Foreman, ladies and
12 gentlemen, we're now ready to proceed with the attorneys
13 addressing you in their closing statements. You've heard
14 the evidence. And this is not evidence, what they're going
15 to say to you now, but I nevertheless urge you to listen as
16 they address you, each of them, as they give you their
17 analysis of the evidence. After that I'll instruct you on
18 the law of the case. It'll be yours to decide then. Mr.
19 Flores, you may address the jury in your closing.

20 **MR. FLORES:** Thank you, Your Honor. May it please the
21 Court.

22 **THE COURT:** Yes, sir.

23 **MR. FLORES:** Ladies and gentlemen of the jury, before I
24 start into my closing argument today I do want to thank you.
25 Thank you from myself, from Alan Wilson, the Attorney

CLOSING ARGUMENTS - MR. FLORES

110

1 General and the rest of our Office.

2 These cases are not simple cases. They involve taking
3 away somebody's liberty interests. They involve history of
4 past sexual conduct. You've heard all that. Those are not
5 pleasant things. But we come to you with your knowledge and
6 your experience to answer questions of fact that cannot be
7 resolved any other way.

8 The question today is is Quentin Dale Markham a
9 sexually violent predator? As I stated in my opening
10 statement to you the State must bear the burden in this case
11 to prove to you beyond a reasonable doubt that Mr. Markham
12 is, indeed, a sexually violent predator.

13 I told you that a sexually violent predator is an
14 individual who's been convicted of a sexually violent
15 offense and also suffers from a mental abnormality or
16 personality disorder that makes him more likely to commit
17 acts of sexual violence. I also told you there would be two
18 experts in this case, one testifying for the State, one
19 testifying for Mr. Markham.

20 As to whether or not Mr. Markham has been convicted of
21 a sexually violent offense, that's clear. He's been
22 convicted of four. He testified himself that he pled guilty
23 to each of those four counts because he, in fact, did do
24 those things.

25 Now he tempered that admission with, well, I was on

CLOSING ARGUMENTS - MR. FLORES

111

1 alcohol, and alcohol may be the blame. That's for your
2 decision. But, regardless, he did -- he has been convicted
3 of a sexually violent offense.

4 Does he suffer from a mental abnormality? Both experts
5 agree Mr. Markham is a pedophile. He's attracted to
6 females, non-exclusively, which means he is attracted to
7 both children and to adults.

8 The heart of this case lies with the determination of
9 whether the mental abnormality is such that he's likely to
10 engage in further acts of sexual violence if he's not
11 confined for long-term control, care and treatment. The
12 crux of this case lies upon his medical condition.

13 You heard the opinions of both doctors, one for
14 commitment and one against commitment. Dr. Mulbry
15 testified, he's a psychiatrist, a licensed medical doctor,
16 that he believed that looking at all the circumstances, and
17 I'll go through those, offenses in 1998, an offense against
18 -- in 1998 against a four year old girl, an arrest, a
19 release on bond, three further offenses, all taking place
20 under the confines of Mr. Markham's home.

21 He then pled guilty. He says he was remorseful. He
22 says he was coming off of his alcohol. I asked him about a
23 letter and he appeared to get agitated. Mr. Markham has not
24 had sex offender treatment, but I do concede his condition
25 worsened while he was at the Department of Corrections and

CLOSING ARGUMENTS - MR. FLORES

112

1 he could not receive that.

2 Dr. Mulbry also testified that he considered the
3 offenses because the best indicator of future conduct is,
4 past conduct. However, he said that's not the only thing I
5 considered in this case. It's not the only thing that Dr.
6 Jackson considered in this case. I considered assessments.
7 I did a number of assessments 'cause that's my protocol, not
8 the same protocol as Dr. Jackson's, but that's my protocol,
9 my protocol that I follow that other sex offender or
10 forensic psychiatrists follow as well.

11 They took a look at different assessments. Some helped
12 clear the picture, some didn't. Some gave me no results at
13 all. But I did them because that's what I do. And I also
14 considered, Dr. Mulbry, considered heavily the kidney
15 condition, which leads us back to the offenses. They're
16 very intertwined in this case.

17 Sexual arousal, as Dr. Mulbry testified, is not just
18 the ability to maintain an erection, but what is your
19 attraction or attractiveness to others. There's no
20 testimony received that Mr. Markham ever penetrated a child
21 with his penis.

22 His offenses were very specific, fondling and oral sex.
23 The fact that Mr. Markham suffers from erectile dysfunction
24 or impotence, both of those described, does not preclude his
25 further re-offense.

CLOSING ARGUMENTS - MR. FLORES

113

1 Now Ms. Wiygul did bring out a very large stack of
2 medical information. These are all Mr. Markham's treatment
3 records since he's been at the Department, or I'm sorry,
4 Greenville County Detention Center.

5 Dr. Mulbry said, well, that is what's going to happen.
6 He has to go to dialysis three times a week. But that's
7 still, in his opinion, professional opinion to a reasonable
8 degree of medical certainty, he believes that that condition
9 still does not preclude Mr. Markham from committing these
10 same sexually violent offenses.

11 Now Dr. Jackson does not agree. She does not agree.
12 Her opinion, as I asked her to read that opinion to you to
13 make sure we clearly understood what her opinion was, is
14 that he has low risk on an actuarial assessment, something
15 that Dr. Mulbry also considered, did not have any dynamic
16 risk factors or criminogenic need factors, something that
17 Dr. Mulbry did also consider. But he believed that his --
18 that Mr. Markham's sexual deviance or his sexual deviant
19 arousal was of some importance in this case.

20 And Dr. Jackson said that the kidney disease will
21 preclude him from doing these things again. I'd ask you to
22 take a good look at that, between these two experts. One a
23 medical doctor, psychiatrist, the other a psychologist.
24 Don't rely just solely on the fact that Dr. Mulbry's a
25 doctor. Look hard at that. Does this kidney problem

CLOSING ARGUMENTS - MS. WIYGUL

114

1 preclude Mr. Markham from committing further sexually
2 violent offenses?

3 Take your time, consider all the evidence. That's what
4 I asked you at the beginning of the case, that's what I ask
5 you now. Thank you for your time.

6 THE COURT: Ms. Wiygul, you may address the jury in
7 your closing.

8 MS. WIYGUL: Ladies and gentlemen of the jury, when you
9 go back to the jury room you're going to have this stack
10 right here. You're going to have Mr. Markham's medical
11 records for about the last thirteen months from the
12 Greenville Detention Center. You're going to see what he
13 suffers on a daily basis if you scan through those. You're
14 going to see the cost for providing treatment for those
15 conditions.

16 You're also going to have the documents that Mr. Flores
17 introduced. And that's these here. I would urge you to
18 take careful note of this page. This is called a sentencing
19 sheet. Anytime that anyone pleads guilty or is convicted by
20 a jury in a criminal case, one of these is filled out. It
21 has a brief summary of everything, everything. It has the
22 date of offense.

23 You'll see fifteen years written up here. Generally
24 someone will make a little note about what the maximum
25 amount of time is. And Dr. Mulbry agreed with me that these

CLOSING ARGUMENTS - MS. WIYGUL

115

1 offenses carry a maximum of fifteen years each. So when he
2 pled guilty he was looking at the possibility of sixty
3 years.

4 How do we know that? Because this box down here is
5 checked, without negotiations or recommendations. That
6 means this wasn't a plea deal. He didn't get any charges
7 dismissed for -- in return for pleading guilty. He just
8 said I was wrong, and I am guilty, and I am willing to face
9 whatever punishment the judge gives me.

10 What judge? Judge Welmaker. Right here. This is the
11 judge that Mr. Markham stood in front of on January 11th of
12 2005. And he heard everything about these cases. He heard
13 the solicitor stand there and give a summary of each
14 offense. He heard whatever victims wanted to come to that
15 hearing and address the court before sentencing.

16 And I say all this just for you to keep in mind, you're
17 not here to punish Mr. Markham. He's already been punished.
18 You're here to decide whether it's safe to let Mr. Markham
19 go home.

20 Let's discuss briefly, Mr. or Dr. Mulbry seemed to
21 think it was a very big deal that three of these offenses
22 were committed while Mr. Markham was out on bond. Well,
23 let's think about this realistically.

24 Most people know someone with a drinking problem or
25 have known someone with a drinking problem at some point in

CLOSING ARGUMENTS - MS. WIYGUL

116

1 their life. Alcoholics don't think real clearly, not when
2 they're drinking. We're talking about a man who had never
3 been to jail. His only criminal offenses had been driving
4 under suspension and an open container.

5 He didn't know what jail was like. He knows now. He's
6 been there since 2005. But at that time all he'd done is
7 posted some money, or paid a bondsman or somehow posted bail
8 and continued drinking. And it was undisputed that he was
9 drinking during every offense.

10 Now, I will take issue with one thing that Mr. Flores
11 said during his closing. At no point did Mr. Markham blame
12 these offenses on the alcohol. At no point did he do that.
13 However, alcohol was a factor. Both doctors testified,
14 alcohol lowers people's inhibitions. Realistically, people
15 do things when they're drinking a lot that they would not do
16 as a rational, sober person.

17 Now, Mr. Flores told you Dr. Mulbry gave assessments.
18 No, he didn't. Dr. Dwyer gave assessments. Dr. Mulbry took
19 the results of those assessments and considered them when
20 coming to his opinion.

21 But everyone agrees what Dr. Mulbry found most
22 important in forming his opinion was Mr. Markham's sexually
23 deviant arousal. Mr. Markham suffers from pedophilia. By
24 definition that is sexually deviant arousal. So, of course
25 he suffers from it. That's what he's diagnosed with.

CLOSING ARGUMENTS - MS. WIYGUL

117

1 But Dr. Mulbry also told you, this Act is not designed
2 to lock up every pedophile for the rest of their life. And
3 the Judge will tell you, this Act is aimed at a very
4 specific limited class of really dangerous people. Mr.
5 Markham's not one of them.

6 Dr. Jackson, when she was working as the chief
7 psychologist down at the program evaluated Mr. Markham. And
8 she does not feel like he needs to be there. She told you,
9 Mr. Markham is not a sexually violent predator.

10 Mr. Markham is a pedophile. Mr. Markham is an
11 alcoholic. And Mr. Markham has had so many medical
12 conditions that it's just not realistic to believe that he
13 would ever be in this position again. He's a different man
14 now than he was back in 2005. He's been sober. And he'll
15 continue to be sober because if he drinks he'll die a lot
16 quicker. And he knows that.

17 His family knows that. And they're going to be caring
18 for him. And they've already looked into getting him out-
19 patient sex offender treatment because nobody's saying that
20 he just needs to be let go and be on his merry way. No. He
21 needs to finish the probation portion of his sentence.
22 He'll be on probation for five years. He has, I guess, five
23 more years, five or ten more years hanging over his head if
24 he messes up.

25 Let's talk about all the tests that Dr. Dwyer

CLOSING ARGUMENTS - MS. WIYGUL

118

1 performed. What did we find out from all that testing?

2 Well, we found out that Mr. Markham is an alcoholic. Well,
3 we knew that. We found out that he suffers from sexually
4 deviant arousal. Well, we knew that too.

5 The only new thing we found out from all those tests is
6 that Mr. Markham suffers from severe anxiety. And that's
7 just not relevant. That's not something that they would
8 treat down there at this unit.

9 The Static-99 is the one test that everybody agreed on.
10 And it came back with his score at 1, the lowest score you
11 can have if you've ever been convicted of this type of
12 offense. And that score takes into account all historical
13 data.

14 So what are we looking at if Mr. Markham is released
15 today? Five years of probation, out-patient sex offender
16 treatment, he'll live with his mom and step-father, his
17 family will absorb the cost of his treatment, they'll
18 provide him with the care he needs.

19 What are we looking at if he's sent down to this
20 program? Probably another seven years just like the past
21 seven he's been treated because he does have to have
22 dialysis three times a week. You heard, he asked for sex
23 offender treatment while he was in the Department of
24 Corrections.

25 He, just like after the second set of offenses, he

JURY CHARGE

119

1 voluntarily put himself into an alcohol rehab center because
2 this is not a man that's saying I didn't do it. This is not
3 a man that's making excuses. This is a man that says I have
4 made mistakes, and they are bad ones. And I want to do
5 whatever I need to do to make it right and make sure it
6 never happens again.

7 And all he's asking for today is that chance. I would
8 urge you to find today that Mr. Markham is not a sexually
9 violent predator. Thank you.

10 THE COURT: Anything in reply, Mr. Flores?

11 MR. FLORES: No, Your Honor.

12 THE COURT: Mr. Foreman, ladies and gentlemen of the
13 jury, it's now my responsibility to instruct you on the law
14 of the case.

15 Let me remind you that in addition to presiding over
16 the trial of the case and to rule on the admissibility of
17 evidence it's my responsibility to instruct you on the law.
18 You're to consider only the evidence that has been properly
19 submitted to the Court, the matters marked as exhibits, the
20 testimony that you've heard and that alone are you to
21 consider.

22 As the judge of the law it's your responsibility to
23 accept the law and apply the law as I state it to you now.
24 Some of you may already have an idea of what the law is in a
25 case such as this. You may have a notion about what the law

JURY CHARGE

120

1 ought to be in a case such as this. If you have such an
2 idea and it's in conflict with what I now tell you the law
3 is, then you must abandon such an idea because under your
4 oath you've sworn to accept the law and apply the law just
5 as I state it to you now.

6 Every case that's tried in this courtroom before a jury
7 such as yourselves, that jury becomes the sole exclusive
8 judge of the facts in a case. A trial judge can't comment
9 on the facts in a case. He can't have an opinion about the
10 facts.

11 Not only does the law of South Carolina prohibit that,
12 the Constitution in our State prohibits a trial judge such
13 as I from expressing or having any opinion about the facts.
14 That's exclusively, totally up to you, ladies and gentlemen,
15 to determine what the facts are.

16 Since I have no opinion about the facts, you're not to
17 consider any rulings I've made on the admissibility of
18 evidence, anything I've said during the course of the trial,
19 anything I say to you now in this instruction to you that I
20 have an opinion about the facts. I don't have an opinion.
21 That's up to you, ladies and gentlemen, to determine what
22 the facts are.

23 Now, to determine those facts you're going to need to
24 judge the credibility of witnesses who've testified.
25 Credibility simply means believability. It becomes your

JURY CHARGE

121

1 duty as jurors to evaluate that evidence and determine in
2 your own mind which evidence convinces you of its truth.

3 You can believe one witness over several witnesses.

4 You can believe several witnesses over one witness. In your
5 discretion you can believe part of the testimony of a
6 witness and reject the remaining part of the testimony of
7 that very same witness. In your discretion you can believe
8 the testimony of a witness in its entirety, you can reject
9 the testimony of a witness in its entirety.

10 You can consider whether any witness had a bias or a
11 prejudice or any motive in the testifying in the case. You
12 can determine the demeanor of the witness while on the
13 witness stand. Was he or she straightforward or hesitant in
14 answering? Was the answers given consistent or
15 inconsistent? How did that witness' testimony stack up with
16 other evidence that you've heard in the case?

17 These and other factors you can consider in determining
18 the credibility of the witnesses. It's up to you and you
19 alone to make that determination.

20 Now, I mentioned briefly to you that our rules of
21 evidence would not allow a witness to give an opinion about
22 any matter except for the occasion when we have an expert
23 witness testifying. And such a witness, because of their
24 education, and experience and training has become an expert
25 in some field, the law allows them to give an opinion in

JURY CHARGE

122

1 that field of expertise and may also give the reasons for
2 that opinion.

3 Now, like other evidence, you can -- should consider
4 the expert opinion given by a witness, give it the weight
5 that you think it deserves. If you decide that the witness'
6 opinion is not based on sufficient education or experience
7 or if you determine that the reasons given for that opinion
8 by the expert are not sound or that the opinion is
9 outweighed by other evidence, you can disregard that opinion
10 entirely.

11 An expert witness' testimony is to be given no greater
12 weight than that of any other witness simply because that
13 witness is an expert. You don't have to accept an expert's
14 opinion even though it may be uncontradicted. An expert's
15 opinion, like other evidence, is up to you to determine the
16 weight, the effect to give that testimony.

17 Now, this is a case brought by the State of South
18 Carolina under the Sexual Violent Predator Act, the law
19 that's enacted under the -- by the Legislature in South
20 Carolina. One of the purposes of the requirements under the
21 Act is to ensure that the involuntary commitment procedures
22 are only used to control the limited subclass of dangerous
23 persons and not broadly subject any dangerous person to what
24 may be an indefinite term.

25 Now the State in this case alleges that the Respondent

JURY CHARGE

123

1 is a sexually violent predator, seeks to have the Respondent
2 involuntarily committed in a secure facility for the long-
3 term control, and care and treatment of that individual.
4 The burden of proof is on the State to prove by sufficient
5 evidence to satisfy each of you beyond a reasonable doubt
6 that the Respondent is, in fact, a sexually violent
7 predator.

8 If the State is unable to meet the burden of proof,
9 then you should return a verdict finding that the Respondent
10 is not a sexually violent predator. If the State does meet
11 the burden of proof, then, of course, your verdict would be
12 that the State has fulfilled its obligation and that the
13 Respondent is, in fact, a sexually violent predator.

14 Most cases tried in civil court such as what we're in
15 now, a petitioner only has the burden of proving a fact is
16 more likely true than not true, such as by what is called
17 the greater weight or the preponderance of the evidence.
18 However, in this type of case the State's burden is proof
19 more powerful than that. It's proof beyond a reasonable
20 doubt.

21 What is a reasonable doubt under the law? Reasonable
22 doubt is the kind of doubt that would cause a reasonable
23 person to hesitate to act. It would be proof that would
24 leave you firmly convinced that the Respondent is a sexually
25 violent predator.

JURY CHARGE

124

1 Now, ladies and gentlemen, there are very few things in
2 this world that we know with absolute certainty. And the
3 law doesn't require proof that overcomes every possible
4 doubt.

5 If, based upon your consideration of the evidence,
6 you're firmly convinced that the Respondent is a sexually
7 violent predator, then you must return a verdict for the
8 State. If, on the other hand, you think there's a real
9 possibility that the Respondent is not a sexually violent
10 predator, you must give the Respondent the benefit of that
11 doubt and find that he is not a sexually violent predator.

12 Now in order to establish the Respondent is a sexually
13 violent predator the State must prove beyond a reasonable
14 doubt that the Respondent has been convicted of a sexually
15 violent offense. Committing a lewd act upon a child has
16 been designated by our State as an offense that would be a
17 sexually violent offense.

18 The State must also prove beyond a reasonable doubt
19 that the Respondent suffers from a mental abnormality or a
20 personality disorder that makes him likely to engage in acts
21 of sexual violence if not confined in a secure facility for
22 long-term control, care and treatment.

23 A mental abnormality means that a mental condition is
24 affecting a person's emotional capacity or a capacity to
25 make conscious choices that make the person inclined to

JURY CHARGE

125

1 commit sexually violent offenses. Likely to engage in acts
2 of sexual violence means the person's tendency to commit
3 acts of sexual violence is of such a degree as to pose a
4 menace to the health and safety of others.

5 Now, I've prepared a verdict form, Mr. Foreman. I
6 believe it'll be self-explanatory for you. There's two
7 possible verdicts that you can reach.

8 If you find the State has met its burden of proof
9 beyond a reasonable doubt, then your answer would be, yes,
10 that the Respondent is a sexually violent predator. If you
11 find the State has failed in any way to meet its burden of
12 proof, then your verdict would be, no, that he is -- that he
13 is not a sexually violent predator.

14 There's no significance whatsoever in the way that
15 they're listed. One has to be listed before the other.
16 Once you've reached the verdict you simply sign your name as
17 foreperson on behalf of your fellow jurors, date it, let the
18 bailiffs know that you have reached your verdict and we'll
19 receive it here back in the courtroom.

20 Your verdict must be unanimous. All twelve of you must
21 agree upon the verdict. Your verdict can't be based upon
22 sympathy, or passion, or prejudice, emotion or any other
23 consideration not in evidence in the case.

24 Mr. Foreman, I'm going to ask you, if you will, go back
25 to your jury room now with your fellow jurors. Don't

1 discuss the case just yet. We have a final matter of law I
2 need to take care of with the attorneys.

3 After that, hopefully we'll have the exhibits sent back
4 to you with the verdict form with instructions to begin your
5 deliberations at that time. But for right now, do not
6 discuss the case. I'll ask you to retire to your jury room.

7 (Whereupon the jury exited the courtroom at 3:15 pm)

8 THE COURT: Any exceptions to the charge, from the
9 State?

10 MR. FLORES: None, Your Honor.

11 THE COURT: From the Respondent?

12 MS. WIYGUL: None from the Respondent, Your Honor.

13 THE COURT: Y'all make sure all your exhibits are in
14 order. Here's the verdict form. I want to make sure you
15 both have a chance to look over it and make sure we got
16 everything spelled right and documented right.

17 (Whereupon the jury began deliberating at 3:17 pm)

18 (Whereupon court was in recess at 3:17 pm)

19 (Whereupon court resumed at 4:40 pm)

20 THE COURT: I understand we have a verdict in the case.
21 Are there any matters we need to take care of before we
22 receive the verdict, from the State?

23 MR. FLORES: Nothing from the State, Your Honor.

24 THE COURT: From the Defense?

25 MS. WIYGUL: Nothing from Respondent, Your Honor.

VERDICT OF THE JURY

127

1 THE COURT: All right. Have the jury come in.

2 (Whereupon the jury entered the courtroom at 4:42 pm)

3 THE COURT: Mr. Foreman, I understand the jury has
4 reached a verdict. Is that correct?

5 MR. FOREMAN: Yes, sir, we have.

6 THE COURT: Is it a unanimous verdict?

7 MR. FOREMAN: Yes, sir, it is.

8 THE COURT: If you would, please, hand the verdict form
9 to the bailiff. Madame Clerk, you may publish the verdict.

10 MADAME CLERK: Your Honor, this is case number 2010-CP-
11 23-9806, In the Matter of the Care and Treatment of Quentin
12 Dale Markham, has the Petitioner, the State of South
13 Carolina, proven beyond a reasonable doubt that Quentin Dale
14 Markham is a sexually violent predator under the South
15 Carolina Sexually Violent Predator Act? We, the jury,
16 unanimously answer the question as follows; yes, Quentin
17 Dale Markham is a sexually violent predator. Signed,
18 Raymond Thompson, Foreperson, 3/21/12. If this is your
19 verdict, so say you all. Please signify by raising your
20 right hand.

21 (Whereupon all jurors raised their right hand)

22 MADAME CLERK: Thank you.

23 THE COURT: Are there any matters we need to take care
24 of from the jury before they're discharged in this case,
25 from the State?

1 MR. FLORES: Nothing from the State, Your Honor.

2 THE COURT: From the Defense?

3 MS. WIYGUL: Nothing from the Defense, Your Honor.

4 THE COURT: All right. Mr. Foreman, ladies and
5 gentlemen, thank you very much for your service today. I'm
6 sorry to have kept you waiting. We had another trial going
7 on and we didn't have a chance to break until now.

8 You've been a conscientious group to work with this
9 week. I can let you know now that the trial that we're now
10 in will be the last one we have this week. We have some
11 other matters, obviously, to take care of this week, but it
12 won't involve a jury. So I can dismiss you for the rest of
13 the week.

14 You've been a delightful group for me to work with.
15 I've been honored to have that opportunity. You may
16 remember from what we talked about on Monday that after
17 serving this week you're excused for the next two years. If
18 you get called to serve as a juror you can claim that
19 exemption in 2013 or 2014. I hope you won't. If you do get
20 called, I hope that you'll want to waive that exemption and
21 serve again.

22 I'm confident that if you find yourself sitting in this
23 courtroom, not in the jury box, but at one of these tables,
24 you'll want jurors such as yourself of sound good judgment
25 to sit in that box to hear your dispute that you may have

1 with the State, or with a neighbor, or another citizen or
2 whomever it may be.

3 Some of you may need employment statements to show that
4 you've been in jury service this week. If your employer
5 does require that, I think Ms. Olson will be down in the
6 assembly room, if you'll just stop by there this evening on
7 your way out you can pick that up.

8 Thank you for your service very much, ladies and
9 gentlemen. You're dismissed at this time. If you'll go
10 with the bailiffs, they'll escort you out of the courtroom.

11 (Whereupon the jury exited the courtroom at 4:46 pm)

12 **THE COURT:** All right. Any other matters that we need
13 to take care of from either side?

14 **MR. FLORES:** Nothing from the State, Your Honor.

15 **THE COURT:** All right.

16 **MS. WIYGUL:** Nothing from the Respondent.

17 **THE COURT:** Do you have a proposed order?

18 **MR. FLORES:** I have a proposed order.

19 **THE COURT:** I'll be glad to review it.

20 (Hearing Ended at 4:48 pm)

21 (End of Requested Transcript of Record)

Certificate of Reporter

I, the undersigned, Susan W. Hudgins, Official Court Reporter for the Thirteenth Judicial Circuit of the State of South Carolina, do hereby certify that the foregoing is a true, accurate, and complete transcript of record of all the proceedings had and evidence introduced in the trial/hearing of the captioned case, relative to appeal, in the Circuit Court for Greenville County, South Carolina, on the 21st day of March 2012.

I do further certify that I am neither of kin, counsel,
nor interest to any party hereto.

STATE OF SOUTH CAROLINA
COUNTY OF GREENVILLE

IN THE MATTER OF THE CARE
AND TREATMENT OF
QUENTIN DALE MARKHAM,
RESPONDENT.

FILED-CLERK OF COURT

IN THE COURT OF COMMON PLEAS
CASE NO. 2010-CP-23-9806

2011 JAN 28 A 10:09

**ORDER FOR EVALUATION
PURSUANT TO THE SEXUALLY
VIOLENT PREDATOR ACT**

This matter comes before me on petition of the State of South Carolina for an order requiring the Respondent, Quentin Dale Markham, to submit to an examination and to be detained in an appropriate secure facility pending a trial, pursuant the Sexually Violent Predator Act (S.C. Code Ann. Sections 44-48-10 *et seq.*). A Probable Cause hearing was held on January 28, 2011 in Greenville; the State was represented by Assistant Attorney General Lloyd V. Flores, Jr., and the Respondent was personally present and represented by Elizabeth P. Wiygul, Esquire.

I have considered the showing made in respect to this matter and am of the opinion that probable cause exists to find that the Respondent is a Sexually Violent Predator as defined by S.C. Code Ann. Section 44-48-30.

THEREFORE IT IS ORDERED, ADJUDGED, AND DECREED:

That the Respondent shall be:

- (a) Upon completion of his criminal sentence at the South Carolina Department of Corrections, transferred to and confined in the Greenville County Detention Center until a final disposition of this action; and
- (b) Transported to an appropriate facility of the South Carolina Department of Mental Health for an evaluation to determine whether the Respondent suffers from a mental abnormality or personality disorder that makes him likely to engage in acts of sexual violence if not confined in a secure facility for long-term control, care, and treatment.

The court-ordered examination shall be requested by the Office of the Attorney General of South Carolina and scheduled by the examining facility as soon as possible. The Respondent is to arrive at the examining facility at the time established by confirmed appointment with the staff of the examining facility. The Respondent continues under jurisdiction of this Court.

The qualified expert appointed by the Court at this Probable Cause hearing to examine the Respondent is Rebecca L. Jackson, Ph.D.

Within five days of the receipt of the written report of the examination by the Office of the Attorney General of South Carolina, said office shall make a copy of such examination available to the Respondent's attorney.

AND IT IS SO ORDERED.

The Honorable Edward W. Miller,
Presiding Judge for the Thirteenth
Judicial Circuit Court of Common Pleas

January 28, 2011

IN THE COURT OF COMMON PLEAS
THIRTEENTH JUDICIAL CIRCUIT
CASE NO. 2010-CP-23-9806
ORDER OF COMMITMENT
FILED-CLERK OF COURT
GREENVILLE CO SC
2017 MAR 22 P 2:41

The trial of this case was held in the County of Greenville in the Court of Common Pleas the week of March 19, 2012. A jury of citizens from Greenville County heard this case pursuant to a request for a jury trial filed by the State. Assistant Attorney General Lloyd V. Flores, Jr., represented the State. Elizabeth P. Wiygul, Esquire, represented the Respondent. The jury having heard the presentation of the evidence made the following findings of fact pursuant to South Carolina Code Sections 44-48-90 and 44-48-100:

The State has proven beyond a reasonable doubt that Respondent, Quentin Dale Markham, is a sexually violent predator as that term is defined in South Carolina Code Section 44-48-30.

NOW, THEREFORE, IT IS ORDERED, ADJUDGED AND DECREED THAT

- (a) Respondent is committed to the Department of Mental Health for his long-term control, care and treatment;
- (b) Respondent is to continue to be detained at the Greenville County Detention Center, and then transported to the secure facility of the South Carolina Department of Mental Health, at 4460 Broad River Road, Columbia, SC 29210. The Detention Center is to transport Respondent on such scheduled date as it coordinates with the Department of Mental Health.

AND IT IS SO ORDERED.

The Honorable G. Edward Welmaker,
Chief Administrative Judge for the Thirteenth
Judicial Circuit Court of Common Pleas

INDICTMENT FOR
LEWD ACT UPON A CHILD

At a Court of General Sessions, convened on OCTOBER 19, 2004 the

Grand Jurors of Greenville County present upon their oath:

That QUENTIN DALE MARKHAM did in Greenville County, between the 1st day of January, 1998 and the 31st day of December, 1998, being over the age of fourteen years, willfully and lewdly commit or attempt a lewd and lascivious act upon or with the body, or its parts, of , a child under the age of sixteen years, with the intent of arousing, appealing to, or gratifying the lust, passions, or sexual desires of himself or such child. This is in violation of §16-15-140 of the South Carolina Code of Laws (1976) as amended.

Against the peace and dignity of the State, and contrary to the statute in such case made and provided.

Race: W Sex: M
DOB:
SSN:
SID#: 01002316

Name of Original Offense: Lewd Act Upon A Child
Original A/V#: H359733
Date of Original Offense: 07/10/2003
Conviction S.C. Code #: 16-15-140
Conviction CDR Code #: 2141618
Original Sentence: 15 years Probation Service or 10 years
ORDER 5 years Probation

The above named defendant has been charged with violating the conditions of probation ordered on 1/11/05 in the Court of General Sessions of Greenville County, and/or the additional conditions ordered by the Court in probation continuation order(s) issued on , as set forth in the attached warrant(s) or citation(s) dated 09/09/09. After hearing the evidence and being duly advised, in the (presence/absence) of the defendant, I find that the above named defendant has violated the following condition(s) of probation: (List by number or indicate special conditions as provided in the affidavit)

Therefore, IT IS ORDERED that:

- ☐ the suspended sentence be revoked and the above named defendant be required to serve months/years, the remainder of the original sentence, and/or pay \$.
- ☐ the suspended sentence be revoked and the above named defendant be required to serve months/years of the original sentence and/or pay \$; thereupon to be reinstated on probation, subject to the conditions set forth in the attached order and not inconsistent with this order.
- ☒ the above named defendant is continued on probation as provided for in the original sentence, subject to the conditions set forth therein and not inconsistent with this order.
- ☐ probation is reduced to time served under supervision and the defendant is discharged from supervision on this date.
- ☐ the above named defendant is placed on active electronic monitoring pursuant to §23-3-540 (mandatory if convicted of first degree criminal sexual conduct with a minor or lewd act, discretionary if convicted of any other applicable sex offense against a minor).
- ☒ Additional Conditions ordered by the Court:
 - Full Probation from 10/18/2008 until he is released from SCDC.
 - All conditions still apply.

I so move you

- ☐ The defendant is given credit for pre-revocation hearing detention time on current probation violation to be calculated and applied by the SC Department of Corrections.
- ☐ The defendant has previously served months/years on this sentence.
(split sentence time and/or prior partial revocation time)
- ☐ The defendant was previously placed on active electronic monitoring pursuant to §23-3-540.

This 7 day of October, 2009
Greenville, SC

W. Jeffrey Young
Presiding Judge
13th Judicial Circuit

You are hereby advised that under the law the Court may at any time revoke or modify any condition of this probation; impose any lawful conditions it deems proper; or extend your period of probation not to exceed five (5) years. At any time within the period of your probation, the Court may require you to serve any part of the original sentence imposed.

This is to certify that I have read, or have had read to me, the order and the conditions set out therein. I agree to comply with such conditions and the conditions of my attached probation order during the period of my probation. I have received a copy of this Court's order and all attachments.

STATE OF SOUTH CAROLINA

AFFIDAVIT

County of GREENVILLE

Personally appeared before me, Robbie Gilbert, Jr., who first being duly sworn, deposes and says that QUENTIN D MARKHAM did within this county and State on the 9 day of September, 2009, violate certain conditions of release in the following particulars:

DESCRIPTION OF VIOLATION

There is probable cause to believe that the Defendant is unable to comply with the conditions of probation as imposed by Judge Welmaker under cause number 04-GS-23-01242 at the January 11th, 2005 term of General Sessions court held in Greenville County.

The Affiant states that there is probable cause to believe the defendant named committed the violations set forth and that such probable cause is based on the following facts:

There is probable cause to believe that the Defendant is unable to comply with the conditions of probation as ordered by the court. The Defendant has been incarcerated in SCDC since 10/18/08; and therefore is not currently able to serve his probationary sentence. Therefore it is recommended that his probation be tolled from 10/18/08 until he is released from all sentences now serving.

INDICTMENT FOR
LEWD ACT UPON A CHILD

At a Court of General Sessions, convened on FEBRUARY 17, 2004 the

Grand Jurors of Greenville County present upon their oath:

That QUENTIN DALE MARKHAM did in Greenville County, between August, 2002 and May, 2003, being over the age of fourteen years, willfully and lewdly commit or attempt a lewd and lascivious act upon or with the body, or its parts, of , a child under the age of sixteen years, with the intent of arousing, appealing to, or gratifying the lust, passions, or sexual desires of himself or such child. This is in violation of §16-15-140 of the South Carolina Code of Laws (1976) as amended.

Against the peace and dignity of the State, and contrary to the statute in such case made and provided.

RE: Inmate Name: Quentin Markham
GCDC PK#: 191765
DOB: _____
SSID: _____

CC: Inmate Medical/ Mental Health File

The above named individual is currently an inmate of the Greenville County Detention Center.

The inmate: ☐ has refused to sign a release of confidential information
☒ is unable to sign a release of confidential information
due to symptoms of significant mental health impairment.

As the custodians of his care, we are asking for information related to his Mental Health Treatment so that the Detention Staff can provide for his health and safety and that of other inmates.

Please provide us with relevant medical and mental health records, including this individual's most recent contact with your office.

Subject:

Quentin Markham-0042

Inmate Quentin Markham will be going to dialysis on Tues, Thurs, and Sat while he is here. Today (3-29-11) he will need to be at Greer Fresenius at 1800 and they are to let me know the time they will establish for the future days. I will let you know about the rest of the week when I find out. Thanks!

DIALYSIS ACCESS CARE CENTER

Q. MARKHAM
186840

PRE-PROCEDURE INSTRUCTIONS:

You may be administered sedation for this procedure. Do not drive or operate machinery for 24 hours.
Avoid making critical decisions or signing legal documents until tomorrow. Plan to go home and rest the remainder of the day.

I acknowledge an understanding of the above instructions. I have signed this statement prior to receiving sedation and I understand that I will receive a copy of this form at the time of discharge. I verify that I have a responsible driver to take me home.

Patient: St Mal Date/Time: 12-2-11 10:00 Witness: Kasha M. Reese

POST-PROCEDURE INSTRUCTIONS:

Because you have had sedatives, narcotics / anesthetics which can affect you for up to 24 hours:

- DO have a responsible adult stay with you all day and all night.
- DO rest today.
- DO take naps if you are sleepy.
- Avoid fatty, spicy or heavy foods today.
- DO NOT drive a car or use machinery of any kind.
- DO NOT drink beer, wine, or hard liquor.
- DO NOT make any important decisions or sign legal documents.

*noted
Agmon*

*****Contact your doctor if you have any of the following***:**

- Pain not relived by your pain medication
- Unexpected bleeding
- Fever or rash
- Loss of feeling in an extremity

If bleeding should occur, hold pressure for 10 minutes. If bleeding continues, call your Carolina Nephrology Physician @ Telephone: (864) 271-1844. If you've tried, but are unable to reach your doctor, please go to your nearest Emergency Room.

YOUR NEXT DACC APPOINTMENT IS:

DATE: Wed March 2nd TIME: 8:30

You should have nothing to eat or drink for at least 6 hours prior to your appointment.

*****PLEASE ARRANGE FOR TRANSPORTATION!! YOU WILL NOT BE ABLE TO DRIVE!*****

Written Post-Operative Instructions given and discussed with patient. Written Post-Op Instructions understood. Date: 12-2-11

March 19, 2012

Concerning patient Quentin Markham:

Medication charges for Mr. Markham for April 2011 through today charged to Greenville County Jail are as follows:

Non formulary med charges = 18,449.93

Formulary meds charged at the rate of 25.88 per patient per month = 310.56

Sincerely,

A handwritten signature in black ink, appearing to read "Bryan Teat", written over a horizontal line.

First of all - I don't need to ask
your goddamin permission for anything!!!
As far as it goes you broke the
ties that bind us by turning your
fucking back on me. That's ok!
Remember you have custody - Bitch!!!

Lies!!! I know and you know you
did. That's ok now you and your mother
can have another body to your past.
Ask your mom about her dream again. -

In my eyes - blood drops look like
roses on white lace - they won't wash away.

Don't worry though I want J.F. to see
his coming. I owe him the most. I
will repay him - I Promise!!! All
debts will be repaid. I swear!
My dialysis will start soon and I'm
going to make sure I survive to see
the day. Pretty and red dripping and wet!

I can't be with my children because
you lied. I promise I will never forgive
or forget you. One day - I swear
no matter how long it takes!
How dare you use my last name!
