RE: James A. Ashford v. Prysmian Cables and Services
Appellate Case No.: 2016-002423

Dear Ms. Allen:

As discussed on the phone, I would respectfully request a continuance for the above-referenced case, which is scheduled to be argued tomorrow on April 9, 2019. I have a medical issue (blood pressure) which my doctor and I are trying to get under control. I am happy to provide a medical excuse from my doctor if necessary. I advised Mr. Nicolas Haigler of this via email, and he was very gracious and had no objection to a continuance.

Thank you for your kind consideration of this request.

Sincerely,

David N. Truitt, Esq.
