The appellant Rhonda Meisner respectfully requests an additional fifteen days to correct mistakes on with the record on appeal and then allow the filing of the final briefs twenty days after service of the record on appeal. The appellant previously requested two extensions to complete the record on appeal. This Court previously stated additional extensions for supplying the record on appeal would not be granted absent extraordinary circumstances.

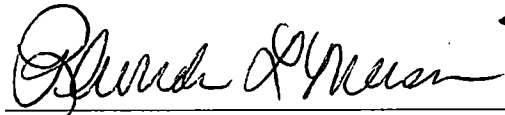

I attempted to file the record on appeal by the deadline; however, apparently I made several mistakes due to the fact that much of the work was done over the internet and long distance from Arizona and Blythewood with the printing company. I had an out of town business meeting in Arizona from March 13-17. On the last day of the meeting I fell through a chair and cut and bruised my legs badly which required a visit to the emergency room in Arizona. Even though I was able to get an earlier flight, I was impaired due to pain and travel and obviously made several mistakes on the record on appeal as pointed out by the respondents. As such, I respectfully request an additional 15 days to complete the record on appeal and start the clock for the due date of the final briefs as correcting the record will be time consuming due to the requirement to open the book and re-comb bind it.

I apologize to the Court and to the respondents for my failings and respectfully

request the additional time. In retrospect, I should have not tried to complete the record and requested more time due to the unfortunate accident in Arizona.

Respectfully submitted,
