Motion of Reconsideration  
or

vs

Appeal in the matter of

Defendant: Keon Melvin Blackman

Warrant - 2016A1210400012  
2016A1210400013

Case # 2016001987

I Keon Melvin Blackman hereby humbly request a sentence reconsideration in the case # 2016001987, charges of Drugs/Manufacture, distribution cocaine base, 3rd or sub offense, warrant # 2016A1210400012 and PWID, warrant # 2016A1210400013.

On April 3, 2019 I entered a guilty plea, out of character and without thinking it thru properly and received 6 years. I feel that I should not have entered this plea so hastily, because I was out on bond for approx 18 months with no trouble, and I was told by my public defender that if I stayed out on bond with no problems I would not get any prison time. So I plead on the thought process that I maybe would be eligible for some type of drug program and probation. At this time I'm requesting this and appealing within the ten day time limit afforded to me on the guilty plea.

I request that the Clerk of courts forward a copy to the Solicitors office, the sentencing judge, my public defender and a clock stamped copy back to me.
