TO: THE HONORABLE JUDGES OF THE SOUTH CAROLINA
COURT OF APPEALS

RE: Respondents Request for Extension dated 4-22-19 and
Appellant's Request to Barr Brief and Designation
of Matter of Respondents dated 4-23-19

It seems coincidental that the day I contact the Clerk of Court's office to ask for the amount to file a Motion against the Attorney's for Respondents on that exact day they file additional papers to request a formal extension.

For your information and easy access to all dates, Appellant prematurely filed the Initial Brief on October 10, 2018; it was returned with instructions to file one copy of the Brief and Proof of Service from the return date of January 17, 2019. Appellant's Amended Brief was forwarded on February 1, 2019. The Designation of Matter was omitted, however, with the approval from the Court this was forwarded on February 26, 2019 to be made a part of the Brief. Not being an attorney I forwarded material and in my ignorance a definition of each. The Amended Designation of Matter was forwarded to the Court on March 21, 2019.

The Attorney's for the Respondents received copies of every document that has been presented to the Court of Appeals, and have seen most of the evidence; but they were so sure that my case would be dismissed they did not follow through. Therefore, I request my Motion of April 23, 2019 be accepted. Thank you.

Appellant knows of her lack of knowledge in the court of law but would like to trust the Law leaves some room, some flexibility to consider the human factor, the circumstances, and not the lack of knowledge of the legality procedures and system.

Appellant means no disrespect to the Court or attorneys who have a higher education of the Law and its procedures.

Appellant only wants justice to gain some closure in learning to live her "new normal" life.

(By-the-way, I did not receive a copy of their Motion to Dismiss my case from the Court of Appeals.)
