

To whom it may concern, I Herberone Heave  
Foster would like to make it known that In writing  
this letter to you all as South Carolina Court of Appeals.  
This is myself filing a "direct Appeal" to my case  
decision of being found guilty of "Murder" and sentenced  
to thirty years by a court in Lexington County S.C.

I do not know this process. I don't even know whether  
writing this letter is proper, but from my under-  
standing as to what the last thing the judge, William  
Kerstey stated was that I needed to put in for an  
appeal immediately within ten days. I do not know  
whether I have an attorney. Whether the attorney I had is  
suppose to still be representing myself or do I need to try  
to get another attorney. Do the state appoint myself  
one. I am lost, because I just been found guilty of  
murdering my own biological son and sentenced to thirty  
years without ever as much as stealing a piece of  
bubble gum. There were so many things that was supposed  
to be done that weren't done. Things that I even requested  
my attorney to do, as in calling my family as witnesses  
who were there at the time of the incident, the very minute.  
I didn't understand what the jury was charged as in their  
instructions by judge, but I do not believe the jury understood  
the charging because I didn't. I also have sat in the county  
jail for some three years and denied bond some five times. I do  
of a somewhat intellectual person know within myself that I need  
"help" and if you all can't then would you please, please lead me  
in the right direction, please. I absolutely did not murder my  
son.....
