Before the Appellant Court Is Taranika Subrina Webb. My Case was Submitted on September 28, 2018 In Anderson County. On March 19,2019 My case was Dismissed with Prejudice By the Honorable Judge J. Cordell Maddox, Jr.

The following complaints was submitted to the court against Fairview Gardens Apartments.

Breach of Contract- P.K. Management promises in there handbook to maintain and habitable living environment I argue in my complaint that there is and still is a tenant that lives in the apartment next door to me that has a device that he has hooked up and looking in my apartment. Also talks about how I complained to the property manager this but they never took the complaint serious. I also talked about how I called the police to come out to expect the property and they Stated that this was out of their jurisdiction and contact the city police

department and The Corporate office and ask them to move me off the property there was no reply. This handbook is part of the year lease that I signed with this apartment complex it states the rules and regulation.

The second Complaint is a Negligence claim On November 28,2018 at around 12:30pm. I came in from work to notice keys hanging from my door and a host of tenants in front of my door. Lease officer at lunch. I called the Corporate Office to get their policy on Property Manager and Tenants keys Because keys was left in my apartment door The Customer Service Specialist By The Name Of Simone Pernell Made the Following Statement`That Leaving Keys in a tenant door is against the company policy this should have never happen." This claim was granted in court. But later Dismissed when the dismissal came out.

The Last Complaint Invasion Of privacy my I argue in this complaint about The definition The use of a person name or likeness for the commercial purpose without permission, wrongfully intruding into a person private life or activities, or publication or information.
