Motion Requesting Permission to serve and file appellant brief and designation of matter outside of the filing deadline

I the appellant motion requesting permission to serve and file appellant initial brief and designation of matter outside of filing deadline dated May 14, 2019 and received by appellant on May 21, 2019. I the appellant have a lot going on right now. I was waiting for a motion to proceed in forma pauperis, but that was case No 2019-000086. The appellant made a mistake, then here at Perry Corr. Institute an inmate has attempted to escape and one roommate killed his roommate so extensive lock-downs and short of staff has delayed things as such as legal copies as far as exhibits. The appellant has a non-violent charges on his record in his 15 years of incarceration and this erroneous charge is affecting the appellant's custody. Violent inmates are being housed with violent inmates and non violent with nonviolent. This one violent conviction is dictating who im in the room with. And im already mental health. So I seek to have this charge removed

WHEREFORE I pray the Court to grant permission
