Dear Ms. Kitchings

I am currently filing a grievance on an officer for failing to issue me an order to report to pick up my legal in reference to this case. Because of this failure it precluded me from filing my initial brief in the Administrative Law Court. I must show the IGC inmate grievance coordinator the order of dismissal from the Administrative Law Court. I issued the Court of Appeals my one and only copy. Could the Court of Appeals please supply me with a copy of the order of dismissal from the administrative law court in the above mentioned case.
