

I Triando Stroud will like to file for an extension to file my record of appeal and final brief. Unfortunately I don't have any of my documents I have sent over already. I got laid off in April, but my employer gave me an opportunity to be an independent contractor so I've been working every day since my contract started May 1st. If I can get an extension I would appreciate it and if I cannot I understand and I will have to order another transcript.

Thanks Yours Truly,

Triando Stroud
