SC Court of Appeals

Your Honor,

I Brandon Dean Childers believes my case does have merit, merit not solely based of my innocence but off the lack of evidence, poor representation and the failure to see the inconsistencies in the stories. That's exactly what they were stories, ugly fairy tales that has led to the worst time in my life. I am unsure how all of this works. I have never been in any kind of trouble like this before. I don't know what all is going on. I am pleading for my life! I read the time of day was never thoroughly proven nor was the actual day of evidence. There must be a mistake, as I mentioned I am innocent. This would have been mailed sooner But I just received this a week and a half ago. There is proof of this via my signature from the mail room. Thank you for your reconsideration
