

'Hello Mr. Beatty,'

How are you sir? Hopefully you are doing well sir, but my MAIN reason for writing this letter to you is because of what you have mention in the Newspaper article about the unethical prosecutor's and how they are withholding evidence from defense attorney's and prosecutor misconduct, you said that we are not just going to overturn convictions, we are going to take your license, Brady violations will also be looked at differently in the future, AND will not be getting away with those violations, these things will not be tolerated anymore, the court is going to enforce the rules against prosecutor's, ~~well~~ well my case has just got denied relief on my PCR, my Lawyer, well my trial Lawyer was disbarred for using cocaine, he admitted to using cocaine for several years and his name is Wesley Locklear III, he lost his license, he is no longer an attorney in the state of South Carolina AN my case was the first example, he did nothing for me at trial and I did not have my evidence when I went to trial, I'm going to be honest with you Mr. Beatty, these people here in the department of corrections is denying me of all my rights here I have proof to show you but these staff members are interfering with my legal mail, legal materials, and they are denying me access to court I need your help please I cant take it anymore, please get someone to investigate these people before it is to late; THANKS
