RE: Notice & Praecipe, Elector Status Change.

Greetings:

You will please take notice that I recently discovered that there are certain political liabilities which are attach to the voter registration/roll which, if they had been fully disclosed to me at the time I was induced into the Consent Contract, would have dissuaded me from doing so. For that reason and on that basis. I am hereby repudiating the said Consent contract and rescinding my signature from and Declare void any and all forms, cards and Instruments which may evidence the said mistake.

You will also forthwith please remove my name from the voter roll for South Carolina State and any political sub-division thereof as well as notify any and all interested parties of this Elector status change. My individual sovereign Consent is withdrawn and reserved until further notice. No answer to this instruction is required, but acknowledgement of compliance would be appreciated. In the event you are unable or unwilling to comply with this instruction. I shall alternatively require of you evidence of your Article VI Oath of Fidelity as well as the policy number and name and address of the underwriter of your Bond.

Respectfully,

"without prejudice"

RE: Notice & Praecipe, Power of Attorney Cancellation.

Greetings:

You will please take notice that I recently discovered that there is a power attorney Consent attached to the above numbered social security account in which if it had been disclosed to me or my parents, we would not have approved of this Power of Attorney. It is my further understanding that the power of attorney aspect was not necessary to the performance of the contract between the parties to said social security account. For these reasons and on that basis, I am hereby repudiating, nunc pro tunc, the said power of attorney Consent effective the date of opening of said account. You will also forthwith please notify any and all interested parties of this Elector status change and action as well as direct/order that all forms, cards documents and instruments hearing my signature in connection with said social security account be amended to reflect this change. No answer to this instruction is required, but acknowledgement of compliance would be appreciated. In the event that you are unable or unwilling to comply with this instruction, I shall alternatively require of you evidence of your Article VI Oath of Fidelity as well as the policy number and name and address of the underwriter of your Bond.
