Re: Albert Bradley, Appellate Case No. 2018-001535

Dear Chief Justice Lockemy:

In response to your decision and order, you highlight, "We note the transcript from a December 6, 2017 Commission hearing indicated Appellant has been provided a copy of the case file, and March 5, 2019 letter from the Commission to Appellant detailed to procedure for obtaining additional copies." Court of Appeals previously notified regarding the status of the transcript I received which contained errors (see attached). This is the only transcript that I have received as of this date, and it contains errors. I requested a hearing and subpoenas because I have not received all documents/files as requested. The nature of this case requires the respondents to provide all necessary files for all matters as they relate to this appeal. I also provided the Court of Appeals with a copy of matters pertaining to this appeal that were also brought before the lower court. I have submitted my initial brief for your review. As I have stated before, I am not represented by an attorney in this matter, therefore I am acting as *Pro se* for these matters. Also, please see the attached letter for the SCWCC along with the document they provided to me for contact information for court reporters for hearings held. Thank you for your assistance in these matters.

Sincerely,

Christine Bradley, *Pro se* for Albert Bradley
