REQUEST FOR A FEE WAIVER

\_\_\_\_\_  
MOTION TO REINSTATE

**RECEIVED**  
SFP 03 2019  
SC Court of Appeals

This is a request for a fee waiver to a judgement, Motion to Dismiss, on 6/24/2019, case # 2018CP1002242, Partition Action.

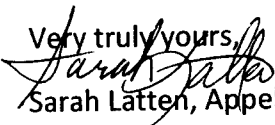

This request relies on the fact that I am financially unable to defray the cost of the fee for this Motion to Reinstate request.

I will be 75 years old within a few months this year and am encumbered with numerous bills, some of which are still unpaid, health conditions, and am under the doctor's care. In addition, I am still homeless and recently started living in a state owned temporary housing facility for the homeless.

Under my present circumstances I still need the benefits of my deceased mother's last will and testament and Deed of Distribution.

Kindly consider this request and grant the Motion to Reinstate. Thank you for any consideration given this request.

Very truly yours,

Sarah Latten, Appellant, Pro Se
