RE: Appellate Case No. 2019-001507

Dear Clerk:

This is an EXTREME EMERGENCY LIFE THREATENING MATTER.

Since the Fourth Circuit Court's intervention in this matter, and issuing an order by this Court that this appeal is hereby transferred to the S.C. Court of Appeals, in the above referenced matter, the respondents placed Appellant into its Restrictive Housing Unit R.H.U.# 7-5 after putting out a "HIT" on Appellant for filing this and another action, and respondents supplied its inmate worker Preston Johnson with a 14 to 12 inch scissors to attack me with, causing severe lacerations and abrasion to the left side of my body and head temple trauma, making it impossible for Appellant to defend the above matter, especially after respondents deprived Appellant from his legal papers and stole his documents needed to support his case. Please appoint Elizabeth Franklin Best to represent me in this matter since respondents' frustration of all my defenses and litigation papers.

Respectfully Submitted,
Mr John Buccus
