Clerk of Court:

Enclosed for your immediate actions is a two part case overlooked in the Lower Court for which I, Wesley Edward Smith III am dissatisfied and adversely affected by the decision without my being afforded a speedy trial. This serves the attachment for the Bill of Cost (hold or Stay proceedings and the Writ or Certiorari for disclosure of document (Request Summons and Subpoenas) absent the state witness and State material substantive evidence and legal conclusion of law fact argument, to have this court without compliance by the State actors, then the reconsideration, rehearing, reversal, remand, strike, expunging or other means to legal and lawful relief involved in the cause of action case 2003-CP-10-4751.

Without proof means that the Lower Courts of Common Pleas Administration Law Court Review still have some unfinished reports, This is the reasons I am in opposition to the sanctioning file against me in error, because I was not present, thus the "Ex Parte" prior suit at law filed by State official and CCSD Government for my firing from employment without paying me the money that was owed but in the Order not to pay me, decided to conjure and allegedly made false reports. A decision was rendered from the Police Department Agency who were jurisdictionally placed and employed to investigate the claims CCSD and government alleges CSC w/minor 13-10-355 as described in detail by its "Original Complaint" by touching the 11-13 year old child breast and kissing her in my classroom "several time (as mentioned) with my door lock and no witnesses around. Only an eye witness can attest or match a description of the assailants that was attacked to this alleged report made true or not and caused false report to given to third parties. which. Upon the CCSD Government investigation

Please forward this Pro Se a packet to file within the ninety days (unless the United States become the investigating agent), by clock stamp and return the applied case information with instructions to me in the self-addressed stamped envelope enclosed. Thanking you advance.

Sincerely,

Wesley-Edward: Smith, III
