RE: Writ of Certiorari 2019-0001540, motion to dismiss letter from a couple of weeks ago.

McCabe Trotter,

Please accept my apologies for being a bit slow in responding to your motion to dismiss letter from a couple of weeks ago. As you know, I've been busy dealing with a lot of other legal industry / SC Judicial System / real estate development fraud, corruption and misconduct, like I have been since at least February 2017.

With that being said, I apologize for not sending you the almost thousand pages I sent the SC Supreme Court back in early October. You have all of the documents, since you were copied on them originally. Likewise, since I am almost bankrupt due to y'all's ongoing six plus years of "Church Park" fraud, notarization fraud, conspiracy to notarization fraud, mail fraud, etc., I don't really have enough money to print another set of almost a thousand pages for you and then spend another \$30 to ship it to you. I trust you can maybe kinda appreciate my predicament and how that affects my ability to spend even more money to send you stuff that shouldn't have ever been required to begin with, and certainly not after 2015.

BUT, I am sending you a copy of the appendix of the almost thousand pages of documents I sent Mr. Shearhouse, as well as a letter I sent to Scarborough a week or so ago that referenced the unique circumstances of Writ of Certioria 2019-0001540. Clearly, y'all nor your attorneys are in a position to represent the judges of the SC Court of Appeals in this matter, and it, ironically, seems unlikely that Mr. Wilson or his office are in a proper position to represent them either.

Without wanting to do any of that unlicensed practice of law stuff that attorneys get so worked up about, I will suggest it may be more in your best interest to go find some money to hire a good lawyer, potentially one with the type of background Ms. Lydon has, but clearly she isn't in a position to defend you at this time.

Also, I need you to finally file the liens and foreclosures against my family's home in the names of Park West Master Association, Inc. and Park West Amenity Association, Inc. ASAP, like no later than 31 October 2019. By then, it will be 806 days (eg., 2 years, 2 months,, 15 days) since Southern Community Services turned over the Park West Master Association, Inc. (and Park West Amenity Association, Inc.?) accounts to y'all for collection. That really really really needs to get done now before First Federal Savings and Loan Association of Charleston, Navy Federal, etc. starts filing their liens and foreclosures against my family's home. And while you are at it, please make sure y'all finally file the enclosed "Assignment of Foreclosure Rights" dated 14 September 2017. Can't believe it has taken y'all 773 days (as of 31 October 2019) to file that document. I thought y'all were really proud of that move back in September 2017. Were y'all not???

So, here is a copy of the appendix I sent to Mr. Shearouse back almost a month ago. V'all just worry about y'all's selves and getting those two liens and foreclosure cases filed against my family's home within the week. I will worry about doing the SC Government's job related to holding SC Court of Appeals properly accountable for improperly assisting Judge Scarborough with covering up his crimes.

Best regards,

Alan Nix

PS. I will also send you an updated overview, etc just as soon as I can complete it. I'm trying to update it so it can simultaneously be a big ole ethics complaint, solid beginning for a criminal indictment, and a solid basis for some impeachment hearings. And, I'm sick again and don't have any insurance because I can't afford it because of y'all's six plus years of "Churchill" fraud, etc.

RE: Please interpret and provide name and title of Southern Community Services employee 18-CP-10-05310

Scarborough,

Attached to this letter is the three page "Affidavit of Debt" for case number 2018-CP-10-05310, dated by notary as being 26 March 2019. For the life of me, I have simply not been able to make out the name and Title / Position of the person authorized to execute that validation of debt on behalf of Park West Master Association, Inc, because they were an employee of Southern Community Services (LLC), the acting management agent for Park West Master Association, Inc.

So, before I make additional allegations of your misconduct in office, etc., would you be professional and respond with the name and title of the employee who apparently found it important enough to generate such account summary information and to sign the affidavit, but apparently not important enough to sign it or print their name and title in such a manner that any reasonable person could read their name or their Title/Position?

And even though I am essentially bankrupt and highly distressed, etc. because of your ongoing pattern of misconduct, I have even included an envelope with a stamp on it for you to use to return to me the letter clarifying the name and title of the person who was the authorized acting management agent for Park West Master Association, Inc. on 26 March 2019 for the "Affidavit of Debt" for case 2018-CP-10-05310. I'm sure Charleston County can afford to put the rest in the mail to the others copied.

Best regards,

Alan Nix

PS. Mr. McCoy, depending on how things go with Ms. Lydon becoming a Federal Judge, and Gov. McMaster's desire for you to become the US Attorney in South Carolina, if Ms. Lydon hasn't completed this massive public corruption / fraud case, you will have another doozy on your hands. Probably not as big as this Nukegate fiasco, but clearly another in the long line of public corruption cases in South Carolina. Apparently, just the way we South Carolinians (at least some of us) like to do business, whether it is legal or not. Also, if you don't know of me, I suspect your wife most likely does have a pretty solid idea of who I am and the overall situation involved. Lastly, to put some of this in better perspective, if you review SC Supreme Court Writ of Certiorari 2019-0001540, it is really much more part ethics complaint, part criminal complaint and part the basis for an impeachment proceeding. I'm trying to get an updated description of the case completed ASAP, but there is almost a thousand pages of documents at the SC Supreme Court and SC Court of Appeals related to that matter. Judge Scarborough's conduct since 23 March 2016 almost certainly meets the standard of criminal conduct under several different laws, including but not limited to, common law obstruction of justice and misconduct in office. Given the SC Court of Appeals clearly had evidence of such conduct in their possession and acted improperly on an ongoing basis for over a year, that clearly sets up the basis for an impeachment inquiry for both you and Mr. Rankin to conduct. Mr. Rankin has a hand written note on his copy of the last filing with the SC Court of Appeals which speaks to the same. Even as bad as SC is at this stuff, if West Virginia can impeach their entire Supreme Court, certainly SC can do what is proper to correct our Court of Appeals....cant we?
