TO: THE HONORABLE JUDGES OF THE SOUTH CAROLINA COURT OF APPEALS

RE: Order filed 10-17-19 in reference to Respondents request to supplement The Record on Appeal

The Appellant received the Final Brief of Respondents and the Supplemental Record on Appeal from Respondents attorneys, dated September 13, 2019, and received it by postal service on 9-13-2019. However, she has not received the initial Record on Appeal.

The Appellant's Supplement to Record on Appeal was filed September 13, 2019 after the Record on Appeal that was dated August 26, 2019.

The Appellant would also bring to the Court's attention at this time that the Respondents attorneys have never considered the actual case filed by the Appellant in a court of law. Reason being attorneys is handling a totally different case than the one Appellant has filed.

Case in point:

The actions of the Judge, attorney for Respondents, and Clerk were all conclusive in dismissing the Case of Thelma R. Garrick, Appellant, and Dr. George H. Khoury and Bon Secours Roper St. Francis West Ashley, lower court case 2018-CP-10-1163.

The Judge dismissed the case that had not been properly presented by Attorney or Clerk of Court. This lawsuit, the attorney knew, was not on Professional Negligence but has continued in this line of thought throughout this last sixteen months. The Attorney

fabricated or what he conceived to be the reason for the Appellant's case that is totally incorrect.

The attorney for Respondents filed a motion to Dismiss on 3-20-18 stating, "The basis for this motion is that plaintiff has alleged 'Professional Negligence' against Dr. Khoury and Bon Secours St. Francis Xavier Hospital (medical malpractice).

The ruse by attorney has continued in documents throughout this case. Therefore, the case they presented to the Court is bogus. This is false testimony that seems to supersede the truth of why the lawsuit was filed by Appellant and plainly outlined in all documents by Appellant. Appellant would like to correct this misconception with the facts and Appellant's proven documents.

Appellant's original Summons and Complaint filed March 5, 2018, page 8, paragraph 3 (also pages 29, 30 or 4-23): "Doctor premeditatedly, willingly, knowingly implemented experimental devices and medications known for it's permanent, debilitating injuries without Plaintiff's knowledge or permission.

Defendants' Order Granting Motion to Dismiss is filed under allegedly negligent.
