Bob -

Attached are the two transcripts that we had. June 15, 2007 and October 11, 2007 (which was not on your list). I noted that the hearing date was January 16, 2008 in Darlington for the hearing when Jack Sinclair replaced Charles Johnson. I trust that you have now ordered it since my last communication last week. I will have a written response filed today in the Supreme Court.
